Report of Independent Auditors

To the Administrator of The Commonfund Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Commonfund Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, **is** presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Commonfund Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of The Commonfund Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2006 by The Common Fund for Nonprofit Organizations and its subsidiaries (collectively, the "Company") that have adopted the Plan. The Plan is designed as a tax qualified plan under the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Contributions under the Plan are deposited with Fidelity Management Trust Company (the "Fund Sponsor" and "Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility and Participation

Each eligible employee shall become eligible to participate in the Plan immediately following the completion of one hour of service at the Company. Each eligible employee shall become eligible for employer contributions made on behalf of participants in the Plan on the first day of the month coinciding with or next following the completion of one year of service at the Company and the attainment of age 21.

Participant Contributions

Each year participants may contribute up to the maximum amount permitted by the Code in accordance with the Plan Agreement. Participants may also rollover into the Plan amounts representing distributions from other qualified employee benefit plans. Plan contributions are forwarded to the Fund Sponsor, in accordance with the procedures established by the Company and the Fund Sponsor, and are allocated by the participant to one or more funding vehicles in whole-number percentages or a fixed dollar amount. A participant or beneficiary may elect to change this allocation as frequently as may be permitted under the arrangement between the Company and the Fund Sponsor.

Participants who attain age 50 or older during the calendar year are permitted to make "catch up" contributions to reach the maximum allowable contribution amount. In 2024 and 2023, if a participant is 50 or older, the participant could contribute an additional \$7,500 and \$7,500, respectively, on a before-tax or Roth 401(k) basis.

The Code limits the aggregate amount of annual participant contributions that can be made on a before-tax or Roth 401(k) basis to \$23,000 in 2024 and \$22,500 in 2023. Total compensation considered under the Plan, based on Code limits, may not exceed \$345,000 for 2024 and \$330,000 for 2023. The Code also limits annual aggregate participant and employer contributions to the lesser of \$69,000 or 100% of compensation in 2024 and \$66,000 or 100% of compensation in 2023. All contributions made to the Plan on an annual basis may be further limited due to certain non-discrimination requirements prescribed by the Code.

Employer Contributions

Commencing January 1, 2019, profit sharing contributions under the Plan on behalf of participants are made by the Company at its discretion. The Company has contributed 6% of eligible income, up to the maximum compensation level allowed under the Code, in 2024. Plan contributions are forwarded to the Fund Sponsor, in accordance with the procedures established by the Company and the Fund Sponsor, and are allocated by the participant to one or more funding vehicles in whole-number percentages or a fixed dollar amount. A participant or beneficiary may elect to change this allocation as frequently as may be permitted under the arrangement between the Company and the Fund Sponsor.

The Commonfund Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contribution, Plan's earnings and administrative expenses attributable to the participant's investment account balances. The benefit to which a participant is entitled is the benefits that can be provided from the participant's vested account balance.

Benefits

Benefits may be received under the Plan upon retirement, death, disability or other termination, as defined in the Plan Agreement. Participants can elect to receive benefits for a fixed period or under any of the lifetime income options set forth in the Plan Agreement between the Fund Sponsor and the Company. Participants are permitted to withdraw all or part of vested account balances provided the participant meets certain requirements provided in the Plan Agreement.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are generally repaid over a period of one to five years, but not to exceed ten years. The loans bear interest at a rate of 5% effective May 28, 2016, which the Company believes is commensurate with interest rates charged for loans made under similar circumstances by lending institutions. The prior interest rate was 8.25%. Repayment of the loan plus interest is made via payroll deductions and credited to the participant's balance. Related fees and expenses incurred by the Plan are paid by the Company, except for a \$125 loan origination fee and a \$25 fee if a rush is requested, which are paid by the participants receiving the loan.

Administration

The Plan is administered by the Company's Retirement Savings Plan Committee. The Plan's recordkeeper is Fidelity Workplace Services LLC.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of participant accounts is based on years of continuous service and dependent on the type of contribution. For profit sharing based contributions, a participant is 50% vested after two years of credited service and 100% vested after three years of credited service.

Plan Termination

The Company currently intends to maintain this Plan indefinitely as a permanent and continuing retirement program. The Company, in accordance with the by-laws, shall, in its sole and absolute discretion, have the right, notwithstanding anything to the contrary, to terminate the Plan at any time. In the event of a termination of the Plan, the Company will notify all participants of the termination.

