Independent Auditor's Report

To the Plan Administrator
Centric Construction Group Employee
Stock Ownership Plan and Trust
Kansas City, Missouri

Opinion

We have audited the financial statements of Centric Construction Group Employee Stock Ownership Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Centric Construction Group Employee Stock Ownership Plan and Trust

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Centric Construction Group Employee Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Centric Holdings, Inc. (the Company) established the Plan effective January 1, 2023. The Plan operates, in relevant parts, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. An independent third-party trust company is the Plan's trustee. The Plan is administered by the Company.

On November 30, 2023, the Plan purchased 2,000,000 shares of the Company's common stock for \$31,000,000 with a loan of \$28,600,000 which was financed through the Company (see Note 5) and with \$2,400,000 cash and holds the common stock in a trust established under the Plan. As the Plan makes payments on the note, an appropriate percentage of common stock is allocated to eligible participants' accounts in accordance with applicable regulations under the IRC.

The borrowings are collateralized by the unallocated shares of stock. The lender has no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of participants with rights in allocated common stock ("Allocated") and
- (b) common stock not yet allocated to participants ("Unallocated")

Eligibility

Employees of the Company are generally eligible to participate in the Plan after attaining age 18 and completing one year of service providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for such plan year. In the year of inception, all employees who attained the age of 18 and were employed as of January 1, 2023 were eligible to participate, regardless of the service provided.

Contributions

The Company is obligated to make contributions to the Plan, at the discretion of the Company's board of directors, to enable the Plan to make its regularly scheduled payments of principal and interest due on the Plan's outstanding loans. Employees are not permitted to make contributions.

Also, the board of directors of the Company determines the amount of discretionary contribution, if any, to the Plan annually. Discretionary contributions can be made by the Company in cash or Company stock. Discretionary cash contributions were \$1,531,620 for the year ended December 31, 2024.

Centric Construction Group Employee Stock Ownership Plan and Trust Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's stock released by the Trustee from the unallocated account, forfeitures of terminated participants' nonvested accounts, and shares of the Company stock purchased by contributions from the Company. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations of shares are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to a participant's account based on the ratio of the participant's account balance to the total account balance of all participants.

Vesting

Participants vest in the Company's contributions and earnings thereon based on years of credited service. Participants with less than one year of credited service will be 0% vested and for each of the next five years will become vested at a rate of 20%, becoming fully vested in their account balance after five years.

In the event of the participant's death or total disability while employed by the Company, the participant's account becomes fully vested.

Forfeitures

Forfeitures result when participants leave the Company before their accounts become fully vested. Forfeited balances of terminated participants' nonvested account balance may be used to reinstate previously forfeited account balances of former participants, with any remaining forfeitures allocated among the participant accounts in a similar manner as employer contributions. During 2024 and 2023, \$0 of cash forfeitures and 0 shares were allocated to participants.

Diversification

Diversification is offered to participants close to retirement so that they have the opportunity to move part of the value of their investment in Company's common stock into investments that are more diversified. Participants who have reached the age of 55 and have at least ten years of participation in the Plan, may elect to diversify a portion of their account balance that is invested in Company stock. During 2024, there was no diversification of participant account balances.

Payment of Benefits

Upon a participant's retirement, termination of employment, death, or disability the vested account balance may be paid in a lump sum or installments over a period of five years. If a participant's account balance is greater than \$5,000, the Plan administrator shall liquidate the participant's account and invest the proceeds in the Company's securities.

Distributions are made in cash, or if a participant elects, in the form of Company common stock.

Centric Construction Group Employee Stock Ownership Plan and Trust Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights

The trustees will vote all shares of the Company's common stock held by the Plan. The participants are entitled to direct the trustee as to their vote on matters which involve a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which the debt service is actually paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments on the Company's common stock, are stated at fair value, using the valuation methods described in Note 4. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

Expenses incurred in the administration of the Plan are paid by the Company and the Plan. Expenses incurred by the Company are excluded from these financial statements.

**Centric Construction Group Employee Stock Ownership Plan and Trust
Notes to Financial Statements**

NOTE 3 - INVESTMENT IN COMMON STOCK

The Plan's investment in the Company's common stock as of December 31, 2024 and 2023, is presented in the following table:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	191,742	1,808,258	154,839	1,845,161
Cost	\$ 2,972,000	\$ 28,028,000	\$ 2,400,000	\$ 28,600,000
Fair value	\$ 389,236	\$ 3,670,764	\$ 69,677	\$ 830,323

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable outputs (Level 3). The three levels of the fair value hierarchy under FASB ASU 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Centric Construction Group Employee Stock Ownership Plan and Trust
Notes to Financial Statements**

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level within the fair value hierarchy the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Centric Holdings, Inc. common stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,060,000</u>	<u>\$ 4,060,000</u>
	Assets at Fair Value as of December 31, 2023			
Centric Holdings, Inc. common stock	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 900,000</u>	<u>\$ 900,000</u>

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common Stock - The Company's common stock is valued at fair value as determined based upon a valuation prepared by an independent appraisal company. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Centric Holdings, Inc. common stock	\$ 4,060,000	Appraisal - Discounted cash flow (income approach) and guideline public company (market approach).	EBITDA
			Weighted average cost of capital
			Discount rate
			Discount for lack of marketability
			Public comparables
			EBITDA multiple

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Centric Construction Group Employee Stock Ownership Plan and Trust
Notes to Financial Statements**

NOTE 5 - NOTE PAYABLE

	2024	#NAME?
4.83% fixed rate note with the Company due in annual installments of \$1,531,620, including interest, with the final payment due December 31, 2073. The note is secured by unallocated shares of the Company's common stock	\$ 28,567,083	\$ 28,600,000

Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral multiplied by the ratio of the current-year payments divided by the total of the current year's payments, plus all future years' principal and interest payments. This resulted in approximately 36,903 shares being released and allocated for the Plan year ended December 31, 2024.

The annual maturities of long-term debt are as follows for the year ending December 31:

2025	\$	151,830
2026		159,163
2027		166,851
2028		174,910
2029		183,358
Thereafter		27,730,971
Total		\$ 28,567,083

NOTE 6 - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated January 30, 2025, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. The Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Centric Construction Group Employee Stock Ownership Plan and Trust Notes to Financial Statements

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the trustees may determine. The interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has a loan payable to the Company. These are related party and party-in-interest transactions. The Plan relies on service providers. Such parties are parties-in-interest under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the Company's common stock and to the uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the Company's common stock will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 7, 2025, the date which the financial statements were available to be issued.

The Board of Directors appointed a new trustee for the Plan effective January 1, 2025.
