Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **CBIZ CPAS P.C.**

(2) EIN: **43-1947695**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 557567.

INDEPENDENT AUDITORS' REPORT

TO THE PENSION PLAN COMMITTEE OF CALIFORNIA CASUALTY MANAGEMENT COMPANY PENSION PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of CALIFORNIA CASUALTY MANAGEMENT COMPANY PENSION PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H – Line 4j: Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 – PLAN DESCRIPTION

The following description of the California Casualty Management Company Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a noncontributory defined benefit pension plan covering substantially all employees of California Casualty Management Company (“CCMC”) who were employed prior to January 1, 2004, and were not members of a collective bargaining agreement. Employees who began their employment after December 31, 2003 are not eligible to participate in the Plan. Effective January 1, 2016, the Plan was amended and restated to reflect the Plan was frozen such that no participant will accrue additional years of participation, or have any annual earnings or monthly earnings, or any increases in covered compensation, recognized under the Plan, after December 31, 2015. As a result of this amendment, active participants of this Plan became eligible to participate in certain affiliated defined contribution plans sponsored by CCMC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”). The Plan administration, processing and maintenance functions are managed by CCMC and overseen by a Pension Plan Committee (the “Plan Committee”).

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regards to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Pension Benefits – Subject to the freeze in the accretion of benefits, noted above, participants are entitled to annual pension benefits upon retirement at normal retirement age (the later of age 65 or the fifth anniversary of participation) equal to the greater of:

- 1.0% of the participant’s final average earnings plus .65% of the excess of final average earnings over the Social Security covered compensation, for each year of credited service up to a maximum of 35 years, or
- The participant’s accrued monthly benefit as determined pursuant to prior plan provisions based on service and compensation prior to January 1, 1989.

The Plan defines final average earnings as the average of total annual earnings as reported on the annual Form W-2 (with some adjustments as defined by the Plan agreement) for the highest earnings for five consecutive calendar years, or the average of the monthly earnings during the last 60 consecutive months of employment prior to January 1, 2016, whichever is greater.

The Plan permits early retirement at ages 55 through 64 with ten years of service. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity. If a participant terminates employment before rendering five years of service, he or she forfeits the right to receive pension benefits. Pension benefits payable at retirement shall not be less than the amount contributed by participants under any prior plan plus interest earned thereon.

CALIFORNIA CASUALTY MANAGEMENT COMPANY
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 – PLAN DESCRIPTION (Continued)

Pension Benefits (Continued) – The Plan was amended on June 20, 2024 to provide a one-time lump sum benefit option election in September and October 2024 to eligible participants for a payment made on December 1, 2024. To be eligible for this benefit, a participant must be a terminated vested participant as of December 31, 2023, who had not reached their normal retirement date by that time. However, participation was restricted to eligible terminated vested participants whose lump sum benefit was below a threshold determined by the Company's Chief Executive Officer. Additionally, the total lump sum payout under the Lump Sum Window was capped at an amount set by the Company's Chief Executive Officer. The total lump sum payout under the Lump Sum Window may not exceed the amount set by the Chief Executive Officer. If the total lump sum distributions elected by eligible participants exceeded this limit, payments were to be made in order of lowest to highest lump sum amounts, until the total paid would exceed the set limit if the next highest amount were included. The total lump sum paid to the participants on December 1, 2024, was approximately \$7.3 million and was below the established limit.

Vesting – A participant becomes 100% vested in their pension benefit upon the following:

- a) The participant reaches normal retirement date (age 65 and fifth anniversary of participation date while in service);
- b) Completion of five years of credited service;
- c) The participant terminated service during the period from February 1, 2007 to May 31, 2007; or
- d) Certain other specified conditions.

Death and Disability Benefits – If a married vested participant dies prior to retirement, a death benefit equal to 100% of the amount that the participant would have received as an early retirement benefit is paid in the form of an annuity to the participant's spouse at the date the participant would have attained eligibility for retirement, or the date of death, whichever is later. If the spouse is more than five years younger than the participant, the Plan provides for a reduction in the benefit of 1/6 of 1% for each full month in excess of 60 months that the spouse is younger than the participant. Active participants who become permanently and totally disabled under the Social Security definition after completing five years of service are granted credited service under the Plan as if they had continued working.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, the actuarial present value of accumulated plan benefits, and disclosure of contingent assets and liabilities at the date of the financial statements, and the changes in net assets available for benefits and actuarial present value of accumulated plan benefits during the reporting periods. Actual results may differ from those estimates.

PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents – Cash and cash equivalents are stated at cost which approximates fair value as they consist of demand deposits and short-term (90 days or less), highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value caused by changes in interest rates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions – Contributions from CCMC are accrued in the Plan year as designated by CCMC. During the years ended December 31, 2024 and 2023, \$4,200,000 and \$3,000,000 employer contributions were made, respectively.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Plan's expenses are paid either by the Plan or CCMC, as provided by the Plan document. Expenses that are paid directly by CCMC are excluded from these financial statements. Certain expenses incurred for insurance premiums (see Note 7) and in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net investment income or loss presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

NOTE 3 – FUNDING POLICY

CCMC's funding policy is to contribute an amount at least equal to the minimum funding requirements of ERISA, as determined by the Plan's actuary. For the years ended December 31, 2024 and 2023, the Plan's actuary determined that no contributions were required to meet minimum funding requirements. CCMC has elected to make a discretionary contribution of \$4,200,000 and \$3,000,000 for the Plan years ended December 31, 2024 and 2023, respectively.

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of retired or terminated employees who have died, and (c) present employees or their beneficiaries.

The accumulated plan benefits for active employees are based on their estimated final average earnings, as defined and subject to the freeze in the accretion of benefits effective January 1, 2016 (see Note 1). Benefits payable under all circumstances (retirement, death, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided by contracts with insurance companies, which are excluded from Plan assets, are also excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by independent consulting actuaries, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan has elected to use the beginning of the year information date for reporting the actuarial present value of accumulated plan benefits and changes in the actuarial present value of accumulated plan benefits. Following are the significant actuarial assumptions used in the valuation as of January 1, 2024:

- Life Expectancy of Participants – Pri-2012 Total Dataset tables with projected mortality improvements using scale MP-2021
- Retirement Age Assumptions – Retirement rates expected for active employees eligible to retire at each age (ranging from 50 per 1,000 participants at age 55 to 1,000 per 1,000 participants at age 70)
- Salary Progression Assumption – Not Applicable
- Rate of Return on Assets – 4.25%
- Discounted Rate for Obligation – 4.25%
- Withdrawal Assumptions – Expected termination rates per 1,000 (from 100 at age 40 to 15 at age 54)

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The actuarial present value of accumulated plan benefits presented below was prepared taking into account that the Plan has been amended to freeze benefits effective January 1, 2016 and to reflect certain changes in estimates, as follows. The segment rates and mortality assumptions were updated for the 2024 plan year as required by Internal Revenue Service regulations for minimum funding purposes.

The actuarial present value of accumulated plan benefits at January 1, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Actuarial Present Value of Vested Benefits:		
Participants Currently Receiving Payments	\$ 135,571,929	\$ 129,659,108
Other Participants	<u>54,703,218</u>	<u>64,885,843</u>
	190,275,147	194,544,951
Actuarial Present Value of Nonvested Benefits	<u>1,413,909</u>	<u>1,738,461</u>
Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 191,689,056</u>	<u>\$ 196,283,412</u>

Changes in the actuarial present value of accumulated plan benefits during the Plan year ended December 31, 2023, are as follows:

Balance at Beginning of Year	\$ 196,283,412
Increase for Interest	8,081,362
Decrease in Benefits Accumulated due to Changes in Demographic Experience	(408,292)
Benefits Paid	<u>(12,267,426)</u>
Balance at End of Year	<u>\$ 191,689,056</u>

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CALIFORNIA CASUALTY MANAGEMENT COMPANY
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. Treasury Securities: Valued using pricing models which maximize the use of observable inputs for similar securities.

Collective Trust Fund: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trusts, the issuer requires ninety-five business days' advance notification to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding valuation methods may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of financial instruments could result in a different fair value measurement at the reporting date.

