## **INDEPENDENT AUDITOR'S REPORT**

To the Participants and Plan Administrator of  
Barrios Technology 401(k) Profit Sharing Plan & Trust:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements**

We have performed audits of the financial statements of Barrios Technology 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion on the Financial Statements**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **INDEPENDENT AUDITOR'S REPORT, continued**

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**INDEPENDENT AUDITOR'S REPORT, continued**

**Other Matters - Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule] that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### 1. Description of Plan

The following description of the Barrios Technology (the “Company”) 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### General

The Plan was established, effective May 23, 1980, as a defined contribution plan, covering substantially all employees of the Company who are age 21 or older except any employees covered by a collective bargaining agreement, leased employees, and independent contractors. The Plan has been amended from time to time, most recently on April 1, 2022. The Plan, as amended, is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

#### Plan Administration

The Company serves as the Plan Administrator. Reliance Trust Company (the “Trustee”) serves as the Plan’s trustee and Empower Retirement (“Empower”) serves as the Plan’s recordkeeper.

#### Automatic Enrollment

All eligible participants are automatically enrolled in the Plan and are deemed to have elected a deferral rate of 3% of their eligible compensation. Such deferral rate is increased by 1% as of the first of each subsequent Plan year until a deferral rate of 10% is reached. An employee may affirmatively elect not to participate in the Plan or may elect a different deferral rate.

#### Contributions

Each year, participants may contribute a percentage of their pretax annual compensation not to exceed the limitations (\$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively) set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant’s 50th birthday. A participant’s total catch-up contribution during both years ended December 31, 2024 and 2023 may not exceed \$7,500. Participants may make ROTH contributions to the Plan in accordance with applicable tax laws and they may also make rollover contributions from other qualified plans.

The Plan provides for the Company to make discretionary matching contributions, as well as discretionary employer contributions based on net profits. During 2024 and 2023, the Company made discretionary matching contributions totaling of \$2,072,807 and \$1,911,047 respectively. The Company made no discretionary employer contributions during the years ended December 31, 2024 and 2023.

#### Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (i) Plan earnings and (ii) discretionary contributions made by the Company, if any, and charged with an allocation of administrative expenses. Allocations are based on participants’ compensation or account balances, as described in the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested interest in his or her account.

#### Vesting

Participants are immediately 100% vested in their account balances.

#### Forfeitures

Forfeitures of Company contributions may occur if the Plan fails the nondiscrimination test under IRC Section 401(k)(3). Failure of the non-discrimination test results in a distribution of excess contributions to the participant and any Company matching contributions, attributable thereto, are forfeited to the Plan and are available to reduce future Company contributions or pay Plan expenses. During the years ended December 31, 2024 and 2023, forfeiture balance of \$6,700 and \$200, respectively, was used to pay plan expenses. At December 31, 2024 and 2023, the forfeiture balance available to reduce Company contributions or pay Plan expenses was \$47,090 and \$42,722, respectively.

## NOTES TO FINANCIAL STATEMENTS

### 1. Description of Plan, continued

#### Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Each participant is allowed only one outstanding loan at a time. Loan terms range from 1 to 5 years or up to 20 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 9.5% at December 31, 2024 and 2023, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are made by means of payroll withholdings according to the terms of the promissory note.

#### Payment of Benefits

Upon termination of employment due to death, retirement or attainment of age 59½, a participant (or his or her designated beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or to have the account balance distributed in annual installments. If a participant's account is less than \$5,000, a lump-sum distribution will be made automatically.

In-service withdrawals are allowed by the Plan from the participant's fully vested account balance after the participant has attained age 59 ½. Prior to age 59 ½ and subject to guidelines set forth in the IRC, a participant may request a hardship withdrawal.

#### Administrative Expenses

The Plan is responsible for payment of the trustee expenses and fees, which include fees incurred by the Plan for investment management or recordkeeping services. However, certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements.

Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts as well as fees for initiating benefits payments and are included in administrative expenses.

### 2. Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

#### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

# BARRIOS TECHNOLOGY 401(K) PROFIT SHARING PLAN & TRUST

## NOTES TO FINANCIAL STATEMENTS

### 2. Summary of Significant Accounting Policies, continued

#### Investment Valuation and Income Recognition, continued

The Plan invests in a guaranteed interest contract through a group annuity contract with MassMutual. The fair value of the guaranteed interest contract is calculated based on the liquidation value of the pro-rata share of the underlying investments' fair value. The guaranteed interest contract is a fully benefit-responsive investment contract and is stated at contract value, which is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Net appreciation in fair value of investments, excluding fully benefit-responsive investment contracts, includes realized gains or losses on the sale of investments throughout the year, as well as unrealized appreciation or depreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

#### Benefit Payments

Benefits are recorded when paid.

