(1) Name: RSM US LLP

(2) EIN: 42-0714325

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

Retirement Plan Committee and Participants
University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Opinion

We have audited the financial statements of University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of fiduciary net position as of December 31, 2024 and 2023, the related statement of changes in fiduciary net position for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the fiduciary net position of the Plan as of December 31, 2024 and 2023, and the changes in its fiduciary net position for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that U.S. GAAP requires to be presented to supplement the plan financial statements. Such missing information, although not a part of the plan financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the plan financial statements in an appropriate operational, economic, or historical context. Our opinion on the plan financial statements is not affected by this missing information.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan with elective deferral 401(k) features covering all eligible employees of the University of Wisconsin Medical Foundation (the Plan Sponsor), located in Middleton, Wisconsin. All employees, with the exception of independent contractors, leased employees, or appointed members of the University of Wisconsin Medical School, who have completed 30 days of service, as defined in the Plan, are eligible to participate. The employee is eligible for the Plan Sponsor contribution after completing a year of eligible service and attaining age 18. A year of eligible service for the purposes of eligibility is when an employee has 1,000 or more hours of service during the computation period, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is responsible for oversight of the Plan. The Plan Sponsor has delegated responsibility to the Retirement Plan Committee and an outside investment advisor to determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions: Each year, participants may contribute up to 50% of pretax annual compensation with certain dollar limitations, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may invest in self-directed brokerage accounts, which include cash, money market funds, common stocks, mutual funds, U.S. government securities and certificates of deposit. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. Participant's contributions are invested in the designated default fund until changed by the participant. The default withholding rate under the automatic enrollment provision will increase 1% annually up to a maximum of 10% unless otherwise elected by the participant. The Plan Sponsor may make an annual contribution to the Plan of up to 8% of gross compensation and up to 5.7% of excess compensation as defined by the Plan. The Plan Sponsor may also make an additional profit sharing contribution at their discretion. During the year ended December 31, 2024, the Plan Sponsor made the annual contribution of 8% of gross compensation and 5.7% of excess compensation, and an additional profit sharing contribution of 2% of gross compensation. Participants are eligible for the profit sharing contributions if they meet the eligibility requirements above and are employed on the last day of the plan year.

Participant accounts: Each participant's account is credited with the participant's contributions, rollovers from other qualified plans, if any, and Plan Sponsor discretionary contributions, if any, as well as allocations of investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and investment losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of credited service. A participant is 100% vested after three years of credited service, upon death, total disability during the term of employment, or upon attaining age 59½.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. Note interest rates range from 4.25% to 9.50%. The notes are secured by the balance in the participant's account. The note interest rates are commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest are normally paid ratably through monthly payroll deductions.

Payment of benefits: On termination of service due to death, disability, retirement or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments or in a series of installment payments over a specified period of time in accordance with plan provisions. Terminated participants with balances less than \$1,000 are automatically paid a lump-sum. Any terminated participants with a balance between \$1,000 and \$7,000 will automatically have their balance rolled into a qualified individual retirement account. The Plan also allows for in-service and hardship distributions subject to certain restrictions.

Plan transfers: Upon changes in employment classification, participants may be eligible to transfer their accounts between plans sponsored by the Plan Sponsor, subject to approval by the Plan Sponsor.

Forfeited accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$229,200 and \$168,100, respectively. These accounts will be used to fund future employer contributions. The employer contribution receivable as of December 31, 2024 and 2023, have been reduced by \$247,700 and \$180,500, respectively, from forfeited nonvested accounts.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to governmental units, using the accrual method of accounting. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. These financial statements present only the Plan and are not intended to present the financial statements of the Plan Sponsor.

Contributions: Contributions from plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan's Loan Policy.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payments of benefits: Benefits are recorded when paid.

Investment policy: The Plan offers a broad range of diversified investments that enable the participant to construct a portfolio with aggregate risk and return characteristics at any point within the participant's desired range. Adherence to the specific investment objectives and criteria contained herein will be evaluated over a full-market cycle, which historically has been three to five years.

Interest rate risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Investments with longer maturities have greater sensitivity to fair value changes based on market interest rates. The bond market index mutual funds and collective trust funds are exposed to this risk.

Credit risk: Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. The bond market index mutual funds, money market funds and collective trust funds are exposed to this risk.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid for by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are recorded at fair value as of December 31, 2024 and 2023. GASB Statement No. 72, *Fair Value Measurements and Application*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

Level 1: Investments have values based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.

Level 2: Investments have inputs, other than quoted prices included within Level 1, that are observable for an asset, either directly or indirectly.

Level 3: Investments have unobservable inputs for an asset and may require a degree of professional judgment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Certain self-directed brokerage accounts invest in mutual funds.

Collective trust funds: Collective trust funds are valued at the NAV of the units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market funds: Certain self-directed brokerage accounts invest in money market funds. Money market funds are valued at cost plus accrued income, which approximates fair value.

Certificates of deposit: Certain self-directed brokerage accounts invest in certificates of deposits. Certificates of deposits are valued using pricing models maximizing the use of observable inputs for similar certificates of deposits issued by similar or similarly rated entities with comparable maturities and size.

Common stock: Certain self-directed brokerage accounts invest in common stock, which is valued at the closing price reported on the active market on which the individual securities are traded.

U.S. government securities: Certain self-directed brokerage accounts invest in U.S. government securities. U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated March 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are funds managed by Fidelity Management Trust Company. Fees paid by the Plan for investment management services are netted against plan earnings. Fidelity Management Trust Company also provides administrative services. Fidelity Management Trust Company is the trustee and record keeper as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of fiduciary net position.

