INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of McAlpin Industries, Inc. Employees' Savings and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of McAlpin Industries, Inc. Employees' Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCALPIN INDUSTRIES, INC. EMPLOYEES' SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the McAlpin Industries, Inc. Employees' Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General -

The Plan was established on January 1, 1970. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all non-union employees of McAlpin Industries, Inc. (the "Company"). Eligible employees are permitted to make elective deferrals and receive Company discretionary matching contributions upon hire. Participants are eligible for any discretionary non-elective profit sharing contributions as long as they are employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration -

The Company serves as Plan administrator (the "Administrator") and is solely responsible for the general administration of the Plan and carrying out Plan provisions.

Newport Trust Company, LLC ("NTC") serves as the trustee of the Plan and custodian of Plan assets. USI Consulting Group provides third-party recordkeeping services. Alesco Advisors LLC provides investment advisory services to the Plan.

Contributions -

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum amount allowed under the Internal Revenue Code (the "Code"). Deferral limits under the Code were \$23,000 for the year ended December 31, 2024. In addition, participants age fifty and over at the end of the Plan year could elect to contribute a "catch-up" contribution of \$7,500 during the year ended December 31, 2024.

The Plan provides for the Company to make discretionary matching contributions to eligible participants. For the year ended December 31, 2024, the Company elected to make discretionary matching contributions equal to 50% of the participant's elective deferrals up to 5% of eligible compensation for a maximum matching contribution of 2.5% of eligible compensation. Company discretionary matching contributions were made each payroll period to participants and totaled \$256,297 during the year ended December 31, 2024.

The Company may also make an annual discretionary non-elective profit sharing contribution on behalf of eligible participants. The Company elected not to make a discretionary non-elective profit sharing contribution during the year ended December 31, 2024.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code. Further, participants are allowed to make Roth contributions into the Plan.

The Plan provides for automatic participant enrollment after the first thirty days following the participant's date of hire. The initial elective deferral rate is equal to 5% of the participant's eligible compensation and is increased by 1% each year, not to exceed 15% of eligible compensation.

Participant accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary non-elective profit sharing and discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary non-elective profit sharing and discretionary matching contribution portion of a participant's account plus earnings is based on years of service as follows:

<u>Years of service</u>	<u>Percentage</u>
Less than two	0%
At least two but less than three	20%
At least three but less than four	40%
At least four but less than five	60%
At least five but less than six	80%
Six or more	100%

Investment options -

Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options including mutual funds and the Putnam Stable Value Fund (the "collective trust") as selected by the Administrator.

Notes receivable from participants -

Participants may borrow up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Note repayment terms range up to a maximum of five years, unless used for the purpose of purchasing a participant's principal residence, with interest generally at the prime rate plus 1% at the date of the loan. The loans are collateralized by the balance in the individual participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of benefits -

Amounts contributed through payroll deductions may be withdrawn by, or distributed to, a participant only upon termination of employment or attaining the age of 59 ½. Withdrawals prior to attaining the age of 59 ½ are not permitted, except in the event of retirement or as a hardship distribution. Upon proof, to the satisfaction of the Administrator, amounts contributed may be withdrawn for a hardship distribution. Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account or periodic installments.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to receive a lump-sum amount, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, or may elect to keep their investments in the Plan. If the vested account balance is less than \$5,000, the balance will be distributed to the participant as soon as administratively feasible.

Forfeitures -

Participants whose employment with the Company has been terminated and who receive a distribution of the vested percentage of their account shall forfeit any amounts which are in excess of their vested interest as of the date of distribution. The non-vested portion will be restored to the participant's account in the event the employee returns to employment before five consecutive one-year breaks in service and pays back the distribution received from the Plan. After restoration of any of these benefits, the remaining forfeitures may be used to pay administrative expenses or reduce the Company's discretionary contributions.

During the year ended December 31, 2024, the Company utilized approximately \$24,000 of forfeitures to pay administrative expenses and reduce the Company's discretionary matching contributions. The cumulative balance of forfeitures available to offset future administrative expenses and discretionary Company contributions totaled approximately \$16,000 at December 31, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates include, but are not limited to, the valuation of investments and notes receivable from participants. Actual results may differ from those estimates.

Investment valuation and income recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by NTC. See Note 4 for a discussion of fair value measurements.

Contributions are recorded by the Plan when withheld from participants. Interest income is recorded by the Plan as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Administrator deems the participant's note receivable to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan, including audit fees are paid directly by the Company and are excluded from these financial statements. Administrative expenses include third-party recordkeeping, investment advisory, and trustee fees. Participants are also charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled \$83,719 for the year ended December 31, 2024.

Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

3. FINANCIAL INFORMATION PREPARED AND CERTIFIED BY NTC

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared by, or derived from, information provided by NTC and furnished to the Administrator.

The Administrator has obtained certification from NTC that the information below is complete and accurate as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$12,540,290	\$10,747,386
Collective trust	869,351	917,075
Notes receivable from participants	203,707	193,916
Net appreciation in fair value of investments	955,067	
Interest and dividend income	505,096	
Interest income on notes receivable from participants	16,562	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual funds: Mutual funds are valued at the net asset value (“NAV”) of shares held by the Plan at year end. NAV is derived from the quoted prices in active markets of the underlying investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

Collective trust: The Plan uses NAV as a practical expedient to determine the fair value of the collective trust. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Subject to certain restrictions, withdrawals from the collective trust are generally permitted daily at contract value, and there are no unfunded commitments.

The fair value of investments measured on a recurring basis at December 31, 2024 is presented below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$12,540,290	\$12,540,290
Collective trust measured at NAV as a practical expedient	-	869,351
	<u>\$12,540,290</u>	<u>\$13,409,641</u>

The fair value of investments measured on a recurring basis at December 31, 2023 is presented below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$10,747,386	\$10,747,386
Collective trust measured at NAV as a practical expedient	-	917,075
	<u>\$10,747,386</u>	<u>\$11,664,461</u>

5. PARTY-IN-INTEREST TRANSACTIONS

NTC serves as trustee of the Plan’s assets. All transactions between the Plan and NTC qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions.

6. TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing/money purchase/cash or deferred arrangement plan sponsored by Newport Group, Inc. that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2024.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary non-elective profit sharing contribution and discretionary matching contribution account balances as of the date of termination.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

The Administrator has evaluated subsequent events through October 8, 2025, which is the date the accompanying financial statements were available to be issued.

Subsequent to December 31, 2024, the Company changed its discretionary matching contribution to the Plan (see Note 1). The discretionary matching contribution was revised to be equal to 50% of the participant's elective deferrals up to 6% of eligible compensation for a maximum matching contribution of 3% of eligible compensation.
