INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Corporate One Federal Credit Union 401(k) Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corporate One Federal Credit Union 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the

Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, line 4i--Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CORPORATE ONE FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

a. General

The Corporate One Federal Credit Union 401(k) Plan and Trust (the Plan) is a voluntary contributory plan for the employees of Corporate One Federal Credit Union (Corporate One). The Plan, which became effective August 1, 1997, is administered by Corporate One. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective May 1, 2022, all employees of Corporate One who have completed one month of service and have attained age 18 years are eligible to participate in the Plan. Prior to May 1, 2022, employees who completed three months of service and attained age 18 were eligible to participate in the Plan.

b. Contributions

Participants may contribute up to 100% of their eligible compensation to the Plan up to the maximum dollar amount permitted by the IRS. The Plan complies with the safe harbor matching contribution formula. The safe harbor formula also intends to satisfy the safe harbor contribution requirement for deemed satisfaction of the Average Contribution Percentage (ACP) and Average Deferral Percentage (ADP) tests.

The Plan includes an automatic enrollment feature under which newly eligible employees are automatically enrolled unless they affirmatively opt out. Upon enrollment, Corporate One withholds 5% of the employees' eligible compensation on a pre-tax basis and directs the contributions to the Plan's designated default investment option. Contributions resulting from automatic enrollment are invested in the age-appropriate Flex Plath Moderate Fund, which corresponds to the target retirement year closest to the participant's attainment of age 65. As with all employees, these deferrals are fully vested at the time of the contribution. Once enrolled, employee contributions are automatically increased by 1% annually, up to 15%. The employee may opt out of these automatic increases at any time.

Corporate One's enhanced safe harbor matching contribution consists of 150% of the first 3% of employee contributions and 75% of the next 2% of employee contributions. Therefore, if the employee contributes 5%,

Corporate One contributes 6%. The safe harbor matching contribution is 100% vested immediately and is made with each pay period.

In addition, on an annual basis, Corporate One may choose to make a nonelective employer contribution to the Plan, and the amount of any such employer contribution is decided on a quarterly basis. During 2024 and 2023, a 4% one-time discretionary additional matching contribution was awarded to all eligible employees. The amount of \$770,976 was awarded in 2024 and paid in 2025 and is included in employer contributions receivable on the Statements of Net Assets Available for Benefits and in employer contributions in the Statement of Changes in Net Assets Available for Benefits. The amount of \$744,469 was paid in 2024 and is included in employer contributions receivable as of December 31, 2023 in the Statements of Net Assets Available for Benefits.

c. Participant Accounts

Participants elect to invest in any combination of selected investment funds offered by Fidelity Management Trust Company (Fidelity), a Plan trustee. Each participant's account is credited, by fund, with contributions from the participant and Corporate One, and earnings and losses of the investments.

d. Vesting

Participants immediately vest in their voluntary contributions, the safe harbor matching contributions and actual earnings or losses thereon. Vesting for Corporate One's nonelective employer contributions and the discretionary additional matching contributions are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Benefits Paid to Participants or Beneficiaries

Benefits are payable in the amount of the participant's account balance on the date of retirement, disability or death. The participant's vested account balance shall be paid in the form of a qualified joint and survivor annuity, unless an optional form of benefit is elected. Optional forms of benefit payments are as follows:

- i. In one lump sum payment;
- ii. In installment payments over a period of time selected by the participant in monthly, quarterly, semi-annual or annual cash payments;
- iii. As a life annuity. Includes a normal 50% joint and survivor annuity. Also, includes a 75% and 100% joint and survivor annuity; or
- iv. As a partial withdrawal. A participant whose employment has terminated and whose account balance is distributable in accordance with the provisions of Article 12 of the Basic Plan Document may elect to withdraw any portion of their distributable vested interest in their account balance in cash at any time.

