INDEPENDENT AUDITOR'S REPORT

To the Administrator
Anaqua, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Anaqua, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Anaqua, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Anaqua, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anaqua, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anaqua, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anaqua, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan:

The following brief description of the Anaqua, Inc. (the “Company”) 401(K) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Management oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

Contributions

Participant Contributions

Employees may elect to reduce their salaries and contribute between 1% and 90% of their annual compensation, subject to limits determined by the Internal Revenue Code (the “Code”).

Participant Catch-Up Contributions

Participants age 50 or older may elect to make additional salary deferral contributions, subject to limits determined by the Internal Revenue Code.

Participant Roth Contributions

Participants may elect to make an after-tax contribution to a Roth Contributions Account. Such Roth elective deferrals are salary deferral contributions that are made in lieu of all or a portion of the participant’s pre-tax salary deferral contribution.

Employer Contributions

The employer may contribute to each eligible participant’s account, a discretionary matching contribution equal to a percentage of each participant’s contribution, as determined by the Board of Directors. The Company will make an employer matching contribution equal 50% of each dollar contributed up to 4% of eligible compensation, not to exceed $1,500 annually. The total annual contributions may not exceed the maximum amount deductible for income tax purposes.

Notes Receivable from Participants

Participants may borrow against their vested account balances. The minimum borrowing amount is $500 and may not exceed the lesser of $50,000 or fifty percent of the participant’s vested benefits. The interest rate is set at the prevailing prime rate plus 1%, reflecting market conditions. The interest rate on the outstanding loans ranges from 4.25% to 9.50%. Loans are repayable within five years from the date of the loan, unless the loan is for the purchase of the participant’s primary residence. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant’s account is credited with the participant’s contribution plus an allocation of any additional contributions made by the Company and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued):

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after one year of credited service. Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service.

Investment Options

Upon enrollment in the plan, a participant may direct contributions among various investment options. Participants may change their investment options any business day during the plan year.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant’s vested interest in his or her account.

Death Benefits

Upon the death of a participant, the amount held for the benefit of that participant shall be paid to the participant's designated beneficiary.

Forfeited Accounts

If participants terminate service prior to being fully vested in the employer's contribution account, they forfeit the amount which is not vested on the date in which the participant has five consecutive breaks in service. Forfeited non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled $1,042 and $77, respectively. The Plan did not use forfeitures to offset Plan expenses or employer contributions during 2024.

Note 2 - Summary of Significant Accounting Policies:

Accounting Method

The accounts of the Plan are maintained, and the accompanying financial statements and supplemental information have been prepared, on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Consequently, investment income is recognized when received and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements and supplemental information are not intended to present the net assets and changes in net assets of the Plan in conformity with GAAP.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded when received.

Investment Valuation and Income Recognition

Shares of mutual funds and cash equivalents are stated at fair value based on quoted market prices which present the net asset value of the shares held by the plan at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares in the common/collective trust funds are valued at the net asset value practical expedient of the shares held by the plan at year-end based on the market value of its underlying investments.

Note 2 - Summary of Significant Accounting Policies (Continued):

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses are based on an average cost basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Administration Costs

The Plan’s administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Administrative fees, including fees for the administration of notes receivable from participants and investment-related expenses are included in administrative expenses and charged directly to the participant's account. The Company absorbs significant costs of plan administration.

Other

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Note 3 - Fair Value Measurements:

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3: Unobservable inputs are used when little or no market data is available, which requires the Company to develop its own assumptions about how market participants would value the assets or liabilities.

In determining the fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. There were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds/Cash Equivalents: Valued at fair value based on quoted market prices which represent the net asset value of the shares held by the plan at year-end.

Note 3 - Fair Value Measurements (Continued):

Common/Collective Trusts: Valued at the net asset value practical expedient of the shares held by the Plan at year-end based on the market value of its underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 21,020,613	$ -	$ -	$ 21,020,613
Cash Equivalents	256,267	-	-	256,267
Total Investments at Fair Value	$ 21,276,880	$ -	$ -	$ 21,276,880

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 15,837,318	$ -	$ -	$ 15,837,318
Investments measured at NAV*				
Common/Collective Trusts	-	-	-	356,692
Total Investments at Fair Value	$ 15,837,318	$ -	$ -	$ 16,194,010

* Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Asses Available for Benefits.

Note 4 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested.

Note 5 - Tax Status:

The Plan adopted the Non Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable opinion from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan remains qualified and tax-exempt as of the financial statement date.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 6 - Information Certified by Plan's Trustee:

The Plan's assets, which consist of mutual funds, cash equivalents, and common/collective trusts, are held by the Trustee of the Plan.

