INDEPENDENT AUDITOR'S REPORT

To the Denso Retirement Savings Plan
Southfield, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Denso Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DENSO RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the DENSO Retirement Savings Plan (the “Plan”) provides general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions

General—The Plan, established on January 1, 1991, and restated on January 1, 2022, is a defined contribution plan. The Plan covers all employees of DENSO International America, Inc. (DIAM, the “Company,” or the “Plan’s sponsor”) and employees of the following subsidiaries: DENSO Products and Services Americas, Inc. (DPAM); DENSO Manufacturing North Carolina, Inc. (DMNC); DENSO Manufacturing Tennessee, Inc. (DMTN); DENSO Manufacturing Michigan, Inc. (DMMI); DENSO Manufacturing Athens Tennessee, Inc. (DMAT); DENSO Manufacturing Arkansas, Inc. (DMAR); and Systex Products Corporation (SPC), who have completed one hour of service. Employees from the Company’s parent company on temporary assignment in the United States are excluded from participating in the Plan. Empower Trust Company, LLC (“ETC” or “Trustee”) serves as trustee and recordkeeper of the Plan. Empower Annuity Insurance Company of America (“EAICA”) is the insurance carrier for the Denso Stable Value Fund Deferred Annuity Contract (“Deferred Annuity Contract”) as of December 31, 2024 and 2023 (see Note 6). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Eligible employees may elect to contribute up to 75% of their compensation, not to exceed the maximum amount specified by the Internal Revenue Service (IRS), as defined in the Plan document. The maximum employee contribution was \$23,000 in 2024. In addition, the Plan provides that participants who are projected to be age 50 or older by the end of the Plan year and who are making deferral contributions to the Plan may also make a catch-up contribution. The maximum catch-up contribution was \$7,500 in 2024. Employees may amend or revoke their election at any time.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company matches salary reduction deferrals equal to 100% of the participants’ combined pretax and after-tax salary deferrals up to 4%.

The Plan also provides for discretionary profit-sharing contributions and discretionary non-elective contributions that can be made by the Company. These contributions are allocated based upon participant compensation. During the year-ended December 31, 2024, the Company made \$19,791,477 and \$6,597,160 of discretionary profit-sharing contributions and discretionary non-elective contributions to the Plan, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company matching contribution, allocations of the employer discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting—Participants are always 100% vested in their own contributions, plus earnings or losses thereon. Vesting in matching and employer discretionary annual contributions, plus earnings or losses thereon, is based upon years of service. The vesting schedule for participants who have at least one hour of service during the Plan year is as follows:

	Vesting Percentage
Less than 2 years	- %
2 years of service	33.3
3 years of service	66.7
4+ years of service	100.0

If a participant terminates employment prior to being fully vested in the matching and employer discretionary annual contributions, all nonvested amounts are considered forfeitures and are used by the Company to offset future matching contributions. The employer, in its sole discretion, may fully vest accounts of participants affected by a business divestiture, layoff, or other similar transaction.

Investments—Participants direct the investment of their contributions, the employer matching, and the employer discretionary annual contributions into various investment options offered by the Plan. ETC provides the participants with information about the investments held and investment strategy of each of the funds.

Payment of Benefits—Distributions are not permitted for participants employed by the Company or its subsidiaries until they attain the age of 59 1/2, except for “hardship” situations, as defined by the IRS. Participants who have terminated or retired may elect an immediate distribution or may defer the distribution, if their vested fund balance is greater than \$5,000. If no election is made and the vested fund balance exceeds \$1,000 but is \$5,000 or less, the participant’s account is automatically rolled over into an individual retirement account. If no election is made and the vested fund balance is less than \$1,000, a lump-sum distribution is made.

Notes Receivable from Participants—Plan provisions allow for participants to borrow from their individual account balances in amounts up to the lesser of \$30,000 or 50% of their vested account balance for regular loans and up to the lesser of \$50,000 or 50% of their vested account balance for primary residence loans. The loans are secured by the balance in the participant’s account and bear interest based on the current prevailing interest rates at the date the loans are initiated. Principal and interest are paid ratably through payroll deductions.

Loan terms range from 1 to 15 years. As of December 31, 2024, participants’ loans have maturities through 2039 at interest rates ranging from 4.25% to 9.50%.