The SEI Core Property Collective Investment Trust’s investment strategy is to invest in diversified property funds.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, other than the fair value of the SEI Core Property Collective Investment Trust, SEI Private Trust Company (“SEI”), the trustee of the Plan, has certified the completeness and accuracy of the investment balances as of December 31, 2024 and 2023, reflected in the accompanying Statements of Net Assets Available for Benefits and presented in Note 5; the supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024; the related investment income or loss activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023; and the supplemental Schedule H – Line 4j: Schedule of Reportable Transactions for the year ended December 31, 2024.

The Plan’s independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 7 – PLAN TERMINATION

In the event that the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order of priority indicated:

- a) Benefits attributable to employee contributions, taking into account those paid out before termination.
- b) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable, or would have been payable during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- c) Other vested benefits insured by the Pension Benefit Guarantee Corporation (“PBGC”), a U.S. governmental agency, up to the applicable limitations (discussed hereinafter).
- d) All other vested benefits (vested benefits not insured by the PBGC).
- e) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan is terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling on the amount of an individual’s monthly benefit that the PBGC guarantees. For plan terminations occurring in 2024 and 2023, that ceiling, which is adjusted periodically, was \$7,108 and \$6,750 per month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and have reached at least 65 years of age at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form other than a single-life annuity, the corresponding ceilings are actuarially adjusted.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

The Plan Committee determined that, due to restructuring of CCMC, a partial termination of the Plan occurred during the period from February 1, 2007 to May 31, 2007. In connection with this partial termination, the Plan was amended effective January 1, 2007 to provide that any participants terminated during the partial termination period automatically became 100% vested, regardless of whether the participant had completed 5 years of service.

NOTE 8 – TAX STATUS

The Plan obtained its latest determination letter dated August 15, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes is reported in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

Plan contributions and the actuarial present value of accumulated plan benefits are determined based on certain assumptions pertaining to interest rates, compensation levels, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in these estimates and assumptions, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported in these financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and currency fluctuation, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by SEI. SEI is the trustee, as defined by the Plan and; therefore, these transactions qualify as party-in-interest transactions. The Plan incurred charges for SEI services totaling \$552,518 and \$728,662 during the years ended December 31, 2024 and 2023, respectively. As of December 31, 2024 and 2023, amounts payable to SEI totaled \$88,343 and \$122,293, respectively, for investment management services.

Actuarial Basis

Overview

This 2024 Form 5500 Schedule SB for The California Casualty Management Company Pension Plan (“Plan”) has been prepared for the Internal Revenue Service, the Department of Labor, and the Pension Benefit Guaranty Corporation. The purpose of this 2024 Schedule SB is to provide reporting of the Plan’s minimum funding and other Plan information as requested to the Department of Labor’s Employee Benefits Security Administration (the “EBSA”), as stated in the instructions to the 2024 Form 5500. This 2024 Schedule SB consists of the three-page Schedule SB form provided by the EBSA and the associated attachments filed concurrently with this form.

This 2024 Schedule SB is signed and dated by Thomas E. Gibbs, Jr. Mr. Gibbs is the responsible actuary for this 2024 Schedule SB for the Plan, and as an Enrolled Actuary and a Fellow of the Society of Actuaries, is qualified to issue this 2024 Schedule SB. Mr. Gibbs is not aware of any conflict of interest which could potentially impact the objectiveness of this work.

This 2024 Schedule SB may not be relied upon by any other party or for any other purposes than as stated above. The funded status disclosed in this 2024 Schedule SB is produced on the basis discussed in this report. In particular, Plan assets and liabilities have been measured as of the January 1, 2024 valuation date according to the data, assumptions and methodologies as discussed in this reporting. Other than as disclosed in this reporting, the responsible actuary is not aware of any subsequent events that would have a material impact on the results published here.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

Liability Method

For minimum funding purposes, liabilities shown in this report have been computed using the Unit Credit method. This method is mandated by statute.

Asset Valuation Method

The actuarial value of assets is equal to the two-year average of Plan asset values as of the valuation date. The two-year average is the average of the two prior years' adjusted market value of assets and the current year's market value of assets. For this purpose, the prior years' market value of assets is adjusted to reflect benefit payments, administrative expenses, contributions, and expected returns for the prior years. The resulting actuarial value of assets is adjusted to be within 10% of the market value of assets at the valuation date, as required by law.

