## **Independent Auditors' Report**

To the Defined Contribution Pension Plan  
For Employees of Presbyterian Manor  
and Participants  
Wichita Falls, Texas

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of the Defined Contribution Pension Plan For Employees of Presbyterian Manor, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Defined Contribution Pension Plan For Employees of Presbyterian Manor and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Defined Contribution Pension Plan For Employees of Presbyterian Manor's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Defined Contribution Pension Plan For Employees of Presbyterian Manor’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Defined Contribution Pension Plan For Employees of Presbyterian Manor’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**DEFINED CONTRIBUTION PENSION PLAN FOR EMPLOYEES OF  
PRESBYTERIAN MANOR**  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 1 – DESCRIPTION OF THE PLAN**

The management of Presbyterian Manor is responsible for the accuracy and internal consistency of the preparation of the financial statements and notes contained in this annual report.

The Defined Contribution Pension Plan for Employees of Presbyterian Manor (the Plan) is a defined contribution plan covering employees of Presbyterian Manor (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and as more fully described in the Plan agreement. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**Participation** – An employee is eligible to become a participant in the Plan if the employee is 21 years of age and has completed twelve months of employment consisting of at least 1,000 hours of service within that period.

**Contributions** – The Company makes monthly contributions directly to the custodian, Mutual of America Life Insurance Company, equal to 5% of the participant’s compensation for the month. The Plan is subject to ERISA minimum funding requirements. The Plan met all minimum funding requirements for the year ended 2024 and 2023. The Plan does not allow employee contributions.

**Distributions** – Participants are entitled to receive a lump-sum distribution or annuity payments of their vested accounts upon termination of employment, disability, retirement, or death. Distributions may be deferred until the participant reaches the age of 70 ½. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½. Distributions are federally taxable to Participants when received and may result in a 10% penalty if distributions are received prior to age 59 ½.

**Investment Options** – Participants self-direct the investment of contributions on their behalf. Participants may choose among Mutual of America Life Insurance Company’s Interest Accumulation Account, which is guaranteed as to principal and accumulated earnings, or one or more pooled funds which are not guaranteed as to principal and earnings. Participants are allowed to change their investment option daily.

**Participant Notes Receivable** – Participants may not borrow from their fund accounts.

**Participant Accounts** – Each participant’s account is credited with the Company’s contribution, the Plan earnings, and the allocation of administrative expenses. Allocations are based on participant earnings or accounts balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting** - The employer’s contributions vest as follows:

| Years of Service | Vesting % |
|------------------|-----------|
| Less than 2      | 0%        |
| 2                | 25%       |
| 3                | 40%       |
| 4                | 60%       |
| 5                | 80%       |
| 6                | 100%      |

**NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED**

Moreover, the account value of contributions is fully and automatically vested when you reach age 55 or if you are totally and permanently disabled or die.

**Forfeitures** – Forfeitures of terminated participants' non-vested interest are used to reduce future Company contributions and to pay for certain plan expenses.

For the years ended December 31, 2024 and 2023, forfeited employer contributions totaling \$0 and \$0 respectively were used to reduce the employer's required contributions.

**Plan Termination** – The Company may terminate the Plan for any reason at any time. If the Plan were terminated, all participants affected would be fully vested in their benefits as of the date of termination. The Company has no plans to terminate the Plan at this time.

**Administration** – Administrative and record keeping services, including maintaining participant records and allocating the Plan's income and contributions was maintained by Mutual of America Life Insurance Company. Administrative fees totaled \$2,233 and \$1,403 for the years ended December 31, 2024 and 2023, respectively.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Value of Investments** – The Plan's investments are reported at fair value, except as explained below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 7 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of fully benefit – responsive investment contracts.

**Investment Income Recognition** – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Gain and Loss Recognition** – Net gains or losses on investments sold represent the difference between proceeds from sales and the fair value of assets at the beginning of the year or historical cost if the investment was acquired during the year. The net appreciation or depreciation of fair value of investment held at year-end is reflected in the statements of changes in net assets available for plan benefits.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

**Benefit Payments** – Benefit payments to participants are recorded upon distribution.

**NOTE 3 - INCOME TAXES**

The Plan is a prototype standardized money purchase pension plan sponsored by Mutual of America Life Insurance Company. The Internal Revenue Service has determined and informed Mutual of America Life Insurance Company by an opinion letter dated November 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan applies the provisions of FASB ASC 740-10-50 related to the accounting for uncertainty in income taxes (previously known as FIN 48), which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This standard also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. For the years ended December 31, 2024 and 2023, the Plan does not believe it currently holds any uncertain tax positions, therefore no recognition of uncertain tax positions is reflected in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2021.

**NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)**

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held at December 31, 2024 and 2023, and investment income for the year then ended December 31, 2023, was obtained or derived from information provided to Plan management and certified as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 by Mutual of America Life Insurance Company, the custodian of the Plan.

Additional information regarding the Plan can be obtained from the Plan management company, Mutual of America Life Insurance Company, 320 Park Avenue New York, New York 10022.

**NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY**

In June 2005, the Plan entered into a benefit responsive investment contract with Mutual of America. The general account portion of this contract, or the Interest Accumulation Account, represents a deposit administration contract, and the assets in this account are commingled with other assets of the insurance company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all of or a portion of their investment at contract value.

PRESBYTERIAN MANOR**

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2024 and 2023

**NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED**

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were approximately 1% for the years ended December 31, 2024 and 2023. The crediting interest rate is based on a formula agreed upon with the issuer and there is no minimum interest rate. Such interest rates compound daily.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, spin-offs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of Plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. Presbyterian Manor, Inc. does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**NOTE 6 – RELATED PARTY TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan for these services totaled \$2,233 and \$1,403 for the years ended December 31, 2024 and 2023, respectively.

**NOTE 7 – FAIR VALUE MEASUREMENTS**

The Company applies FASB ASC 820, *Fair Value Measurements and Disclosures*, formerly known as SFAS 157, which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820 applies to all financial instruments that are being measured and reported at fair value on a recurring basis.

As defined in FASB ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various methods including market, income, and cost approaches. Based on these approaches, the Company often utilizes certain assumptions about risk and the risk inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs.

The Company utilized valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Company is required to provide the following information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

*Level 1*- Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources from market transactions involving identical assets or liabilities.

*Level 2* – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

**DEFINED CONTRIBUTION PENSION PLAN FOR EMPLOYEES OF  
PRESBYTERIAN MANOR**  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024 and 2023

**NOTE 7 – FAIR VALUE MEASUREMENTS – CONTINUED**

*Level 3* – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The fair value of investment securities is the market value based on quoted marked prices, when available or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs to the limited market activity of the instrument.

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2024 and 2023:

- *Pooled separate accounts* are valued at net asset value as determined by the issuer based on the fair value of the underlying assets as determined by quoted market prices.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date. The following tables set forth, by level within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

|                              |                     | <u>Fair Value Measurements at Reporting Date Using</u>                                |   |  |

- (a) Participant directed redemptions have no restrictions; however, should the Plan discontinue its contract with Mutual of America, the date of discontinuance shall be the first day of the calendar month that is at least 30 days after the date notice is received by Mutual of America.

**NOTE 8 – SUBSEQUENT EVENTS**

Management has evaluated the impact of all subsequent events on the Plan through financial statement issuance, and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

**NOTE 9 – CONCENTRATION OF CREDIT RISK**

Financial instruments that potentially subject the Plan to credit risk are investments. Investments are maintained with Mutual of America Life Insurance Company, which is generally considered a high-quality third-party administrator.

**NOTE 10 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
