Independent Auditors' Report

Administrative Committee of Digital Federal Credit Union 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Digital Federal Credit Union 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Digital Federal Credit Union 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**Administrative Committee of
Digital Federal Credit Union 401(k) Retirement Plan**

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Administrative Committee of
Digital Federal Credit Union 401(k) Retirement Plan**
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Digital Federal Credit Union 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Digital Federal Credit Union and Subsidiaries (Financial Vision LLC, DCU Financial Services LLC, and Exact Finance LLC) (collectively, the "Credit Union") for the year ended December 31, 2024. The Plan also covered employees of the subsidiaries DCU Realty LLC, Dixital LLC and Community Mortgage Alliance LLC the year ended December 31, 2023. Employees must elect to contribute to the Plan and meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Credit Union and the assets of the Plan are held and invested by Empower Trust Company, LLC (the "Trustee").

Eligibility

All regular and part-time employees of the Credit Union are eligible to become participants of the Plan as of the January 1, April 1, July 1 or October 1 following their date of employment. Temporary employees are eligible to become participants of the Plan as of the January 1, April 1, July 1 or October 1 following their completion of one year of service, which requires a minimum of 1,000 hours over a minimum of twelve months. Under the Plan's auto enrollment feature, eligible participants become enrolled in the Plan at the earliest entry date after being provided thirty days' notice of pending auto enrollment. Eligible participants are auto enrolled with a deferral rate of 7% of pre-tax annual compensation unless another option is elected by the participant.

Contributions

Each year participants may elect to have a percentage deducted on a pre-tax or after-tax (Roth) basis from their compensation as defined by the Plan. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Credit Union. There is an annual dollar limit as to the amount that can be contributed on a pre-tax basis into the Plan which is determined by the Internal Revenue Service ("IRS") and adjusted annually.

1. Description of Plan (continued)

Contributions (continued)

Under the terms of the Plan, the Credit Union has the option of making both matching contributions and profit-sharing contributions. These contributions are discretionary. An employee must have been an employee of the Credit Union at the end of the year to qualify for profit-sharing contributions. If the Credit Union decides to make a discretionary profit-sharing contribution for a plan year, all eligible members will receive a minimum allocation of \$100. During 2024, the discretionary matching contribution was equal to 100% of salary deferrals up to a maximum amount equal to 7% of a participant's eligible compensation. During 2024, the Credit Union made a discretionary profit-sharing contribution to the plan of \$702,789. A participant's share of the discretionary profit-sharing contribution is determined by a point system based on compensation and years of service.

Vesting

A participant is 100% vested in his or her contributions and earnings thereon at all times. A participant becomes vested in the Credit Union's contributions in 20% increments starting with the completion of one year of credited service and becoming 100% vested upon completion of five years of credited service. A participant shall be required to work a minimum of 1,000 hours of service to be credited with a year of vesting service.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Credit Union's contributions and allocations of Plan earnings thereon. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Investment Options

Participants must direct their salary deferral contributions to selected mutual funds and a stable value fund as determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. Participants who retire or become permanently disabled will receive their elective deferrals credited for salary deferral and rollover payable in one lump sum or by purchase of a nontransferable annuity from an insurance company, as permitted by the Plan.

If a participant should die, the beneficiary of their account balances will normally be the participant's spouse, or if not married, the participant's estate. If a married participant desires to designate a beneficiary other than his or her spouse, then the spouse must consent to such designation.

1. Description of Plan (continued)

Payment of Benefits (continued)

Upon termination of employment for any reason other than retirement, disability or death, the participant shall be entitled to receive the entire amount of their salary deferral contribution, rollover contribution and their Credit Union matching contributions in accordance with the vesting provisions in the Plan.

Plan Expenses

The Plan sponsor and the Plan participants share in Plan expenses. Certain Plan expenses are deducted from participants' accounts or investment income.

Notes Receivable from Participants

A participant may elect to take out a loan subject to the rules and limitations of the Plan and the terms of the applicable contract.

The Plan's loan policy allows for a participant (borrower) enrolled in the Plan to borrow a minimum of \$1,000 up to a maximum of 50% of his/her vested balance or \$50,000 (whichever is less). Each loan shall bear an interest rate equal to prime plus 1%. Only one loan may be outstanding at any given time. The loan must be repaid within a five year period, unless such loan is used to acquire a principal residence of the borrower. Principal and interest are paid ratably through weekly payroll deductions.

If the borrower does not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, their loan will be deemed in default. Defaults in loans are treated as a distribution at the time of default against the participant's account.

Forfeitures

Upon a participant's termination, any nonvested portion of the Credit Union's matching and/or profit-sharing contribution is forfeited. Forfeited amounts are used to reduce future Credit Union contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$61,127 and \$37,248. Nonvested forfeitures used to reduce employer contributions due to the Plan for the year ended December 31, 2024 totaled \$691,507.