Contributions for prior years made after the valuation date are discounted back to the valuation date using the effective interest rate for the plan year to which the contribution relates. Contributions that are made for the current plan year, whether it is made before or after the valuation date, are excluded from the actuarial value of assets.

Valuation Data

The valuation date for the 2024 actuarial valuation is January 1, 2024. Except as discussed below, the January 1, 2024 valuation date is also the information date for this report.

The Plan sponsor provided data on all relevant employees and participants as of the January 1, 2024 valuation date. Employee and participant data was reviewed for reasonableness and consistency but was otherwise relied upon for accuracy and completeness. If any of the reported data were inaccurate, or if the reported data were not complete, these results would require modification and could not be relied upon. Any changes in participant data effective after the January 1, 2024 valuation date, except as noted in this report, were not considered.

The Plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the Plan's eligibility requirements are included in the valuation of liabilities. No funding target is included for participants who terminated nonvested prior to the valuation date.

All financial data was provided by the Plan's asset custodian, SEI. With the exception of the dates and amounts of subsequent Plan contributions, changes in financial data after the January 1, 2024 valuation date were not considered in this report, with any exceptions to this statement fully noted in this report. The financial data received was reviewed for consistency with the Plan's published funding recommendations but was otherwise not reviewed or analyzed.

The limitations of Code sections 401(a)(17) and 415(b) have been incorporated into our calculations.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont’d)

The following assumptions were used in valuing the liabilities and benefits under the Plan.

ARPA/MAP-21 Interest Rates

For purposes of determining minimum required contributions under IRC section 430 and benefit restrictions under IRC section 436:

Applicable Month:	ARPA/MAP-21 Segments Rates are based on the September immediately preceding the valuation year.		
Segment Rates:	First Segment:	4.75%	compounded annually
	Second Segment:	4.87%	compounded annually
	Third Segment:	5.59%	compounded annually

The MAP-21 interest rates above are the interest rates required for 2024 under the American Rescue Plan (ARP) Act of 2021.

PPA Interest Rates

For purposes of determining maximum deductible contributions under IRC section 404:

Applicable Month:	The Plan sponsor elects to base PPA Segments Rates on the September immediately preceding the valuation year		
Segment Rates:	First Segment:	3.62%	compounded annually
	Second Segment:	4.46%	compounded annually
	Third Segment:	4.52%	compounded annually

Economic

Investment Return:	4.25% compounded annually for funding asset averaging.
Taxable Wage Base Increases:	N/A
Cost of Living Increases:	3.00%, used for inflation of administrative expenses determining Target Normal Cost only
Salary Increases:	N/A

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

Changes in Assumptions

The Segment Rates (PPA and ARPA/MAP-21) and Mortality assumptions were updated for the 2024 plan year, as required by IRS regulations under IRC section 430 for minimum funding purposes.

No other changes in assumptions have been made since the preceding valuation.

Nature of Assumptions

The Segment Rates and the Mortality assumptions are dictated for minimum funding calculations by the provisions of the Pension Protection Act of 2006. These two assumptions were determined by IRC section 430 and the associated IRS regulations and are based on the Plan sponsor elections discussed above.

The assumptions regarding the PPA Benefit Restrictions were determined for minimum funding calculations by the IRS regulations under IRC section 430.

In the opinion of the responsible actuary, except as dictated by IRC section 430 and the associated IRS regulations, each actuarial assumption is reasonable, taking into account the experience of the Plan and reasonable expectations, and which, in combination, represent the responsible actuary's best estimate of the anticipated experience under the Plan.

Schedule SB, Part V – Summary of Plan Provisions

Except as noted in this report, this valuation is based on the Plan's provisions as of the January 1, 2024 valuation date. Any amendments to the Plan's provisions that are adopted or are effective after the January 1, 2024 valuation date are not reflected in this valuation except as noted in this report.

Effective Date

Amended and restated effective January 1, 2016.

Covered Employees

All regular employees hired before January 1, 2004.

Participation Date

January 1 or July 1 coincident with or next following the later of attainment of age 21 and completion of one year of eligibility service.

