Report of Independent Auditors

To the Administrator of TEGNA 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of TEGNA 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule G, Part III – Nonexempt Transactions as of and for the year ended December 31, 2024 (“supplemental schedules”), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TEGNA 401(k) Savings Plan
Notes to Financial Statements

1. Description of the Plan

General

The TEGNA 401(k) Savings Plan (the Plan) is a defined contribution plan that was established effective October 1, 1989. The Plan covers substantially all employees who are employed by TEGNA Inc. (the Company or the Plan Sponsor) and certain of its subsidiaries. Certain collective bargaining agreements and personal service contracts may exclude or restrict some employees' participation in the Plan. Certain business units may also be determined to be ineligible for plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The TEGNA Benefit Plans Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company (FMTCC) is the trustee of the Plan, and administration and recordkeeping are performed by Fidelity Investments.

The Plan adopted a Safe Harbor plan design effective January 1, 2018. Company contributions for employees active as of January 1, 2018 became immediately 100% vested. All company contributions made after this date also become immediately 100% vested. A Safe Harbor match was initiated for all match-eligible participants, with the Company matching \$1 for \$1 on the first 4% of participant deferrals. Effective January 1, 2024, the additional "true-up" matching contribution was eliminated.

Participants should refer to the updated TEGNA 401(k) Savings Plan document and the Plan's Summary Plan Description for more details and information on the Plan's provisions.

The Plan has automatic deferral contributions (auto-enrollment). This feature sets all eligible employees to be automatically enrolled at a pretax election of 4% of compensation (unless they decide to opt out) as of the earliest practicable payroll period after the enrollment date. The Plan also has automatic escalations. This annual feature sets all eligible employees to have their salary deferral election increased annually, each April 1st, by 1%, up to a maximum of 10% of compensation (unless they decide to elect a different auto-increase percentage or opt out). Special eligibility and participation rules apply to certain business units.

Plan Benefits

Company contributions are generally funded with common stock of the Company in an amount equal to the required contributions, and such stock is allocated to participant accounts based on a matching formula and sliding scale contribution formula. All Plan participants, regardless of age or years of participation, can transfer at any time (subject to insider trading blackouts) all or part of their allocated Company stock to one or more of the other investment funds available in the Plan. Upon a participant's termination of employment, the participant has the right to receive his or her vested interest in all accounts, including any Company common shares in-kind. Dividends are paid quarterly and reinvested back into company stock if not distributed to participants.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 11 core investment options, the TEGNA Common Stock, and a suite of 12 target date maturity commingled funds, as well as a self-directed brokerage account. The Plan allocates investment income to participants' accounts daily.

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

Upon termination of employment, disability, or death, participants or their beneficiaries are generally eligible to receive their benefits in a lump sum or as elected, through periodic withdrawals. Limited hardship withdrawals and in-service distribution opportunities for eligible participants are also available for active employees.

Contributions

The maximum deferral percentage amount is 80% for before-tax and/or Roth deferrals. Contributions are made on a payroll period basis. Participants may also contribute rollover amounts representing distributions from other qualified 401(k) plans. Additionally, an eligible participant who has attained age 50 before the close of the Plan Year is eligible to make tax-deferred catch-up contributions in accordance with, and subject to the limitations of Section 414(v) of the Internal Revenue Code (Code).

The employer's Safe Harbor match is 100% of the first 4% of compensation that a participant contributes. In addition to the Safe Harbor match, the Plan provides for employer contributions (referred to as "sliding scale" contributions) to certain participants whose benefit under the Company's defined benefit plan was frozen as of August 1, 2008, and who satisfy certain service, age and other requirements. The employer sliding scale contribution is calculated as a percentage of the participant's compensation. The employer Safe Harbor match and sliding-scale contributions are made through issuing common stock from the Company's treasury stock and depositing it in the participants' accounts. Employer Safe Harbor match and sliding-scale contributions in the Company's treasury stock totaled approximately \$18.7 million for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of the Plan's earnings, and is charged with a quarterly flat fee for plan administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Under the terms of the Plan, generally, participants can elect to borrow from their accounts in an amount up to 50% of their vested account balance, excluding the Company contributions and the related earnings, with a minimum loan of \$1,000 and a maximum of \$50,000. The loans are collateralized by the balance in participants' accounts, and the interest rate applied to participant loans is updated daily at the prime rate plus 1%. Loans have maturities for a period not to exceed five years. Interest rates (prime rate +1%) ranged from 3.50% to 9.50% on December 31, 2024 and 2023.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will receive 100% of their vested account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) in the United States of America may require management to make estimates and assumptions that affect the amounts reported in the financial statements, and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the Safe Harbor matching contributions from an Employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition

The investments included in the Plan are held at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 6 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Statement of Changes in Net Assets Available for Benefits presents the net change in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on investments bought and sold as well as held during the year.

