Actuarial Certification
Plan Year: 1/1/2024 to 12/31/2024
Valuation Date: 12/31/2024

This report has been prepared for the plan sponsor and his/her professional advisors in accordance with generally accepted actuarial principles and practices and, to the best of my knowledge, fairly reflects the actuarial condition of the Oaks Surgical Specialists, A Medical Corporation Defined Benefit Pension Plan.

The purpose of this report is to communicate the minimum required and maximum deductible contributions for the plan year. Certain assumptions used in the determination of these values and related amounts such as the Adjusted Funding Target Attainment Percentage (AFTAP), are prescribed by the Internal Revenue Code, Regulations and other official guidance, including the American Rescue Plan of 2021 and the Infrastructure Investment and Jobs Act of 2021. The prescribed mortality table and discount rates were applied in accordance with my understanding of the applicable law and regulations. In my opinion, each other assumption is reasonable both individually and in the aggregate, taking into account the experience of the plan and reasonable expectations and, in combination, offers my best estimate of anticipated experience under the plan. This report, and accompanying schedules describing the actuarial assumptions and methods employed and the principal document provisions on which the valuation is based, are complete and accurate to the best of my knowledge.

In preparing this report I have relied upon employee information provided by the Plan Sponsor and plan asset information provided by the Trustee, both as of the valuation date. In accordance with generally accepted actuarial principles and practices, I have reviewed, but not audited, this information and the data has been found to be of acceptable quality for purposes of this actuarial report.

Future actuarial measurements may differ significantly from the measurements presented in this report due to such factors as plan experience differing from that anticipated, changes in economic or demographic assumptions, and changes in plan provisions or applicable law. Due to the limited scope of this actuarial assignment, no analysis was performed of the potential range of such future measurements. In addition, determinations of the condition of the plan for other purposes, such as satisfying the reporting requirements of the Financial Accounting Standards Board, if any, and measuring the level of funding for plan termination, may require different assumptions and methods and the results may differ significantly from those presented here.

To the best of my knowledge, there is no conflict of interest which would impair, or appear to impair, the objectivity of my work on this assignment. If the information contained in this report is provided to others, the report should be provided in its entirety to limit the risk of misinterpretation. Please contact me if you require additional explanations for any item(s) contained in this report or for any other communications related to my engagement as actuary for the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