Forfeitures

Forfeitures are recorded at the time vested benefits are distributed. The forfeiture account is used to reduce future employer contributions and pay Plan expenses. At December 31, 2024 and 2023, the forfeited nonvested account balances totaled \$5,651 and \$4, respectively. During the year ended December 31, 2024, no employer contributions were reduced using forfeited nonvested accounts. During the year ended December 31, 2024, Plan expenses of \$33,620 were paid using forfeited nonvested accounts.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities, if any, at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual fund investments are stated at fair value. Mutual fund investments are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Common collective trust investments are valued using the NAV per share or its equivalent.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains (losses) for investments sold and the unrealized appreciation (depreciation) on investments held at year-end.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Plan fees and expenses for services provided by the Trustee are paid by the Plan. The participant pays for loan origination fees.

3. Information Certified by the Trustee

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company has obtained a certification from the Trustee, that the investments, investment information, investment income, notes receivable from participants and related income are complete and accurate. Such information certified by the Trustee is included in the Plan's financial statements and supplemental schedule:

Total investment income	<u>\$ 21,170,030</u>

In addition to the above, certain disclosures included in the notes to the financial statements and Schedule H have been derived from the information certified by the Trustee.

4. Fair Value Measurements of Investments

ASC Topic 820, Fair Value Measurements and Disclosures establishes a fair value hierarchy for inputs used in measuring fair value that requires that the most observable inputs be used when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has ability to access at the measurement date.

Level 2 – are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 – are the unobservable inputs for the asset or liability. Unobservable inputs are those that reflect the Plan’s own assumptions used in pricing the asset and are developed based on the best information available in the circumstances.

Market participant assumptions include assumptions about risk and/or the risk inherent in the inputs to the valuation technique. The asset’s or liability’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics and other relevant factors.

The Commonfund Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

The following table presents investments on the Statements of Net Assets Available for Plan Benefits at fair value by level within the fair value hierarchy as of December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023. There were no transfers among the levels in 2024.

	December 31,	
	2024	2023
Plan investments:		
Mutual funds (Level 1)	\$ 134,626,059	\$ 118,352,239
Common collective trusts *	7,223,232	7,462,637
Total investments, at fair value	<u>\$ 141,849,291</u>	<u>\$ 125,814,876</u>

* The Plan's investments in common collective trusts include indirect fully benefit-responsive investment contracts. Fair value has been determined using NAV per share (or its equivalent) as a practical expedient and therefore the investment is not leveled. In accordance with authoritative guidance under generally accepted accounting principles for estimating the fair value of investments that calculate NAV per share (or its equivalent), investments in common collective trusts are carried at fair value, which is generally the latest net asset value or capital balance of the Plan's interest in the common collective trust made available by the investment manager or the fund manager or administrator of the common collective trust at the valuation date.

5. Tax Status

The Internal Revenue Service (the "IRS") has determined and informed the Fund Sponsor by letter dated June 30, 2020 that the Plan is designed in accordance with the applicable sections of the Code. The Company and the Plan's tax counsel believe that the Plan is designed and currently operated in compliance with applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analysed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee. The Plan's common collective trust investments are held by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. The fair market values associated with these investments were \$82,472,336 and \$69,926,240 at December 31, 2024 and December 31, 2023, respectively.

Plan earnings in the form of revenue credits were generated from certain investment options and were credited to the Plan by the Fund Sponsor. Amounts held in the revenue credit account are to be used to pay reasonable and necessary expenses for the Plan. Remaining balances will be

The Commonfund Retirement Savings Plan

Notes to Financial Statements

December 31, 2024 and 2023

allocated to participant accounts pro rata based on eligible account balances, exclusive of outstanding loan balances. During the year ended December 31, 2024, \$135,884 of revenue credits were distributed to participant accounts. During the year ended December 31, 2024, \$13,380 of expenses were paid from the revenue credit account. Amounts held in the revenue credit account at December 31, 2024 and 2023 were \$28,751 and \$65,378, respectively.

7. Risks and Uncertainties

The Plan invests in various investment funds, such as mutual funds and common collective trusts. Investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan is subject to risks associated with unforeseen or catastrophic events, including geopolitical issues, wars, terrorist attacks, natural disasters, and the emergence of a pandemic or other public health emergencies, which could create economic, financial, and business disruptions. These events could lead to operational difficulties that could materially impair the Plan's activities potentially resulting in material financial losses to the Plan and its participants.

8. Subsequent Events

The Plan administrator has evaluated subsequent events through October 8, 2025, the date the financial statements were available for issuance, and determined that there were no additional subsequent events requiring recognition or disclosure in the financial statements.