Plan Expenses

Direct administrative expenses are charged to the participants' accounts, as provided by the Plan's provisions. A quarterly plan administrative flat fee is applied to participant accounts to cover a variety of administrative expenses, including record keeping, trustee, legal, audit, investment advisor, and other services. The Company may elect to pay for certain Plan expenses, and such expenses are excluded from these financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023 as the loans are fully collateralized. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be a distribution, the participant's loan balance is reduced, and a benefit payment is recorded.

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

3. Parties-in-Interest and Related Party Transactions

As of December 31, 2024 and 2023, the Plan held an investment of the Company's common stock of 6.2 million and 5.9 million shares, respectively. The Plan earned dividend income from the Company's common stock of approximately \$2.2 million for the year ended December 31, 2024. For the year ended December 31, 2024, less than \$0.1 million of the Company's common stock was purchased, and approximately \$10.7 million was sold.

The Plan invests in various Fidelity Funds, which are sponsored by Fidelity, the current Trustee of the Plan. Those transactions qualified as party-in-interest transactions and were exempt from the prohibited transaction rules under ERISA. No direct fees were paid by the Plan to the Trustee for investment management services related to these investments for the year ended December 31, 2024.

In addition, notes receivable from participants are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

4. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated August 29, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code). Subsequent to the receipt of the determination letter, the Plan was amended. Plan management believes the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would result in a tax liability or tax asset at December 31, 2024 and 2023. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is not subject to income tax examinations for years prior to 2021.

5. Reconciliation of Audited Financial Statements to the Form 5500

There are no reconciling items between the Plan's financial statements and the draft Form 5500 for net assets available for benefits as of December 31, 2024 and 2023, or for net increase in net assets available for benefits for the year ended December 31, 2024.

6. Fair value measurement

The accounting standard for fair value measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Quoted market prices in active markets for identical assets or liabilities;

Level 2 Inputs other than Level 1 inputs that are either directly or indirectly observable; and

Level 3 Unobservable inputs developed using our own estimates and assumptions, which reflect those that a market participant would use.

During 2024, there were no transfers between levels.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2024 and 2023.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist entirely of actively traded mutual funds, which are valued using unadjusted quoted prices for identical assets from publicly available pricing sources.

Commingled funds offer portfolios with asset allocations designed for varying retirement dates or the year in which one expects to start drawing on their retirement assets. These portfolios share the common goal of first growing and then later preserving principal and may contain a mix of U.S. common stocks, International stocks, Treasury Inflation Protected securities, U.S. issued bonds and cash. Commingled funds also include common collective trusts. Commingled funds are valued at the Net Asset Value (NAV) established by the fund manager on a daily basis. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. No unfunded commitments exist.

TEGNA 401(k) Savings Plan

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

7. Prohibited Transactions

During 2023, the Plan's Sponsor inadvertently misallocated three PricewaterhouseCoopers (PwC) invoices for \$92,500 each that resulted in erroneous payments to PwC in excess of the value of services provided to the Plan. As defined by ERISA, these payments were considered prohibited transactions. The Plan was reimbursed for the erroneous payments within the same plan year. As of December 31, 2023, the Plan had received reimbursement for these erroneous payments from PwC. As of July 31, 2024, the Plan's Sponsor had settled the loss on earnings, interest, and excise tax associated with this transaction.

The Company believes these prohibited transactions do not affect the tax status of the Plan.

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Market Risks include global events which could impact the value of investment securities, such as pandemics, international conflicts, and tariffs. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through the date the financial statements were available to be issued. No material events have occurred since December 31, 2024 that require recognition or disclosure in these financial statements, except as follows:

Effective January 1, 2025, the Company will change the frequency of its 401(k) match contributions from bi-weekly to annually. Additionally, employees must remain employed by the Company on December 31st of each year in order to receive the matching contribution in the subsequent year.

In addition, effective January 1, 2025, the Plan is no longer intended to have a Safe Harbor plan design, and the Company's sliding scale contributions will be discontinued.

Further, effective January 1, 2025, the Plan has adopted the new regulations which permit a higher catch-up contribution limit for a year in which an employee attains age 60 - 63 by the end of the applicable year. The catch-up contribution limit for these individuals is the greater of \$10,000 or 150% of the regular catch-up contribution.