Eligibility Service

Completion of 1,000 hours within one year.

Credited Service

Years and months of service from date of employment. Effective December 31, 2015, credited service was frozen.

Pensionable Pay

W-2 earnings, increased by salary reductions under Sections 401(k) and 125 of the Internal Revenue Code. Pay limit reflects IRC Section 401(a)(17). For plan years prior to 2002, the pay is limited by \$200,000.

Final Average Earnings

The average of the highest five consecutive years of Pensionable Pay. Effective December 31, 2015, final average earnings was frozen.

Covered Compensation

Average of the Social Security Wage Bases over 35 years ending in the year the participant attains Social Security Retirement Age. Effective December 31, 2015, covered compensation was frozen.

Normal Retirement Date

First of month coinciding with or next following the later of attainment of age 65 or fifth-year anniversary of plan participation.

Schedule SB, Part V – Summary of Plan Provisions (cont'd)

Monthly Pension Benefit

As of any date, one-twelfth of greater of:

- a) 1.0% of Final Average Earnings, plus 0.65% of the excess of Final Average Earnings over Covered Compensation, for each year of Credited Service up to a maximum of 35 years.
- b) Accrued benefit as determined under prior plan provisions based on Credited Service and Final Average Earnings prior to January 1, 1989 (or January 1, 1990 if participant was not super-highly compensated).

If participant's Pensionable Pay exceeded \$150,000 prior to 1994, the Monthly Pension Plan is at least equal to their accrued benefit as of December 31, 1993, plus benefit (a) above based on Credited Service after December 31, 1993.

Monthly Preretirement Spouse Benefit

100% of the Monthly Pension Benefit as of the date of death for the 100% joint and survivor election and reduced for payment as early as the participant's 55th birthday.

Eligibility for Benefits

Normal Retirement:

Retirement on Normal Retirement Date.

Early Retirement:

Retirement before Normal Retirement Date and on or after both attaining age 55 and completing ten years of service.

Postponed Retirement:

Retirement after Normal Retirement Date.

Deferred Vested:

Termination for reasons other than death or retirement after completing five years of service.

Preretirement Spouse Benefit:

Death while eligible for Normal, Early, Postponed, or Deferred Vested retirement benefits, with a surviving spouse.

Schedule SB, Part V – Summary of Plan Provisions (cont'd)

Benefits Payable

Normal Retirement: Monthly Pension Benefit determined as of Normal Retirement Date.

Early Retirement: Monthly Pension Benefit determined as of Early Retirement Date, reduced for early commencement.

The Monthly Pension Benefit under (a) above is reduced for early commencement as follows:

- 1.0% of Final Average Earnings as of January 1, 2002, for each year of Credited Service as of January 1, 2002 up to 35 years:
 - with 10 to 15 years of service or with at least 15 years of service and less than age 55 at termination: Table A
 - with 15 or more years of service: Table C
 - rule of 90: no reduction
- Remaining Monthly Pension Benefit under (a) above: Table B.

Benefits frozen prior to January 1, 2002 are reduced for early commencement based on the plan provisions in effect at the time the benefit was frozen.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods

Actuarial Basis

Overview

This 2024 Form 5500 Schedule SB for The California Casualty Management Company Pension Plan (“Plan”) has been prepared for the Internal Revenue Service, the Department of Labor, and the Pension Benefit Guaranty Corporation. The purpose of this 2024 Schedule SB is to provide reporting of the Plan’s minimum funding and other Plan information as requested to the Department of Labor’s Employee Benefits Security Administration (the “EBSA”), as stated in the instructions to the 2024 Form 5500. This 2024 Schedule SB consists of the three-page Schedule SB form provided by the EBSA and the associated attachments filed concurrently with this form.

This 2024 Schedule SB is signed and dated by Thomas E. Gibbs, Jr. Mr. Gibbs is the responsible actuary for this 2024 Schedule SB for the Plan, and as an Enrolled Actuary and a Fellow of the Society of Actuaries, is qualified to issue this 2024 Schedule SB. Mr. Gibbs is not aware of any conflict of interest which could potentially impact the objectiveness of this work.

