## Independent Auditor's Report

Retirement Plan Committee  
Denny's Corporation 401(k) Plan  
Spartanburg, South Carolina

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of Denny's Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Denny's Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Denny's Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Denny's Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Denny's Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Denny's Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters - Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### (1) Description of the Plan

The following brief description of the Denny's 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information on the Plan's provisions.

#### (a) General

The Plan is a qualified defined contribution plan, subject to the Employee Retirement Income Security Act of 1974 (ERISA). Any eligible employee of Denny's, Inc. (referred to below as Denny's or the Company), Keke's, Inc., or Denny's Corporation (effective December 21, 2023) who has attained age 21 and completed three months of service may make contributions to the Plan following enrollment. The following individuals are ineligible to participate in the Plan: nonresident aliens; individuals classified as independent contractors (even if later reclassified as common law employees); employees whose employment is covered by a collective bargaining arrangement that does not provide for them to participate in this Plan; and leased employees. Plan participants must complete three months of service with the Company, Keke's, Inc. and/or Denny's Corporation to be eligible for matching contributions.

Starting in April 2023, Fidelity Investments (Fidelity) began serving at the Plan's record keeper and Fidelity Management Trust Company as the trustee. Prior to April 2023, Principal Financial Group Inc., / Principal Life Insurance Company (Principal) served as the Plan's record keeper and Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, served as the Plan's trustee.

Effective August 1, 2023, the Plan was amended to change the eligibility service requirement to three months of service (reduced from six months).

Effective December 21, 2023, the Plan was amended to include Denny's Corporation as a participating employer in the Plan.

Denny's Retirement Plan Committee and Fidelity control and manage the operation and administration of the Plan.

The Plan uses a safe harbor matching contribution design.

#### (b) Contributions

Each year, participants may make pre-tax and/or Roth 401(k) contributions in increments of 1% up to 75% (effective January 1, 2023) of eligible compensation, as defined in the Plan. The combined Roth 401(k) and pre-tax 401(k) contributions cannot exceed the annual Internal Revenue Service (IRS) or Plan limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other eligible retirement plans.

Pursuant to the safe harbor contribution design, the Plan maintains a basic match formula which provides for a 100% employer matching contribution on the first 3% of eligible pay deferred under the Plan, plus an additional 50% match on the next 2% of eligible pay deferred. There is immediate vesting of all employer safe harbor matching contributions.

Contributions are subject to certain Internal Revenue Code (IRC) limitations. There were no excess contributions to be returned to participants as of December 31, 2024 or December 31, 2023.

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(c) Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of employer contributions and Plan earnings, and is charged with allocations of Plan losses, administrative expenses and benefit payments, if applicable. Allocations are based on earnings and participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **(d) Vesting**

All participants are immediately vested in their own contributions plus actual earnings thereon. All employer safe harbor matching contributions and actual earnings thereon are 100% vested.

### **(e) Investment Options**

Participants direct both participant and employer contributions in 1% increments among the investment options currently offered by the Plan. Participants may change their investment options at any time by contacting Fidelity or through Fidelity's website. The investment options offered by the Plan include mutual funds and pooled, common and collective funds.

### **(f) Participant Loans**

Participants may borrow up to 50% of the vested portion of their account, not to exceed \$50,000 less the highest outstanding loan balance during the prior 12-month period. The minimum loan amount is \$1,000. Each participant may have only one loan outstanding at any time. Loan terms cannot exceed 60 months (except for a loan to purchase a primary residence, in which case the loan term cannot exceed 120 months). The loans are secured by the balance in the participant's account and bear interest at rates that are comparable to rates charged by commercial lending institutions at the time the loan is made. The participant also bears any loan administration costs incurred. Loans are repaid ratably through payroll deductions. A deemed distribution results when a participant, who is classified as an active employee, has defaulted on a loan. Loan defaults occur when a participant, who is no longer an active employee, defaulted on a loan or received an actual distribution that was offset by the loan amount. Additionally, the unpaid balance of the loan will be reported as a taxable distribution. Participant loans outstanding at December 31, 2024 have interest rates between 3.25% and 9.50%.

