STP Nuclear Operating Company Savings Plan
Wadsworth, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of STP Nuclear Operating Company Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**STP Nuclear Operating Company Savings Plan
Notes to Financial Statements

Note 1. Description of the Plan

General

The STP Nuclear Operating Company Savings Plan (Plan) was established in conjunction with the formation of the STP Nuclear Operating Company (Company or STPNOC) in 1997. Effective January 1, 2017, the Plan was converted from operation under an individually designed plan document to the Vanguard Fiduciary Trust Company Defined Contribution Volume Submitter Plan and Trust. Effective February 1, 2024, the Plan was transitioned to Fidelity Management Trust Company.

The Plan is a defined contribution plan, which is subject to the reporting requirements and regulations pursuant to the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). With the exception of leased employees, consultants, and independent contractors, employees of the Company are generally eligible to begin participating in the Plan on their date of hire.

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Administration and Trustee

The Plan is administered by a benefits committee (Benefits Trust Committee) whose members are appointed by the Board of Directors of the Company. The Benefits Trust Committee has the power to carry out the provisions of the Plan, including the administration and investment of the Plan's assets in accordance with the provisions of the Plan. Vanguard Fiduciary Trust Company (Vanguard) was the Plan's trustee and recordkeeper through January 31, 2024. As of February 1, 2024, Fidelity Management Trust Company (Fidelity) is the Plan's trustee and recordkeeper. Generally, the Trustee is responsible for receiving contributions and income and executing investment transactions pursuant to the instructions of the Benefits Trust Committee and the participants. The Trustee is also responsible for maintaining custody of the Plan's assets and for payment of benefits to participants at the direction of the Benefits Trust Committee.

Plan Contributions

Eligible participants may make pretax and/or after-tax basic or after-tax Roth contributions up to 8% of compensation. The Company contributes 70% of the total of each participant's pretax basic, after-tax basic, and after-tax Roth contributions. Effective February 1, 2024, participants are eligible to make pretax excess contributions provided that the total pretax contributions do not exceed 75% of the participants' compensation. The Company does not make any contribution to participant accounts for these excess contributions. Participants who have attained the age of 50 during the plan year may elect to contribute additional "catch-up" contributions (maximum of \$7,500 in both 2024 and 2023).

Effective January 1, 2007, the Company began making a supplemental contribution to the Plan on behalf of eligible employees who are initially employed or reemployed on or after January 1, 2007, and who remain employed on each December 31 of the plan year. The contribution is a percentage of each eligible employee's eligible compensation. Effective January 1, 2022, the percentage of eligible compensation is determined based on years of service to the Company, union status, and pension eligibility.

With the consent of the Benefits Trust Committee, participants may also make rollover contributions to the Plan. Rollover contributions must meet the requirements of the Internal Revenue Code of 1986, as amended (Code), Section 20(c)(4), and certain other conditions, as defined by the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and plan earnings, and charged with

STP Nuclear Operating Company Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

withdrawals and allocation of plan losses. Allocations are based on participant contributions, earnings, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan and may change the allocation daily. In the event investment instructions are not received from the participant, the investment of contributions are allocated to the default investment option, the age appropriate target date retirement fund.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Plan was amended, effective January 1, 2015, to reflect that participants are 100% vested in employer contributions after one hour of service.

Notes Receivable From Participants

The plan administrator may make loans to participants up to a maximum aggregate amount, as defined by the Plan, not to exceed the lesser of 1) \$50,000, less the balance of any outstanding loans made within one year of the date of the current loan, or 2) 50% of the present value of the borrower's vested account balance. No loans of less than \$500 or more than \$50,000 will be made to a borrower. Each loan shall be made under such terms, security interest, and conditions as the plan administrator deems appropriate. Loans are limited to each participant's pretax contributions and rollover accounts. The loans are secured by the balance in the participant's account. Loan processing fees totaling \$6,880 and \$6,720 for 2024 and 2023, respectively, are paid out of participants' loan proceeds and are not reported as administrative expenses.

Notes receivable from participants at December 31, 2024 and 2023 totaled \$4,921,394 and \$5,417,093, respectively. Interest rates for outstanding loans range from 4.25% to 9.50% at December 31, 2024. Maturity dates on outstanding loans at December 31, 2024 extended through December 2053.

