## Independent Auditors' Report

**To the Board of Directors and Plan Administrator  
HireVue Retirement Trust  
Sandy, Utah**

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of HireVue Retirement Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HireVue Retirement Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HireVue Retirement Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HireVue Retirement Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HireVue Retirement Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HireVue Retirement Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of the Plan

The following description of the HireVue Retirement Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all full-time employees of HireVue, Inc. (the "Company" or the "Plan Sponsor") and a US subsidiary who have attained eighteen years of age. The Plan entry dates fall on the first day of the month subsequent to achieving eligibility. The Plan is established and maintained for the exclusive benefit of the participating employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Company. The Company is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's trustee and maintaining participant accounts.

#### *Contributions*

Each participant may elect to make pre-tax deferred contributions or post-tax Roth contributions of a prescribed percentage or a fixed amount of his or her compensation to the Plan. Employees may voluntarily contribute up to 100% of their pretax annual compensation, subject to certain Internal Revenue Code ("IRC") limitations, up to a maximum amount of \$23,000 in 2024 and \$22,500 in 2023. Participants that are 50 years of age or older who have met the annual IRC deferral limit or the specified Plan limits for deferral, may contribute a catch-up contribution of up to \$7,500 in 2024, and \$7,500 in 2023.

Contributions are subject to other limits under the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions. Participants may also rollover amounts representing distributions from other plans which are reflected as rollover contributions in the Statements of Changes in Net Assets Available for Benefits.

The Plan provides for discretionary Company contributions. For the years ended December 31, 2024 and 2023, the Company made discretionary Company contributions to the Plan of \$1,579,721 and \$1,674,745, respectively, whereby the Company contributed 100% of the first 4% of compensation that a participant contributed to the Plan. The Company did not elect to make any safe harbor contributions to the plan for the years ended December 31, 2024 and 2023. Additionally, the Plan provides for a discretionary Company profit-sharing contribution to participants that are employed on the last day of the Plan year. The Company did not elect to make a discretionary Company profit sharing contribution for the years ended December 31, 2024 and 2023.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. Allocation of matching contributions is based on a percentage of each employee's elective deferral. The benefit to which a participant is entitled is the vested amount in their individual account.

## Notes to Financial Statements

---

### ***Vesting***

Participants are immediately vested in both their contributions and Company safe harbor contributions, plus actual earnings thereon.

### ***Payment of Benefits***

Upon reaching retirement age, termination of service, permanent disability or death, a participant may be paid a lump-sum amount equal to the participant's vested account value as soon as is administratively practical immediately following severance from employment. Account balances that are under \$1,000 receive an automatic lump-sum payout. Account balances between \$1,000 and \$5,000 will be rolled over to an IRA (individual retirement arrangement) designated by the Plan's third-party administrator. Participants with account balances over \$5,000 may elect to leave his or her account balance in the Plan, receive either a lump-sum account balance equal to the value of the participant's vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

The Plan further provides for in-service distributions for those who have reached 59 ½ years of age. Hardship distributions, subject to a minimum of \$500, are available only for the purpose of meeting immediate and heavy financial needs.

### ***Notes Receivable from Participants***

Notes receivable from participants consist of participant loans that are secured by the balance in the participant account and are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans bear interest at commercially reasonable interest rates. Principal and interest are paid ratably through semi-monthly payroll deductions, on a level amortization basis over the term of the loan. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. The outstanding notes receivable from participants as of December 31, 2024 and 2023 bear interest between 5.25% and 10.50%. Participants may have only one loan outstanding at any time. Loans must be repaid within five years, unless the loan was for the purchase of a primary residence.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### ***Use of Estimates***

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return on such assets. Net appreciation in fair value includes the Plan's gains on investments bought, sold, or held during the year.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

### *Benefit Payments*

Benefit payments are recorded on the date the distributions are made.

## **3. Fair Value Measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820 ("ASC 820") provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

# HireVue Retirement Trust

## Notes to Financial Statements

---

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds:* Valued at fair value based on the quoted net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are deemed to be actively traded.

*Interest-bearing cash:* Valued at a \$1 Net Asset Value (NAV). Money market mutual funds held by the Plan are mutual funds with assets in cash and U.S. government securities. Such funds held by the Plan are deemed to be actively traded.

