Independent Auditors' Report

To the Participants and Plan Administrator of
Citizens & Northern Corporation Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Citizens & Northern Corporation Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), and Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Citizens & Northern Corporation Employee Stock Ownership Plan

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following description of the Citizens & Northern Corporation Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined contribution plan covering substantially all employees of Citizens & Northern Bank ("Bank") and C&N Financial Services Corporation (collectively, the "Sponsors") who have completed three months of service and attained age eighteen. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

The Plan operates and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") of 1986, as amended, and is subject to the applicable provisions of ERISA. The Plan is administered by the Plan's Retirement Committee. The trust department of the Bank is the Plan's trustee, (the "Trustee").

Contributions

The Plan provides for a discretionary employer contribution. No employee contributions are permitted. In 2024, the Sponsors elected to contribute 2% of each eligible participant's compensation earned. Participants must be employed on the last day of the plan year to receive the contribution. This contribution is invested directly in common stock of the Bank's parent company, Citizens & Northern Corporation ("Employer Stock").

Participant Accounts

Each participant's account is credited as of the last day of each plan year with an allocation of shares of Employer Stock purchased with the Sponsors' contribution. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

Participants are immediately vested in the Sponsors' contributions plus actual earnings thereon.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Employer Stock into investments which are more diversified. Eligible participants who have completed 10 years of service and have reached age 55 may elect to have up to 25 percent of Employer Stock held in their account transferred to the Citizens & Northern Corporation Savings and Retirement Plan and invested among the investment options available in that plan. The percentage is increased to 50 percent in the sixth year after the participant has met these requirements. Participants who elect to diversify receive a cash distribution.

Payment of Benefits

On termination of service for any reason, a participant is eligible to receive the balance in their account in the form of a lump sum payment or a rollover to a qualified plan. Loans are not permitted under the Plan. Distributions are made in cash or, if the participant elects, in the form of Employer Stock plus cash for fractional shares.

Voting Rights

Currently, each participant may vote directly or direct the Trustee to vote Employer Stock held in their account with respect to certain issues involving major corporate policy choices. These issues include, but are not limited to, mergers, liquidations and dissolution or sale of substantially all assets of the business.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsors. Expenses that are paid by the Sponsors are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Recent Regulatory Update

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act of 2022 did not have a material effect on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 8, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Citizens & Northern Corporation Employee Stock Ownership Plan

Notes to Financial Statements
December 31, 2024 and 2023

Common stock is valued at the closing price reported on the active market on which the security is traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
Level 1	Level 2	Level 3	Total	
Common stock, Citizens & Northern Corporation	\$ 11,498,499	\$ -	\$ -	\$ 11,498,499
Investments at fair value	\$ 11,498,499	\$ -	\$ -	\$ 11,498,499
Assets at Fair Value as of December 31, 2023				
Common stock, Citizens & Northern Corporation	12,999,683	\$ -	\$ -	\$ 12,999,683
Investments at fair value	\$ 12,999,683	\$ -	\$ -	\$ 12,999,683

4. Concentration of Credit Risk

The Plan has invested in Employer Stock. This investment in Employer Stock approximates 100% of the Plan's net assets available for benefits at December 31, 2024 and 2023. As a result of this concentration, any significant fluctuation in the market value of this stock could affect individual participant accounts and the net assets of the Plan.

5. Related Party and Party In Interest Transactions

The Plan assets are managed by the Trustee and, therefore, these transactions qualify as party in interest transactions.

Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsors have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Citizens & Northern Corporation Employee Stock Ownership Plan

Notes to Financial Statements
December 31, 2024 and 2023

7. Tax Status

The Plan and related trust have been designed to qualify under applicable sections of the IRC. The plan administrator received a favorable determination letter dated June 30, 2020 that the Plan, and related trust, are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in common stock. The common stock is exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.
