INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Patriot Retirees VEBA

Opinion

We have audited the accompanying financial statements of Patriot Retirees VEBA, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of Patriot Retirees VEBA as of December 31, 2023 and 2022, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Patriot Retirees VEBA and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Patriot Retirees VEBA's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Patriot Retirees VEBA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Patriot Retirees VEBA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PATRIOT RETIREES VEBA

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

This description of the Patriot Retirees VEBA (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Board of Trustees of the Patriot Retirees Voluntary Employees' Beneficiary Association (VEBA), the Plan sponsor and administrator, has established the Plan in order to provide comprehensive healthcare benefits for eligible pensioners, their dependents, and survivors. The Plan is amended and restated in its entirety effective January 1, 2014.

This Plan is funded through a VEBA Trust under Section 501(c)(9) of the Internal Revenue Code (IRC) that is managed by a Board of Trustees (Trustees). This Plan is also "self-insured" which means benefits are paid from the assets of the Trust. The Trustees have contracted with HealthSmart Benefit Solutions, Inc. to serve as claims administrator to perform certain consultative and management services related to this Plan. The Trustees are the Plan administrator and named fiduciary of this plan and thereby retains ultimate authority for this Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Postretirement Benefit Obligations - The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that attribute to employee service rendered to the valuation date. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with their employer. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

Investments - Short-term investment funds are carried at fair value. The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions - As applicable, contributions due and unpaid at the end of the year are recorded as contributions receivable; contributions received in advance are recorded as deferred contribution income. As of December 31, 2023 and 2022, no allowance for contributions receivable was recorded.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities.

Financial Instruments and Concentrations of Credit Risk - The Plan manages deposit concentration risk by placing its temporary cash and money market accounts with a financial institution that is considered to be high quality. At times, a significant portion of the funds may exceed Federal Deposit Insurance Corporation (FDIC) or other insurance limits. The Plan has not experienced any losses in such accounts.

Payment of Benefits - Benefits are recorded when paid.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect, however, to safeguard against any unforeseen circumstances, the Trustees reserve the right to discontinue the Plan. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining plan assets will be distributed in such manner as will, in the opinion of the Trustees, carry out the purpose of the Plan. Termination shall not permit any part of the Plan's assets to be used for or diverted to purposes other than the exclusive benefit of the participants.

NOTE 4. TAX STATUS

The Internal Revenue Service has advised, in a letter dated February 6, 2015, that the Plan is a qualified plan under Section 501(c)(9) of the Internal Revenue Code and, therefore, is not subject to income tax under current tax laws.

The Plan follows the authoritative guidance relating to accounting for uncertainty in income taxes included in Accounting Standards Codification (ASC) Topic *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. The Plan performed an evaluation of uncertain tax positions for the year ended December 31, 2023, and determined that there were no matters that would require recognition in the financial statements or that may have an effect on its tax-exempt status.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The tables below set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Total Investments at 12/31/23	Quoted Prices Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	<u>\$ 927,629</u>	<u>\$ 927,629</u>	<u>\$ -</u>	<u>\$ -</u>

Description	Total Investments at 12/31/22	Quoted Prices Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-term investments	<u>\$ 928,200</u>	<u>\$ 928,200</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Short-term investments: Valued at amortized cost, which approximates fair value.

NOTE 6. POSTRETIREMENT BENEFIT OBLIGATIONS

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical premiums-cost data to estimate future annual incurred premium costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following were other significant assumptions used in the valuation as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
<u>Weighted Average Discount Rate</u>	4.75%	5.00%

Non-Disabled Mortality

110% of the Pri-2012 Blue Collar mortality tables for males and 125% of the Pri-2012 Blue Collar mortality tables for females, projected on a generational basis using Scale MP-2021.

Disabled Mortality

110% of the Pri-2012 Disabled Mortality, projected on a generational basis using Scale MP-2021.

Cost Method

The projected unit credit cost method was used in developing the accumulated post-retirement benefit obligation and the annual service cost. Under this method, the expected post-retirement benefit obligation is attributed to past service and future service for active participants on a pro-rated basis from date of hire to the date of full eligibility. The benefits accrued or to be accrued are calculated using plan provisions and benefit service in effect for the applicable period, but using projected benefit costs to the participant's assumed withdrawal.

NOTE 6. POSTRETIREMENT BENEFIT OBLIGATIONS (CONTINUED)

Expected Annual Medical/Prescription Drug Costs

The expected retiree medical and prescription drug costs were developed based upon information supplied by United Mine Workers of America. Claims costs were developed based on the experience of retired participants and includes recognition of the Medicare Part D subsidy. Sample rates are shown below for combined male and female.

Pre-Medicare: \$8,373

Medicare: \$9,694

Trend Rates for Combined Medical and Prescription Drug Claims

<u>From Fiscal Year Beginning</u>	<u>Trend Rate for Pre-65 Claims</u>	<u>Trend Rate for Post-65 Claims</u>
2024 to 2025	9.00%	7.00%
2025 to 2026	8.50%	6.50%
2026 to 2027	8.00%	6.00%
2027 to 2028	7.50%	5.50%
2028 to 2029	7.00%	5.00%
2029 to 2030	6.50%	5.00%
2030 to 2031	6.00%	5.00%
2031 to 2032	5.50%	5.00%
2032 and thereafter	5.00%	5.00%

Trend Rates for Expense 3.00% per year

A one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement obligation from \$26,016,584 to \$28,322,663 as of December 31, 2023.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Significant changes in the actuarial assumptions since the last actuarial valuation are:

- The discount rate was changed from 5.00 % as of December 31, 2022 to 4.75% as of December 31, 2023 based on the interest rate environment as of the measurement date.
- The administrative costs changed from \$576.40 per person to \$604.02 per person per annum, based on plan experience.
- The pre-65 and post-65 medical trend rates were changed to reflect future expected costs increases.
- The disabled and non-disabled mortality assumptions were updated to use the Pri-2012 Blue Collar mortality tables instead of the RP-2014 Blue Collar mortality tables.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan pays certain investment and administrative fees directly to service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 8. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through October 8, 2024, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an additional adjustment to or disclosure in the accompanying financial statements.
