## INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of the  
Nisqually Red Wind 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Nisqually Red Wind 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net position available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net position available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompany financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompany financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental schedule, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)*, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NISQUALLY RED WIND 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1: Description of the Plan**

The following description of the Nisqually Red Wind 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement and summary Plan description for a more complete description of the Plan's provisions.

**General** – The Plan is a safe harbor defined contribution plan covering employees of the Nisqually Red Wind Casino (the "Casino") who have completed 90 days of service and are age eighteen or older. The Plan features include: a salary deferral feature, an employer match feature, and a basic discretionary employer contribution feature. The Plan became effective on January 1, 2003, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All investments of the Plan are participant directed within certain investment options offered by the Plan. On January 1, 2013, the Plan was amended and restated to incorporate the 401(k) safe harbor feature, a Roth 401(k) contribution, and certain other design changes. On August 16, 2016, the Plan was once again amended and restated to eliminate the spousal consent requirement as noted in the Plan agreement.

**Contributions** – Each year, participants may elect to defer a percentage of their compensation, as defined by the Plan, up to the maximum allowable limits established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Casino matches the lesser of the employees' contributions or 4% of their total compensation. Matching contributions are subject to certain limitations. Participants direct the investment of their contributions and associated employer contributions into various investment options offered by the Plan.

**Investments** – Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options anytime throughout the year. If a participant does not elect an investment option at the time of enrollment, their contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes their election. The Casino's contributions are allocated in the same manners as that of the participant's elective contributions.

**Participant Accounts** – Each participant account is credited with the participant's contribution and allocations of (a) the Casino's contributions and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Plan earnings are allocated based on each participant's share of net earnings or losses of their respective election investment options. Allocations of administrative expenses are based upon the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** – All participant contributions are fully vested. On January 1, 2013, the Plan was amended to incorporate the safe harbor feature, allowing participants to become fully vested from the initial entrance date.

**Notes Receivable from Participants** – Participants may borrow from their account a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest from 4.25% to 9.50% for loans outstanding as of December 31, 2024. Interest rates are set at the prime rate plus one percent at loan date. Loans must be repaid over a period not exceeding five years, unless the proceeds are used to acquire or construct a principal residence, in which case the loan must be repaid over a period not to exceed fifteen years. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1: Description of the Plan (Continued)**

**Payables** – Other payables represent amounts due to brokers for conducting transactions on behalf of the Plan.

**Payment of Benefits** – Upon disability, retirement, death, or termination of employment, a Plan participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, equal installments over a period of time, or a different form of commercial annuity.

In-service withdrawals are available in certain circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. These withdrawals are included with benefits paid and may not exceed the participant's elective deferral contributions plus allocated earnings and vested benefits. At December 31, 2024 and 2023, net position available for benefits included \$2,950,330 and \$3,315,778, respectively, in vested amounts held on behalf of participants who have separated from service.

**Note 2: Summary of Significant Accounting Policies**

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants' Audit and Accounting Guide, *Employee Benefit Plans*.

During 2024, the Plan implemented GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*, the objective of this statement is to enhance the accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Implementation of this statement did not have a significant impact on the Plan's financial statements.

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*, the objectives of which were to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. GASB Statement No. 99 became effective as follows: (a) the requirements in paragraphs 26-32 of this statement were effective upon issuance, (b) the requirements in paragraphs 11-25 of this statement became effective for the Plan during the 2023 reporting period, (c) the requirements in paragraphs 4-10 of this statement became effective for the Plan for the 2024 reporting period. Implementation of the requirements in paragraphs 4-10 of this statement did not have a significant impact on the Plan's financial statements.

In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. The objective of this statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. GASB Statement No. 102 becomes effective for the Plan for the 2025 reporting period.

**NISQUALLY RED WIND 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 2: Summary of Significant Accounting Policies (Continued)**

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*. The objective of this statement is to improve key components of the financial reporting model to (a) enhance the effectiveness of the financial reporting model in providing information that is essential for decision making and assessing a government's accountability and (b) address certain application issues identified through pre-agenda research conducted by the GASB. GASB Statement No. 103 becomes effective for the Plan for the 2026 reporting period.

The effect of the future adoption of GASB Statements No. 102 and No. 103 on the Plan's financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as certified by the Plan's custodian, BOKF, NA. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are actually paid.

Administrative Expenses

Expenses of maintaining the Plan are paid through Plan assets or by the Casino.

Date of Management's Review

Subsequent events were evaluated through October 7, 2025, which is the date the financial statements were available to be issued.

**NISQUALLY RED WIND 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 3: Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GASB Statement No. 72, *Fair Value Measurement and Application*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 or Level 3 inputs required to be used by the Plan.

The following is a description of the value methodologies used for assets measured at fair value, there have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

The fair value of mutual funds is valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

<b>December 31, 2024</b>	<b>Fair Value</b>	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>

Additions	534,204
Deletions	<u>(342,031)</u>
Balance at December 31, 2023	<u>\$ 550,139</u>

**Note 6: Reconciliation of the Financial Statements to the Form 5500**

Amounts reported in the financial statements agree to the Form 5500 with the possible exception of rounding differences.

**Note 7: Investment Information Prepared and Certified by the Custodian**

Management has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividends, interest income on notes receivable from participants, and administrative expenses for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by BOKF, NA.

The Plan's independent certified public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets.

**Note 8: Related Party/Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds managed by BOKF, NA. BOKF, NA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for record keeping services amounted to \$66,920 and \$63,163 for the years ended December 31, 2024 and 2023, respectively.

**NISQUALLY RED WIND 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 9: Tax Status**

The IRS has determined and informed the Plan sponsor by a letter dated July 17, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 10: Plan Termination**

Although it has not expressed any intent to do so, the Casino has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and all accounts will be distributed in a lump-sum.

**Note 11: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.

**Note 12: ERISA Fidelity Bond**

ERISA requires that every employee benefit plan obtain a fidelity bond to protect the Plan against theft of Plan assets by fiduciaries and other Plan officials. The amount of the bond is fixed at the beginning of the Plan year, in an amount that is the lesser of 10% of the Plan assets as of the beginning of the Plan year, up to a maximum bond amount of \$500,000. Bonds were in place during the years ended December 31, 2024 and 2023.