Report of Independent Auditors

To the Administrator of TEGNA 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of TEGNA 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule G, Part III – Nonexempt Transactions as of and for the year ended December 31, 2024 (“supplemental schedules”), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TEGNA 401(k) Savings Plan
Notes to Financial Statements

1. Description of the Plan

General

The TEGNA 401(k) Savings Plan (the Plan) is a defined contribution plan that was established effective October 1, 1989. The Plan covers substantially all employees who are employed by TEGNA Inc. (the Company or the Plan Sponsor) and certain of its subsidiaries. Certain collective bargaining agreements and personal service contracts may exclude or restrict some employees' participation in the Plan. Certain business units may also be determined to be ineligible for plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The TEGNA Benefit Plans Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company (FMTCC) is the trustee of the Plan, and administration and recordkeeping are performed by Fidelity Investments.

The Plan adopted a Safe Harbor plan design effective January 1, 2018. Company contributions for employees active as of January 1, 2018 became immediately 100% vested. All company contributions made after this date also become immediately 100% vested. A Safe Harbor match was initiated for all match-eligible participants, with the Company matching \$1 for \$1 on the first 4% of participant deferrals. Effective January 1, 2024, the additional "true-up" matching contribution was eliminated.

Participants should refer to the updated TEGNA 401(k) Savings Plan document and the Plan's Summary Plan Description for more details and information on the Plan's provisions.

The Plan has automatic deferral contributions (auto-enrollment). This feature sets all eligible employees to be automatically enrolled at a pretax election of 4% of compensation (unless they decide to opt out) as of the earliest practicable payroll period after the enrollment date. The Plan also has automatic escalations. This annual feature sets all eligible employees to have their salary deferral election increased annually, each April 1st, by 1%, up to a maximum of 10% of compensation (unless they decide to elect a different auto-increase percentage or opt out). Special eligibility and participation rules apply to certain business units.

Plan Benefits

Company contributions are generally funded with common stock of the Company in an amount equal to the required contributions, and such stock is allocated to participant accounts based on a matching formula and sliding scale contribution formula. All Plan participants, regardless of age or years of participation, can transfer at any time (subject to insider trading blackouts) all or part of their allocated Company stock to one or more of the other investment funds available in the Plan. Upon a participant's termination of employment, the participant has the right to receive his or her vested interest in all accounts, including any Company common shares in-kind. Dividends are paid quarterly and reinvested back into company stock if not distributed to participants.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 11 core investment options, the TEGNA Common Stock, and a suite of 12 target date maturity commingled funds, as well as a self-directed brokerage account. The Plan allocates investment income to participants' accounts daily.

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

Upon termination of employment, disability, or death, participants or their beneficiaries are generally eligible to receive their benefits in a lump sum or as elected, through periodic withdrawals. Limited hardship withdrawals and in-service distribution opportunities for eligible participants are also available for active employees.

Contributions

The maximum deferral percentage amount is 80% for before-tax and/or Roth deferrals. Contributions are made on a payroll period basis. Participants may also contribute rollover amounts representing distributions from other qualified 401(k) plans. Additionally, an eligible participant who has attained age 50 before the close of the Plan Year is eligible to make tax-deferred catch-up contributions in accordance with, and subject to the limitations of Section 414(v) of the Internal Revenue Code (Code).

The employer's Safe Harbor match is 100% of the first 4% of compensation that a participant contributes. In addition to the Safe Harbor match, the Plan provides for employer contributions (referred to as "sliding scale" contributions) to certain participants whose benefit under the Company's defined benefit plan was frozen as of August 1, 2008, and who satisfy certain service, age and other requirements. The employer sliding scale contribution is calculated as a percentage of the participant's compensation. The employer Safe Harbor match and sliding-scale contributions are made through issuing common stock from the Company's treasury stock and depositing it in the participants' accounts. Employer Safe Harbor match and sliding-scale contributions in the Company's treasury stock totaled approximately \$18.7 million for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of the Plan's earnings, and is charged with a quarterly flat fee for plan administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Under the terms of the Plan, generally, participants can elect to borrow from their accounts in an amount up to 50% of their vested account balance, excluding the Company contributions and the related earnings, with a minimum loan of \$1,000 and a maximum of \$50,000. The loans are collateralized by the balance in participants' accounts, and the interest rate applied to participant loans is updated daily at the prime rate plus 1%. Loans have maturities for a period not to exceed five years. Interest rates (prime rate +1%) ranged from 3.50% to 9.50% on December 31, 2024 and 2023.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will receive 100% of their vested account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) in the United States of America may require management to make estimates and assumptions that affect the amounts reported in the financial statements, and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the Safe Harbor matching contributions from an Employer are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition

The investments included in the Plan are held at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 6 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Statement of Changes in Net Assets Available for Benefits presents the net change in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on investments bought and sold as well as held during the year.

