Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GELMAN, ROSENBERG & FREEDMAN**

(2) EIN: **52-1392008**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
IAVI 403(b) Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of IAVI 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a State or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2024 and 2023, for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented fairly, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IAVI 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of IAVI 403(b) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General -

The Plan is a defined contribution plan covering all eligible employees of International AIDS Vaccine Initiative, Inc. (the Plan Sponsor). The Plan was established on December 31, 1996, and qualifies under the Internal Revenue Code as a 403(b) Retirement Plan. The Plan was amended and restated on January 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act.

Eligibility -

An employee is eligible to make elective deferrals into the Plan beginning on his or her date of hire. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making elective deferrals. An employee is eligible to participate in the employer contributions portion of the Plan on the first of the month following the completion of six months of service.

Contributions -

Employer and participant contributions are subject to certain limitations imposed by the Internal Revenue Code. Non-elective contributions are made automatically to the funding vehicles chosen by each participant and are based on a percentage of compensation (ranging between 5% and 9%) as described in the Plan document. However, there were no non-elective employer contributions made to the Plan during the year ended December 31, 2024. The non-elective employer contribution totaled \$36,891 for the year ended December 31, 2023. In addition to the non-elective contribution, the Sponsor will match employee voluntary deferrals, Dollar for Dollar, up to 2% of compensation as defined in the Plan document. These matching contributions are also made automatically to the funding vehicles chosen by each participant. Participants may also make salary deferral contributions at any percentage or Dollar amount of annual compensation, as defined by the Plan. Participants may also rollover funds from other qualified plans.

The Plan has an auto enrollment feature in which employees are automatically enrolled at 2% of compensation unless the opt out in writing. The automatic deferral percentage will increase by 1% per year, up to a maximum of 6% of compensation.

Vesting -

A participant will become fully vested in the portion of his or her individual account derived from the employer contributions after three years of vesting service. For each year of service (minimum 1,000 hours worked in a calendar year), one-third of the employer contribution will become vested. Participants are fully and immediately vested in elective participant contributions made to the Plan.

Participant accounts -

Each participant's account includes (a) investment earnings and losses, (b) the employee's contributions, and (c) the employer's contributions. Participants' accounts are also charged with an allocation of administrative fees that are paid by the Plan. Allocations of investment earnings and losses and administrative fees are based on either a participant's account balance or specific participant transactions, as defined in the Plan document.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN (Continued)

Investment elections -

Contributions to the Plan are invested according to participant instructions. The Plan Administrator has selected a list of investment options and has provided participants with information describing these investment options.

Payment of benefits -

Participants are entitled to receive a distribution of their vested account in the Plan upon termination of their employment; retirement; death or disability and termination of the Plan without the establishment of a successor plan. A participant may elect to receive a lump sum amount equal to the value of his or her account, or a series of cash payments, in substantially equal installments. Hardship withdrawals are permitted from the Plan.

Forfeited non-vested accounts -

Forfeited balances of terminated participants' non-vested accounts may be used to reduce the employer contributions. The Plan's unallocated forfeiture balance totaled \$12,250 and \$38,877 as of December 31, 2024 and 2023, respectively. Forfeitures totaling \$37,460 were used to reduce employer contributions during the year ended December 31, 2024. No forfeitures were used during the year ended December 31, 2023.

Notes receivable from participants -

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the remaining balance in the participant's account and bear interest at prime plus one percent, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on the notes receivable from participants ranged from 4.25% - 9.50% for the years ended December 31, 2024 and 2023, with various maturities through June 15, 2038.

Plan termination -

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The financial statements are prepared on the accrual basis of accounting and in accordance with FASB ASC 962, *Plan Accounting Defined Contribution Pension Plans*. Use of estimates -

Use of estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

IAVI 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of investments -

Investments in registered investment companies are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

Investments in the pooled separate account are stated at net asset value. Under the pooled investment concept, investment managers account for the Plan's share of the total portfolio on a unit basis, which is the net asset value.

Investments in the guaranteed investment contract that is fully benefit-responsive are stated at contract value, which is the amount participants would receive if they were to initiate permitted transactions in accordance with the contract.

