Board of Trustees
Wirtz Corporation 401(k) Profit Sharing Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wirtz Corporation 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ending December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2024 and Delinquent Participant Contributions for the year ending December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 1- Description of Plan:

The following description of the Wirtz Corporation (“Company”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company (except those who are members of a collective bargaining unit) and has automatic enrollment in the Plan after one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For temporary or seasonal employees, an employee who completed 1 year of service with at least 1,000 hours beginning on the employee’s hire date is eligible to participate. The Board of Trustees is responsible for the oversight of the Plan, and determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions

The annual additions paid to a participant’s account cannot exceed the lesser of 100% of the participant’s compensation or \$69,000, (\$76,500 for catchup contributions) for the year 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a stable value fund, seventeen actively managed funds, six passively managed index funds, and five target date funds as investment options for participants. The Company may provide an annual discretionary contribution to the Plan at the option of the board of directors. Discretionary contributions are invested as directed by the individual participant. The Plan includes an automatic enrollment provision whereby all newly eligible employees (after one month of service) are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation.

For discretionary matching and profit sharing contributions, an employee must complete one month of service and be at least twenty and one-half years of age. An annual matching contribution may be contributed at the discretion of the Company. The matching contributions for the years ended December 31, 2024 and 2023 were \$1,189,246 and \$1,003,869, respectively. The Company may also make a discretionary profit-sharing contribution. For the years ended December 31, 2024 and 2023, no discretionary profit sharing contributions were made.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings. Participant accounts are charged with allocations of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. All amounts in a participant’s account are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 1- Description of Plan (continued):

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% (4.25% to 9.50%), which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Note terms may not exceed 5 years, except for notes for the purchase of a participant's primary residence or other approved reasons. Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are paid ratably through monthly payroll deductions. There are no past due or non-accrual notes receivable at December 31, 2024 and 2023. Interest income on the notes are accrued through year-end, and listed at their amortized cost. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of benefits

On termination of service due to death, disability, retirement or other reasons, a participant is entitled to a lump-sum distribution of their total vested interest. The total amount of benefits requested but not paid from terminated participants as of December 31, 2024 and 2023 was \$0.

Note 2 - Summary of Significant Accounting Policies:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan administration

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Expenses

Substantially all investment expenses are picked up by the Plan and allocated to the participants as shown in the change in value of investments. The Plan sponsor incurs expenses on behalf of the plan that are not reimbursed by the Plan.

Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (continued):

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors, custodians, and insurance company. See Note 7 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Payment of benefits

Benefits are recorded when paid.

Forfeited accounts

Forfeited nonvested accounts totaled \$52,676 and \$49,584 at December 31, 2024 and 2023, respectively. These accounts will be used to reduce future employer contributions, restore forfeitures, or to pay reasonable Plan expenses.

Note 3 - Information Prepared and Certified By Trustees:

The Plan obtained certification on the information in this footnote from Empower Retirement and Reliance Trust that was utilized in these financial statements.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Retirement (the trustee of the Plan).

	2024	2023
Investment at fair value and contract value:		
Variable investment accounts	\$ 45,700,295	\$ 38,397,174
Fixed income account	3,856,112	4,959,038
Notes receivable from participants	242,695	141,904
Investment income	5,401,493	5,641,219
Benefits paid	3,909,101	7,470,194

Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 4 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated November 22, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Investments and Fair Value Measurements:

The United States of America generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 6 - Investments and Fair Value Measurements (continued):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

Mutual funds - Valued at the fair value of the shares in the accounts, as determined by the fair value of the underlying in mutual funds.

Variable Annuity Pooled Separate Accounts – Valued at fair value of the shares within the wrapped fund.

Common Collective Trusts – Valued at net asset value as a practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Management believes the common collective trusts will be sold at their net asset value per share and there are no restrictions on these investments.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024		
	Level 1	Level 2	Total
Mutual Funds	\$ 5,707,813	\$ -	\$ 5,707,813
Variable Annuity Pooled Separate Accounts	-	33,152,215	33,152,215
Total	<u>\$ 5,707,813</u>	<u>\$ 33,152,215</u>	<u>38,860,028</u>
Investments measured at net asset value (NAV)			<u>6,840,267</u>
Investments at fair value			<u><u>\$ 45,700,295</u></u>
	2023		
	Level 1	Level 2	Total
Mutual Funds	\$ 5,874,955	\$ -	\$ 5,874,955
Variable Annuity Pooled Separate Accounts	-	28,536,939	28,536,939
Total	<u>\$ 5,874,955</u>	<u>\$ 28,536,939</u>	<u>34,411,894</u>
Investments measured at net asset value (NAV)			<u>3,985,280</u>
Investments at fair value			<u><u>\$ 38,397,174</u></u>

The certified report from the trustee does not contain the allocation between investment income and realized and unrealized gains and losses on investments, and accordingly, the allocation is not presented in the statement of changes in net assets available for plan benefits.

Wirtz Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2024 and 2023

Note 7 - Indirect Compensation:

For the year ended December 31, 2024, indirect compensation on Schedule C totaled \$0. For vendors with indirect compensation less than \$5,000, the compensation is not reported.

Note 8 - Uncertain Tax Positions:

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2025 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has never had unrelated business income tax (UBIT) nor has it had to file the Form 990-T. Therefore, all tax years are open for examination by federal and state taxing authorities related to UBIT.

Note 9 - Guaranteed Account Contract with Massachusetts Mutual Life Insurance Company:

The Plan is invested in a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company with a contract value of \$3,856,112 and \$4,959,039 at December 31, 2024 and 2023, respectively. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The initial guaranteed interest rate is 0% and is subject to change as declared by the insurance company. The average yield for 2024 was 2.45%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited

Note 9 - Guaranteed Account Contract with Massachusetts Mutual Life Insurance Company
(continued):

transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include, but are not limited to, (1) uncured violation of the Plan's investment guidelines (2) a breach of material obligation under the contract (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

Note 10 - Party-In-Interest Transaction and Administrative Expenses:

Empower Retirement (Empower) received \$67,419 in service fees from the Plan for the year ended December 31, 2024. Empower acts as the trustee and recordkeeper of the Plan and is considered a party-in-interest.

Note 11 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for Plan benefits.

Note 12 - Subsequent Events:

Management has evaluated subsequent events through September 30, 2025, the date which the financial statements were available to be issued.