### **(g) Payment of Benefits**

Distributions under the Plan may be made upon a participant's death, disability, retirement, or termination of employment. Participants generally may elect to receive the vested portion of their account balance in a lump-sum payment, installment payments, partial withdrawals, or roll their distribution into another eligible retirement plan or individual retirement account.

### **(h) Expenses**

Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Direct charges and expenses, including investment manager fees attributable to specific investment funds, may be charged against that investment fund. Administrative expenses such as trustee, auditor, and general plan recordkeeping fees may be paid by the Plan and allocated to participant accounts.

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(i) Withdrawals**

Withdrawals during employment are permitted under hardship circumstances that are determined by the IRS "Safe Harbor" rules. Participants who are age 59-1/2 or older may withdraw from certain contribution accounts at any time without meeting the hardship withdrawal requirements.

### **(j) Forfeited Accounts**

Forfeitures are used to pay the Plan's administrative expenses and/or reduce future employer matching contributions to the Plan. In 2024, \$20,573 in forfeitures were used to reduce employer contributions. In 2023, \$7,036 in forfeitures were used to reduce employer contributions.

## **(2) Summary of Significant Accounting Policies**

### **(a) Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles. Certain adjustments have been made to the financial statements provided by the trustee in order for them to conform to the accrual basis of accounting.

### **(b) Participant Notes Receivable**

Participant notes receivable represents participant loans that are recorded at amortized cost plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income recognized related to participant loans was \$66,419 and \$3,723 for the years ended December 31, 2024 and 2023, respectively. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

### **(c) Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

### **(d) Investment Valuation and Income Recognition**

The Plan's investments are stated at their fair value. Fair value is the price that would be required to sell an asset or paid to transfer a liability at the measurement date. The Plan determines the appropriate valuation policies utilizing information provided by the investment advisers, trustees, and insurance company as applicable. See note 2(g).

Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

### **(e) Contributions**

Contributions from Plan participants and any matching contributions from the Company are recorded the year in which the employee contributions are withheld from compensation.

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### (f) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### (g) *Investment Risk*

The Plan provides for investments that are exposed to risk, such as interest rate, credit, and market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### (h) *Fair Value*

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

### (3) *Information Certified by Plan Trustee*

The following is a summary of the Plan's financial information and data certified by Fidelity, the trustee starting in April 2023, and Principal Trust Company, the trustee prior to April 2023, as of and for the years ended December 31, 2024 and 2023, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### (4) Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023 (fair value is measured using a market approach for all assets).

- Pooled, common and collective funds: These funds are valued using the net asset value, referred to as NAV provided by the administrator of the funds. NAV is the readily determinable fair market value of these funds. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares or units outstanding. The NAV is a quoted price in a market that is not active and is the basis for current transactions. The Plan has the ability to redeem its investments in the funds at the NAV at the valuation date. The funds do not have finite lives or unfunded commitments and there are no significant restrictions, redemption terms, or holding periods which would limit the ability of the Plan or the participants to transact at the NAV. However, the Plan is subject to a twelve-month replacement notification requirement for the Galliard Stable Return Fund C.
- Mutual funds: These funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Fair Value</b>
Cash and cash equivalents	\$ 127,456	—	—	\$ 127,456
Mutual funds	74,072,975	—	—	74,072,975
Total assets in the fair value hierarchy	<u>\$ 74,200,431</u>	<u>\$ —</u>	<u>\$ —</u>	
Investments measured at net asset value (a)				14,377,081
Investments at fair value				<u>\$ 88,577,512</u>

<b>Assets at Fair Value as of December 31, 2023</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Fair Value</b>
Mutual funds	\$ 117,625	—	—	\$ 117,625
Total assets in the fair value hierarchy	66,484,349	—	—	66,484,349
Investments measured at net asset value (a)	<u>\$ 66,601,974</u>	<u>\$ —</u>	<u>\$ —</u>	
Investments at fair value				15,353,982
				<u>\$ 81,955,956</u>

*(a) In accordance with GAAP, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value hierarchy amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no redemption restrictions for these investments.

