INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Entergy Corporation Companies' Benefits Plus Vision Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Entergy Corporation Companies' Benefits Plus Vision Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis) ("the financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ENTERGY CORPORATION COMPANIES' BENEFITS PLUS VISION PLAN

Notes to the Modified Cash Basis Financial Statements

As of and for the Years Ended December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN

General The following description of the Entergy Corporation Companies' Benefits Plus Vision Plan (the Plan) provides only general information. Participants should refer to the Plan document, as amended, and the Summary Plan Description, as amended by applicable Summaries of Material Modifications, for a more complete description of the Plan's provisions. The Plan document, as amended, governs the operation of the Plan and payment of all benefits. Therefore, any conflict between this description of the Plan and the terms of the Plan shall be resolved by reference to the full Plan document, as amended. The Entergy Employee Benefits Committee controls and manages the operation and administration of the Plan.

Benefits and Eligibility Entergy Corporation (Entergy) is the Plan Sponsor of the Plan. Entergy System Company Employers (Employer or Employers) are subsidiaries of Entergy that have adopted the Plan as participating employers. The Plan offers vision coverage to Employers' eligible employees, disabled former employees, certain retirees who have not become eligible for Medicare due to attaining age 65, and the eligible spouses and dependents of these participants. The Plan provides vision care including coverage for annual eye examinations and for the cost of either glasses (lenses and frames) or contact lenses. The Plan also offers negotiated discounts on non-covered vision-related procedures from certain participating eye surgery centers. The Employers and the Plan participants share in the cost of coverage. Participants in an Entergy-sponsored defined benefit cash balance plan (including Appendix J in Retirement Plan I, Non-Bargaining), the Savings Plan of Entergy Corporation and Subsidiaries VIII, or the Savings Plan of Entergy Corporation and Subsidiaries IX, are not eligible to participate in the Plan as retirees. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended, (ERISA) and regulations issued thereunder.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan's financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Contributions are recognized at the time they are received and premiums are recognized at the time they are paid.

Use of Estimates The preparation of the Plan's financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make significant estimates and assumptions. These estimates and assumptions affect the reported amounts of net assets available for benefits, the actuarial present value of accumulated plan benefits and changes therein, the changes in net assets available for benefits, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties Contributions to the Plan are made, and the benefit obligations are reported, based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the changing

nature of these assumptions and the level of risk associated with investment securities, it is at least reasonably possible that changes in these assumptions and in the values of investment securities will occur in the near term. Additionally, such changes could materially affect the bank-administered trusts' (Master Trusts) investment account balances (see Note 3) and the amounts reported in the financial statements.

Payment of Benefits Payments of insurance premiums are recorded when paid.

Valuation of Investments Investments are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Income Recognition The difference in fair value of the assets in the Master Trusts from one period to the next is recognized and included in the Plan Interest in Master Trusts' investment income in the accompanying Statements of Changes in Net Assets Available for Benefits-Modified Cash Basis. The Plan's interest in the Master Trusts' investment income includes its interest in realized and unrealized gains and losses, interest income, and dividend income. Sales and purchases of securities in the Master Trusts are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions and Funding Policy The Plan is funded through contributions from the Employers and the participants. The Employers make contributions at such times and in such amounts as necessary for the payment of insurance premiums. The amount of a participant's contribution required under the Plan varies depending on, among other factors, the coverage elected by the participant.

Additionally, pursuant to regulatory directives, certain of the Employers are allowed to recover retiree vision benefit costs in their revenues but must make deposits for such obligations in the Master Trusts, which are trusts established as Voluntary Employees' Beneficiary Associations (VEBAs) under Internal Revenue Code (IRC) Section 501(c)(9). The amounts funded are based on actuarial projections and regulatory directives and are subject to the provisions of IRC Sections 419 and 419A. After the Employers pay the retiree vision insurance premiums, they receive reimbursement from the Master Trusts.

