INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
KR Contracting, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KR Contracting, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KR Contracting, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KR Contracting, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KR Contracting, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KR Contracting, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KR Contracting, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

**KR CONTRACTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF THE PLAN

The following description of KR Contracting, Inc. 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on January 1, 2017 by KR Contracting, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company has appointed an Investment Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Reliance Trust Company (collectively referred to as "Reliance") to act as the trustee, custodian, and third-party administrator to process and maintain the records of participant data.

Participant contributions

The Plan document provides, among other things, that participants may contribute up to 100% of the compensation they receive from the Employer during the plan year, up to the maximum contribution allowed by the Internal Revenue Service, in the form of a pre-tax contribution.

Individual accounts are established for each participant. Each individual account is credited with the sum of all contributions made on behalf of the participant, plus Plan earnings minus an allocation of expenses of the Plan. Each participant is always 100% vested in his individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon having contributions remitted to the Plan, a participant may direct contributions credited to their account to any of the investment options.

Participants may redirect future contributions or exchange existing account balances at any time.

Employer contributions

The Company is allowed to make contributions to the Plan in the form of discretionary non-elective contributions, as defined in the Plan and as approved by the Board of Directors. In addition, the Company may, at its sole discretion, make additional non-elective contributions to the Plan in an amount necessary to meet the Company's requirements under an applicable prevailing wage statute.

Retirement benefits

The participant is entitled to the amount in their account, after reaching the older of normal retirement age or age 65. The benefit is paid in the form of a lump-sum distribution, partial payment, installment payments, or at the election of the participant the distribution may be rolled over to another qualified plan.

Vesting

Participants are immediately vested in their contributions. Participants are also fully vested in the employer's matching and profit-sharing contributions allocated to their account.

Death benefits

In the event that a participant dies before retirement, unless elected otherwise, the amount accumulated in the participant's account is paid in the form of extended payments or in a lump-sum distribution to the participant's beneficiary.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Forfeitures

Forfeitures that are attributable to non-elective employer contributions are used to restore forfeitures, to reduce the non-elective employer contributions for the plan year in which such forfeitures occur, or to pay reasonable Plan expenses. At December 31, 2024 and 2023, forfeited non-vested accounts was \$5,722 and \$397, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into 29 investment options.

The options are listed, in the enrollment information provided during orientation and changes in investment option are timely provided to the plan participants.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Interest rates on outstanding participant loans accrue interest at the Prime Rate of interest (7.50% and 8.50% at December 31, 2024 and 2023, respectively). Principal and interest are paid ratably through weekly and biweekly payroll deductions.

Participant loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Basis of Accounting

These financial statements have been prepared utilizing the accrual method of accounting. Under this method of accounting, additions and deductions to net assets available for benefits are identified with specific periods of time and are recorded as earned and incurred, respectively, without regard to the date of receipt or payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Changes

In August 2018, the FASB issued ASU 2018-13 “Amendments to Fair Value Measurement Disclosures”. The Amendments in ASU 2018-13 update “Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for the Fair Value Measurement”. Various disclosure requirements are removed and modified and these are as follows:

Removed Disclosure Requirements

- The amount of reasons for transfers between Level 1 and Level 2 of the fair value hierarchy
- The policy for timing or transfers between levels
- The valuation processes for Level 3 fair value measurements
- For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period

Modified Disclosure Requirements

- In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities
- For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee’s assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
- The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date

In addition, the amendments eliminate at a minimum from the phrase an entity shall disclose at a minimum to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments in ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019, with early adoption permitted.

The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. At this time the Plan has not determined the impact on its financial statements.