	<b>Fair Value at December 31, 2024</b>	<b>Fair Value at December 31, 2023</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Galliard Stable Return Fund C	\$14,377,081	\$15,353,982	None	No limit	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The pooled, common and collective funds seek income and/or capital growth. The funds invest primarily in investment contracts, security-backed contracts, equity securities, collective investment funds, mutual funds and/or exchange traded funds. The mutual funds and exchange traded funds may invest in equity and fixed-income securities of issuers anywhere in the world, including emerging markets investments, and including, among others, high yield, commodity, and real estate investments.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The Plan's accounting policy is to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers into or out of Levels 1, 2, or 3.

### **(5) Exempt Party-in-Interest Transactions**

For the years ended December 31, 2024 and 2023, certain Plan investments consist of common and collective funds managed by Principal Trust Company (for periods prior to April 3, 2023) and Fidelity Management Trust Company (for periods on and after April 3, 2023), each a trustee for the respective applicable period and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal and Fidelity, as applicable, were included as a reduction of the return on each fund. Fees paid by the Plan to the respective trustees and other parties-in-interest for administrative and investment advisory and management services were \$120,017 and \$124,565 for the years ended December 31, 2024 and December 31, 2023, respectively. Fees paid by the Plan to the other parties-in-interest for audit services were \$26,917 and \$19,058 for the years ended December 31, 2024 and 2023, respectively.

### **(6) Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their employer contributions (to the extent not already fully vested).

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(7) Tax Status**

The Plan has not obtained an individual determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") with respect to either the pre-approved plan document used prior to April 3, 2023 or the pre-approved plan document used since April 3, 2023. The Plan is relying on the IRS approval of the non-standardized, pre-approved plan document used by the Plan. The IRS has determined and informed the respective pre-approved document sponsors by letters dated June 30, 2020 that the plan documents were designed in accordance with applicable sections of the IRC. Although the Plan has been amended, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **(8) Subsequent Events**

The Company performed an evaluation of subsequent events from the balance sheet date through October 8, 2025, the date the financial statements were available to be issued, and determined that no events required disclosure other than those noted above.

## Independent Auditor's Report

Retirement Plan Committee  
Denny's Corporation 401(k) Plan  
Spartanburg, South Carolina

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of Denny's Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Denny's Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Denny's Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Denny's Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Denny's Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Denny's Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters - Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### (1) Description of the Plan

The following brief description of the Denny's 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information on the Plan's provisions.

#### (a) General

The Plan is a qualified defined contribution plan, subject to the Employee Retirement Income Security Act of 1974 (ERISA). Any eligible employee of Denny's, Inc. (referred to below as Denny's or the Company), Keke's, Inc., or Denny's Corporation (effective December 21, 2023) who has attained age 21 and completed three months of service may make contributions to the Plan following enrollment. The following individuals are ineligible to participate in the Plan: nonresident aliens; individuals classified as independent contractors (even if later reclassified as common law employees); employees whose employment is covered by a collective bargaining arrangement that does not provide for them to participate in this Plan; and leased employees. Plan participants must complete three months of service with the Company, Keke's, Inc. and/or Denny's Corporation to be eligible for matching contributions.

Starting in April 2023, Fidelity Investments (Fidelity) began serving at the Plan's record keeper and Fidelity Management Trust Company as the trustee. Prior to April 2023, Principal Financial Group Inc., / Principal Life Insurance Company (Principal) served as the Plan's record keeper and Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, served as the Plan's trustee.

Effective August 1, 2023, the Plan was amended to change the eligibility service requirement to three months of service (reduced from six months).

Effective December 21, 2023, the Plan was amended to include Denny's Corporation as a participating employer in the Plan.

Denny's Retirement Plan Committee and Fidelity control and manage the operation and administration of the Plan.

The Plan uses a safe harbor matching contribution design.

#### (b) Contributions

Each year, participants may make pre-tax and/or Roth 401(k) contributions in increments of 1% up to 75% (effective January 1, 2023) of eligible compensation, as defined in the Plan. The combined Roth 401(k) and pre-tax 401(k) contributions cannot exceed the annual Internal Revenue Service (IRS) or Plan limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other eligible retirement plans.

