INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Lew A. Cummings Co., Inc. 401(k) Profit Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of the Lew A. Cummings Co., Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, Schedule of Assets (Acquired and Disposed of Within the Year) for the year ended December 31, 2024, and Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Lew A. Cummings Co., Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan and Trust documents for more complete information.

General

The Plan is a defined contribution plan that covers substantially all of the employees of Lew A. Cummings, Co., Inc. (the Company) that have attained age 21 (age 18, effective October 1, 2024) and completed six consecutive months of service or one year of employment with 1,000 hours. The Plan has three major components: an employee salary deferral component, a discretionary employer matching contribution, and a discretionary employer profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan, including review of investment performance.

All of the assets in the Lew A. Cummings Co., Inc. 401(k) Profit Sharing Plan and Trust were transferred to Voya Retirement Insurance and Annuity Company (Voya), the custodian, on October 1, 2024. See Note 3 for more information on the transfer of assets.

Contributions

Participants may contribute up to 100% of their Plan compensation, as defined by the Plan, subject to the dollar limitation contained in the Internal Revenue Code (IRC). Participation may start on the first Plan entry date, January 1, or July 1 (first day of the month, effective October 1, 2024), after meeting eligibility requirements. Participants who are at least 50 years of age may make an additional catch-up contribution subject to IRC limitations. Participants may also make rollover contributions from another qualified retirement plan, subject to certain requirements.

The Company may elect to make a discretionary matching contribution for participants who are employed as of the last day of the Plan year and have completed 1,000 hours of service.

The Company may also elect to make a discretionary profit sharing contribution for participants who are employed as of the last day of the year and have completed 1,000 hours of service. The contribution will be allocated to eligible employees proportionately, based upon the ratio of each employee's compensation for the Plan year to the total compensation for the Plan year.

Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the contributions and the participant's allocation of the Plan's earnings less the allocation of administrative expenses. The benefit to which a participant is entitled is the accumulated balance of the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, the Company matching contributions, and rollover contributions plus earnings thereon. Vesting in the Company profit sharing portion of their account is based on years of continuous service. A participant is 100% vested after six years of credit service. Participants will be 100% vested in the profit sharing upon death or disability.

Forfeitures

If a participant terminates employment, the non-vested portion of a participant's account shall be forfeited. The Plan may elect to use any forfeited amounts to reduce the employer discretionary matching contribution, the employer discretionary profit sharing contribution, Plan expenses, or reallocate to active participant accounts. If a participant returns to service and fulfills certain requirements, as defined in the Plan, the forfeited amounts shall be restored to the participant's account. There was no balance in the forfeiture account at December 31, 2024 and 2023, and no forfeited amounts were used or allocated to participants in 2024.

Payment of Benefits

Upon termination of employment by reason of retirement, disability, death, or other separation of service, a participant may receive a distribution of their vested account balance. Distributions under the Plan are made in lump sums.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the Plan administrator that the participant is suffering from "hardship" as defined in the Plan document.

As of December 31, 2024, there are no amounts allocated to withdrawing participants that are in process.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years unless for the purchase of a residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% (prime plus 1% effective October 1, 2024). No more than one loan may be outstanding at any time. Principal and interest is paid ratably through weekly payroll deductions.

Expenses and Plan Costs

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to investment management and administration are charged directly to the participant's account and are included in administrative expense. For 2024, the Plan paid for the administrative expenses and investment management fees which amounted to approximately \$49,200.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are recorded at fair value (except for fully benefit-responsive investment contracts) based on quoted market prices on the last day of the Plan year and, accordingly, the investment income includes unrealized gains and losses on investments held as of that date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Fully benefit-responsive investment contracts (FBRICs) are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in FBRICs through the custodian fixed accounts.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest rates range from 5.25% to 10.5%. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. A loan is considered delinquent when no payments have been received for 90 days and will be reduced and recorded as a distribution, based on the terms of the Plan document.

Payment of Benefits

Distributions to participants are recorded when paid.

NOTE 3 – PLAN AMENDMENT AND CUSTODIAN CHANGE

The Plan was amended and restated in 2024. The changes were effective October 1, 2024. The restatement had the following changes to the Plan:

- Employees become eligible upon reaching the age of 18 and may enter the Plan the following month.
- The frequency of the Plan valuation has been changed to daily.
- Investments are participant directed.

Also effective October 1, 2024, the Plan transferred all Plan assets from AssetMark Trust Company to Voya and changed its third-party administrator.

NOTE 4 – NONPARTICIPANT DIRECTED INVESTMENTS

For the year ended December 31, 2023, and for the period from January 1, 2024 to October 1, 2024, all of the Plan's funds were maintained in a separate investment portfolio account that was managed by an investment advisor. All investments and contributions were nonparticipant directed and were invested based on the Plan's investment objective to emphasize modest capital growth with a focus on the generation of income.

The Plan was valued on a quarterly basis and each participant received an allocation of gains or losses and expenses. The allocation was based on the weighted average of each participant's account balance as calculated for the quarter.

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant directed investments is as follows as of December 31:

NOTE 5 – INVESTMENTS

Guaranteed Investment Contract

The Plan has a fully benefit-responsive investment contract with Voya. Contributions under this contract are maintained in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measure for assets held in the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days notice to Voya prior to redemption of the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate at December 31, 2024 was 1.5%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 – FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan:

Corporate Stocks: based on the closing price reported on the active market where the individual securities are traded.

Mutual Funds: based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Corporate Bonds: valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Pooled Separate Accounts: valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account, less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

In accordance with fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent), practical expedient is not classified in the fair value hierarchy.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets recorded at fair value on a recurring basis and measured at NAV as of December 31, 2024 is as follows:

Pooled separate accounts	<u>\$ 9,370,245</u>
--------------------------	---------------------

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Corporate stocks	\$ 6,640,375	\$ -	\$ -	\$ 6,640,375
Mutual funds	818,033	-	-	818,033
Corporate bonds	-	2,906,987	-	2,906,987
Cash and money market funds	162,855	-	-	162,855
Total Investments at Fair Value	<u>\$ 7,621,263</u>	<u>\$ 2,906,987</u>	<u>\$ -</u>	<u>\$10,528,250</u>

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation of fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination, participants will become 100% vested in the amounts then standing in their accounts.

NOTE 8 – PARTIES-IN-INTEREST

Parties-in-interest under ERISA include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants, the management of investments, and custodian services are considered party-in-interest transactions.

Fees paid by the Plan to the investment advisor amounted to approximately \$47,600 for the year ended December 31, 2024.

The cash and money market funds were held at AssetMark Trust Company, who was the custodian of the Plan assets for the year ended December 31, 2023.

Certain Plan investments are shares of mutual funds managed by Voya, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to this party-in-interest amounted to approximately \$1,600 for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 8 – PARTIES-IN-INTEREST (Continued)

Certain employees and officers of the Company who may also be participants in the Plan perform administrative services for the Plan at no cost to the Plan.

NOTE 9 – INCOME TAX STATUS

The Plan has been designed using a non-standardized pre-approved prototype plan document which obtained its opinion letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting standards require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events were evaluated through September 29, 2025, which is the date the financial statements were available to be issued.
