## Independent Auditors' Report

To the Administrative Committee  
Johanna Foods, Inc., Savings  
and Investment Plan  
Flemington, New Jersey

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Johanna Foods, Inc., Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits - Modified Cash Basis as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis for the year then ended December 31, 2024, and the related Notes to the Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Johanna Foods, Inc., Savings and Investment Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johanna Foods, Inc., Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

#### Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johanna Foods, Inc., Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johanna Foods, Inc., Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johanna Foods, Inc., Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplementary Schedules Required by ERISA

The Supplementary Schedules of Assets Held for Investment Purposes - Modified Cash Basis and Reportable Transactions - Modified Cash Basis are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplementary Schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the Supplementary Schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplementary Schedules, we evaluated whether the Supplementary Schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the Supplementary Schedules, other than the information in the Supplementary Schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the Supplementary Schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS AND INVESTMENT PLAN  
Notes to the Financial Statements**

Note 1 - Plan summary

Description of plan

The following description of the Johanna Foods, Inc., Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time, non-union employees of Johanna Foods, Inc. (the Company). Employees are eligible to participate in the Plan on the first of the month following 30 days of employment. An employee becomes eligible for a company match after completing one year of service (1,000 hours). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are permitted to make elective deferrals from 1% to 50% of their compensation, subject to maximum amounts allowed by the Internal Revenue Code. The Company makes matching contributions equal to elective deferrals, subject to maximum percentages of compensation based on age and years of service as defined in the Plan document. The Company's Board of Directors has the right to make additional discretionary contributions.

In the event of termination for reasons other than death, disability or normal retirement, balances in participant accounts are payable in a lump-sum.

Participant accounts

Each participant's account is self-directed and credited with the participant's and Company's contributions and earnings on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant loans

Participants may borrow from their accounts within limits prescribed by the Plan and the Internal Revenue Service.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are credited with a year of service if they complete 1,000 hours of service in any Plan year.

| 5 years or more             | 100%                  |

A participant is 100% vested upon attaining normal retirement age.

Investment options

Upon enrollment in the Plan, a participant may direct the investment of their contributions in a variety of investments. Participants may change their investments daily.

Forfeited accounts

Forfeited non-vested accounts are allocated to participants' accounts. As of December 31, 2024 and 2023, the forfeited accounts totaled \$14,911 and \$12,585, respectively.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements and supplemental schedule of the Plan are presented on the modified cash basis of accounting. Under this method, contributions, interest and dividend income are recorded as received. Benefits and expenses are recorded when paid. The Plan's investments are stated at fair value, determined by either quoted market prices or estimates provided by the Plan Trustee. Purchases and sales of securities are recorded on a trade-date basis.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

**JOHANNA FOODS, INC.,  
SAVINGS AND INVESTMENT PLAN  
Notes to the Financial Statements**

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and income recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual fund fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. The 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Unit Investment Trusts

The Plan invested in Unit Investment Trusts. These assets may be redeemed on demand and there may be additional fees associated with the redemption. These assets are measured at net asset value (NAV). This is a valuation determined by the administrator. The risk exists that units of these trusts could be sold at a value different than the NAV.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Fees for the administration and maintenance of a participant account balances are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

| Realized and unrealized gains and (losses), net       | 2,017,865  |
| Interest income on notes receivable from participants | 23,586     |

Note 4 - Fair value

Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

**JOHANNA FOODS, INC.,  
SAVINGS AND INVESTMENT PLAN  
Notes to the Financial Statements**

Note 4 - Fair value (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31:

| <u>2024</u>  | <u>Level 1</u>       | <u>Level 2</u> | <u>Level 3</u> |
|--|----------------------|----------------|----------------|

**JOHANNA FOODS, INC.,  
SAVINGS AND INVESTMENT PLAN  
Notes to the Financial Statements**

Note 5 - Investment contract held with insurance company

The Plan entered into an annuity investment contract with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value for the general account with the Plan participants, is not probable.

The contract value of the investment contract at December 31, 2024, and 2023 were \$6,512,377 and \$7,310,829, respectively. On December 31, 2024, and 2023, the average yield and crediting interest rate for the annuity contract was approximately 4.75% and 4.65%, respectively. The crediting interest rate is based on the earnings of the underlying assets compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Risks and uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit.

**JOHANNA FOODS, INC.,  
SAVINGS AND INVESTMENT PLAN  
Notes to the Financial Statements**

Note 7 - Risks and uncertainties (continued)

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 8 - Party-in-interest and related party transactions

Certain plan investments are shares of mutual funds and common/collective funds managed by Principal Trust Company, the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Investment advisor fees are deducted from fund earnings prior to the allocation of investment returns. Administrative fees paid during the year ended December 31, 2024, were \$42,872.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company pays for the annual audit fee. These transactions are considered to be party-in-interest transactions exempt from the ERISA prohibited transaction rules.

Note 9 - Tax status

The Internal Revenue Service has determined and informed the Company by a letter dated April 21, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC as of the financial statement date.