This 2024 Schedule SB may not be relied upon by any other party or for any other purposes than as stated above. The funded status disclosed in this 2024 Schedule SB is produced on the basis discussed in this report. In particular, Plan assets and liabilities have been measured as of the January 1, 2024 valuation date according to the data, assumptions and methodologies as discussed in this reporting. Other than as disclosed in this reporting, the responsible actuary is not aware of any subsequent events that would have a material impact on the results published here.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

Liability Method

For minimum funding purposes, liabilities shown in this report have been computed using the Unit Credit method. This method is mandated by statute.

Asset Valuation Method

The actuarial value of assets is equal to the two-year average of Plan asset values as of the valuation date. The two-year average is the average of the two prior years' adjusted market value of assets and the current year's market value of assets. For this purpose, the prior years' market value of assets is adjusted to reflect benefit payments, administrative expenses, contributions, and expected returns for the prior years. The resulting actuarial value of assets is adjusted to be within 10% of the market value of assets at the valuation date, as required by law.

Contributions for prior years made after the valuation date are discounted back to the valuation date using the effective interest rate for the plan year to which the contribution relates. Contributions that are made for the current plan year, whether it is made before or after the valuation date, are excluded from the actuarial value of assets.

Valuation Data

The valuation date for the 2024 actuarial valuation is January 1, 2024. Except as discussed below, the January 1, 2024 valuation date is also the information date for this report.

The Plan sponsor provided data on all relevant employees and participants as of the January 1, 2024 valuation date. Employee and participant data was reviewed for reasonableness and consistency but was otherwise relied upon for accuracy and completeness. If any of the reported data were inaccurate, or if the reported data were not complete, these results would require modification and could not be relied upon. Any changes in participant data effective after the January 1, 2024 valuation date, except as noted in this report, were not considered.

The Plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the Plan's eligibility requirements are included in the valuation of liabilities. No funding target is included for participants who terminated nonvested prior to the valuation date.

All financial data was provided by the Plan's asset custodian, SEI. With the exception of the dates and amounts of subsequent Plan contributions, changes in financial data after the January 1, 2024 valuation date were not considered in this report, with any exceptions to this statement fully noted in this report. The financial data received was reviewed for consistency with the Plan's published funding recommendations but was otherwise not reviewed or analyzed.

The limitations of Code sections 401(a)(17) and 415(b) have been incorporated into our calculations.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont’d)

The following assumptions were used in valuing the liabilities and benefits under the Plan.

ARPA/MAP-21 Interest Rates

For purposes of determining minimum required contributions under IRC section 430 and benefit restrictions under IRC section 436:

Applicable Month:	ARPA/MAP-21 Segments Rates are based on the September immediately preceding the valuation year.		
Segment Rates:	First Segment:	4.75%	compounded annually
	Second Segment:	4.87%	compounded annually
	Third Segment:	5.59%	compounded annually

The MAP-21 interest rates above are the interest rates required for 2024 under the American Rescue Plan (ARP) Act of 2021.

PPA Interest Rates

For purposes of determining maximum deductible contributions under IRC section 404:

Applicable Month:	The Plan sponsor elects to base PPA Segments Rates on the September immediately preceding the valuation year		
Segment Rates:	First Segment:	3.62%	compounded annually
	Second Segment:	4.46%	compounded annually
	Third Segment:	4.52%	compounded annually

Economic

Investment Return:	4.25% compounded annually for funding asset averaging.
Taxable Wage Base Increases:	N/A
Cost of Living Increases:	3.00%, used for inflation of administrative expenses determining Target Normal Cost only
Salary Increases:	N/A

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

Changes in Assumptions

The Segment Rates (PPA and ARPA/MAP-21) and Mortality assumptions were updated for the 2024 plan year, as required by IRS regulations under IRC section 430 for minimum funding purposes.

No other changes in assumptions have been made since the preceding valuation.

Nature of Assumptions

The Segment Rates and the Mortality assumptions are dictated for minimum funding calculations by the provisions of the Pension Protection Act of 2006. These two assumptions were determined by IRC section 430 and the associated IRS regulations and are based on the Plan sponsor elections discussed above.

The assumptions regarding the PPA Benefit Restrictions were determined for minimum funding calculations by the IRS regulations under IRC section 430.