The table below shows the components of Employer contributions - net as reported on the Statements of Changes in Net Assets Available for Benefits-Modified Cash Basis:

	2024	2023
Benefits and insurance premium payments by Employers	\$1,253,667	\$1,202,406

Bargaining Trust:		
Payments to Employers for benefits and premium payments	(23,746)	(26,815)
Employer contributions - net	\$1,189,876	\$1,128,417

Expenses Expenses incurred related to the administration of the Plan are paid out of the general assets of the Employers, unless such expenses are paid from the assets of the Master Trusts. Expenses paid out of the general assets of the Employers are considered Employer costs and are not included in the Plan's financial statements.

NOTE 3. MASTER TRUST INVESTMENTS

The Plan's assets are deposited in two Master Trusts, established by Entergy and maintained by the Trustee. The Plan holds an undivided beneficial interest in the Entergy Corporation Companies' Non-Bargaining Employees' Welfare Benefit Trust (Non-Bargaining Trust) and the Entergy Corporation Companies' Bargaining Employees' Welfare Benefit Trust (Bargaining Trust).

The Plan's assets to the total trust assets as of December 31, 2024 and 2023 is as follows:

Trust	Approximate Percentage of Plan Assets to Total Trust Assets	
	2024	2023
Non-Bargaining Trust	0.4%	0.4%
Bargaining Trust	0.1%	0.1%

The Plan maintains an undivided beneficial interest in each of the investment accounts of the Master Trusts. Use of the Master Trusts permits the commingling of the trust assets for investment and administrative purposes. Although assets are commingled in the Master Trusts, the Trustee maintains supporting records for the purpose of allocating the interest in net earnings (losses) and the administrative expenses of the investment accounts to the various participating plans. Interest in an investment account's net earnings (losses) is comprised of interest and dividends and realized and unrealized gains and losses. Interest from these investments is allocated monthly to the Plan based on the Plan's portion of net assets in the pooled accounts.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Master Trusts classify its investments as follows:

- Level 1 - Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 - Level 2 inputs are inputs other than quoted prices included in Level 1 that are, either directly or indirectly, observable for the asset or liability at the measurement date. Assets are valued based on prices derived by an independent party that uses inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. Prices are reviewed and can be challenged with the independent parties and/or overridden by Entergy if it is believed such would be more reflective of fair value. Level 2 inputs include the following:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; or
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Level 3 refers to securities valued based on significant unobservable inputs.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Master Trusts' investments measured at fair value on a recurring basis as of December 31, 2024 and 2023.

- (a) The common collective trusts hold investments in accordance with stated objectives. The investment strategy of the trusts is to capture the growth potential of equity markets by replicating the performance of a specified index. The issuer of these funds allows daily trading at the net asset value and trades settle at a later date, with no other trading restrictions. Net asset value per share of common collective trusts estimate fair value. Common collective trusts are not publicly quoted, and are valued by the fund administrators using net asset value as a practical expedient. Accordingly, these funds are not assigned a level in the fair value table, but are included in the total.
- (b) Registered investment companies are money market mutual funds with a stable net asset value of one dollar per share. Registered investment companies may hold investments in domestic and international bond markets or domestic equities valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The money market mutual funds held by the trusts are deemed to be actively traded.
- (c) The other remaining assets are U.S. municipal and foreign government bonds stated at fair value as determined by broker quotes.
- (d) Certain fixed income debt securities (government) are stated at fair value determined by quoted market prices.
- (e) Certain fixed income debt securities (corporate, government, and securitized) are stated at fair value as determined by broker quotes.

NOTE 5. POSTRETIREMENT AND POSTEMPLOYMENT BENEFIT OBLIGATION

The postemployment benefit obligation represents the actuarial present value of estimated future benefits to be paid to former employees currently receiving long-term disability (LTD) benefits and their dependents.

The postretirement benefit obligation represents the actuarial present value of estimated future benefits that are attributable to employee service rendered prior to January 1, 2025. Postretirement benefits include future payments expected to be paid to or for (a) currently retired employees and their beneficiaries and dependents and (b) active employees and their beneficiaries and dependents after retirement from service with the Employers. Prior to an employee's full eligibility date, the

postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date.

The actuarial present value of the Plan's postemployment and postretirement benefit obligation is determined by an actuary and is that amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations below were as follows:

Postemployment Benefits

Significant Assumptions	December 31, 2024	December 31, 2023
Discount rate	5.03%	5.40%
Vision care trend (projected annual rate of increase)	3.0%	2.0%
Average duration of benefit	6 years	6 years

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the Plan's benefit obligation.

