INDEPENDENT AUDITORS' REPORT

To the Plan Administrators of Morgan Distributing, Inc.
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Morgan Distributing, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Morgan Distributing, Inc. Retirement Plan's, financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.**
- **the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Morgan Distributing, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Morgan Distributing, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Morgan Distributing, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Morgan Distributing, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 1 - Description of Plan

The following description of the Morgan Distributing, Inc. (the “Company”) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution Plan covering all employees of the Company who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan’s Administrative Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions: Participants may contribute the lesser of 100% of eligible compensation or the annual dollar limit set by the IRS. For the years ended December 31, 2024 and 2023, the limit was \$ 23,000 and \$ 22,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who were automatically enrolled at 3% and have made no changes to their deferral rate in the initial or second Plan year will see their rate increase by 1% each Plan year until the amount withheld from the participant’s paycheck reaches 6% of eligible compensation. After one year of service, the Plan provides for safe harbor nonelective contributions by the Company equal to 3% of the participant’s compensation. The Plan also provides for discretionary matching and profit-sharing contributions as determined by the Company. The Company currently matches 100% of the participant’s contributions that are not in excess of 3%. The plan allows participants to make after-tax Roth contributions in addition to pre-tax contributions.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s safe harbor nonelective contribution and matching contribution and, (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may invest their contributions in any of several investment options offered by the Plan trustee, Lincoln Financial Group Trust Company, Inc.

RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 1 - Description of Plan, continued

Vesting: Participants are immediately vested in their contributions and the employer safe harbor nonelective contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Notes Receivable from Participants: Notes receivable are not permitted by the Plan. However, in 2021, the Company purchased an existing business, and as part of that purchase, the Company rolled the acquired business's retirement plan into the Company's Plan. The Plan adopted an agreement to allow the existing notes receivable from that retirement plan to be transferred into the Company's Plan. Those notes are secured by the balance in the participant's account and bear interest at a rate that was determined by the prior plan upon issuance of the notes. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits: Once participants attain the age of 62, they are entitled to receive an in-service distribution of all or any part of their vested account resulting from elective deferral contributions, safe harbor nonelective contribution, and matching contributions. Upon termination of employment, participants are entitled to receive distributions of their vested account balance. Accounts totaling \$ 5,000 or less are distributed automatically in the form of a lump sum payment in cash. Accounts exceeding \$ 5,000 can be distributed in a single lump sum payment of cash, in installments over a period, or in partial distributions.

Forfeitures: At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$ 29,862 and \$ 23,562, respectively. This account is used to reduce future employer contributions and administrative expenses. During plan years ended December 31, 2024 and 2023, no funds from the forfeiture account were used.

Revenue Sharing: The Plan has a revenue sharing agreement in place. Under the terms of the agreement, the Plan earns revenue credits based upon the Plan's holdings that will be used to fund the Plan. Amounts are used to reimburse the Company for fees and expenses associated with services provided to the Plan, or pay vendors. Amounts unused for expenses may be allocated to participant accounts in accordance with the agreement. For plan year 2024 and 2023, \$ 17,500 and \$ 31,935, respectively, in revenue sharing credits were contributed to the Plan. In addition, for plan year 2024 and 2023, the Plan used \$ 43,000 and \$ 13,734, respectively, of these credits to offset plan expenses. The revenue sharing account had investment gains in 2024 and 2023 totaling \$ 1,130 and \$ 1,277, respectively. At December 31, 2024 and 2023, the balance in the revenue sharing account was \$ 31,312 and \$ 55,682.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2023, and 2022, no allowance for credit losses has been recorded.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit – responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Administrative Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the date received. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Trustee Certification

The December 31, 2024 and 2023 Statements of Net Assets Available for Benefits, investment activities included on the Statement of Changes in Net Assets Available for Benefits and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Lincoln Financial Group Trust Company, Inc., in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified included total investments of \$ 14,537,675 and \$ 14,021,748 at December 31, 2024 and 2023, respectively. The information certified also included notes receivable of \$ - 0 - and \$ 3,977 and investment gains of \$ 1,795,071 and \$ 1,885,928 at December 31, 2024 and 2023, respectively.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuities: Valued at the daily closing price as reported by the annuity provider. Fixed annuities are reported based on the valuation method disclosed in the annuity contract.

RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 4 - Fair Value Measurements, continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024		December 31, 2023	
	Fair Value	Fair Value	Fair Value	Level
Mutual Funds	\$ 13,321,336		13,716,712	1
Fixed Annuities	1,216,339		305,036	2
Total investments	\$ 14,537,675		14,021,748	

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net depreciation in fair value of investments.

Note 5 - Guaranteed Annuity Contract with Insurance Company

The Plan is invested in a fully benefit-responsive group fixed annuity contract with Lincoln Financial Group Trust Company, Inc. (Lincoln Financial) totaling \$ 1,216,339 and \$ 305,036 at December 31, 2024 and 2023, respectively. Lincoln Financial maintains the contributions in the contract owner's account. The account is credited with contributions plus interest and charged for participant withdrawals. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate to the Plan.

Because the fixed annuity contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. The fixed annuity contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Lincoln Financial, represents contributions made under the contract, plus interest and less withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contact value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS

Note 5 - Guaranteed Annuity Contract with Insurance Company, continued

Certain events limit the Plan's ability to transact at contract value with Lincoln Financial. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

Note 6 - Transactions with Parties-in-Interest

Effective May 19, 2023, plan investments are managed by Lincoln Financial Group Trust Company, Inc. (Lincoln Financial). Lincoln Financial is the trustee as defined by the Plan and is therefore a party in interest. Fees paid by the Plan to Lincoln Financial for service provider activities amounted to \$ 41,035 and \$ 13,894 for the years ended December 31, 2024 and 2023. Prior to May 19, 2023, plan investments were managed by Empower Retirement, LLC (Empower). During that time period, Empower was considered the trustee as defined by the Plan and is therefore a party in interest. Empower received revenue from mutual fund service providers for services Empower provided to the funds. This revenue was used to offset certain amounts owed to Empower for its administrative services to the Plan.

Raymond James & Associates, Inc. provides investment advisor services to the Plan. The fees paid to Raymond James & Associates, Inc. amounted to \$ 17,500 and \$ 13,734 for the years ended December 31, 2024 and 2023, respectively.

The plan trustees are employees of the plan sponsor, and participants in the Plan. Therefore, the contributions made to the Plan by the plan trustees qualify as party-in-interest transactions.

All party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

**MORGAN DISTRIBUTING, INC.
RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 8 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2025 and thereafter. Accordingly, there is no material impact to the Plan's 2024 financial statements.

Note 11 - Subsequent Events

The management of the Morgan Distributing, Inc. Retirement Plan has evaluated events occurring subsequent to December 31, 2024 and 2023 as to their potential impact to the financial statement through October 8, 2025, which is the date the financial statements were available to be issued.