For terminations due to other reasons, if the benefits are less than \$1,000, the participant will automatically receive the value of the vested account balance in one lump sum payment. For benefits that are between \$1,000 and \$7,000, the participant will have the option for either a cash payment, rollover into a Fidelity IRA, or automatic rollover through the auto portability network, if applicable. For benefits that are greater than \$7,000, a participant is entitled to receive their vested account balance or may leave their vested account balance in the plan.

f. Notes Receivable from Participants and Hardship Withdrawals

Participants may borrow from their vested account balance. These borrowings are classified as notes receivable from participants and are carried at cost less principal payments received and are included in the accompanying Statements of Net Assets Available for Benefits. The minimum amount of any loan is \$1,000. No loan to any participant shall be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or one-half the present value of the participant's vested interest. Loan terms shall not exceed five years, unless the loan is used to acquire or construct a primary residence, in which case the repayment period may be longer. The loans bear interest at a fixed-rate based on the U.S. Bank Prime Loan rate plus 2% as of the loan date. Principal and interest are paid ratably through payroll deductions. The Plan also provides for withdrawals in the event of financial hardship based on the guidelines established by the IRS.

g. Forfeitures

The Plan requires that forfeitures of participants unvested account balances be first made available to reinstate previously forfeited unvested account balances of reemployed participants, if any. The remaining forfeitures of participants unvested account balances are to be used to reduce only the employer contributions. Forfeitures, utilized to reduce employer contributions, were \$15,103 for the year ended December 31, 2024. As of December 31, 2024, all forfeitures were used to reduce employer contributions. There were no forfeitures for the year ended December 31, 2023.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date-basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's net gains/losses on investments bought and sold as well as held during the year.

d. Benefits Paid to Participants or Beneficiaries

Benefits paid to participants or beneficiaries are recorded when paid. At December 31, 2024, and 2023, less than \$3 was due to participants who had elected to withdraw from the Plan but had not been paid.

e. Subsequent Events

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2024, to determine the need for any adjustments to and/or disclosures to the accompanying financial statements for the year ended December 31, 2024. Plan management has performed such analysis through October 9, 2025, the date on which the financial statements were available to be issued. No adjustments to the financial statements were necessary.

3. Investment Funds

The Plan has established various investment funds for investment of contributions from Corporate One and participants. Each participant designates into which fund or funds their contributions should be invested. Contributions from Corporate One are invested in the funds based on the same ratio as participant contributions.

During 2024 and 2023, participants were permitted to invest in a variety of pooled investment funds administered by Fidelity.

The earnings on these funds were reinvested in the same funds. The appreciation/depreciation in the fair market value of each fund includes realized gains and losses from investments bought and sold during the year and net unrealized gains/losses on investments at year-end.

Participants are permitted to change their investment elections and to transfer their funds among the various Fidelity funds at any time subject to Fidelity's excessive trading restrictions.

4. Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements - The fair value of the money market fund, mutual funds and common trust funds are reported at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price.

Stable Value Common Collective Trust – A stable value fund that is composed primarily of fully benefit-responsive contracts that is valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan does not have any contractual obligations to further invest in this fund.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following sets forth by level, the Plan's fair value measurements:

	<u>Fair Value Measurements using:</u>	
	Total	Quoted Price in Active Markets for Identical Assets (Level 1)
<u>December 31, 2024</u>	<u>Fair Value</u>	
Money market fund	\$ 2,710,612	\$ 2,710,612
Mutual funds	28,236,107	28,236,107
Common trust funds	18,928,242	18,928,242
Total assets in the fair value hierarchy	<u>49,874,961</u>	<u>49,874,961</u>
Investments measured at net asset value ^(a)	842,415	
Investments at fair value	<u>\$ 50,717,376</u>	<u>\$ 49,874,961</u>
<u>December 31, 2023</u>		
Money market fund	\$ 2,964,003	\$ 2,964,003
Mutual funds	23,764,542	23,764,542
Common trust funds	15,194,320	15,194,320
Total assets in the fair value hierarchy	<u>41,922,865</u>	<u>41,922,865</u>
Investments measured at net asset value ^(a)	952,113	
Investments at fair value	<u>\$ 42,874,978</u>	<u>\$ 41,922,865</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers between Levels during 2024 and 2023.

5. Information Certified by Trustee

Fidelity, a Plan trustee during 2024 and 2023, administered all of the Plan's investment assets and executes the Plan's investment transactions. The Plan's financial statements as of December 31, 2024, and 2023 and for the year ended December 31, 2024 and the accompanying supplemental schedule were prepared from information provided and certified by Fidelity, which included a summary of assets and transactions with supporting schedules.