### 3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

## BARRIOS TECHNOLOGY 401(K) PROFIT SHARING PLAN & TRUST

### NOTES TO FINANCIAL STATEMENTS

#### 3. Fair Value Measurements, continued

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market Approach)

*Collective trust funds:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

*Pooled Separate Accounts:* Valued at the NAV of units based on the quoted market prices of the underlying securities and the number of units owned by the Plan at year end. The NAV, as provided by the Custodians, is used as a practical expedient to estimate fair value. (Market approach).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 85,359,463	\$ -	\$ -	\$ 85,359,463
Total investments in fair value hierarchy	\$ 85,359,463	\$ -	\$ -	85,359,463
Investment measured at NAV <sup>(1)</sup>				40,387,731
Total				\$ 125,747,194
	<b>Assets at Fair Value as of December 31, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 93,205,351	\$ -	\$ -	\$ 93,205,351
Total investments in fair value hierarchy	\$ 93,205,351	\$ -	\$ -	93,205,351
Investment measured at NAV <sup>(1)</sup>				15,439,040
Total				\$ 108,644,391

- (1) In accordance with Accounting Standards Codification "ASC" 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

## BARRIOS TECHNOLOGY 401(K) PROFIT SHARING PLAN & TRUST

### NOTES TO FINANCIAL STATEMENTS

#### 3. Fair Value Measurements, continued

##### Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2024 and 2023:

<u>Investment</u>	<u>Fair Value as of December 31,</u>		<u>Unfunded Commitment</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
	<u>2024</u>	<u>2023</u>			
Collective trust fund	\$ 21,169,834	\$ 15,439,040	N/A	Daily	Daily
Pooled separate account	<u>19,217,897</u>	<u>-</u>	N/A	Daily	Daily
	<u>\$ 40,387,731</u>	<u>\$ 15,439,040</u>			

#### 4. Group Annuity Contract with Insurance Company

The Plan invests in a guaranteed interest contract with MassMutual, which is a fully benefit-responsive investment contract. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the years ended December 31, 2024 and 2023 was 2.70% and 3.5% respectively.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to the following: 1) the complete or partial termination of the Plan, 2) the establishment of, or material change in, any Plan investment fund, or 3) an amendment to the Plan or a change in the administration or operation of the Plan. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest contract may be terminated by MassMutual upon the Plan's establishment, activation, or material change to any Plan investment fund that MassMutual determines will prevent its ability to continue to operate the contract under the current terms. Termination of the guaranteed interest contract by MassMutual may result in the settlement of the outstanding balance at an amount that differs from contract value.

#### 5. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest income from notes receivable from participants and interest and dividends for the years then ended, was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

# **BARRIOS TECHNOLOGY 401(K) PROFIT SHARING PLAN & TRUST**

## **NOTES TO FINANCIAL STATEMENTS**

### **6. Tax Status**

The Plan adopted by the Company is a volume submitter (“VS”) plan that is designed to comply with provisions of the IRC Economic Growth and Tax Reconciliation Act of 2001 (“EGTRRA”). Such VS plans are pre-approved by the Internal Revenue Service by reference to the Cumulative List of Changes in Plan Qualification Requirements (the “Cumulative List”) provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The VS plan received a favorable determination letter from the Internal Revenue Service on March 31, 2014. The Plan administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the IRC and accordingly, that the trust maintained in connection with the Plan is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### **8. Party-in-Interest Transactions**

Certain Plan investments are in accounts managed by the Plan Recordkeeper and the Plan issues notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

### **9. Contribution Errors**

During 2024, it was identified that certain contribution errors on pay date January 19, 2024 occurred related to improperly applying participant deferral percentages that resulted in a corrective contribution on February 14, 2024 for employer match of \$16,959 and loss of earnings of \$94, which is reflected in the financial statements for the year ended December 31, 2024.

### **10. Subsequent Events**

Plan management has evaluated subsequent events through October 6, 2025, which is the date the financial statements were issued, and has concluded that there are no significant events to be reported.