Pursuant to the safe harbor contribution design, the Plan maintains a basic match formula which provides for a 100% employer matching contribution on the first 3% of eligible pay deferred under the Plan, plus an additional 50% match on the next 2% of eligible pay deferred. There is immediate vesting of all employer safe harbor matching contributions.

Contributions are subject to certain Internal Revenue Code (IRC) limitations. There were no excess contributions to be returned to participants as of December 31, 2024 or December 31, 2023.

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(c) Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of employer contributions and Plan earnings, and is charged with allocations of Plan losses, administrative expenses and benefit payments, if applicable. Allocations are based on earnings and participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **(d) Vesting**

All participants are immediately vested in their own contributions plus actual earnings thereon. All employer safe harbor matching contributions and actual earnings thereon are 100% vested.

### **(e) Investment Options**

Participants direct both participant and employer contributions in 1% increments among the investment options currently offered by the Plan. Participants may change their investment options at any time by contacting Fidelity or through Fidelity's website. The investment options offered by the Plan include mutual funds and pooled, common and collective funds.

### **(f) Participant Loans**

Participants may borrow up to 50% of the vested portion of their account, not to exceed \$50,000 less the highest outstanding loan balance during the prior 12-month period. The minimum loan amount is \$1,000. Each participant may have only one loan outstanding at any time. Loan terms cannot exceed 60 months (except for a loan to purchase a primary residence, in which case the loan term cannot exceed 120 months). The loans are secured by the balance in the participant's account and bear interest at rates that are comparable to rates charged by commercial lending institutions at the time the loan is made. The participant also bears any loan administration costs incurred. Loans are repaid ratably through payroll deductions. A deemed distribution results when a participant, who is classified as an active employee, has defaulted on a loan. Loan defaults occur when a participant, who is no longer an active employee, defaulted on a loan or received an actual distribution that was offset by the loan amount. Additionally, the unpaid balance of the loan will be reported as a taxable distribution. Participant loans outstanding at December 31, 2024 have interest rates between 3.25% and 9.50%.

### **(g) Payment of Benefits**

Distributions under the Plan may be made upon a participant's death, disability, retirement, or termination of employment. Participants generally may elect to receive the vested portion of their account balance in a lump-sum payment, installment payments, partial withdrawals, or roll their distribution into another eligible retirement plan or individual retirement account.

### **(h) Expenses**

Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Direct charges and expenses, including investment manager fees attributable to specific investment funds, may be charged against that investment fund. Administrative expenses such as trustee, auditor, and general plan recordkeeping fees may be paid by the Plan and allocated to participant accounts.

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(i) Withdrawals**

Withdrawals during employment are permitted under hardship circumstances that are determined by the IRS "Safe Harbor" rules. Participants who are age 59-1/2 or older may withdraw from certain contribution accounts at any time without meeting the hardship withdrawal requirements.

### **(j) Forfeited Accounts**

Forfeitures are used to pay the Plan's administrative expenses and/or reduce future employer matching contributions to the Plan. In 2024, \$20,573 in forfeitures were used to reduce employer contributions. In 2023, \$7,036 in forfeitures were used to reduce employer contributions.

## **(2) Summary of Significant Accounting Policies**

### **(a) Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles. Certain adjustments have been made to the financial statements provided by the trustee in order for them to conform to the accrual basis of accounting.

### **(b) Participant Notes Receivable**

Participant notes receivable represents participant loans that are recorded at amortized cost plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income recognized related to participant loans was \$66,419 and \$3,723 for the years ended December 31, 2024 and 2023, respectively. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

### **(c) Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

### **(d) Investment Valuation and Income Recognition**

The Plan's investments are stated at their fair value. Fair value is the price that would be required to sell an asset or paid to transfer a liability at the measurement date. The Plan determines the appropriate valuation policies utilizing information provided by the investment advisers, trustees, and insurance company as applicable. See note 2(g).

Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

### **(e) Contributions**

Contributions from Plan participants and any matching contributions from the Company are recorded the year in which the employee contributions are withheld from compensation.

