INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Aaron Investments, Inc. d/b/a Woodstock Outlet 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Aaron Investments, Inc. d/b/a Woodstock Outlet 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year then ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aaron Investments, Inc. d/b/a Woodstock Outlet 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the Aaron Investments, Inc. d/b/a Woodstock Outlet 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Aaron Investments, Inc. d/b/a Woodstock Furniture & Mattress Outlet (the Company or Plan Sponsor) who are age 21 and older. Employees become eligible to participate in the Plan on the first day of the month after completing one year of service. Employees are credited with one year of service at the end of the twelve-month period in which 1,000 hours of service is credited during such period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may make pre-tax and/or Roth contributions of at least 1% up to 85% of eligible compensation as defined by the Plan document not to exceed a maximum of \$23,000 in 2024, plus up to an additional \$7,500 for participants who have reached at least 50 years of age by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions which are computed based on eligible compensation deferred by participants into the Plan each payroll period. The Company made a discretionary matching contribution of \$243,005, net of forfeitures, for the year ended December 31, 2024.

The Company may also make discretionary nonelective contributions to eligible employees who are employed on the last day of the Plan Year. However, participants are not required to be employed on the last day of the Plan Year to receive the discretionary nonelective contribution if due to death, disability, or normal retirement age. The discretionary nonelective contribution will be allocated to participant accounts based on the ratio each participant's compensation bears to the compensation of all eligible employees within the respective eligible employee group as defined by the Plan document. The Company did not make any discretionary nonelective contributions in 2024.

Aaron Investments, Inc. d/b/a Woodstock Outlet 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Company contributions, and earnings and losses on the investments in their account and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollovers plus actual earnings and losses thereon. Participants vest 20% per year after 2 years of service in the Company's discretionary matching contributions and discretionary nonelective contributions and are fully vested after 6 years of service. Participants are always 100% vested in their discretionary nonelective and matching contributions if they are employed on or after normal retirement age, or if due to death or disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. During 2024, notes had fixed rates ranging from 5.25% to 10.50% for the term of the note, not to exceed 5 years or 30 years if used for the purchase of the participant's primary residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may elect to receive a payment of the vested interest in their account in a lump-sum distribution. The participant's contributions may also be withdrawn in certain hardship situations. In-service withdrawals of all or part of the participant's vested account are also permitted for participants who have attained age 59½. Terminated participants with vested account balances of \$7,000 or less will receive distributions as soon as administratively feasible. If the participant's vested account balance is between \$1,000 and \$7,000, the vested balance will be automatically rolled into an individual retirement account (IRA) or annuity on the participant's behalf. Participants with vested account balances of \$1,000 or less will receive a lump-sum distribution unless the participant elects the distribution be rolled over into a different IRA account on their behalf.

Aaron Investments, Inc. d/b/a Woodstock Outlet 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$11,451 and \$3,154, respectively, and are included in mutual funds and collective trust funds on the statements of net assets available for benefits. Forfeitures may be used to reduce future Company contributions or to pay Plan administrative expenses. During 2024, the Plan used forfeitures totaling \$480 to reduce Company contributions and forfeitures totaling \$1,250 to pay administrative expenses.

Administrative Expenses

Certain administrative expenses of the Plan may be allocated to participants pro rata based on participant balances or paid through forfeitures. Loan origination fees and certain transaction fees for withdrawals are charged directly to the respective participants' accounts. Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. Fees paid to service providers of the Plan qualify as party-in-interest transactions. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's discretionary matching contribution, as approved by management, is considered payable to the Plan when the related participant's contributions are payable to the Plan. The Company discretionary nonelective contributions are considered payable to the Plan after approval by the Company.

Net change in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments. Interest is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability and a reduction to contributions in the year the original contribution was made. The Plan distributed the required 2024 excess contributions and required 2023 excess contributions to the applicable participants in February 2025 and February 2024, respectively.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 18, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule of assets held, including investments held and notes receivable from participants at December 31, 2024 and 2023, and the net change in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC (Empower), the Plan's qualified institution.

4. Investments

Fees incurred by the Plan for the investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, interest rate, currency and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated

with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds and money market funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in collective trust funds are valued daily using net asset value (NAV). The collective trust funds are primarily invested in stocks, bonds, debt instruments, mutual funds, and other securities in the trust. The NAVs are generally obtained directly from the fund house or other investment provider. The collective trust funds may be traded daily at their NAV.

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2024 and 2023:

	2024		
	Level 1	Level 2	Total
Mutual funds	\$ 6,779,951	\$ -	\$ 6,779,951

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company contributions.

6. Income Tax Status

In February 2023, the Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by Empower Retirement, LLC, an affiliate of Empower. The Internal Revenue Service has opined and informed Empower Retirement, LLC by letter dated November 14, 2022, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the Empower Retirement, LLC opinion letter, the plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
