Report of Independent Auditors

To the Trustees and Participants of
Chicago & Vicinity Laborers' District Council
Fund Office Staff 401(k) Plan

Opinion

We have audited the financial statements of Chicago & Vicinity Laborers' District Council Fund Office Staff 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Chicago & Vicinity Laborers' District Council Fund Office Staff 401(k) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements of Chicago & Vicinity Laborers' District Council Fund Office Staff 401(k) Plan (the Plan) have been prepared using the accrual basis of accounting.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2024 or 2023.

Expenses - Certain administrative expenses of maintaining the Plan are paid by the Plan's sponsor and are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 3, 2025, which is the date the financial statements were available to be issued.

Note 2. Description of the Plan

The following is a brief description of the Plan and provides only general information. Participants should refer to the Plan document for more complete information.

General - The Plan is a single employer defined contribution retirement plan established for the benefit of eligible employees of Chicago & Vicinity Laborers' District Council benefit funds (the Fund Office). Each employee of the Fund Office who has been employed 30 days is automatically enrolled on the first day of the pay period following satisfaction of the 30-day service period, at a deferral rate of 3% of eligible compensation as defined by the Plan, unless the employee elects a different deferral rate or affirmatively elects not to participate in the automatic enrollment feature of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Contributions - Participants may contribute a percentage of pre-tax annual compensation, as defined by the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant's account is credited with the participant's contributions, and any earnings or losses on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are 100% vested in their account balances at all times.

Investments - Participants direct the investment of their account balance and future contributions into various mutual fund investment options offered by the Plan. Participants may change their investment options at their own discretion. In the absence of participant direction, contributions are invested in a default investment option which has a balanced investment approach. Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Payment of Benefits - Upon termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, or a series of equal monthly installments extending over a period not longer than the joint life expectancy of the participant and their spouse, or the life expectancy of the beneficiary if other than the participant. Participants may also withdraw their benefits under the hardship withdrawal provisions of the Plan.

Other - In December 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was enacted and increased the required minimum distribution age to 73 effective in 2023 and as late as 75 effective in 2033. The SECURE Act 2.0 also increases catch-up contribution limits in 2025 for individuals who have attained ages 60, 61, 62 and 63, which are indexed for inflation after 2025.

Note 3. Priorities upon Termination

Although they have not expressed any intent to do so, the Trustees have the right to terminate the Plan subject to the provisions of ERISA. Benefits will be distributed to participants and their beneficiaries as if the Plan had not been terminated.

Note 4. Tax Status

The Plan's latest determination letter is dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Note 5. Fair Value Measurements (continued)

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Note 6. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially impact participant account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Note 7. Changes in Custodian Recordkeeper

During the year ended December 31, 2023, the Plan changed its custodian recordkeeper from Newport Trust Company to Voya Financial. In connection with this change, there was a blackout period from May 26, 2023 through July 7, 2023, during which Plan participants were not able to initiate transactions. This change also resulted in some changes in the investment options offered under the Plan.

Note 8. Concentration of Plan Investments

As of December 31, 2024 and 2023, the Plan held units in the Fidelity 500 Index Fund with a fair value of \$3,475,760 (approximately 36% of net assets available for benefits) and \$2,971,361 (approximately 35% of net assets available for benefits), respectively. It is reasonably possible that changes in the value of this investment could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial investments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

Note 9. Party-In-Interest Transactions

The Plan's investments are held by Voya Financial, and the Plan invests in a mutual fund managed by Voya Financial. Voya Financial provides certain recordkeeping services to the Plan. Therefore, these transactions qualify as party-in-interest transactions under ERISA.

Supplemental Schedule

Report of Independent Auditors on Supplemental Schedule Required by ERISA

To the Trustees and Participants of
Chicago & Vicinity Laborers' District Council
Fund Office Staff 401(k) Plan

We have audited the financial statements of Chicago & Vicinity Laborers' District Council Fund Office Staff 401(k) Plan (the Plan) as of and for the years ended December 31, 2024 and 2023, and our report thereon dated October 3, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subject to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we have evaluated whether the supplemental schedule including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