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### (f) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### (g) *Investment Risk*

The Plan provides for investments that are exposed to risk, such as interest rate, credit, and market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### (h) *Fair Value*

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

### (3) *Information Certified by Plan Trustee*

The following is a summary of the Plan's financial information and data certified by Fidelity, the trustee starting in April 2023, and Principal Trust Company, the trustee prior to April 2023, as of and for the years ended December 31, 2024 and 2023, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### (4) Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023 (fair value is measured using a market approach for all assets).

- Pooled, common and collective funds: These funds are valued using the net asset value, referred to as NAV provided by the administrator of the funds. NAV is the readily determinable fair market value of these funds. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares or units outstanding. The NAV is a quoted price in a market that is not active and is the basis for current transactions. The Plan has the ability to redeem its investments in the funds at the NAV at the valuation date. The funds do not have finite lives or unfunded commitments and there are no significant restrictions, redemption terms, or holding periods which would limit the ability of the Plan or the participants to transact at the NAV. However, the Plan is subject to a twelve-month replacement notification requirement for the Galliard Stable Return Fund C.
- Mutual funds: These funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2024 and 2023:

<b>Assets at Fair Value as of December 31, 2024</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Fair Value</b>
Cash and cash equivalents	\$ 127,456	—	—	\$ 127,456
Mutual funds	74,072,975	—	—	74,072,975
Total assets in the fair value hierarchy	<u>\$ 74,200,431</u>	<u>\$ —</u>	<u>\$ —</u>	
Investments measured at net asset value (a)				14,377,081
Investments at fair value				<u>\$ 88,577,512</u>

<b>Assets at Fair Value as of December 31, 2023</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Fair Value</b>
Mutual funds	\$ 117,625	—	—	\$ 117,625
Total assets in the fair value hierarchy	<u>66,484,349</u>	<u>—</u>	<u>—</u>	66,484,349
Investments measured at net asset value (a)	<u>\$ 66,601,974</u>	<u>\$ —</u>	<u>\$ —</u>	
Investments at fair value				15,353,982
				<u>\$ 81,955,956</u>

*(a) In accordance with GAAP, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value hierarchy amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no redemption restrictions for these investments.

	<b>Fair Value at December 31, 2024</b>	<b>Fair Value at December 31, 2023</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Galliard Stable Return Fund C	\$14,377,081	\$15,353,982	None	No limit	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The pooled, common and collective funds seek income and/or capital growth. The funds invest primarily in investment contracts, security-backed contracts, equity securities, collective investment funds, mutual funds and/or exchange traded funds. The mutual funds and exchange traded funds may invest in equity and fixed-income securities of issuers anywhere in the world, including emerging markets investments, and including, among others, high yield, commodity, and real estate investments.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The Plan's accounting policy is to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers into or out of Levels 1, 2, or 3.

### **(5) Exempt Party-in-Interest Transactions**

For the years ended December 31, 2024 and 2023, certain Plan investments consist of common and collective funds managed by Principal Trust Company (for periods prior to April 3, 2023) and Fidelity Management Trust Company (for periods on and after April 3, 2023), each a trustee for the respective applicable period and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal and Fidelity, as applicable, were included as a reduction of the return on each fund. Fees paid by the Plan to the respective trustees and other parties-in-interest for administrative and investment advisory and management services were \$120,017 and \$124,565 for the years ended December 31, 2024 and December 31, 2023, respectively. Fees paid by the Plan to the other parties-in-interest for audit services were \$26,917 and \$19,058 for the years ended December 31, 2024 and 2023, respectively.

### **(6) Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their employer contributions (to the extent not already fully vested).

## DENNY'S 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

### **(7) Tax Status**

The Plan has not obtained an individual determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") with respect to either the pre-approved plan document used prior to April 3, 2023 or the pre-approved plan document used since April 3, 2023. The Plan is relying on the IRS approval of the non-standardized, pre-approved plan document used by the Plan. The IRS has determined and informed the respective pre-approved document sponsors by letters dated June 30, 2020 that the plan documents were designed in accordance with applicable sections of the IRC. Although the Plan has been amended, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **(8) Subsequent Events**

The Company performed an evaluation of subsequent events from the balance sheet date through October 8, 2025, the date the financial statements were available to be issued, and determined that no events required disclosure other than those noted above.