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedules has been derived from information certified as complete and accurate by Fidelity Management Trust Company as of December 31, 2024 and 2023, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Related Party Transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the third party administrator for administrative services totaled $83,974 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Risks and Uncertainties:

The Plan invests in mutual funds, cash equivalents, and common/collective trusts. In general, these investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that, such changes could materially affect the amounts reported in the statement of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Note 9 - Late Remittance:

In 2023, the plan sponsor unintentionally failed to remit certain employee deferrals of $292 in a timely manner according to the Department of Labor regulations. The late payments are deemed a loan from the Plan to the plan sponsor from the date at which the contributions should have been remitted to the date they are actually remitted. Upon discovery of the error, the plan sponsor made a corrective contribution totaling $496 in September 2024 which included the associated employer match and lost earnings.

Note 10 - Missed Deferrals:

During 2023, the Plan sponsor erroneously updated one employee's deferral percentage which resulted in the employee having missed deferrals. Upon discovery of the error in 2023, the plan sponsor made a corrective contribution to the plan including lost earnings of $1,154.

During 2023, the Plan sponsor erroneously corrected a contribution issue for one employee twice resulting in the employee having an excess amount adjusted from their account for both their deferral and employer match. Upon discovery of the issue in 2023, the plan sponsor made a corrective contribution to the plan including lost earnings of $463.

Note 11 - Subsequent Events:

The Company has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2024, through October 1, 2025, which is the date these financial statements were available to be issued, and have determined that there are no subsequent events that need to be recorded or that are required to be disclosed.

INDEPENDENT AUDITOR'S REPORT

To the Administrator
Anaqua, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Anaqua, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Anaqua, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Anaqua, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anaqua, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anaqua, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anaqua, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan:

The following brief description of the Anaqua, Inc. (the “Company”) 401(K) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Management oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

Contributions

Participant Contributions

Employees may elect to reduce their salaries and contribute between 1% and 90% of their annual compensation, subject to limits determined by the Internal Revenue Code (the “Code”).

Participant Catch-Up Contributions

Participants age 50 or older may elect to make additional salary deferral contributions, subject to limits determined by the Internal Revenue Code.

Participant Roth Contributions

Participants may elect to make an after-tax contribution to a Roth Contributions Account. Such Roth elective deferrals are salary deferral contributions that are made in lieu of all or a portion of the participant’s pre-tax salary deferral contribution.

Employer Contributions

The employer may contribute to each eligible participant’s account, a discretionary matching contribution equal to a percentage of each participant’s contribution, as determined by the Board of Directors. The Company will make an employer matching contribution equal 50% of each dollar contributed up to 4% of eligible compensation, not to exceed $1,500 annually. The total annual contributions may not exceed the maximum amount deductible for income tax purposes.

Notes Receivable from Participants

Participants may borrow against their vested account balances. The minimum borrowing amount is $500 and may not exceed the lesser of $50,000 or fifty percent of the participant’s vested benefits. The interest rate is set at the prevailing prime rate plus 1%, reflecting market conditions. The interest rate on the outstanding loans ranges from 4.25% to 9.50%. Loans are repayable within five years from the date of the loan, unless the loan is for the purchase of the participant’s primary residence. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant’s account is credited with the participant’s contribution plus an allocation of any additional contributions made by the Company and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued):

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after one year of credited service. Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service.

Investment Options

Upon enrollment in the plan, a participant may direct contributions among various investment options. Participants may change their investment options any business day during the plan year.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant’s vested interest in his or her account.

Death Benefits

Upon the death of a participant, the amount held for the benefit of that participant shall be paid to the participant's designated beneficiary.

Forfeited Accounts

If participants terminate service prior to being fully vested in the employer's contribution account, they forfeit the amount which is not vested on the date in which the participant has five consecutive breaks in service. Forfeited non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled $1,042 and $77, respectively. The Plan did not use forfeitures to offset Plan expenses or employer contributions during 2024.

Note 2 - Summary of Significant Accounting Policies:

Accounting Method

The accounts of the Plan are maintained, and the accompanying financial statements and supplemental information have been prepared, on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Consequently, investment income is recognized when received and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements and supplemental information are not intended to present the net assets and changes in net assets of the Plan in conformity with GAAP.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded when received.

Investment Valuation and Income Recognition

Shares of mutual funds and cash equivalents are stated at fair value based on quoted market prices which present the net asset value of the shares held by the plan at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares in the common/collective trust funds are valued at the net asset value practical expedient of the shares held by the plan at year-end based on the market value of its underlying investments.

