Independent Auditor's Report

The Plan Administrator and Participants
Vertical Screen, Inc.
401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Vertical Screen 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vertical Screen 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for involvement of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023, and the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Vertical Screen 401(k) Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)9(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about the Vertical Screen 401(k) Plan to continue as a going concern for one year.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transaction that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosure in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vertical Screen 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions of events, considered in the aggregate, that raise substantial doubt about Vertical Screen 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control – related matters that I identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held For Investment Purposes as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their

form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In my opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules, other than the information in the supplemental schedules that agreed to on is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VERTICAL SCREEN, INC. 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

(1) Plan Description

The following description of the Vertical Screen, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) Background

The Plan is a participant-directed, defined contribution plan established by Vertical Screen, Inc. (the Company or Plan Sponsor) effective October 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The general administration of the Plan and the responsibility for carrying out the provisions of the Plan are maintained by a committee (the Committee) appointed by the Company. The Administrator maintains participant account records and executes transactions such as benefit payments to participants. The Trustee holds the assets of the Plan and executes transactions at the direction of the Plan Committee. The Trustee also reports to the Plan's management regarding investments and changes in these investments.

(b) Eligibility

An employee will be eligible to become a contributing participant in the Plan after attaining age 21 and completed 1 year with the company in which you worked at least 1,000 hours, at which time the employee may enter the Plan on the next quarterly date.

(c) Employee Contributions

Each year participants may contribute up to 100% of pretax annual compensation as defined in the plan, not to exceed \$23,000 in 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan.

VERTICAL SCREEN, INC. 401(k) PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Plan Description (continued)

(d) *Employer Contributions*

Pursuant to the terms of the Plan, the Company matches 50% of the first 6% of base compensation that each participant contributes. The Company, at its discretion, may make an annual contribution as determined by the Board of Directors, which will be allocated to each participant in accordance to permitted disparity allocation provisions. The Company may elect to forego a contribution in any year. The Company did not make an annual discretionary contribution for the plan years ending December 31, 2024 and 2023.

(e) *Participants' Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, allocations of investment income or loss and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or accounts balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers a number of money market accounts and common collective trust accounts as investment options for participants.

(f) *Vesting*

Participants are immediately vested in their voluntary contribution plus actual earnings or losses thereon. Vesting in the Company's matching contribution and profit sharing portion of their accounts plus actual earnings or losses thereon is based on years of service. A participant is 20% vested after two years and vests 20% per year thereafter, and thus, is 100% vested after six years of service, as defined. Forfeitures are allocated to participant accounts in the same manner as employer contributions.

Plan Description (continued)

(g) Payment of Benefits

Upon reaching age 65, some vested amounts credited to a participant's account become distributable. Distributions will be made as soon as administratively feasible, following a participant's request. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan

Upon a participant's death, the participant's beneficiary is entitled to 100% of the participant's vested account balance.

Upon termination of service, other than for normal retirement or death, the Administrator will direct the current Trustee to pay to the participant his or her benefit in an immediate lump sum or a deferred lump sum, if certain criteria are met.

(h) Forfeitures

Upon a participant's termination date, and prior to the time the participant becomes vested in his or her account, the non-vested portion, if any, shall be forfeited. These forfeitures will be used to reduce company contributions. Forfeitures used to offset Company contributions at December 31, 2024 were \$52,885.

(i) Administrative Expenses

All administrative expenses are paid directly through the Plan and are allocated to the participants. Professional fees were paid by the Company. It is the Company's intention to pay for these fees in the future.

(j) Loans to Participants

Under the terms of the Plan, participants may obtain loans from the Plan, utilizing funds accumulated in their accounts. The minimum amount which may be borrowed is \$1,000. Participants can borrow up to a maximum of 50% of their vested account balance but not more than \$50,000, less their highest outstanding loan balance during the previous 12 months. Loans outstanding to participants were \$664,915 and \$580,836 at December 31, 2024 and 2023.

Notes to Financial Statements
December 31, 2024 and 2023

Plan Description (continued)

Loans to Participants (continued)

The loans are repaid to the Plan through after-tax payroll deductions. The loan repayments and interest earned are allocated to each of the investment funds based upon the participant's contribution election percentages. The term of the loan is arrived at by mutual agreement between the Plan Committee and the participant, but may not exceed five years.

(2) Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for plan benefits of the Plan and the changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(c) *Risk and Uncertainties*

The assets for the Plan are primarily financial instruments which are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than do the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. Investments in funds are subject to risk conditions of the individual fund objectives, stock and bond market fluctuations, interest rate changes, economic conditions and world affairs.

Summary of Significant Accounting Policies (continued)

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Investment Valuation and Income Recognition

The Plan's investments in the pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund and are based on the net asset value of the shares held by the Plan at the end of the year.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant loans are stated at cost, which approximates fair value.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

(3) Fair Value Measurements *(continued)*

Financial Accounting Standards Board (FASB) *Accounting Standards Codification*(ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that provides the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and US Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with compatible durations, and fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported in net appreciation in fair value of investments.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) Information Certified by the Plan Custodian

At December 31, 2024 and 2023, the Plan's assets were allocated among various investment options in pooled separate accounts and guaranteed interest accounts. The investment funds are administered by independent managers. The Plan administrator has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following information is complete and accurate as of and for the year ended December 31, 2024 and 2023:

	December 31,	
Description	2024	2023
Common collective trusts	704,969	758,353

(6) Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by The Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are not paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator of \$17,476, which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the plan's operations.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Company were to terminate the Plan, all participants in the Plan would become fully vested.

(8) Tax Status

The Company filed as a volume-submitter plan in 2010 provided by the Trustee, who received an IRS opinion letter which stated that the Plan, as designed, is in compliance with the applicable section of the Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(9) Subsequent Events

The Plan Administrator has evaluated subsequent events through September 9, 2025, the date the financial statements were available to be issued and concluded there were no significant subsequent events that require recognition or disclosure in the accompanying financial statements.