Benefit Distributions

Upon retirement, termination of employment, death, or disability, a participant may elect to take a distribution equal to their vested account balance. Participants are allowed to receive distributions in the event of demonstrated financial hardship, as such term is defined in accordance with the plan document. Participants may also be eligible to receive a distribution from the Plan upon attainment of age 59 1/2, in accordance with the terms of the plan document. The benefit distribution is payable in cash. There were no benefits payable to participants at December 31, 2024 or 2023. Participants may withdraw amounts attributable to after-tax employee contributions while still employed by the Company in accordance with the terms of the plan document.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the use of certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

STP Nuclear Operating Company Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and a common collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could be material.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative fees are paid by the Plan. Administrative fees not paid by the Plan are paid by the Company. Effective December 1, 2018, the record-keeping fee began being paid by the plan participants rather than the Company.

Certain investment funds offered by the Plan allow for a revenue sharing account. Amounts earned by the Plan under these programs may be used to offset expenses of the Plan at the discretion of the Plan and the Company. Revenue shares from any funds are rebated back to the participants participating in the respective funds.

Forfeitures

At December 31, 2024 and 2023, total forfeited nonvested account balances were \$7,764 and \$275, respectively. These amounts will generally be used to pay plan expenses and/or reduce employer contributions. The forfeited nonvested account balance was used to fund employer contributions of \$127,444 and \$3,373 for 2024 and 2023, respectively. In 2024 and 2023, \$200 and \$300, respectively, of the forfeited nonvested account balance was used to pay plan expenses.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables

STP Nuclear Operating Company Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

set forth by level within the fair value hierarchy are a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

In accordance with ASC 820, the tables below include debt and equity securities aggregated by general asset type at December 31, 2024 and 2023. Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified within Level 1 of the valuation hierarchy.

Stable Value Collective Trust Fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting

STP Nuclear Operating Company Savings Plan

and Disclosure under ERISA. Accordingly, Vanguard and Fidelity, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 5. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

The Plan invests in a common collective trust fund and mutual funds managed by the Trustee. As such, transactions related to these investments qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of return on each fund.

Note 9. Transfer of Plan Assets

On June 17, 2024, the Company hired security employees that were previously employed by an external vendor. These employees were participants in the Allied Universal Plan, which was merged into the Company's Plan upon hiring. An aggregate of \$7,657,803 was merged into the Plan during the year ended December 31, 2024, and is included as a transfer on the Statements of Changes in Net Assets Available for Benefits.

Note 10. Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 8, 2025, the date at which the financial statements were available to be issued, and determined there were no items to disclose other than the items discussed herein.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of STP Nuclear Operating Company Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of the Plan

General

The STP Nuclear Operating Company Savings Plan (Plan) was established in conjunction with the formation of the STP Nuclear Operating Company (Company or STPNOC) in 1997. Effective January 1, 2017, the Plan was converted from operation under an individually designed plan document to the Vanguard Fiduciary Trust Company Defined Contribution Volume Submitter Plan and Trust. Effective February 1, 2024, the Plan was transitioned to Fidelity Management Trust Company.

The Plan is a defined contribution plan, which is subject to the reporting requirements and regulations pursuant to the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). With the exception of leased employees, consultants, and independent contractors, employees of the Company are generally eligible to begin participating in the Plan on their date of hire.

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Administration and Trustee

The Plan is administered by a benefits committee (Benefits Trust Committee) whose members are appointed by the Board of Directors of the Company. The Benefits Trust Committee has the power to carry out the provisions of the Plan, including the administration and investment of the Plan's assets in accordance with the provisions of the Plan. Vanguard Fiduciary Trust Company (Vanguard) was the Plan's trustee and recordkeeper through January 31, 2024. As of February 1, 2024, Fidelity Management Trust Company (Fidelity) is the Plan's trustee and recordkeeper. Generally, the Trustee is responsible for receiving contributions and income and executing investment transactions pursuant to the instructions of the Benefits Trust Committee and the participants. The Trustee is also responsible for maintaining custody of the Plan's assets and for payment of benefits to participants at the direction of the Benefits Trust Committee.

Plan Contributions

Eligible participants may make pretax and/or after-tax basic or after-tax Roth contributions up to 8% of compensation. The Company contributes 70% of the total of each participant's pretax basic, after-tax basic, and after-tax Roth contributions. Effective February 1, 2024, participants are eligible to make pretax excess contributions provided that the total pretax contributions do not exceed 75% of the participants' compensation. The Company does not make any contribution to participant accounts for these excess contributions. Participants who have attained the age of 50 during the plan year may elect to contribute additional "catch-up" contributions (maximum of \$7,500 in both 2024 and 2023).

Effective January 1, 2007, the Company began making a supplemental contribution to the Plan on behalf of eligible employees who are initially employed or reemployed on or after January 1, 2007, and who remain employed on each December 31 of the plan year. The contribution is a percentage of each eligible employee's eligible compensation. Effective January 1, 2022, the percentage of eligible compensation is determined based on years of service to the Company, union status, and pension eligibility.