Note 2 - Summary of Significant Accounting Policies (Continued):

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses are based on an average cost basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Administration Costs

The Plan’s administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Administrative fees, including fees for the administration of notes receivable from participants and investment-related expenses are included in administrative expenses and charged directly to the participant's account. The Company absorbs significant costs of plan administration.

Other

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Note 3 - Fair Value Measurements:

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3: Unobservable inputs are used when little or no market data is available, which requires the Company to develop its own assumptions about how market participants would value the assets or liabilities.

In determining the fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. There were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds/Cash Equivalents: Valued at fair value based on quoted market prices which represent the net asset value of the shares held by the plan at year-end.

Note 3 - Fair Value Measurements (Continued):

Common/Collective Trusts: Valued at the net asset value practical expedient of the shares held by the Plan at year-end based on the market value of its underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 21,020,613	$ -	$ -	$ 21,020,613
Cash Equivalents	256,267	-	-	256,267
Total Investments at Fair Value	$ 21,276,880	$ -	$ -	$ 21,276,880

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 15,837,318	$ -	$ -	$ 15,837,318
Investments measured at NAV*				
Common/Collective Trusts	-	-	-	356,692
Total Investments at Fair Value	$ 15,837,318	$ -	$ -	$ 16,194,010

* Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Asses Available for Benefits.

Note 4 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested.

Note 5 - Tax Status:

The Plan adopted the Non Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable opinion from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan remains qualified and tax-exempt as of the financial statement date.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 6 - Information Certified by Plan's Trustee:

The Plan's assets, which consist of mutual funds, cash equivalents, and common/collective trusts, are held by the Trustee of the Plan.

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedules has been derived from information certified as complete and accurate by Fidelity Management Trust Company as of December 31, 2024 and 2023, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Related Party Transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the third party administrator for administrative services totaled $83,974 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Risks and Uncertainties:

The Plan invests in mutual funds, cash equivalents, and common/collective trusts. In general, these investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that, such changes could materially affect the amounts reported in the statement of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Note 9 - Late Remittance:

In 2023, the plan sponsor unintentionally failed to remit certain employee deferrals of $292 in a timely manner according to the Department of Labor regulations. The late payments are deemed a loan from the Plan to the plan sponsor from the date at which the contributions should have been remitted to the date they are actually remitted. Upon discovery of the error, the plan sponsor made a corrective contribution totaling $496 in September 2024 which included the associated employer match and lost earnings.

Note 10 - Missed Deferrals:

During 2023, the Plan sponsor erroneously updated one employee's deferral percentage which resulted in the employee having missed deferrals. Upon discovery of the error in 2023, the plan sponsor made a corrective contribution to the plan including lost earnings of $1,154.

During 2023, the Plan sponsor erroneously corrected a contribution issue for one employee twice resulting in the employee having an excess amount adjusted from their account for both their deferral and employer match. Upon discovery of the issue in 2023, the plan sponsor made a corrective contribution to the plan including lost earnings of $463.

Note 11 - Subsequent Events:

The Company has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2024, through October 1, 2025, which is the date these financial statements were available to be issued, and have determined that there are no subsequent events that need to be recorded or that are required to be disclosed.

INDEPENDENT AUDITOR'S REPORT

To the Administrator
Anaqua, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Anaqua, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Anaqua, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Anaqua, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anaqua, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anaqua, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anaqua, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan:

The following brief description of the Anaqua, Inc. (the "Company") 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

Contributions

Participant Contributions

Employees may elect to reduce their salaries and contribute between 1% and 90% of their annual compensation, subject to limits determined by the Internal Revenue Code (the "Code").

Participant Catch-Up Contributions

Participants age 50 or older may elect to make additional salary deferral contributions, subject to limits determined by the Internal Revenue Code.

Participant Roth Contributions

Participants may elect to make an after-tax contribution to a Roth Contributions Account. Such Roth elective deferrals are salary deferral contributions that are made in lieu of all or a portion of the participant's pre-tax salary deferral contribution.

Employer Contributions

The employer may contribute to each eligible participant's account, a discretionary matching contribution equal to a percentage of each participant's contribution, as determined by the Board of Directors. The Company will make an employer matching contribution equal 50% of each dollar contributed up to 4% of eligible compensation, not to exceed $1,500 annually. The total annual contributions may not exceed the maximum amount deductible for income tax purposes.

Notes Receivable from Participants

Participants may borrow against their vested account balances. The minimum borrowing amount is $500 and may not exceed the lesser of $50,000 or fifty percent of the participant's vested benefits. The interest rate is set at the prevailing prime rate plus 1%, reflecting market conditions. The interest rate on the outstanding loans ranges from 4.25% to 9.50%. Loans are repayable within five years from the date of the loan, unless the loan is for the purchase of the participant's primary residence. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution plus an allocation of any additional contributions made by the Company and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued):

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after one year of credited service. Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service.