*Collective investment trusts:* These investments are valued at NAV based on the collective trust's underlying investments as determined by the fund's issuer. Redemptions from these collective trust funds generally can be made daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Notes to Financial Statements

All plan assets as of December 31, 2024 and 2023 were classified as Level 1 investment. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

### Investments, at Fair Value as of December 31, 2024

	Fair Value	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 40,027,481	\$ 40,027,481	\$ -	\$ -	\$ 40,027,481
Interest - bearing cash	335,547	335,547	-	-	335,547
Total assets in fair value heirarchy	40,363,028	\$ 40,363,028			\$ 40,363,028
Collective investment trusts *	528,232				
Total investments, at fair value	\$ 40,891,260				

### Investments, at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	35,175,679	-	-	35,175,679
Interest - bearing cash	56,509	-	-	56,509
Total investments, at fair value	\$ 35,232,188	\$ -	\$ -	\$ 35,232,188

\* These investments are valued based on the net asset value (NAV) per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value heirarchy. The fair value amounts are proved to reconcile to the statement of net assets available for benefit.

#### 4. Tax Status

Effective June 28, 2021, the Plan adopted a prototype plan, FMR LLC (Fidelity Investments) received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which stated that the prototype plan was designed in accordance with applicable IRC requirements as of that date. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes is reflected in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### 5. Information Prepared and Certified by Custodian

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, which were prepared by or derived from the information prepared by Fidelity Management Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

### 6. Parties-In-Interest Transactions

Fees are incurred by the Plan for certain investment management services. Transactions with these entities qualify as exempt party-in-interest transactions. Certain Plan investments are managed by Fidelity, and therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, The Plan incurred \$72,974 in total administrative fees, with payments distributed to One Digital Investment Advisors (\$41,250), Morgan Stanley (\$22,150), and Fidelity (\$9,619). The Plan incurred administrative fees paid to Fidelity in the amount of \$72,256 for the year ended December 31, 2023.

Notes receivable from participants as of December 31, 2024 and 2023 in the amounts of \$193,491 and \$164,692, respectively, are party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

### 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

### 8. Subsequent Events

No subsequent events were identified by the plan administrator. The plan administrator evaluated subsequent events from December 31, 2024, through October 9, 2025, which is the date the financial statements were available to be issued.

## Independent Auditors' Report

**To the Board of Directors and Plan Administrator  
HireVue Retirement Trust  
Sandy, Utah**

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of HireVue Retirement Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of HireVue Retirement Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HireVue Retirement Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HireVue Retirement Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HireVue Retirement Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HireVue Retirement Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of the Plan

The following description of the HireVue Retirement Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering all full-time employees of HireVue, Inc. (the "Company" or the "Plan Sponsor") and a US subsidiary who have attained eighteen years of age. The Plan entry dates fall on the first day of the month subsequent to achieving eligibility. The Plan is established and maintained for the exclusive benefit of the participating employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Company. The Company is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's trustee and maintaining participant accounts.

#### *Contributions*

Each participant may elect to make pre-tax deferred contributions or post-tax Roth contributions of a prescribed percentage or a fixed amount of his or her compensation to the Plan. Employees may voluntarily contribute up to 100% of their pretax annual compensation, subject to certain Internal Revenue Code ("IRC") limitations, up to a maximum amount of \$23,000 in 2024 and \$22,500 in 2023. Participants that are 50 years of age or older who have met the annual IRC deferral limit or the specified Plan limits for deferral, may contribute a catch-up contribution of up to \$7,500 in 2024, and \$7,500 in 2023.

Contributions are subject to other limits under the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions. Participants may also rollover amounts representing distributions from other plans which are reflected as rollover contributions in the Statements of Changes in Net Assets Available for Benefits.

The Plan provides for discretionary Company contributions. For the years ended December 31, 2024 and 2023, the Company made discretionary Company contributions to the Plan of \$1,579,721 and \$1,674,745, respectively, whereby the Company contributed 100% of the first 4% of compensation that a participant contributed to the Plan. The Company did not elect to make any safe harbor contributions to the plan for the years ended December 31, 2024 and 2023. Additionally, the Plan provides for a discretionary Company profit-sharing contribution to participants that are employed on the last day of the Plan year. The Company did not elect to make a discretionary Company profit sharing contribution for the years ended December 31, 2024 and 2023.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. Allocation of matching contributions is based on a percentage of each employee's elective deferral. The benefit to which a participant is entitled is the vested amount in their individual account.

