INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
PeopleTec, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of the PeopleTec, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**PEOPLETEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF THE PLAN

The following brief description of PeopleTec, Inc. (the Company or Sponsor) Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Company established the Plan effective January 1, 2016. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by an ESOP Administrative Committee (the Committee). The Committee has authority to control and manage the operation and administration of the Plan and has all powers necessary to enable it to carry out its duties. The Committee is responsible for oversight of the Plan. GreatBanc Trust Company (GreatBanc) is the Plan's Trustee.

The Plan purchased Company common stock using the proceeds of a borrowing from the Company (see Note 5) and holds the common stock in a trust (the Trust) established under the Plan. The borrowing is to be repaid over a period of 25 years by fully deductible Sponsor contributions to the Trust. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock. The Sponsor has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities, and changes therein, pertaining to:

1. the accounts of employees with vested rights in allocated common stock (allocated), and
2. common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan, provided they are age 21 or older.

Contributions

The Company is obligated to make contributions in cash to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted.

Payment of Benefits

On termination of service due to death, disability, retirement, resignation or dismissal, distributions will be made based on the participant's vested account balance in accordance with the Plan document. Distributions due to retirement, death or disability will be distributed as soon as practicable in the first Plan year following the Plan year of the respective retirement, death or disability. Other terminated participants will be distributed their vested account balance as soon as

PEOPLETEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

administratively feasible during the sixth Plan year following the Plan year in which the participant terminates employment. If a participant terminates with a balance of \$5,000 or less, the balance shall be paid in a lump sum.

In the event a participant is eligible to receive a distribution and does not elect to take such distribution, all of the participant's fully vested accounts may be liquidated and transferred to the Company's 401(k) plan.

The Plan permits the purchase the Company stock from terminated participants. There were 30,418.0133 shares of Company stock redeemed from terminated participants during 2024; these shares were recycled and allocated to remaining participants in accordance with the Plan document.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Normal brokerage charges that are included in the cost of securities purchased (or charged to proceeds in the case of sales) will be paid by the Plan. The Company will pay all expenses in connection with the design, establishment or termination of the Plan. The Trust will pay all costs of administering the Plan and Trust unless such expenses are paid by the Company.

Voting Rights

Each participant is entitled to exercise limited voting rights attributable to the shares allocated to the participant's account. The Trustee will vote any allocated Company stock for which no voting instructions have been received at the direction of the Plan administrator. The Trustee will also vote any unallocated Company stock at the direction of the Plan administrator.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock, which is released by the Company from the unallocated account. Only those participants who are eligible employees of the Company will receive an allocation. Allocations are based on a participant's eligible compensation relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

If a participant's employment with the Company ends for any reason other than disability or death, they will vest in the balance of their account based on total years of service with the Company. Participants vest 20% per year of service after completion of one year of service and are 100% vested after five years of creditable service.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the

PEOPLETEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

current appraised value of the stock. The Company can pay for the purchases with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. As noted in the Payment of Benefits section, the Company buys shares at their current value from terminated participants prior to distribution. Therefore, the put option provision is not currently being used.

Price Protection

Common stock of the Company totaling 160,910 shares were purchased by the ESOP with lateral transfer proceeds, as described in the ESOP documents. The lateral transfers were the result of a one-time election for employees to liquidate no more than 39% of their respective PeopleTec, Inc. 401(k) plan account assets and transfer such amounts from that plan to the ESOP. The shares purchased with lateral transfer proceeds are not subject to release from collateral as part of the ESOP debt service. In the event of termination, retirement, death or disability, the Company will pay an eligible participant the difference between the then-current fair value of the participant's shares and the value of such shares after adjustments for cash and debt used to fund the transaction. The Company will cover price protection obligations if they arise.

