INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Zempleo 401(k) Plan
Pleasanton, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Zempleo 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zempleo 401(k) Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Participants and Plan Administrator
Zempleo 401(k) Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

To the Participants and Plan Administrator
Zempleo 401(k) Plan

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Zempleo 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established effective January 1, 2022. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Certain participants of the Plan were previously participants in Evergent Group 401(k) Trust and Plan ("Evergent Plan") that covered all employees of three affiliated companies through December 31, 2021. At December 31, 2021, the Evergent Plan was terminated, liquidated all its assets and transferred funds to a new trustee of three separate defined contribution plans, Zempleo 401(k) Plan, Suna Solutions, Inc. 401(k) Plan, and Amerit Consulting 401(k) Plan.

Plan Administration

Zempleo (the "Company") is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Custodial services were provided by Empower Retirement, LLC ("Empower"), a subsidiary of Great-West Trust Company, LLC ("Trustee"). Empower is also the recordkeeper. Certain administrative expenses of the Plan were paid directly by the Company. Investment fees, which may vary according to the individual funds selected, are offset against earnings on the related investments at the individual fund level.

Eligibility and Plan Entry Date

Employees must be at least 21 years of age, have completed one (1) month of service and have worked at least one (1) hour. Eligible employees may enroll immediately. Once an Employee is eligible to participate in the Plan, they will have 30 days from the date of eligibility to enroll or opt out of participation. If they don't enroll or opt out, they will automatically be enrolled into the Plan with a contribution rate of 3%.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

Participants may contribute up to 90% of their eligible compensation each pay period on a pre-tax basis and Roth after tax through payroll deductions up to the IRC annual maximum contribution amounts. The maximum allowed deferral amount was \$23,000 for calendar year 2024. Participants aged 50 or older may also contribute an additional \$7,500 in catch-up contributions to the Plan for calendar year 2024. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans. In addition to deferrals, the Company may make a discretionary employer matching contribution to the Plan. For the year ended December 31, 2024, the Company made no discretionary employer matching contributions to the Plan. The Plan also may make a qualified non elective contribution ("QNEC"). For the year ended December 31, 2024, the Company made no QNEC employer contribution to the Plan. All contributions are paid to the custodian for investment in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of (a) the Company's contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Employer contributions vest according to the following schedule.

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
At least 1 year, but less than 2 years	25%
At least 2 years, but less than 3 years	50%
At least 3 years, but less than 4 years	75%

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than \$1,000, the balance is distributed immediately in a lump-sum cash payment. If the account balance is less than \$5,000 but greater than \$1,000 and the participant does not elect to receive a distribution, the account balance will be distributed in a direct rollover to an individual retirement account designated by the Plan administrator. If the account balance is over \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the Plan document.

Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the Plan documents.

Notes Receivable from Participants

Participants previously could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans were fully amortized and secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Upon termination of employment of the participant, loans immediately become due and payable to the Plan.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. In accordance with the provisions of the Plan, any forfeitures may be used to pay plan expenses, allocated as an additional discretionary nonelective contribution, allocated as an additional discretionary matching contribution used to reduce any nonelective contribution or used to reduce any matching contribution. As of December 31, 2024, there were forfeited nonvested accounts under the Plan totaling \$168.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Zempleo 401(k) Plan
Notes to Financial Statements
December 31, 2024

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for those investments measured at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered. A variety of investment options offer participants diversification.

Contributions and Contribution Receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer discretionary matching contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contributions in its general ledger and takes a tax deduction.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses for maintaining the Plan are paid by the Plan for recordkeeping, auditing, consulting and legal advisor fees unless paid by the employer. Expenses that are paid by the employer are excluded from these financial statements. The Plan is not required to reimburse the employer for expenses paid on its behalf. Participants are charged for an allocation of expenses and other transactional fees.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024.

Mutual funds: valued daily at the daily closing price as reported by the fund adjusted for any dividends and capital gains or losses declared. Mutual funds held by the Plan are mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV).

Fixed annuity: valued daily as calculated by the annuity provider. All of the inputs are generally considered obtainable or observable through the review of the existing contracts and readily available financial information on the websites of the issuing financial institutions.

Zempleo 401(k) Plan
Notes to Financial Statements
December 31, 2024

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective trust funds: valued at NAV of units within the separate account of each portfolio, which is based on the NAV of the underlying assets. Each separate account is a registered unit investment trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan investments at December 31, 2024 that are measured at fair value, on a recurring basis, and the levels of inputs used to measure fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 1,013,222	\$ -	\$ -	\$ 1,013,222
Fixed Annuities	-	118,097	-	118,097
Collective Trust Funds*	-	-	-	12,675,624
	<u>\$ 1,013,222</u>	<u>\$ 118,097</u>	<u>\$ -</u>	<u>\$ 13,806,943</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan's investments in collective trust funds can be redeemed daily and are not subject to any withdrawal limitations. The Plan does not have any unfunded commitments related to the pooled separate accounts.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate.

- Investments, participant loans receivable, and contribution receivable in the accompanying statements of net assets available for benefits as of December 31, 2024.
- Net decrease in fair value of investments, dividends, and interest income reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN
(CONTINUED)

Accordingly, as requested by the Plan administrator, the Plan's auditors performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code or IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS). The Plan obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax provisions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The administrator has concluded that there are no uncertain positions taken or expected to be taken as of December 31, 2024, that would require disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions. Currently, there are no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Retirement LLC ("Empower"). Empower provides custodial and administrative services to the Plan and, therefore, these transactions with Empower qualify as exempt party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests, for such services as investment management, shareholder services, and sub-transfer agency fees, are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Certain investments in products managed by the custodian share revenue with the Plan, determined by a fixed basis point pricing arrangement. Any excess amounts above the recordkeeping fees are credited back to the Plan and are available to reduce Plan expenses.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their accounts.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The net assets available for benefits, participant contributions, and distributions reflected in the financial statements for the year ended December 31, 2024 agrees to the amounts reported on Schedule H of Form 5500.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan offers its participants various investment options. Investment securities are exposed to various risks such as interest rate changes, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 24, 2025, the date the financial statements were available for issuance. There were no subsequent events that are required disclosure.