Investment Options

Upon enrollment in the plan, a participant may direct contributions among various investment options. Participants may change their investment options any business day during the plan year.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant’s vested interest in his or her account.

Death Benefits

Upon the death of a participant, the amount held for the benefit of that participant shall be paid to the participant's designated beneficiary.

Forfeited Accounts

If participants terminate service prior to being fully vested in the employer's contribution account, they forfeit the amount which is not vested on the date in which the participant has five consecutive breaks in service. Forfeited non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled $1,042 and $77, respectively. The Plan did not use forfeitures to offset Plan expenses or employer contributions during 2024.

Note 2 - Summary of Significant Accounting Policies:

Accounting Method

The accounts of the Plan are maintained, and the accompanying financial statements and supplemental information have been prepared, on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Consequently, investment income is recognized when received and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements and supplemental information are not intended to present the net assets and changes in net assets of the Plan in conformity with GAAP.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded when received.

Investment Valuation and Income Recognition

Shares of mutual funds and cash equivalents are stated at fair value based on quoted market prices which present the net asset value of the shares held by the plan at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares in the common/collective trust funds are valued at the net asset value practical expedient of the shares held by the plan at year-end based on the market value of its underlying investments.

Note 2 - Summary of Significant Accounting Policies (Continued):

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses are based on an average cost basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Administration Costs

The Plan’s administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Administrative fees, including fees for the administration of notes receivable from participants and investment-related expenses are included in administrative expenses and charged directly to the participant's account. The Company absorbs significant costs of plan administration.

Other

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Note 3 - Fair Value Measurements:

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets and liabilities or market corroborated inputs.

Level 3: Unobservable inputs are used when little or no market data is available, which requires the Company to develop its own assumptions about how market participants would value the assets or liabilities.

In determining the fair value, the Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible in its assessment of fair value. There were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds/Cash Equivalents: Valued at fair value based on quoted market prices which represent the net asset value of the shares held by the plan at year-end.

Note 3 - Fair Value Measurements (Continued):

Common/Collective Trusts: Valued at the net asset value practical expedient of the shares held by the Plan at year-end based on the market value of its underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 21,020,613	$ -	$ -	$ 21,020,613
Cash Equivalents	256,267	-	-	256,267
Total Investments at Fair Value	$ 21,276,880	$ -	$ -	$ 21,276,880

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 15,837,318	$ -	$ -	$ 15,837,318
Investments measured at NAV*				
Common/Collective Trusts	-	-	-	356,692
Total Investments at Fair Value	$ 15,837,318	$ -	$ -	$ 16,194,010

* Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Asses Available for Benefits.

Note 4 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested.

Note 5 - Tax Status:

The Plan adopted the Non Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable opinion from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan remains qualified and tax-exempt as of the financial statement date.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 6 - Information Certified by Plan's Trustee:

The Plan's assets, which consist of mutual funds, cash equivalents, and common/collective trusts, are held by the Trustee of the Plan.

The investment information presented in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedules has been derived from information certified as complete and accurate by Fidelity Management Trust Company as of December 31, 2024 and 2023, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Related Party Transactions:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the third party administrator for administrative services totaled $83,974 for the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Risks and Uncertainties:

The Plan invests in mutual funds, cash equivalents, and common/collective trusts. In general, these investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that, such changes could materially affect the amounts reported in the statement of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Note 9 - Late Remittance:

In 2023, the plan sponsor unintentionally failed to remit certain employee deferrals of $292 in a timely manner according to the Department of Labor regulations. The late payments are deemed a loan from the Plan to the plan sponsor from the date at which the contributions should have been remitted to the date they are actually remitted. Upon discovery of the error, the plan sponsor made a corrective contribution totaling $496 in September 2024 which included the associated employer match and lost earnings.

Note 10 - Missed Deferrals:

During 2023, the Plan sponsor erroneously updated one employee's deferral percentage which resulted in the employee having missed deferrals. Upon discovery of the error in 2023, the plan sponsor made a corrective contribution to the plan including lost earnings of $1,154.

During 2023, the Plan sponsor erroneously corrected a contribution issue for one employee twice resulting in the employee having an excess amount adjusted from their account for both their deferral and employer match. Upon discovery of the issue in 2023, the plan sponsor made a corrective contribution to the plan including lost earnings of $463.

Note 11 - Subsequent Events:

The Company has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2024, through October 1, 2025, which is the date these financial statements were available to be issued, and have determined that there are no subsequent events that need to be recorded or that are required to be disclosed.