In the opinion of the responsible actuary, except as dictated by IRC section 430 and the associated IRS regulations, each actuarial assumption is reasonable, taking into account the experience of the Plan and reasonable expectations, and which, in combination, represent the responsible actuary's best estimate of the anticipated experience under the Plan.

INDEPENDENT AUDITORS' REPORT

TO THE PENSION PLAN COMMITTEE OF CALIFORNIA CASUALTY MANAGEMENT COMPANY PENSION PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of CALIFORNIA CASUALTY MANAGEMENT COMPANY PENSION PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H – Line 4j: Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Schedule SB, Part V – Summary of Plan Provisions

Except as noted in this report, this valuation is based on the Plan's provisions as of the January 1, 2024 valuation date. Any amendments to the Plan's provisions that are adopted or are effective after the January 1, 2024 valuation date are not reflected in this valuation except as noted in this report.

Effective Date

Amended and restated effective January 1, 2016.

Covered Employees

All regular employees hired before January 1, 2004.

Participation Date

January 1 or July 1 coincident with or next following the later of attainment of age 21 and completion of one year of eligibility service.

Eligibility Service

Completion of 1,000 hours within one year.

Credited Service

Years and months of service from date of employment. Effective December 31, 2015, credited service was frozen.

Pensionable Pay

W-2 earnings, increased by salary reductions under Sections 401(k) and 125 of the Internal Revenue Code. Pay limit reflects IRC Section 401(a)(17). For plan years prior to 2002, the pay is limited by \$200,000.

Final Average Earnings

The average of the highest five consecutive years of Pensionable Pay. Effective December 31, 2015, final average earnings was frozen.

Covered Compensation

Average of the Social Security Wage Bases over 35 years ending in the year the participant attains Social Security Retirement Age. Effective December 31, 2015, covered compensation was frozen.

Normal Retirement Date

First of month coinciding with or next following the later of attainment of age 65 or fifth-year anniversary of plan participation.

Schedule SB, Part V – Summary of Plan Provisions (cont'd)

Monthly Pension Benefit

As of any date, one-twelfth of greater of:

- a) 1.0% of Final Average Earnings, plus 0.65% of the excess of Final Average Earnings over Covered Compensation, for each year of Credited Service up to a maximum of 35 years.
- b) Accrued benefit as determined under prior plan provisions based on Credited Service and Final Average Earnings prior to January 1, 1989 (or January 1, 1990 if participant was not super-highly compensated).

If participant's Pensionable Pay exceeded \$150,000 prior to 1994, the Monthly Pension Plan is at least equal to their accrued benefit as of December 31, 1993, plus benefit (a) above based on Credited Service after December 31, 1993.

Monthly Preretirement Spouse Benefit

100% of the Monthly Pension Benefit as of the date of death for the 100% joint and survivor election and reduced for payment as early as the participant's 55th birthday.

Eligibility for Benefits

Normal Retirement:

Retirement on Normal Retirement Date.

Early Retirement:

Retirement before Normal Retirement Date and on or after both attaining age 55 and completing ten years of service.

Postponed Retirement:

Retirement after Normal Retirement Date.

Deferred Vested:

Termination for reasons other than death or retirement after completing five years of service.

Preretirement Spouse Benefit:

Death while eligible for Normal, Early, Postponed, or Deferred Vested retirement benefits, with a surviving spouse.

Schedule SB, Part V – Summary of Plan Provisions (cont'd)

Benefits Payable

Normal Retirement: Monthly Pension Benefit determined as of Normal Retirement Date.

Early Retirement: Monthly Pension Benefit determined as of Early Retirement Date, reduced for early commencement.

The Monthly Pension Benefit under (a) above is reduced for early commencement as follows:

- 1.0% of Final Average Earnings as of January 1, 2002, for each year of Credited Service as of January 1, 2002 up to 35 years:
 - with 10 to 15 years of service or with at least 15 years of service and less than age 55 at termination: Table A
 - with 15 or more years of service: Table C
 - rule of 90: no reduction
- Remaining Monthly Pension Benefit under (a) above: Table B.

Benefits frozen prior to January 1, 2002 are reduced for early commencement based on the plan provisions in effect at the time the benefit was frozen.