Independent Auditor's Report

Retirement Plan Committee and Participants
University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Opinion

We have audited the financial statements of University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of fiduciary net position as of December 31, 2024 and 2023, the related statement of changes in fiduciary net position for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the fiduciary net position of the Plan as of December 31, 2024 and 2023, and the changes in its fiduciary net position for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that U.S. GAAP requires to be presented to supplement the plan financial statements. Such missing information, although not a part of the plan financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the plan financial statements in an appropriate operational, economic, or historical context. Our opinion on the plan financial statements is not affected by this missing information.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan with elective deferral 401(k) features covering all eligible employees of the University of Wisconsin Medical Foundation (the Plan Sponsor), located in Middleton, Wisconsin. All employees, with the exception of independent contractors, leased employees, or appointed members of the University of Wisconsin Medical School, who have completed 30 days of service, as defined in the Plan, are eligible to participate. The employee is eligible for the Plan Sponsor contribution after completing a year of eligible service and attaining age 18. A year of eligible service for the purposes of eligibility is when an employee has 1,000 or more hours of service during the computation period, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is responsible for oversight of the Plan. The Plan Sponsor has delegated responsibility to the Retirement Plan Committee and an outside investment advisor to determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions: Each year, participants may contribute up to 50% of pretax annual compensation with certain dollar limitations, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may invest in self-directed brokerage accounts, which include cash, money market funds, common stocks, mutual funds, U.S. government securities and certificates of deposit. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. Participant's contributions are invested in the designated default fund until changed by the participant. The default withholding rate under the automatic enrollment provision will increase 1% annually up to a maximum of 10% unless otherwise elected by the participant. The Plan Sponsor may make an annual contribution to the Plan of up to 8% of gross compensation and up to 5.7% of excess compensation as defined by the Plan. The Plan Sponsor may also make an additional profit sharing contribution at their discretion. During the year ended December 31, 2024, the Plan Sponsor made the annual contribution of 8% of gross compensation and 5.7% of excess compensation, and an additional profit sharing contribution of 2% of gross compensation. Participants are eligible for the profit sharing contributions if they meet the eligibility requirements above and are employed on the last day of the plan year.

Participant accounts: Each participant's account is credited with the participant's contributions, rollovers from other qualified plans, if any, and Plan Sponsor discretionary contributions, if any, as well as allocations of investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and investment losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of credited service. A participant is 100% vested after three years of credited service, upon death, total disability during the term of employment, or upon attaining age 59½.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. Note interest rates range from 4.25% to 9.50%. The notes are secured by the balance in the participant's account. The note interest rates are commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest are normally paid ratably through monthly payroll deductions.

Payment of benefits: On termination of service due to death, disability, retirement or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments or in a series of installment payments over a specified period of time in accordance with plan provisions. Terminated participants with balances less than \$1,000 are automatically paid a lump-sum. Any terminated participants with a balance between \$1,000 and \$7,000 will automatically have their balance rolled into a qualified individual retirement account. The Plan also allows for in-service and hardship distributions subject to certain restrictions.

Plan transfers: Upon changes in employment classification, participants may be eligible to transfer their accounts between plans sponsored by the Plan Sponsor, subject to approval by the Plan Sponsor.

Forfeited accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$229,200 and \$168,100, respectively. These accounts will be used to fund future employer contributions. The employer contribution receivable as of December 31, 2024 and 2023, have been reduced by \$247,700 and \$180,500, respectively, from forfeited nonvested accounts.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to governmental units, using the accrual method of accounting. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. These financial statements present only the Plan and are not intended to present the financial statements of the Plan Sponsor.

Contributions: Contributions from plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan's Loan Policy.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payments of benefits: Benefits are recorded when paid.

Investment policy: The Plan offers a broad range of diversified investments that enable the participant to construct a portfolio with aggregate risk and return characteristics at any point within the participant's desired range. Adherence to the specific investment objectives and criteria contained herein will be evaluated over a full-market cycle, which historically has been three to five years.

Interest rate risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Investments with longer maturities have greater sensitivity to fair value changes based on market interest rates. The bond market index mutual funds and collective trust funds are exposed to this risk.

Credit risk: Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. The bond market index mutual funds, money market funds and collective trust funds are exposed to this risk.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid for by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan's investments are recorded at fair value as of December 31, 2024 and 2023. GASB Statement No. 72, *Fair Value Measurements and Application*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

University of Wisconsin Medical Foundation, Inc. Employees 401(k)/Profit Sharing Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

Level 1: Investments have values based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.

Level 2: Investments have inputs, other than quoted prices included within Level 1, that are observable for an asset, either directly or indirectly.

Level 3: Investments have unobservable inputs for an asset and may require a degree of professional judgment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Certain self-directed brokerage accounts invest in mutual funds.

Collective trust funds: Collective trust funds are valued at the NAV of the units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market funds: Certain self-directed brokerage accounts invest in money market funds. Money market funds are valued at cost plus accrued income, which approximates fair value.

Certificates of deposit: Certain self-directed brokerage accounts invest in certificates of deposits. Certificates of deposits are valued using pricing models maximizing the use of observable inputs for similar certificates of deposits issued by similar or similarly rated entities with comparable maturities and size.

Common stock: Certain self-directed brokerage accounts invest in common stock, which is valued at the closing price reported on the active market on which the individual securities are traded.

U.S. government securities: Certain self-directed brokerage accounts invest in U.S. government securities. U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated March 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are funds managed by Fidelity Management Trust Company. Fees paid by the Plan for investment management services are netted against plan earnings. Fidelity Management Trust Company also provides administrative services. Fidelity Management Trust Company is the trustee and record keeper as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of fiduciary net position.