Revenue Credit Account

The Plan and Empower Trust Company, LLC entered into a revenue sharing arrangement whereby a portion of the revenue earned by the custodian for certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay for Plan expenses, the Plan created a Revenue Credit Account. The Revenue Credit Account was an account within the Plan that was used to record the redistribution of plan-generated fund revenue that exceeded the costs associated with plan administration.

1. Description of Plan (continued)

Revenue Credit Account (continued)

Such revenue credits are reported as other income in the accompanying statement of changes in net assets available for benefits. Effective during the year ended December 31, 2020, the Plan modified this arrangement to discontinue the use of a separate revenue credit account. The Plan transitioned to the revenue credits being allocated to participant accounts as the revenue credits are earned based upon each participant's actual investment in revenue credit generating investments. The associated expenses are then allocated directly to participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price and are deemed to be actively traded. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient based on the fund's underlying investments. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of the Plan are paid directly by the Credit Union and are excluded from these financial statements. Certain other expenses, including investment advisor and recordkeeping fees, are paid by the Plan and are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to the administration of participant loans and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 27, 2025.

On September 30, 2024, The Credit Union announced their intent to combine through a merger of equals with First Tech Federal Credit Union ("First Tech"), for the benefit of members, employees, and communities. The Credit Union's board of directors, as well as First Tech's board of directors, approved this merger. The merger is subject to approval from the NCUA and to First Tech's members' vote, which are expected to occur in 2025. The combined organization will operate under the Credit Union's charter and the First Tech Federal Credit Union name.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments held and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan and a qualified institution.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis grouped by the fair value hierarchy at December 31:

	2024		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	\$ 205,502,255	\$ -	\$ 205,502,255
Common/collective trust	-	11,706,398	11,706,398
	<u>\$ 205,502,255</u>	<u>\$ 11,706,398</u>	<u>\$ 217,208,653</u>
	2023		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	\$ 176,657,945	\$ -	\$ 176,657,945
Common/collective trust	-	10,970,521	10,970,521
	<u>\$ 176,657,945</u>	<u>\$ 10,970,521</u>	<u>\$ 187,628,466</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Common/Collective Trust

The Putnam Stable Value Fund (“PSV Fund”) is a common/collective trust. The PSV Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The PSV Fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The PSV Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the PSV Fund and may invest without limit in these investments. It is the policy of the PSV Fund to use its best efforts to maintain a stable NAV of \$1.00 per unit, although there is no guarantee that the PSV Fund will be able to maintain this value.

**Digital Federal Credit Union
401(k) Retirement Plan**

Notes to Financial Statements
December 31, 2024

5. Common/Collective Trust (continued)

The PSV Fund is designed to pay all permitted unitholder-initiated transactions at NAV. Permitted unitholder-initiated transactions are those transactions allowed by the underlying defined contribution plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the Plan) excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the PSV Fund to transact at NAV upon the occurrence of certain plan sponsor events. These events include: the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code ("IRC"); the establishment of a defined contribution plan that competes with the Plan for employee contributions; any substantive modification of the PSV Fund or the administration of the PSV Fund that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the PSV Fund's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or Putnam that is designed to induce or influence unitholders not to invest in the portfolio or to transfer assets out of the portfolio; any transfer of assets from the portfolio directly to a competing investment option.

NAV per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined NAV per unit normally each day. In unusual market conditions, the trustee may impose restrictions on issues and redemptions of units. The PSV Fund has no unfunded commitments at December 31, 2024 and 2023.

6. Tax Status

The IRS has determined and informed the prototype plan document preparer by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their accounts.

**Digital Federal Credit Union
401(k) Retirement Plan**

Notes to Financial Statements
December 31, 2024

8. Party-in-Interest Transactions

The Plan's investment in the common/collective trust fund is managed by the Trustee. Additionally, the Plan receives a revenue share from the mutual funds in which the Plan invests. Fees incurred by the Plan for the investment management and recordkeeping services are paid by the Plan using the revenue share received. These transactions qualify as exempt party-in-interest transactions. Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

9. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2024	2023
Net assets available for benefits per the financial statements	\$ 222,037,078	\$ 191,856,935
Less: Employer contribution receivable	(702,789)	(727,034)
Net assets available for benefits per Form 5500	\$ 221,334,289	\$ 191,129,901

The following is a reconciliation of employer contributions per the financial statements to the Form 5500 for the year ended December 31, 2024:

Employer contributions per the financial statements	\$ 7,918,734
Less: Current year employer contribution receivable	(702,789)
Add: Prior year employer contribution receivable	727,034
Total employer contributions per Form 5500	\$ 7,942,979