Plan Expenses

Direct administrative expenses are charged to the participants' accounts, as provided by the Plan's provisions. A quarterly plan administrative flat fee is applied to participant accounts to cover a variety of administrative expenses, including record keeping, trustee, legal, audit, investment advisor, and other services. The Company may elect to pay for certain Plan expenses, and such expenses are excluded from these financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023 as the loans are fully collateralized. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be a distribution, the participant's loan balance is reduced, and a benefit payment is recorded.

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

3. Parties-in-Interest and Related Party Transactions

As of December 31, 2024 and 2023, the Plan held an investment of the Company's common stock of 6.2 million and 5.9 million shares, respectively. The Plan earned dividend income from the Company's common stock of approximately \$2.2 million for the year ended December 31, 2024. For the year ended December 31, 2024, less than \$0.1 million of the Company's common stock was purchased, and approximately \$10.7 million was sold.

The Plan invests in various Fidelity Funds, which are sponsored by Fidelity, the current Trustee of the Plan. Those transactions qualified as party-in-interest transactions and were exempt from the prohibited transaction rules under ERISA. No direct fees were paid by the Plan to the Trustee for investment management services related to these investments for the year ended December 31, 2024.

In addition, notes receivable from participants are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

4. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated August 29, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code). Subsequent to the receipt of the determination letter, the Plan was amended. Plan management believes the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would result in a tax liability or tax asset at December 31, 2024 and 2023. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is not subject to income tax examinations for years prior to 2021.

5. Reconciliation of Audited Financial Statements to the Form 5500

There are no reconciling items between the Plan's financial statements and the draft Form 5500 for net assets available for benefits as of December 31, 2024 and 2023, or for net increase in net assets available for benefits for the year ended December 31, 2024.

6. Fair value measurement

The accounting standard for fair value measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Quoted market prices in active markets for identical assets or liabilities;

Level 2 Inputs other than Level 1 inputs that are either directly or indirectly observable; and

Level 3 Unobservable inputs developed using our own estimates and assumptions, which reflect those that a market participant would use.

During 2024, there were no transfers between levels.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2024 and 2023.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist entirely of actively traded mutual funds, which are valued using unadjusted quoted prices for identical assets from publicly available pricing sources.

Commingled funds offer portfolios with asset allocations designed for varying retirement dates or the year in which one expects to start drawing on their retirement assets. These portfolios share the common goal of first growing and then later preserving principal and may contain a mix of U.S. common stocks, International stocks, Treasury Inflation Protected securities, U.S. issued bonds and cash. Commingled funds also include common collective trusts. Commingled funds are valued at the Net Asset Value (NAV) established by the fund manager on a daily basis. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. No unfunded commitments exist.

TEGNA 401(k) Savings Plan

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

7. Prohibited Transactions

During 2023, the Plan's Sponsor inadvertently misallocated three PricewaterhouseCoopers (PwC) invoices for \$92,500 each that resulted in erroneous payments to PwC in excess of the value of services provided to the Plan. As defined by ERISA, these payments were considered prohibited transactions. The Plan was reimbursed for the erroneous payments within the same plan year. As of December 31, 2023, the Plan had received reimbursement for these erroneous payments from PwC. As of July 31, 2024, the Plan's Sponsor had settled the loss on earnings, interest, and excise tax associated with this transaction.

The Company believes these prohibited transactions do not affect the tax status of the Plan.

TEGNA 401(k) Savings Plan
Notes to Financial Statements (continued)

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Market Risks include global events which could impact the value of investment securities, such as pandemics, international conflicts, and tariffs. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through the date the financial statements were available to be issued. No material events have occurred since December 31, 2024 that require recognition or disclosure in these financial statements, except as follows:

Effective January 1, 2025, the Company will change the frequency of its 401(k) match contributions from bi-weekly to annually. Additionally, employees must remain employed by the Company on December 31st of each year in order to receive the matching contribution in the subsequent year.

In addition, effective January 1, 2025, the Plan is no longer intended to have a Safe Harbor plan design, and the Company's sliding scale contributions will be discontinued.

Further, effective January 1, 2025, the Plan has adopted the new regulations which permit a higher catch-up contribution limit for a year in which an employee attains age 60 - 63 by the end of the applicable year. The catch-up contribution limit for these individuals is the greater of \$10,000 or 150% of the regular catch-up contribution.
