## INDEPENDENT AUDITOR'S REPORT

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Western Slope Auto Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibility in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Western Slope Auto Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan covering all employees of Western Slope Auto (the Company) who are at least eighteen years of age, and have attained at least one year of service with the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes a deferred compensation arrangement under Internal Revenue Code Section 401(k), which allows eligible employees to make pre-tax or Roth contributions to the Plan as a percentage or dollar amount of their compensation.

##### **Employee Contributions**

Participants are permitted to contribute up to 100% of their annual compensation, as defined in the Plan document, to the Plan on a pre-tax or Roth basis. Contributions may not exceed dollar limits set by law. Transfers from qualified plans are allowed under provisions of the Plan.

##### **Employer Contributions**

Effective January 1, 2024, the Company adopted a safe harbor matching contribution formula, under which it contributes 100% of each participant's eligible deferrals up to 1% of eligible compensation, plus 50% of deferrals exceeding 1%, up to 6% of eligible compensation.

For the year ended December 31, 2023, matching contributions were made based on a quarterly discretionary amount determined by the Company.

For the year ended December 31, the Company's matching contributions totaled \$374,212 (2024) and \$181,571 (2023).

Additionally, for the year ended December 31, 2023, the Company made a discretionary profit-sharing contribution of \$114,696. No discretionary profit-sharing contributions were made for the year ended December 31, 2024.

##### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's contributions on the participant's behalf, and an allocation of the Plan earnings. Allocations are based on participant earnings or participant account balances, as defined in the Plan agreement.

## **Vesting**

Participants are immediately vested in their elective deferral contributions made by the Company on their behalf plus earnings thereon. Vesting in the Company's safe harbor and profit sharing contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service for profit sharing contributions and two years of credited service for safe harbor contributions. In addition, a participant becomes 100% vested in the Company's contributions in the event of a participant's death, disability, upon reaching normal retirement age, or upon termination of the Plan.

## **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loan terms are up to five years, or thirty years if used for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account. Interest rates are determined by the trustee and administrator at the time the loan is processed.

## **Payment of Benefits**

Upon termination of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than \$1,000 and an election has not been made to directly rollover the balance to an IRA. Participants with account values of at least \$1,000 but less than \$7,000 may receive a lump-sum payment, elect to rollover the balance to another plan or IRA, or if no other option is selected, the balance will be rolled over to an IRA on behalf of the participant. If a participant's account value is \$7,000 or more, the participant may elect an annuity to be paid in monthly, quarterly or annual installments, may receive a lump-sum payment, or may elect to defer benefits to a future date.

Participants may also make certain voluntary in-service withdrawals after age 65 or hardship.

## **Forfeitures**

If a participant terminates service prior to earning enough years of service to become fully vested in the Company's discretionary contributions, they will forfeit the amount in which they are not vested. Forfeitures may be used to pay plan expenses, used to reduce any employer nonelective contribution or used to reduce any employer matching contribution. For the years ended December 31, \$11,109 (2024) and \$17,820 (2023) of forfeitures were used to pay Plan expenses. As of December 31, there were \$17,754 (2024) and \$2,460 (2023) of unallocated forfeitures.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

### **Investment Valuation**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement. Interest income is recorded on the accrual basis.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Administrative Expenses**

Administrative expenses included on the statements of changes in net assets available for benefits are primarily fees for investment management and other investment-related services that are generally assessed as a percentage of investment assets.

### **Estimates**

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

## **NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company, the trustee of the Plan for the period from January 1, 2023 to June 25, 2023 and Ascensus Trust Company, the trustee of the Plan for the period from June 26, 2023 through December 31, 2024, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

## **NOTE 4 - FAIR VALUE MEASUREMENTS**

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan’s own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and; therefore, are based primarily upon the Plan’s estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds and Money Market Fund:* Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participants’ purchases and redemptions of units from the funds are based on unit values as of the valuation date. Purchases and redemptions of units may occur on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2024 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 8,290,041	\$ -	\$ -	\$ 8,290,041
Money market fund	418,886	-	-	418,886
<i>Total Investments, at Fair Value</i>	<u>\$ 8,708,927</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,708,927</u>

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2023 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 6,617,709	\$ -	\$ -	\$ 6,617,709
Money market fund	87,405	-	-	87,405
<i>Total Investments, at Fair Value</i>	<u>\$ 6,705,114</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,705,114</u>

**NOTE 5 - PLAN TERMINATION**

Subsequent to year end, Plan management elected to transfer and merge participant balances to a Pooled Employer Plan (PEP) sponsored by Standard Insurance Company effective October 31, 2025. Upon all assets being transferred to the PEP, the Plan will then be terminated. If the Plan is terminated prior to all participant balances being transferred to the PEP, all Participants remaining in the Plan will become 100% vested in their accounts. Any unallocated assets of the Plan then held by the trustee shall be allocated among the appropriate participant accounts.

**NOTE 6 - PLAN TAX STATUS**

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. Plan management and the Plan’s tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

**NOTE 7 - RELATED-PARTY TRANSACTIONS**

The Plan pays for certain Plan expenses while the Company absorbs certain administrative expenses, such as accounting fees. Participant loans also qualify as party-in-interest transactions. These transactions are denoted as such on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

**NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

## **NOTE 9 - SUBSEQUENT EVENTS**

The Plan's management has evaluated subsequent events through October 7, 2025, the date at which the financial statements were available to be issued.

Subsequent to year end, Plan management elected to transfer and merge participant balances to a PEP sponsored by Standard Insurance Company effective October 31, 2025. Upon all assets being transferred to the PEP, the Plan will then be terminated. (see Note 7).
