Note 1 - Plan Description

The following description of Firelands Regional Medical Center 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Firelands Regional Health System (the "Hospital" or the "Plan Sponsor") who meet certain length of service requirements, and it provides for retirement, death, and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan if they were hired on or after January 1, 2007 by the Plan Sponsor. Employees must be credited with at least 1,000 hours of service in a consecutive 12-month period and be employed at December 31 in order to receive a discretionary contribution from the Plan Sponsor.

Contributions

Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. The Plan provides for employee salary 401(k) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer discretionary contributions of 100 percent of the participant's contribution in the Plan Sponsor's 401(k) plan. During 2024, the Plan contributed a discretionary contribution of up to 4 percent of the participant's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC).

The Plan includes an automatic deferral percentage for eligible employees to 4 percent of eligible compensation, with an automatic increase in deferrals of 1 percent per year, up to 10 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Hospital's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

Upon attainment of normal retirement age or upon termination of employment due to disability or death, participants are immediately 100 percent vested in their accounts. Upon termination of employment for any reason other than normal retirement, disability, or death, vesting in the Plan Sponsor's discretionary contribution, plus actual earnings thereon, is based on years of service. Participants vest in the Plan Sponsor's discretionary contributions 20 percent after two years of service and an additional 20 percent each year thereafter until they become fully vested after six years of service.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future plan sponsor contributions. At December 31, 2024 and 2023, the unused nonvested accounts totaled \$157,220 and \$72,597, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Charles Schwab Trust Bank (Charles Schwab) and Standard Retirement Services, Inc. (Standard) or their affiliates. Charles Schwab is the trustee of the Plan, and Standard is the Plan's recordkeeper; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Participant Notes Receivable

Upon the merger of the Firelands Physician Group 401(k) Plan in December 2018, outstanding participant notes receivable were transferred to the Plan. During plan restatement effective January 1, 2019, participants are no longer eligible to borrow from their participant accounts.

Termination

While it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive guaranteed investment contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses

Various administrative costs are paid by the Plan Sponsor.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 8, 2025, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Charles Schwab Trust Bank (the "Trustee") holds the Plan's investments and executes all related transactions. The investment balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The preapproved plan received a favorable opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan measures mutual funds at fair value on a recurring basis. The fair value of mutual funds is based primarily on Level 1 inputs as described above, at December 31, 2024 and 2023.

Note 6 - Guaranteed Investment Contract

The Plan has a benefit-responsive investment contract with Standard Insurance Company. Standard Insurance Company maintains the contributions in an investment fund, the Standard Stable Asset Fund. The investment fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is intended to provide the Plan with the ability to purchase annuities and make benefit payments in accordance with plan documents. Standard Insurance Company is contractually liable for the sum of balances credited to the investment fund, plus any earnings accrued but not yet credited, less any fees that have been accrued but not yet paid, and less any market value adjustment. The investment fund's interest rate is based on a formula developed by the issuer. Such interest rate is reviewed on a quarterly basis for resetting and will not be less than the minimum guaranteed interest rate of 1 percent. Withdrawals from the investment fund can be made as benefit withdrawals (participant initiated) or contract owner withdrawals by the Plan.

Currently, there are no events that indicate a limitation on the ability of the Plan to transact at contract value with Standard Insurance Company.

The guaranteed investment contract permits the insurance company to terminate the contract if the following occurs:

- The contract value of the contract is less than the terminated amount.
- The insurance company determines that the Plan or administration of the Plan is not in conformity with applicable law.
- The insurance company receives notice of plan termination.

Per the terms of the guaranteed investment contract, termination can be initiated by either party upon election and notice. As of the termination effective date, deposits will no longer be accepted, and the investment fund will be adjusted for earnings, gains, and losses as long as the assets remain in the investment fund. The disposition of funds will be made either as a single payment, installment payments, or a distribution of the benefits, as determined by the Plan. Prior to such distributions, the plan administrator must certify that the withdrawals will be applied for the exclusive benefit of participants and their beneficiaries under terms of the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement for that portion of the net assets attributable to the guaranteed investment contract. Participants may direct the withdrawal or transfer of all or a portion of their investments at contract value.