The following information summarizes the Plan information that was prepared by or derived from information provided by Fidelity, as applicable:

	<u>2024</u>	<u>2023</u>
<u>Statements of Net Assets Available for Benefits:</u>		
Investments at fair value	\$ 50,717,376	\$ 42,874,978
Notes receivable from participants	376,327	322,035
<u>Statement of Changes in Net Assets Available for Benefits:</u>		
Net appreciation in fair value of investments	5,853,573	
Dividend income on investments	631,817	
Interest income on investments	142,343	
Interest income on notes receivable from participants	28,198	

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, which serves as a trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fidelity maintains and manages the mutual funds in the Plan for which they receive management fees. These fees result in a reduction of earnings from investments and range from .015% to .71% of the value of the investment. All of these transactions are exempt from the prohibited rules of the Employee Retirement Income Security Act of 1974 (ERISA).

7. Plan Termination

Although it has not expressed any intent to do so, Corporate One has the right to modify, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to a participant's account shall vest immediately and be non-forfeitable.

8. Administrative Expenses

All expenses of administration not paid by Corporate One may be paid by the Plan. Such expenses shall include any expenses incident to the functioning of the plan administrator, including but not limited to, fees of accountants, counsel and other specialists and their agents, and other costs of administering the Plan. Advisor fees are paid pro-rata by participants in the Plan. Fidelity is paid through revenue sharing income from certain funds within the Plan and if

insufficient then Fidelity fees are charged pro-rata to the participants. Revenue sharing amounts are returned to participants' accounts rather than retained by Fidelity as payment for the plan's administrative expenses. Fidelity deposits revenue sharing payments pro-rata into the accounts of those participants who hold shares of the applicable fund(s) generating the revenue sharing payments. The crediting of the revenue sharing rebates will vary from fund to fund based on the fund's rebate process. In turn, every participant's account is charged an equal percentage for the ongoing cost of having Fidelity serve as the plan's record keeper. Administrative expenses, which are reported on the Statement of Changes in Net Assets Available for Benefits, are for advisory and administrative fees paid to Fidelity.

For the year ended December 31, 2024, Corporate One paid all other Plan expenses. Additionally, certain administrative and support functions, performed by Corporate One were not charged to the Plan.

9. Tax Status

The Plan was determined by the Internal Revenue Service to be exempt from Federal income taxes. Corporate One was informed of this determination in a letter dated June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is being operated in accordance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Supplemental Schedule

The accompanying Schedule of Assets (Held at End of Year) is the only schedule included in as much as the other schedules specified in the regulations are not required for 2024.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Corporate One Federal Credit Union 401(k) Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corporate One Federal Credit Union 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the

Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, line 4i--Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CORPORATE ONE FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

a. General

The Corporate One Federal Credit Union 401(k) Plan and Trust (the Plan) is a voluntary contributory plan for the employees of Corporate One Federal Credit Union (Corporate One). The Plan, which became effective August 1, 1997, is administered by Corporate One. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective May 1, 2022, all employees of Corporate One who have completed one month of service and have attained age 18 years are eligible to participate in the Plan. Prior to May 1, 2022, employees who completed three months of service and attained age 18 were eligible to participate in the Plan.

b. Contributions

Participants may contribute up to 100% of their eligible compensation to the Plan up to the maximum dollar amount permitted by the IRS. The Plan complies with the safe harbor matching contribution formula. The safe harbor formula also intends to satisfy the safe harbor contribution requirement for deemed satisfaction of the Average Contribution Percentage (ACP) and Average Deferral Percentage (ADP) tests.

The Plan includes an automatic enrollment feature under which newly eligible employees are automatically enrolled unless they affirmatively opt out. Upon enrollment, Corporate One withholds 5% of the employees' eligible compensation on a pre-tax basis and directs the contributions to the Plan's designated default investment option. Contributions resulting from automatic enrollment are invested in the age-appropriate Flex Plath Moderate Fund, which corresponds to the target retirement year closest to the participant's attainment of age 65. As with all employees, these deferrals are fully vested at the time of the contribution. Once enrolled, employee contributions are automatically increased by 1% annually, up to 15%. The employee may opt out of these automatic increases at any time.

Corporate One's enhanced safe harbor matching contribution consists of 150% of the first 3% of employee contributions and 75% of the next 2% of employee contributions. Therefore, if the employee contributes 5%,

Corporate One contributes 6%. The safe harbor matching contribution is 100% vested immediately and is made with each pay period.