Forfeitures—Forfeitures occur when participants withdraw from the Plan before becoming fully vested. Forfeitures are recorded upon the earlier of disbursement to participants or five years after the termination of employment, if participants continue to maintain their investments in the Plan. Forfeited amounts decrease the Company's future contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$4,254,402 and \$2,882,446, respectively. During 2024, employer contributions were reduced by \$4,052,746 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments, including mutual funds, common collective trust funds, and an investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility, including pandemics and international conflict. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—Shares of mutual funds are valued at quoted market prices in an active market. The Plan's investments in common collective trust funds are stated at fair value based on the fair market value of the underlying investments, which represents the net asset value (NAV) practical expedient of shares held by the Plan at year-end. For the common collective trust funds, there were no notice period requirements, restrictions on redemptions, or unfunded commitments as of December 31, 2024 and 2023.

The Deferred Annuity Contract is recorded at contract value as of December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions - Employee contributions and the Company matching contributions are recorded when withheld. Employer discretionary contributions are recorded when earned.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2024 and 2023.

Administrative Expenses—Administrative expenses are paid by the Plan, or the Company as provided in the Plan document. Administrative expenses of \$10.25 per participant are deducted from participant accounts each calendar quarter. Participants also pay administrative costs for loans and distributions.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. There were no changes in valuation methodologies used during the year ended December 31, 2024.

A summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2024 and 2023, is as follows:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2024 Total
Mutual funds	<u>\$ 371,207,725</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 371,207,725
Investments measured at NAV				<u>1,428,849,305</u>
Total investments				<u>\$ 1,800,057,030</u>
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2023 Total
Mutual funds	<u>\$ 343,104,710</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 343,104,710
Investments measured at NAV				<u>1,276,749,307</u>
Total investments				<u>\$ 1,619,854,017</u>

Transfer between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers between levels.

The valuation methods as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE TRUSTEE AND INSURANCE CARRIER

The following is a summary of information regarding the Plan, included in the Plan's financial statements and supplemental schedule, which was prepared by the trustee and insurance carrier of the Plan, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee and insurance carrier that information, which was utilized in preparing the accompanying financial statements and supplemental schedule, are complete and accurate.

Statements of Net Assets Available for Benefits	2024	2023
Investments—at fair value:		
Mutual funds	\$ 371,207,725	\$ 343,104,710
Common collective trust funds	1,428,849,305	1,276,749,307
Investments—at contract value—deferred annuity contract	<u>215,585,262</u>	<u>214,713,268</u>
Total investments	<u>\$ 2,015,642,292</u>	<u>\$ 1,834,567,285</u>
Statement of Changes in Net Assets Available for Benefits		2024
Net appreciation in the fair value of investments		\$ 210,366,845
Dividend and interest income from investments		24,270,493

Supplemental schedule of assets (held at end of year): All investment balances and information included in the supplemental schedule of assets (held at end of year), excluding participant loans.

Note: All investment balances and investment information, excluding the level of investments in Note 3, Fair Value Measurements

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Deferred Annuity Contract is managed by EAICA. Fees paid for investment management services were included as a reduction of the return earned on each fund. The contract value of investments held by EAICA is \$215,585,262 and \$214,713,268 as of December 31, 2024 and 2023, respectively. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

6. INSURANCE CONTRACT

During 2020, the Plan invested in the Deferred Annuity Contract, a contract value separate investment account sponsored by EAICA. The Deferred Annuity Contract invests primarily in investment-grade government securities. The underlying securities in the Deferred Annuity Contract are owned by EAICA. The crediting rate is determined based on a formula established by EAICA but may not be less than 0% and is reset every three months.

The Deferred Annuity Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on EAICA's ability to meet its financial obligations. EAICA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Deferred Annuity Contract imposes certain restrictions on the Plan and the Deferred Annuity Contract itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Deferred Annuity Contract to transact at less than contract value is not probable.

Limitations on the Ability of the Deferred Annuity Contract to Transact at Contract Value

Restrictions on the Plan—Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan's Sponsor. The following events may limit the ability of the Deferred Annuity Contract to transact at contract value:

- Complete or partial termination of the Plan
- The establishment or activation of, or material change in, any Plan investment fund
- An amendment to the Plan or change in the administration or operation of the Plan, including the removal of a group of participants from the Plan coverage as a result of a sponsor-initiated event, such as the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs
- Chapter 11 bankruptcy of Plan Sponsor

7. FEDERAL INCOME TAX STATUS

The Plan uses a volume submitter plan document sponsored by Warner Norcross & Judd LLP ("WNJ"). WNJ received an opinion letter from the IRS, dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has also received a determination letter from the IRS dated July 21, 2017. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be

sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Subject to certain limitations, the Plan Sponsor can amend, modify, or discontinue the Plan. Although it has not expressed any intent to do so, the Plan's Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 1, 2025, the date the financial statements were available to be issued. Management has identified no such events that require recording or disclosure.