Investments in the guaranteed investment contracts that are non benefit-responsive are stated at fair value, which is determined by the qualified institution by discounting the related cash flows based on current yields of similar instruments with comparable durations and considering the creditworthiness of the issuers. Participants transact at contract value during the year, but fair value is determined annually for financial statement reporting purposes.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance, plus accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Delinquent loans include loans for which any scheduled repayment remains unpaid at the end of the period specified in the loan documents and loans for which there is an outstanding principal balance existing after the last scheduled repayment date.

Benefit payments -

Benefits are recorded when paid.

Administrative fees -

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and some are paid out of the Plan, which are included in these financial statements. Investment-related expenses are included as a reduction in the net appreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Excluded contracts and accounts -

The Plan Sponsor has elected to exclude from Plan assets, all annuity and custodial accounts for employees that terminated with the Plan Sponsor prior to January 1, 2009. This election was made in accordance with DOL FAB 2009-02, Transitional Relief Provisions.

IAVI 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

3. INCOME TAX STATUS

The Plan was established as a qualified plan under Section 403(b) of the Internal Revenue Code (IRC). The Plan has a volume submitter opinion letter dated August 7, 2017, in which the Internal Revenue Service (the IRS) indicated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and was qualified and tax-exempt. On January 1, 2022, the Plan adopted its most recent Plan amendment. Management of the Plan, in consultation with its legal counsel, believes that the Plan continues to meet the requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. INFORMATION CERTIFIED BY THE QUALIFIED INSTITUTIONS

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's Administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by qualified institutions.

Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), the qualified institutions, issued the Certification Statements. The certification statements certified the completeness and accuracy of the assets presented in the Schedule of Assets (Held at End of Year) and the investment income in the Statements of Net Assets Available for Benefits for the years ended December 31, 2024 and 2023.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by TIAA and CREF, the qualified institutions, which provide record keeping, plan management, and day-to-day support to the Plan. Therefore, transactions with TIAA and CREF qualify as party-in-interest transactions.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. GUARANTEED INVESTMENT CONTRACTS

The Plan has both fully benefit-responsive and non benefit-responsive investment contracts with TIAA, which maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The TIAA Traditional guaranteed insurance contract has both a fully benefit-responsive and a non benefit-responsive option offered by the Plan. The TIAA Stable Value guaranteed annuity contract only has a non benefit-responsive option offered by the Plan. These fund options are referred to as guaranteed investment contracts in the Plan's financial statements.

Contract Information - TIAA Traditional

TIAA Traditional is an annuity option that can provide a guarantee because it is a form of an insurance contract. Like all insurance products, the ability to satisfy guarantees is subject to what is referred to as the "claims-paying ability" of the insurance company that issues the contract. Thus, TIAA Traditional is a fixed annuity product backed by the claims-paying ability of TIAA, an insurance carrier.

TIAA guarantees a participant's principal and a contractually specified minimum interest rate. Any additional amounts that may be earned beyond the guaranteed minimums are not guaranteed beyond the period for which they are declared.

On March 1, the interest rates for all existing time periods (referred to as "renewal rates") are reviewed for possible reset. Rates are then guaranteed until the end of the following February (i.e., through the "declaration year"). TIAA's Board of Trustees determines the interest rate in excess of the guaranteed minimum rates for a particular time period based on various factors.

TIAA provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts, between 1% and 3%), and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. The TIAA Traditional insurance contracts do not permit the insurance carrier to terminate the agreements prior to their scheduled maturity dates.

Contract Information - TIAA Stable Value

TIAA Stable Value, a fixed annuity providing capital preservation and income, is designed to provide safety, liquidity, competitive interest and the option to receive guaranteed income for life during retirement. During the accumulation phase, the annuity's guarantees are supported by a pooled separate account of TIAA. If the separate account's assets are insufficient to meet these guarantees in the accumulation phase, the financial strength and claims-paying ability of TIAA provides a second layer of support to cover any shortfall.

With TIAA Stable Value, participants receive a guaranteed minimum interest rate of between 1% and 3%, the potential for interest crediting rates to be declared above the guaranteed minimum and the assurance that their accumulation will never decline in value. In addition, because TIAA Stable Value is a liquid account, participants can access their money to make transfers and withdrawals. At retirement, participants can choose from a variety of income options, including lifetime annuities guaranteed by TIAA.

7. GUARANTEED INVESTMENT CONTRACTS (Continued)

Contract Value and Fair Value

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fully benefit-responsive contract. Contract value, as reported by TIAA to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the fully benefit-responsive contract totaled \$1,900,211 and \$2,273,737 as of December 31, 2024 and 2023, respectively.

Fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the non benefit-responsive contracts. Fair value, as reported by TIAA to the Plan, represents the discounted cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers. The fair value of the non benefit-responsive contracts totaled \$6,593,622 and \$6,314,935 as of December 31, 2024 and 2023, respectively.

Events

Certain events limit the ability of the Plan to transact at contract value with the insurance carrier. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary), which cause a significant withdrawal of from the Plan; or (iv) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any events, which would limit the Plan's ability to transact at contract value with participants invested in the fully benefit-responsive contract are probable of occurring.

Interest Rates

For TIAA Traditional, the average yield and crediting interest rates were 4.75% and 6.00% for the years ended December 31, 2024 and 2023, respectively. For TIAA Stable Value, the average yield and crediting interest rates were between 1% and 3% for the years ended December 31, 2024 and 2023, respectively.

8. FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurement*, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Investments recorded in the Statements of Net Assets Available for Benefits are categorized based on the inputs to valuation techniques as follows:

Level 1. These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Plan has the ability to access.

IAVI 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

8. FAIR VALUE MEASUREMENTS (Continued)

Level 2. These are investments where values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

Level 3. These are investments where inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for investments.

- *Registered Investment Companies (Mutual Funds)* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. Mutual funds are required to publish their daily value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.
- *Pooled Separate Account* - Valued at the number of participation units held at year-end multiplied by the current participation-unit value. Investments in the pooled separate account represent ownership of units of participation rather than ownership of specific assets. The value of a unit of participation is the total value of the separate account divided by the number of units outstanding, which is the net asset value.
- *Guaranteed Investment Contract (Fully Benefit-Responsive)* - Valued at contract value and includes the fully benefit-responsive option of the TIAA Traditional guaranteed insurance contract. Contract value is the relevant measurement attribute for a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals and administrative expenses. In determining the reasonableness of the methodology, a number of factors are considered, such as economic conditions, industry and market developments and overall credit ratings.
- *Guaranteed Investment Contracts (Non Benefit-Responsive)* - Valued at fair value and includes the non benefit-responsive option of the TIAA Traditional guaranteed insurance contract and the Stable Value guaranteed annuity contract. Fair value is determined by TIAA, the insurance carrier, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes. Benefits under the non benefit-responsive options have liquidity restrictions. Distributions, withdrawals, and transfers out of the non benefit-responsive options are made in accordance with the terms of the contracts.

The fair value of the Plan's investments in the pooled separate account has been determined using net asset value (NAV) per share as a practical expedient because the fair value is not readily determinable. In accordance with GAAP, NAV may be used unless it is probable that the investment will be sold at a price other than NAV. GAAP also requires disclosure of certain attributes by major category for investments allowed to elect the practical expedient, regardless of whether the practical expedient was used.

8. FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments that were measured at net asset value and contract value have not been categorized in the fair value hierarchy. However, the net asset value and contract value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The table below summarizes, by level within the fair value hierarchy, the Plan's investments as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Investments Measured at NAV</u>	<u>Investments Measured at Contract Value</u>	<u>Total</u>

TOTAL	<u>\$6,593,622</u>	<u>\$ 6,314,935</u>			

The following is a summary of the Plan's investment in the pooled separate account which is valued using NAV as a practical expedient and the related unfunded commitments and redemption restrictions as of December 31, 2024 and 2023:

	<u>2024 Net Asset Value</u>	<u>2023 Net Asset Value</u>	<u>Redemption Frequency</u>	<u>Full Redemption Notice Period</u>
TIAA Real Estate	<u>\$ 1,505,078</u>	<u>\$ 1,822,294</u>	Daily	30 Days

There were no unfunded commitments as of December 31, 2024 and 2023.

9. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 1, 2025, the date the financial statements were issued.

On March 1, 2025, the Plan was amended after the Plan Sponsor elected to suspend the additional matching contributions of up to 2% under this Plan. This matching contribution was contingent upon participants' elective deferrals. The Plan Sponsor retains the discretion to determine and declare future matching contribution amounts, including reinstatement of the suspended match, without the need for further plan amendments. Any future employer contributions under this provision will be established by the Plan Sponsor and communicated in accordance with applicable notice requirements