The Plan's benefit obligation at December 31, 2024 and 2023, related to the following categories of participants is as follows:

	<u>2024</u>	<u>2023</u>
Postemployment benefit obligation		
Disability benefits for inactive participants	\$42,800	\$36,300
Postretirement benefit obligation		
Retired participants	996,000	1,022,000

Plan's total benefit obligation at end of year	<u><u>\$1,556,800</u></u>	<u><u>\$1,457,300</u></u>

The changes in the Plan's benefit obligation from the year ended December 31, 2023 to December 31, 2024 are as follows:

	<u>2024</u>	<u>2023</u>
Postemployment benefit obligation		
Balance at beginning of year	\$36,300	\$40,200
Benefits earned	3,400	2,900

A 1% increase in the assumed vision care cost trend rate would increase the accumulated postretirement benefit obligation as of December 31, 2024 and 2023 by \$68,000 and \$60,000,

respectively. A 1% decrease in the assumed vision care cost trend rate would decrease the accumulated postretirement benefit obligation as of December 31, 2024 and 2023 by \$63,000 and \$56,000, respectively.

The Plan's deficiency of net assets as compared to benefit obligations as of December 31, 2024 and 2023, relates primarily to postretirement obligations. As explained in Note 2, pursuant to regulatory directives, certain of the Employers are allowed to recover retiree benefit costs in their revenues, but must make deposits for such obligations in external Master Trusts established for the IRC Section 501(c)(9) VEBAs. The amounts funded are based on actuarial projections and are subject to the provisions of IRC Sections 419 and 419A. It is expected that any deficiency will be funded by future participant and employer contributions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intention to terminate the Plan, the Sponsor has the right at any time to terminate, suspend, withdraw, amend, or modify the Plan or any of its provisions. Any such amendment or termination may affect employees who have not yet retired as well as former employees who have already retired and/or their dependents. In the event of termination of the Plan, the net assets of the trusts will be used to satisfy remaining eligible participants' benefits until funds are exhausted.

NOTE 7. TAX STATUS

On May 31, 1996, the Sponsor received exempt status letters, retroactive to October 13, 1994, from the IRS with respect to the Bargaining and Non-Bargaining Trusts, stating that the Master Trusts are exempt from federal income tax under IRC Section 501(a), as an organization described in IRC Section 501(c)(9). No provision for income taxes has been included in the Plan's financial statements. However, the Master Trusts may be subject to unrelated business income tax under IRC Section 511(b).

The Master Trusts agreements have since been amended. The Sponsor is not aware of any course of action or series of events that have occurred that would adversely affect the tax status of the Master Trusts and believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Master Trusts continue to be tax-exempt.

NOTE 8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Master Trusts utilize various investment managers to manage their net assets. These net assets may be invested in funds managed by the investment managers. Therefore, these transactions qualify as exempt party-in-interest transactions. In Plan management's opinion, fees paid during the years ended December 31, 2024 and 2023 for services rendered by parties-in-interest were based upon customary and reasonable rates for such services.

NOTE 9. CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under this election, the following investment information has been certified by the Trustee, The Bank of New York Mellon, as complete and accurate, and is not subject to auditing procedures performed by independent auditors:

- Plan interest in Master Trusts of \$630,287 and \$644,857 as presented in the Statements of Net Assets Available for Benefits-Modified Cash Basis as of December 31, 2024 and 2023, respectively;
- Plan interest in Master Trusts' investment income of \$49,221 and \$73,624 as presented in the Statements of Changes in Net Assets Available for Benefits-Modified Cash Basis for the years ended December 31, 2024 and 2023, respectively;
- The net assets of the Master Trusts as of December 31, 2024 and 2023 and investment income of the Master Trusts for the years ended December 31, 2024 and 2023 disclosed in Note 3; and
- The investment balances of the Master Trusts as of December 31, 2024 and 2023 in Note 4.

NOTE 10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 8, 2025, the date the financial statements were available to be issued. There are no subsequent events that require adjustment to or disclosure in the financial statements.