---

### *Vesting*

Participants are immediately vested in both their contributions and Company safe harbor contributions, plus actual earnings thereon.

### *Payment of Benefits*

Upon reaching retirement age, termination of service, permanent disability or death, a participant may be paid a lump-sum amount equal to the participant's vested account value as soon as is administratively practical immediately following severance from employment. Account balances that are under \$1,000 receive an automatic lump-sum payout. Account balances between \$1,000 and \$5,000 will be rolled over to an IRA (individual retirement arrangement) designated by the Plan's third-party administrator. Participants with account balances over \$5,000 may elect to leave his or her account balance in the Plan, receive either a lump-sum account balance equal to the value of the participant's vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

The Plan further provides for in-service distributions for those who have reached 59 ½ years of age. Hardship distributions, subject to a minimum of \$500, are available only for the purpose of meeting immediate and heavy financial needs.

### *Notes Receivable from Participants*

Notes receivable from participants consist of participant loans that are secured by the balance in the participant account and are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans bear interest at commercially reasonable interest rates. Principal and interest are paid ratably through semi-monthly payroll deductions, on a level amortization basis over the term of the loan. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. The outstanding notes receivable from participants as of December 31, 2024 and 2023 bear interest between 5.25% and 10.50%. Participants may have only one loan outstanding at any time. Loans must be repaid within five years, unless the loan was for the purchase of a primary residence.

## **2. Summary of Significant Accounting Policies**

### *Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return on such assets. Net appreciation in fair value includes the Plan's gains on investments bought, sold, or held during the year.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

### *Benefit Payments*

Benefit payments are recorded on the date the distributions are made.

## **3. Fair Value Measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820 ("ASC 820") provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

# HireVue Retirement Trust

## Notes to Financial Statements

---

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds:* Valued at fair value based on the quoted net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are deemed to be actively traded.

*Interest-bearing cash:* Valued at a \$1 Net Asset Value (NAV). Money market mutual funds held by the Plan are mutual funds with assets in cash and U.S. government securities. Such funds held by the Plan are deemed to be actively traded.

*Collective investment trusts:* These investments are valued at NAV based on the collective trust's underlying investments as determined by the fund's issuer. Redemptions from these collective trust funds generally can be made daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Notes to Financial Statements

All plan assets as of December 31, 2024 and 2023 were classified as Level 1 investment. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

### Investments, at Fair Value as of December 31, 2024

	Fair Value	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 40,027,481	\$ 40,027,481	\$ -	\$ -	\$ 40,027,481
Interest - bearing cash	335,547	335,547	-	-	335,547
Total assets in fair value heirarchy	40,363,028	\$ 40,363,028			\$ 40,363,028
Collective investment trusts *	528,232				
Total investments, at fair value	\$ 40,891,260				

### Investments, at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	35,175,679	-	-	35,175,679
Interest - bearing cash	56,509	-	-	56,509
Total investments, at fair value	\$ 35,232,188	\$ -	\$ -	\$ 35,232,188

\* These investments are valued based on the net asset value (NAV) per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value heirarchy. The fair value amounts are proved to reconcile to the statement of net assets available for benefit.

#### 4. Tax Status

Effective June 28, 2021, the Plan adopted a prototype plan, FMR LLC (Fidelity Investments) received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which stated that the prototype plan was designed in accordance with applicable IRC requirements as of that date. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes is reflected in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### 5. Information Prepared and Certified by Custodian

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, which were prepared by or derived from the information prepared by Fidelity Management Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

### 6. Parties-In-Interest Transactions

Fees are incurred by the Plan for certain investment management services. Transactions with these entities qualify as exempt party-in-interest transactions. Certain Plan investments are managed by Fidelity, and therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, The Plan incurred \$72,974 in total administrative fees, with payments distributed to One Digital Investment Advisors (\$41,250), Morgan Stanley (\$22,150), and Fidelity (\$9,619). The Plan incurred administrative fees paid to Fidelity in the amount of \$72,256 for the year ended December 31, 2023.

Notes receivable from participants as of December 31, 2024 and 2023 in the amounts of \$193,491 and \$164,692, respectively, are party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

### 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

### 8. Subsequent Events

No subsequent events were identified by the plan administrator. The plan administrator evaluated subsequent events from December 31, 2024, through October 9, 2025, which is the date the financial statements were available to be issued.