In July, the AICPA Auditing Standards Board (ASB) issued a final standard, Statement on Auditing Standards (SAS) No. 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor’s report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

To enhance the quality of the employee benefit plan audits, the EBP SAS specifically addresses requirements for:

- Engagement acceptance
- Audit risk assessment and response, including the auditor’s consideration of relevant plan provisions
- Communication of reportable findings with those charged with governance
- The auditor’s responsibilities relating to the ERISA-required supplemental schedule and the Form 5500
- The form and content of the related auditor’s report
- “Limited-Scope Audits” now referred to as ERISA section 103(a)(3)(C) audits

In addition, in July 2019, the AICPA Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 137, the Auditors Responsibilities Relating to Other Information Included in Annual Reports.

SAS No. 137 clarifies the scope of documents that the auditor is required to subject to the procedures and states that though a document may be referred to as an annual report, such document may not meet the definition of an annual report for purposes of SAS.

The determination as to which documents constitute the entity’s annual report is often difficult when the entity does not have a regulatory requirement to prepare an annual report or a framework that dictates what that annual report should contain, SAS No. 137 includes a requirement for the auditor, through discussion with management, to determine and obtain management’s written acknowledgment regarding which document or documents comprise the annual report. This is intended to ensure that both the auditor and management understand the documents that are considered the entity’s annual report and therefore are subject to the auditor’s procedures.

SAS No. 136 and 137 is effective for audits of financial statements for periods ending on or after December 15, 2020. Early implementation is not permitted. SAS No. 141 approved in May 2020 by the Auditing Standards Board (ASB), deferred effective dates to periods ending on or after December 15, 2021, with early adoption now permitted.

3. FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan’s administrator assigns levels and categories to the Plan’s investments.

Level 1: Quoted prices in active markets for identical assets or liabilities at the measurement date. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2: Observable inputs other than quoted prices for the assets, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. This may include matrix pricing, yield curves and indices. No Level 2 inputs were available to the Plan.

**KR CONTRACTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2024 AND 2023**

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3: Unobservable inputs that reflects the Plan’s own assumptions about the assumptions market participants would use to price an asset based on the best information available in the circumstances. No Level 3 inputs were available to the Plan.

The Plan’s investments are reported at fair value as follows:

December 31, 2024	<u>Level 1</u>	<u>Fair Value</u>
Mutual funds	\$ 8,843,089	\$ 8,843,089
Common/collective trusts	1,093,395	<u>1,093,395</u>
Total investments at fair value		<u><u>\$ 9,936,484</u></u>

December 31, 2023	<u>Level 1</u>	<u>Fair Value</u>
Mutual funds	\$ 7,556,881	\$ 7,556,881
Common/collective trusts	1,064,345	<u>1,064,345</u>
Total investments at fair value		<u><u>\$ 8,621,226</u></u>

4. GUARANTEED INVESTMENT CONTRACT

In 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya) totaling \$128,350 for 2024 and \$178,899 for 2023. Voya maintains the contributions in a general fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

**KR CONTRACTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2024 AND 2023**

4. GUARANTEED INVESTMENT CONTRACT (CONTINUED)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) and uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. RELATED PARTY TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Fees paid by the Plan for administrative services and investment advisory fees amounted to \$125,470 for the year ended December 31, 2024. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). Although the Plans has been amended, the plan administrator believes the Plan document is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2021.

7. PLAN TERMINATION

Although there has not been any expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, each participant will become 100% vested in their accounts, after the payment of all administrative expenses and benefits previously approved. Each participant will receive a portion of the total remaining assets in the same ratio as his or her account bears to the aggregate amount of all participants' accounts.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**KR CONTRACTING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2024 AND 2023**

9. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits and Note 3 as of December 31, 2024, and 2023, and on the schedule of assets (held at end of year) as of December 31, 2024, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

10. TRANSFER OF ASSETS FROM TRINITY TECHNOLOGY, INC.

During the year ended December 31, 2023 the plan assets of Trinity Technology, Inc. were transferred into the Plan as the two plans merged. Total transfer of assets per the Form 5500 for the year ended December 31, 2023 were \$3,503,917.

11. EVALUATION OF SUBSEQUENT EVENTS

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 19, 2025, which is the date the financial statements were available to be issued.
