INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Black Hills Surgical Hospital 401(k) and Profit Sharing Plan
Rapid City, South Dakota

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Black Hills Surgical Hospital 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and, 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Black Hills Surgical Hospital 401(k) and Profit Sharing Plan

Emphasis of Matter Regarding Going Concern and Termination of the Plan

As discussed in Note 9, on May 1, 2025 the Plan was merged with the Sanford Retirement Savings Plan (Sanford 401(k)). Sanford 401(k) is the surviving plan post-merger. The Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified in respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Black Hills Surgical Hospital 401(k) and Profit Sharing Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

(1) Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

Black Hills Surgical Hospital, LLP (the Partnership, the Plan Administrator), is a limited liability partnership, formed in 1996, operating a specialized hospital in Rapid City, South Dakota. The Partnership is the Plan Administrator.

Method of Accounting

The financial statements of Black Hills Surgical Hospital 401(k) and Profit Sharing Plan (the Plan) are prepared using the accrual method of accounting.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis, as determined by Capital Bank & Trust, the Trustee (Notes 4 and 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of mutual funds are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Net Change in Fair Market Value of Investments

The net appreciation (depreciation) in fair market value of investments is composed of the realized gains and losses in investments that were sold or otherwise disposed of during the year and the unrealized gains and losses in investments held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a standardized defined-contribution plan covering all employees of the Partnership. To be eligible for the Plan, including employer matching contributions, an employee must complete one hour of service commencing on the employee's date of employment. Plan entry is offered quarterly. To be eligible for employer discretionary profit sharing contributions, an employee must be employed by the Partnership on the last day of the Plan year (December 31). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan allows the Partnership to automatically enroll eligible participants and withhold two percent of the eligible participant's compensation unless otherwise elected by the participant (including zero percent). Participants may elect to discontinue contributions at any time. Automatically enrolled participants will have their contributions invested in the respective target date fund. The Plan allows participants to change salary deferral rates quarterly. Participant contributions are increased by one percent each year to a maximum of ten percent of eligible compensation unless the participant elects another amount.

Each year, participants may contribute up to certain limits as established by the Internal Revenue Service. The Plan provides for matching contributions by the Partnership of 25 percent of the first 5 percent of each participant's contributions. The Partnership can also provide a discretionary profit-sharing contribution which is determined annually. The discretionary profit-sharing was 2.5 and 1.75 percent of eligible participant compensation for the years ended December 31, 2024 and 2023, respectively. The discretionary contribution totaled \$760,037 and \$506,981, for the years ended December 31, 2024 and 2023, respectively.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participants' Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Partnership's matching and profit sharing contributions, and Plan earnings or losses. The participants' accounts are charged administrative expenses based on participant balances. Profit sharing contributions are allocated based on a percent of eligible wages of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(2) Description of the Plan

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Partnership's matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service and a five year vesting schedule. A participant is 100 percent vested after five years of service, or if less than five years, upon attaining normal retirement age, disability, death, or upon termination of the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into the investment funds as listed on the Schedule of Assets Held at End of Year. Participants may change the investment allocation of employee and employer contributions on a daily basis.

Participant Loans

Participants may not borrow from their Plan accounts.

Payment of Benefits

Upon termination of service, a participant with an account balance of \$1,000 or less receives a lump-sum payment equal to the value of the participant's vested interest in his or her account. A participant with an account balance of greater than \$1,000, but less than \$5,000, will receive a rollover distribution into an individual retirement account (IRA) set up by the Plan Administrator. Upon termination of service due to death, disability, or retirement, a participant or his or her beneficiary may receive a lump-sum distribution of the participant's account balance. Upon termination for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2024 and 2023, Plan investments included forfeiture balances of \$33,791 and \$37,383, respectively. Non-vested account balances are forfeited, unless participants return to employment and contribute the distribution received at termination within a specified time. Plan forfeitures are used to reduce employer contributions. Forfeitures of \$36,060 were used to reduce employer contributions during the year ended December 31, 2024.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Partnership. Expenses that are paid by the Partnership are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Partnership. No such officer or employee receives compensation from the Plan.

(3) Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(4) Investments -- Information Certified by Trustee

The Plan's investments are held by Capital Bank and Trust, the Trustee, who performs all accounting functions associated with the Plan's investments.

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for Contributions Receivable)
Statement of Changes in Net Assets Available for Benefits (except for Contributions, Benefits Paid
to Participants, and Administrative Expenses)
Supplemental Schedule of Assets Held at End of Year

The Plan invests in a stable value fund and mutual funds with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is possible that the value of the Plan's investments, both in total and individual participant accounts, has changed significantly since December 31, 2024.

(5) Income Tax Status

A determination letter was obtained for the prototype plan document, in which the Internal Revenue Service stated that the Plan document, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants total \$11,286,796 and \$12,352,858 at December 31, 2024 and 2023, respectively.

(7) Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level One: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: Inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: A stable value fund is composed primarily of fully benefit-responsive investment contracts valued at the net asset value of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following tables present the assets carried at fair value as of December 31, 2024 and 2023, in the accompanying Statements of Net Assets Available for Benefits by fair value hierarchy, as described above. All are measured on a recurring basis.

December 31, 2024:

	<u>Level One</u>	<u>Level Two</u>	<u>Level Three</u>	<u>Total</u>
Mutual Funds	\$ 48,656,336	\$ -	\$ -	\$ 48,656,336

(7) Fair Value Measurement

December 31, 2023:

	<u>Level One</u>	<u>Level Two</u>	<u>Level Three</u>	<u>Total</u>
Mutual Funds	\$ 45,254,057	\$ -	\$ -	\$ 45,254,057
<i>Investments Measured at Net Asset Value *</i>	-	-	-	2,135,094
	<u>\$ 45,254,057</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 47,389,151</u>

* In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarized investments measured at fair value based on the net asset value per share as of December 31, 2024 and 2023, respectively:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 1,570,618	n/a	Daily	None
<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 2,135,094	n/a	Daily	None

(8) Related-Party Transactions and Party-in-Interest Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Partnership at its discretion. Certain Plan investments are shares of mutual funds managed by Capital Group/American Funds who is the third-party administrator of the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(9) Subsequent Events

The Plan has evaluated subsequent events through October 8, 2025, the date which the financial statements were available for issue.

In May 2025, the Company merged with Sanford Retirement Savings Plan. As part of the merger, the Plan was merged into the 401(k) Plan of Sanford.
