Independent Auditor's Report

To the Trustees of
Brainlabs US Holdco, Inc. 401(k) Plan
Bloomington, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Brainlabs US Holdco, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

BRAINLABS US HOLDCO, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1 - Description of Plan -

The following description of the Brainlabs US Holdco, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of Plan

The Plan was formed on January 4, 2021. The Plan is a defined contribution plan covering all employees of Brainlabs USA, LLC (formerly known as Hanapin Marketing, LLC) who have attained 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may contribute 100% of their annual compensation as defined in the plan up to a maximum amount set by the Internal Revenue Service each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision for eligible employees. Unless the participant elects not to participate, the Company automatically enrolls eligible employees and withholds four percent of their compensation for each payroll period.

The Company makes safe-harbor matching contributions equal to 100% of the participant's elective deferrals that do not exceed 4% of the participant's eligible compensation. The Company may also make discretionary profit-sharing contributions to the Plan. For the year ended December 31, 2024, the Company made no profit-sharing contributions to the Plan and made safe-harbor contributions of \$813,079.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions, the Company's safe-harbor match or discretionary profit-sharing contributions, if any, the Plan's investment earnings or losses, and certain Plan administration costs not covered by the plan sponsor. Allocations are based upon participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and their share of the Company's safe-harbor matching contributions, plus the actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions (if any) to each participant's account is based on a six-year vesting schedule in which the employee becomes fully vested after six years of service. Participants are automatically vested 100% upon death, disability, or retirement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to buy a principal residence for the participant. The loans are secured by the balance in the participant's account and bear a commercially reasonable rate of interest. Principal and interest are paid ratably through payroll deductions or by check if for prepayment.

Payment of Benefits

Upon termination of service due to death, disability or retirement, or separation of service, participants or their beneficiaries may elect to receive the value of their vested account balance.

Forfeited Accounts

At December 31, 2024 and 2023, the balance in the forfeited nonvested accounts totaled \$11,192 and \$9112, respectively. These accounts may be used for future plan expenses or to reduce the Company's discretionary contributions. During the year ended December 31, 2024, no forfeitures were used to pay plan expenses or reduce the Company's contributions.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. At December 31, 2024 and 2023, all assets of the Plan are participant directed.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. See Note 6 for discussion of fully benefit-responsive investment contracts.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates, and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the plan sponsor determines the Plan's valuation policies utilizing information provided by the plan custodian. For discussion of fair value measurements and investments reported at contract value, see Note 5 and 6, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan sponsor considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deduction from net assets based on the terms of the Plan document. There were no deemed distributions during the year ended December 31, 2024.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected funds held by the custodian. The funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Expenses

The plan sponsor, at its sole discretion, may pay the administrative expenses of the Plan. If such expenses are not paid by the plan sponsor, they are paid out of plan assets. Certain administrative expenses of the Plan were paid by the plan sponsor for the year ended December 31, 2024. Investment related expenses are included in net appreciation(depreciation) in fair value of investments.

Reclassifications

Certain items in the 2023 financial statements may have been reclassified to conform with the presentation in the current year financial statements. Such reclassifications had no effect on the previously reported change in net assets available for benefits.

Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 7, 2025, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4 - Tax Status -

The Company has adopted a prototype plan which received a favorable determination from the Internal Revenue Service. The Plan itself has not separately applied for recognition of tax-exempt status. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

Mutual Funds - These funds are valued at the daily closing price as reported by the fund house or National Securities Clearing Corporation.

Collective Trusts- These accounts are valued daily as the number of units held multiplied by the unit prices. The unit pricing is determined based on the quoted market prices (NAV) of the underlying investments and account charges.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|--|---------|---------|--------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | \$ 8,811,833 | \$ - | \$ - | 8,811,833 |
| Investments Measured Using Net Asset Value Per Share Practical Expedient* | | | | 175,339 |

| | Assets at Fair Value as of December 31, 2023 | | | |

| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Fund | \$ 9,112 | \$ - | \$ - | 9,112 |
| Investments Measured Using Net Asset Value Per Share Practical Expedient* | | | | 5,957,765 |
| Total Investments at Fair Value | | | | \$ 5,966,877 |

* Certain investments that were measured at net asset value per share (NAV) practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation(depreciation) in fair value of investments.

The following tables summarize investments measured at fair value based on NAV per share practical expedients as of December 31, 2024 and 2023:

| | | December 31, 2024 | | | |
|-----------------------|-----|-------------------|-------------------------|---|--------------------------------|

- (a) These funds seek to provide investors with an asset allocation strategy designed to maximize retirement savings consistent with the risk level and projected retirement date associated with each fund.
- (b) These funds seek income or growth of income through investments in fixed income securities.
- (c) This fund seeks long-term capital growth by investing in stocks of larger U.S. Companies that are growing rapidly. Growth funds are focused on generating capital gains rather than income.
- (d) These funds seek long-term capital growth by investment in larger, mature companies. These funds generally exhibit a lower level of price volatility, due to the types of companies they favor, such as those able to pay dividends along with more older, mature companies.
- (e) These funds seek capital appreciation by investing primarily in stocks of small and medium sized companies.
- (f) These funds seek capital appreciation by investing in companies outside the United States.

Note 6 - Investment Contract -

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower) totaling \$138,929 as of December 31, 2024. The Plan held a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VOYA) at December 31, 2023 totaling \$85,463. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower for 2024 and Voya for 2023, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 7 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians, Voya Retirement Insurance and Annuity Company as of December 31, 2023 and for the period of January 1, 2024 to May 21, 2024 and Empower Annuity Insurance Company of America as of December 31, 2024 and for the period May 22, 2024 to December 31, 2024.

| | 2024 | 2023 |
|--|--------------|--------------|
| Investments, at Fair Value: | | |
| Mutual Funds | \$ 8,811,833 | \$ 9,112 |
| Collective Trusts | 175,339 | 5,957,765 |
| | 8,987,172 | 5,966,877 |
| Investments, at Contract Value: | | |
| General Asset Fund - Fixed Account | 138,929 | 85,463 |
| | \$ 9,126,101 | \$ 6,052,340 |
| Investment Income | \$ 1,020,247 | |

Note 8 - Related Party and Party-in-Interest Transactions -

Certain plan investments are held in mutual funds and general asset accounts managed by Voya Retirement Insurance and Annuity Company (Voya) and Empower Annuity Insurance Company of America (Empower), the custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly certain administrative expenses of the Plan. All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.
