Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BOURGEOIS BENNETT, LLC**

(2) EIN: **72-0136870**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator,
IMTT-Illinois Union Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of IMTT-Illinois Union Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and

other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS**IMTT-Illinois Union Pension Plan**

December 31, 2024 and 2023

Note 1 - DESCRIPTION OF PLAN

The following description of the IMTT-Illinois Union Pension Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined benefit pension plan that was adopted effective August 11, 1997 and was amended and restated in its entirety effective January 1, 2016. The Plan provides for retirement, death, and disability benefits for employees and former employees, as defined in the plan agreement, of International-Matex Tank Terminals LLC (the “Company” or “Plan Sponsor”) and IMTT-Illinois LLC (“Employer”), covered by an agreement with AFL-CIO, Local 7-507. The Plan is closed to new participants hired on or after January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by a plan administrator who is appointed by the Board of Directors of the Company. The Plan’s trustee is U.S. Bank National Association (“U.S. Bank”). Aon Consulting, Inc. (“Aon”) provides actuarial and investment services.

b. Funding Policy

The Plan’s funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company’s contributions to the Plan are based upon recommendations of the Plan’s consulting actuary and meet the minimum funding requirements of ERISA for 2024 and 2023. The Plan is funded entirely by employer contributions. During 2024 and 2023, the Company made no contributions to the Plan.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Note 1 - DESCRIPTION OF PLAN (Continued)

c. Pension Benefits

Participants in the Plan are entitled to pension benefits beginning at the normal retirement date which is the later of age 63 or age at the fifth anniversary of the date of participation in the Plan. The normal monthly retirement benefit payable to a participant is based on years of credited service multiplied by a monthly dollar value that is stated in the plan agreement and is based on a participant's date of retirement or termination. In no event shall a participant's monthly normal retirement benefit be less than the participant's accrued benefit under the Powell Duffryn Terminals, Inc. (Chicago) Pension Plan as of the day before August 11, 1997 (without regard to any amendments made after that date) as if the participant terminated employment on that date. The Plan contains provisions for early and late retirement benefits as well as death and disability benefits as defined in the plan agreement.

d. Vesting

A participant vests 100% upon the completion of five years of vesting service. Active participants are automatically vested 100% upon reaching their normal retirement date.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as promulgated by the Financial Accounting Standards Board.

b. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results may differ from those estimates.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The IMTT Retirement Benefits Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

e. Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan agreement. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

f. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

Note 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' years of credited service. The accumulated plan benefits for active employees are based on their years of credited service on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Note 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The actuarial present value of accumulated plan benefits as of January 1, 2024 and 2023 were determined by actuaries from Aon and are those amounts which result from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

As of January 1, 2024 and 2023, the actuarial present value of accumulated plan benefits were as follows:

	2024	2023
Vested benefits:		
Participants currently receiving benefits	\$ 4,794,578	\$ 4,904,063
Other participants	4,487,854	4,797,702
	9,282,432	9,701,765
Nonvested benefits	-	-
Total actuarial present value of accumulated plan benefits	\$ 9,282,432	\$ 9,701,765

Note 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

For the annual periods ended January 1, 2024 and 2023, the changes in the actuarial present value of accumulated plan benefits were as follows:

	2024	2023
Actuarial present value of accumulated plan benefits as of January 1, 2023 and 2022	\$ 9,701,765	\$ 9,497,228
Increase (decrease) attributable to:		
Benefits accumulated and other ⁽¹⁾	89,049	(69,015)
Interest	446,382	446,811
Benefits paid	(413,296)	(381,785)
Plan amendments	73,398	79,863
Assumption changes ⁽²⁾	(614,866)	128,663
Net increase (decrease)	(419,333)	204,537
Actuarial present value of accumulated plan benefits as of January 1, 2024 and 2023	\$ 9,282,432	\$ 9,701,765

⁽¹⁾ Represents the normal operation of the pension plan. It consists primarily of the increase (decrease) due to ongoing benefit accruals (if any) and those items of plan experience that are not associated with plan asset performance.