Diversification

Plan assets are invested primarily in Company stock, which is held and managed by GreatBanc. Within 90 days after the close of each Plan year, each qualified participant (as defined by the Plan) will be permitted to direct the Plan as to the investment of no more than 25% of the shares of Company stock allocated to the participant's account. The Committee will offer at least three investment options to each qualified participant.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to participants during the years ended December 31, 2024 and 2023, totaled \$109,194 and \$165,919 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities, and changes therein, pertaining to (1) the accounts of employees with rights in allocated stock (allocated) and (2) stock not yet allocated to employees (unallocated), including shares that are committed to be

**PEOPLETEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued.

3. INVESTMENTS

The Plan's investments, at December 31, 2024 and 2023, are presented in the following table:

	2024		2023	
	Allocated	Unallocated	Allocated	Unallocated
Company common stock:				
Number of shares	685,793.27	908,190.73	627,032.77	966,951.23

Mutual funds	737,467	-	678,141	-

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive

**PEOPLETEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

PeopleTec, Inc. common stock: Valued at estimated fair value based upon an independent appraisal. The appraiser took into account historical and projected cash flow and net income, weighted average cost of capital, market comparables and applicable discounts and premiums.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

This appraisal was based upon a combination of the market and income valuation techniques as illustrated in the following table:

Description	Fair Value	Valuation Technique	Unobservable Input	Rate Applied
Sponsor Company Common Stock	\$ -	Guideline public company method	Projected: EBITDA multiple	12.6x
			Historical: EBITDA multiple	13.4x
		Market comparables	Discount for lack of marketability	5.0%
		Discounted cash flow model	Weighted average cost of capital	16.1%

The valuation process involves Plan management’s selection of an independent appraiser. Plan management accumulates data for the appraiser from the audited financial statements of the Sponsor. The appraiser prepares a preliminary report, which Plan management, along with the Trustee, reviews in detail, discusses and approves.

Investments at fair value	\$ 678,141	\$ -	\$ 93,694,380	\$ 94,372,521

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

Balance, December 31, 2023	\$ 93,694,380
Unrealized appreciation in estimated fair value	17,804,801
Balance, December 31, 2024	\$ 111,499,181

Gains and losses, both realized and unrealized, that are included in changes in net assets for the period above, are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

5. LOAN PAYABLE

On December 2, 2016, the Plan entered into a loan agreement with the Company for \$33,683,552. The proceeds of the loan were used to purchase common stock of the Company. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made.

The number of shares released in any year will be the number of shares held as collateral, times the ratio of the current year's principal and interest payments, divided by the total of this year's principal and interest payments, plus all future years' principal and interest payments. This resulted in 58,760 and 58,761 shares being released and allocated in the Plan years ended December 31, 2024 and 2023, respectively.

PEOPLETEC, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The agreement provides for the loan to be repaid over 25 years. The fair value of the note payable, as of December 31, 2024 and 2023, was \$22,977,514 and \$24,207,324 respectively, determined by using interest rates currently available for issuance of debt with similar terms, maturity dates and nonperformance risk. For the years ended December 31, 2024 and 2023, the loan interest rate was 2.26%.

The following are the maturities of the loan for the remaining term:

2025	\$ 1,259,103
2026	1,287,558
2027	1,316,657
2028	1,345,230
2029	1,375,816
Thereafter	<u>16,393,150</u>
	<u>\$ 22,977,514</u>

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has a loan payable to the Company. These are related party and party-in-interest transactions. As described in Notes 1 and 4, the Plan has several service providers who are parties-in-interest under ERISA.

Blue Ridge ESOP Associates provides recordkeeping services for the Plan, and therefore, qualify as a party-in-interest. As described in Note 1, fees related to the Plan's operations were paid by the Sponsor directly to Blue Ridge ESOP Associates during 2024.

7. RISKS AND UNCERTAINTIES

The Plan investments consist of the Company's common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines

such a sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the Trust fund will be distributed to such participant or their beneficiary at the time prescribed by the Plan terms and the IRC.

9. TAX STATUS

The Plan received a determination letter from the Internal Revenue Service (IRS) dated April 30, 2018, stating that the Plan is qualified under the IRC; therefore, the related Trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related Trust was tax-exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Company has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