With the consent of the Benefits Trust Committee, participants may also make rollover contributions to the Plan. Rollover contributions must meet the requirements of the Internal Revenue Code of 1986, as amended (Code), Section 20(c)(4), and certain other conditions, as defined by the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and plan earnings, and charged with

**STP Nuclear Operating Company Savings Plan
Notes to Financial Statements

withdrawals and allocation of plan losses. Allocations are based on participant contributions, earnings, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan and may change the allocation daily. In the event investment instructions are not received from the participant, the investment of contributions are allocated to the default investment option, the age appropriate target date retirement fund.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Plan was amended, effective January 1, 2015, to reflect that participants are 100% vested in employer contributions after one hour of service.

Notes Receivable From Participants

The plan administrator may make loans to participants up to a maximum aggregate amount, as defined by the Plan, not to exceed the lesser of 1) \$50,000, less the balance of any outstanding loans made within one year of the date of the current loan, or 2) 50% of the present value of the borrower's vested account balance. No loans of less than \$500 or more than \$50,000 will be made to a borrower. Each loan shall be made under such terms, security interest, and conditions as the plan administrator deems appropriate. Loans are limited to each participant's pretax contributions and rollover accounts. The loans are secured by the balance in the participant's account. Loan processing fees totaling \$6,880 and \$6,720 for 2024 and 2023, respectively, are paid out of participants' loan proceeds and are not reported as administrative expenses.

Notes receivable from participants at December 31, 2024 and 2023 totaled \$4,921,394 and \$5,417,093, respectively. Interest rates for outstanding loans range from 4.25% to 9.50% at December 31, 2024. Maturity dates on outstanding loans at December 31, 2024 extended through December 2053.

Benefit Distributions

Upon retirement, termination of employment, death, or disability, a participant may elect to take a distribution equal to their vested account balance. Participants are allowed to receive distributions in the event of demonstrated financial hardship, as such term is defined in accordance with the plan document. Participants may also be eligible to receive a distribution from the Plan upon attainment of age 59 1/2, in accordance with the terms of the plan document. The benefit distribution is payable in cash. There were no benefits payable to participants at December 31, 2024 or 2023. Participants may withdraw amounts attributable to after-tax employee contributions while still employed by the Company in accordance with the terms of the plan document.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the use of certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

STP Nuclear Operating Company Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and a common collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could be material.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative fees are paid by the Plan. Administrative fees not paid by the Plan are paid by the Company. Effective December 1, 2018, the record-keeping fee began being paid by the plan participants rather than the Company.

Certain investment funds offered by the Plan allow for a revenue sharing account. Amounts earned by the Plan under these programs may be used to offset expenses of the Plan at the discretion of the Plan and the Company. Revenue shares from any funds are rebated back to the participants participating in the respective funds.

Forfeitures

At December 31, 2024 and 2023, total forfeited nonvested account balances were \$7,764 and \$275, respectively. These amounts will generally be used to pay plan expenses and/or reduce employer contributions. The forfeited nonvested account balance was used to fund employer contributions of \$127,444 and \$3,373 for 2024 and 2023, respectively. In 2024 and 2023, \$200 and \$300, respectively, of the forfeited nonvested account balance was used to pay plan expenses.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables

STP Nuclear Operating Company Savings Plan
Notes to Financial Statements
December 31, 2024 and 2023

set forth by level within the fair value hierarchy are a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2024 and 2023.

In accordance with ASC 820, the tables below include debt and equity securities aggregated by general asset type at December 31, 2024 and 2023. Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified within Level 1 of the valuation hierarchy.

Stable Value Collective Trust Fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting

STP Nuclear Operating Company Savings Plan

and Disclosure under ERISA. Accordingly, Vanguard and Fidelity, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information except for comparing such certified investment information to the related investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

Note 5. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

The Plan invests in a common collective trust fund and mutual funds managed by the Trustee. As such, transactions related to these investments qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of return on each fund.

Note 9. Transfer of Plan Assets

On June 17, 2024, the Company hired security employees that were previously employed by an external vendor. These employees were participants in the Allied Universal Plan, which was merged into the Company's Plan upon hiring. An aggregate of \$7,657,803 was merged into the Plan during the year ended December 31, 2024, and is included as a transfer on the Statements of Changes in Net Assets Available for Benefits.

Note 10. Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 8, 2025, the date at which the financial statements were available to be issued, and determined there were no items to disclose other than the items discussed herein.