⁽²⁾ Change in interest rate assumption, mortality assumption, married assumption, and expected long-term rate of return.

The significant actuarial assumptions used in the valuations were as follows:

Interest rate - 5.20% for the January 1, 2024 valuation and 4.70% for the January 1, 2023 valuation.

Mortality rates - 2024 generational mortality tables for annuitants and non-annuitants per Sec. 1.430(h)(3)-1(b) for the January 1, 2024 valuation and using 2023 static mortality table for annuitants and non-annuitants per Sec. 1.430(h)(3)-1(c) and IRS Notice 2022-22 for the January 1, 2023 valuation.

Retirement Age - Historical experience of the Plan for active participants and age 63 for terminated vested benefits.

Note 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The valuation as of January 1, 2024, reflects the following assumption changes from the valuation as of January 1, 2023:

- A change in the interest rate assumption from segment rates as of September 2022 to segment rates as of September 2023, each adjusted as applicable to fall within the 25-year average interest rate stabilization corridor under American Rescue Plan Act of 2021.
- A change in the mortality assumption from 2023 static mortality table for annuitants and non-annuitants per Sec. 1.430(h)(3)-l(c) and IRS Notice 2022- 22 to the 2024 generational mortality tables for annuitants and non-annuitants per Sec. 1.430(h)(3)-l(b).
- A change in the expected long-term rate of return on plan assets from 7.10% to 7.30%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024 and 2023. Had the valuations been performed as of December 31, for each respective period, there would be no material differences.

Note 4 - PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- 1) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- 2) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
- 3) All other vested benefits (that is, vested benefits not insured by the PBGC).
- 4) All nonvested benefits.

Note 4 - PLAN TERMINATION (Continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 5 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including plan interest in IMTT Master Trust held as of December 31, 2024 and 2023, and change in plan interest in IMTT Master Trust and interest and dividends for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by U.S. Bank, the trustee of the Plan.

Note 6 - INTEREST IN IMTT MASTER TRUST

A portion of the Plan's investments are in the IMTT Master Trust, which was established for the investment of assets of the Plan and one other Company-sponsored retirement plan. Each participating retirement plan has an undivided interest in the IMTT Master Trust. The assets of the IMTT Master Trust are held by U.S. Bank, the trustee.

The value of the Plan's interest in the IMTT Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. As of December 31, 2024 and 2023, the Plan's interest in the net assets of the IMTT Master Trust was approximately 12%. Total investment income (including net appreciation (depreciation) in the fair value of investments) of the IMTT Master Trust is allocated to the individual plans based on average monthly balances invested by each plan.

Note 6 - INTEREST IN IMTT MASTER TRUST (Continued)

The following tables present the investments and other assets of the IMTT Master Trust as of December 31, 2024 and 2023:

Investment income	116,603	143,111
Totals	<u>\$ 4,071,483</u>	<u>\$ 8,447,747</u>

Following is a description of the valuation methodologies used for assets measured at fair value held in the IMTT Master Trust. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

- *Money market fund*: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund is deemed to be actively traded.
- *Common collective trust funds*: Valued at fair value based on the NAV of units of the collective trust, as provided by the trustee based on the fair value of the underlying investments held by the fund less its liabilities and are considered Level 2 fair value measurements.

Note 6 - INTEREST IN IMTT MASTER TRUST (Continued)

- *Alternative investment funds (Return Enhancing Alternative Fund and Private Credit Alternative Fund):* Valued at fair value as determined in good faith by the investment manager of the funds in accordance with U.S. GAAP. The funds use the NAV as reported by the underlying investment funds, as a practical expedient, to determine the fair value of all investments in the underlying investment funds which (a) do not have a readily determinable fair value and (b) either have the attributes of an investment company or prepare their financial statements consistent with the measurement principles of an investment company.
- *Real estate funds:* Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The value of the underlying net assets of the real estate funds do not represent the net cash proceeds that would be realized by the funds upon liquidation and settlement of liabilities. Determination of fair value of these interests involves subjective judgment because the actual fair value of the underlying net assets of the real estate funds can be determined only by negotiation between two parties in a sales transaction. The real estate funds do not have the ability to redeem the real estate investments at their discretion.