In addition, on an annual basis, Corporate One may choose to make a nonelective employer contribution to the Plan, and the amount of any such employer contribution is decided on a quarterly basis. During 2024 and 2023, a 4% one-time discretionary additional matching contribution was awarded to all eligible employees. The amount of \$770,976 was awarded in 2024 and paid in 2025 and is included in employer contributions receivable on the Statements of Net Assets Available for Benefits and in employer contributions in the Statement of Changes in Net Assets Available for Benefits. The amount of \$744,469 was paid in 2024 and is included in employer contributions receivable as of December 31, 2023 in the Statements of Net Assets Available for Benefits.

c. Participant Accounts

Participants elect to invest in any combination of selected investment funds offered by Fidelity Management Trust Company (Fidelity), a Plan trustee. Each participant's account is credited, by fund, with contributions from the participant and Corporate One, and earnings and losses of the investments.

d. Vesting

Participants immediately vest in their voluntary contributions, the safe harbor matching contributions and actual earnings or losses thereon. Vesting for Corporate One's nonelective employer contributions and the discretionary additional matching contributions are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Benefits Paid to Participants or Beneficiaries

Benefits are payable in the amount of the participant's account balance on the date of retirement, disability or death. The participant's vested account balance shall be paid in the form of a qualified joint and survivor annuity, unless an optional form of benefit is elected. Optional forms of benefit payments are as follows:

- i. In one lump sum payment;
- ii. In installment payments over a period of time selected by the participant in monthly, quarterly, semi-annual or annual cash payments;
- iii. As a life annuity. Includes a normal 50% joint and survivor annuity. Also, includes a 75% and 100% joint and survivor annuity; or
- iv. As a partial withdrawal. A participant whose employment has terminated and whose account balance is distributable in accordance with the provisions of Article 12 of the Basic Plan Document may elect to withdraw any portion of their distributable vested interest in their account balance in cash at any time.

For terminations due to other reasons, if the benefits are less than \$1,000, the participant will automatically receive the value of the vested account balance in one lump sum payment. For benefits that are between \$1,000 and \$7,000, the participant will have the option for either a cash payment, rollover into a Fidelity IRA, or automatic rollover through the auto portability network, if applicable. For benefits that are greater than \$7,000, a participant is entitled to receive their vested account balance or may leave their vested account balance in the plan.

f. Notes Receivable from Participants and Hardship Withdrawals

Participants may borrow from their vested account balance. These borrowings are classified as notes receivable from participants and are carried at cost less principal payments received and are included in the accompanying Statements of Net Assets Available for Benefits. The minimum amount of any loan is \$1,000. No loan to any participant shall be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or one-half the present value of the participant's vested interest. Loan terms shall not exceed five years, unless the loan is used to acquire or construct a primary residence, in which case the repayment period may be longer. The loans bear interest at a fixed-rate based on the U.S. Bank Prime Loan rate plus 2% as of the loan date. Principal and interest are paid ratably through payroll deductions. The Plan also provides for withdrawals in the event of financial hardship based on the guidelines established by the IRS.

g. Forfeitures

The Plan requires that forfeitures of participants unvested account balances be first made available to reinstate previously forfeited unvested account balances of reemployed participants, if any. The remaining forfeitures of participants unvested account balances are to be used to reduce only the employer contributions. Forfeitures, utilized to reduce employer contributions, were \$15,103 for the year ended December 31, 2024. As of December 31, 2024, all forfeitures were used to reduce employer contributions. There were no forfeitures for the year ended December 31, 2023.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date-basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's net gains/losses on investments bought and sold as well as held during the year.

d. Benefits Paid to Participants or Beneficiaries

Benefits paid to participants or beneficiaries are recorded when paid. At December 31, 2024, and 2023, less than \$3 was due to participants who had elected to withdraw from the Plan but had not been paid.

e. Subsequent Events

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2024, to determine the need for any adjustments to and/or disclosures to the accompanying financial statements for the year ended December 31, 2024. Plan management has performed such analysis through October 9, 2025, the date on which the financial statements were available to be issued. No adjustments to the financial statements were necessary.

3. Investment Funds

The Plan has established various investment funds for investment of contributions from Corporate One and participants. Each participant designates into which fund or funds their contributions should be invested. Contributions from Corporate One are invested in the funds based on the same ratio as participant contributions.

During 2024 and 2023, participants were permitted to invest in a variety of pooled investment funds administered by Fidelity.

The earnings on these funds were reinvested in the same funds. The appreciation/depreciation in the fair market value of each fund includes realized gains and losses from investments bought and sold during the year and net unrealized gains/losses on investments at year-end.

Participants are permitted to change their investment elections and to transfer their funds among the various Fidelity funds at any time subject to Fidelity's excessive trading restrictions.

4. Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements - The fair value of the money market fund, mutual funds and common trust funds are reported at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price.

Stable Value Common Collective Trust – A stable value fund that is composed primarily of fully benefit-responsive contracts that is valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan does not have any contractual obligations to further invest in this fund.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following sets forth by level, the Plan's fair value measurements:

	<u>Fair Value Measurements using:</u>	
	Total	Quoted Price in Active Markets for Identical Assets (Level 1)
<u>December 31, 2024</u>	<u>Fair Value</u>	
Money market fund	\$ 2,710,612	\$ 2,710,612
Mutual funds	28,236,107	28,236,107
Common trust funds	18,928,242	18,928,242
Total assets in the fair value hierarchy	<u>49,874,961</u>	<u>49,874,961</u>
Investments measured at net asset value ^(a)	842,415	
Investments at fair value	<u>\$ 50,717,376</u>	<u>\$ 49,874,961</u>
<u>December 31, 2023</u>		
Money market fund	\$ 2,964,003	\$ 2,964,003
Mutual funds	23,764,542	23,764,542
Common trust funds	15,194,320	15,194,320
Total assets in the fair value hierarchy	<u>41,922,865</u>	<u>41,922,865</u>
Investments measured at net asset value ^(a)	952,113	
Investments at fair value	<u>\$ 42,874,978</u>	<u>\$ 41,922,865</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers between Levels during 2024 and 2023.

5. Information Certified by Trustee

Fidelity, a Plan trustee during 2024 and 2023, administered all of the Plan's investment assets and executes the Plan's investment transactions. The Plan's financial statements as of December 31, 2024, and 2023 and for the year ended December 31, 2024 and the accompanying supplemental schedule were prepared from information provided and certified by Fidelity, which included a summary of assets and transactions with supporting schedules.

The following information summarizes the Plan information that was prepared by or derived from information provided by Fidelity, as applicable:

	<u>2024</u>	<u>2023</u>
<u>Statements of Net Assets Available for Benefits:</u>		
Investments at fair value	\$ 50,717,376	\$ 42,874,978
Notes receivable from participants	376,327	322,035
<u>Statement of Changes in Net Assets Available for Benefits:</u>		
Net appreciation in fair value of investments	5,853,573	
Dividend income on investments	631,817	
Interest income on investments	142,343	
Interest income on notes receivable from participants	28,198	

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, which serves as a trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fidelity maintains and manages the mutual funds in the Plan for which they receive management fees. These fees result in a reduction of earnings from investments and range from .015% to .71% of the value of the investment. All of these transactions are exempt from the prohibited rules of the Employee Retirement Income Security Act of 1974 (ERISA).

7. Plan Termination

Although it has not expressed any intent to do so, Corporate One has the right to modify, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to a participant's account shall vest immediately and be non-forfeitable.

8. Administrative Expenses

All expenses of administration not paid by Corporate One may be paid by the Plan. Such expenses shall include any expenses incident to the functioning of the plan administrator, including but not limited to, fees of accountants, counsel and other specialists and their agents, and other costs of administering the Plan. Advisor fees are paid pro-rata by participants in the Plan. Fidelity is paid through revenue sharing income from certain funds within the Plan and if

insufficient then Fidelity fees are charged pro-rata to the participants. Revenue sharing amounts are returned to participants' accounts rather than retained by Fidelity as payment for the plan's administrative expenses. Fidelity deposits revenue sharing payments pro-rata into the accounts of those participants who hold shares of the applicable fund(s) generating the revenue sharing payments. The crediting of the revenue sharing rebates will vary from fund to fund based on the fund's rebate process. In turn, every participant's account is charged an equal percentage for the ongoing cost of having Fidelity serve as the plan's record keeper. Administrative expenses, which are reported on the Statement of Changes in Net Assets Available for Benefits, are for advisory and administrative fees paid to Fidelity.

For the year ended December 31, 2024, Corporate One paid all other Plan expenses. Additionally, certain administrative and support functions, performed by Corporate One were not charged to the Plan.

9. Tax Status

The Plan was determined by the Internal Revenue Service to be exempt from Federal income taxes. Corporate One was informed of this determination in a letter dated June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is being operated in accordance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Supplemental Schedule

The accompanying Schedule of Assets (Held at End of Year) is the only schedule included in as much as the other schedules specified in the regulations are not required for 2024.