Note 6 - INTEREST IN IMTT MASTER TRUST (Continued)

The following tables set forth by level, within the fair value hierarchy, the IMTT Master Trust's assets at fair value as of December 31, 2024 and 2023:

IMTT Master Trust Assets at Fair Value as of December 31, 2024

Total assets at fair value	<u>\$1,773,811</u>	<u>\$49,323,050</u>	<u>\$ -</u>	<u>\$66,646,821</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

- (c) *The primary purpose and objectives of the real estate funds are to identify, acquire, hold, manage, and dispose of investments in real estate private equity funds for income and capital appreciation. The investments are real estate private equity funds and will continue until all investments are sold, liquidated, or disposed of, or upon the occurrence of earlier events as defined in the limited partnership agreements. The investments are not considered redeemable because the limited partnership does not have the ability to redeem the investments at its discretion.*
- (d) *The return enhancing alternative fund's investment objectives are to generate attractive returns over a full market cycle by investing in a range of alternative investment opportunities with sources of return that have a low correlation to the broader financial markets, while also seeking to preserve capital under the direction of Aon Investments USA, Inc. Shares of the fund are not redeemable during an initial "Lock-Up" period that shall be the first twelve-month period that such shares are held by the shareholder. Following the "Lock-Up" period, upon ninety-five days' prior written notice to the administrator of the fund, shares may be redeemed semi-annually, as of the last business day of June or December of any year, at their net asset value as of the close of business on the relevant redemption date, subject to reduction for any accrued expenses as of such date and any other expenses associated with a redemption including wire transfer fees and any transaction costs.*

Note 6 - INTEREST IN IMTT MASTER TRUST (Continued)

(e) The private credit alternative fund's investment objectives are to invest in pooled investment vehicles ("Underlying Funds") primarily focused on private credit, real estate lending, and specialty finance. The fund may also make investments through other structures, including separate account vehicles or other arrangements. Investments in the fund are not considered redeemable because the fund is a closed end fund that has a term of eight years from the initial closing of November 2022, with two one-year extensions (at the discretion of the general partner). Investors are expected to hold their interests throughout the term absent of any secondary sale of their interests on a secondary market pursued by the investor.

Note 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds an interest in the IMTT Master Trust that has investments in the Aon Trust Company LLC. Aon, a related company of Aon Trust Company LLC, provides actuarial and investment services to the Plan and, therefore, fund transactions associated with Aon Trust Company LLC are considered party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

For years ended December 31, 2024 and 2023, fees paid to parties in interest included \$117,863 and \$78,923, respectively, paid to Aon Consulting, Inc. and Aon Investments USA, Inc. (combined) for actuarial and investment services. These fees are included in administrative expenses in the statements of changes in net assets available for benefits.

Note 8 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated April 5, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities through its investment in the IMTT Master Trust. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2023 to Form 5500:

	Increase in Net Assets Available For Benefits 2023
Net increase in net assets available for benefits per the financial statements	\$ 497,180
Investment value adjustment*	<u>12,243</u>
Net increase in net assets available for benefits per the Form 5500	<u>\$ 509,423</u>

** As of December 31, 2022, certain timing differences existed relating to investment values recorded for Form 5500 reporting and financial statement reporting. These differences reversed in 2023.*

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the expected long-term rate of return on plan assets from 7.10% to 7.30%

This change was made to better reflect the anticipated plan experience. The funding assumption change did not reduce the funding shortfall more than the thresholds stated in the Internal Revenue Code Section 430(h)(5), so approval of the Commissioner is not required.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the expected long-term rate of return on plan assets from 7.10% to 7.30%

This change was made to better reflect the anticipated plan experience. The funding assumption change did not reduce the funding shortfall more than the thresholds stated in the Internal Revenue Code Section 430(h)(5), so approval of the Commissioner is not required.
