## Independent Auditors' Report

To the Participants and Plan Administrator of  
CONSOL Energy Inc. Investment Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CONSOL Energy Inc. Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

December 31, 2024 and 2023

---

### I. DESCRIPTION OF PLAN

The following description of the CONSOL Energy Inc. Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

*General* – The Plan was formed on September 1, 2017 as a new defined-contribution plan and covers substantially all full-time and certain part-time employees of CONSOL Energy Inc. (“CONSOL”) and participating employers (collectively, the “Company”). Employees can participate in the Plan as soon as administratively feasible following the date they first become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, and the Internal Revenue Code (the “Code”).

CONSOL is the Plan sponsor. The Plan administrator is the Investment Plan Committee, whose members are appointed by the Board of Directors (the “Board”) of CONSOL. The Investment Plan Committee also has responsibility for selecting and overseeing the Plan’s investments. The Board has the authority to appoint trustees and designated Bank of America, N.A. (“Bank of America”) as trustee for the Plan through January 8, 2024, after which time the Board appointed Empower Trust Company (“Empower”) as trustee of the Plan.

*Contributions* – Participants may make before-tax and/or after-tax contributions from 1% to 75% of eligible compensation to the Plan via payroll deductions. Effective January 1, 2024, participants may also designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollovers). Participants are automatically enrolled in the Plan at a 6% before-tax savings rate if no action is taken by the employee within forty-five days from the date they first become eligible. Under the automatic enrollment provision, participant assets were invested in accordance with a managed account feature offered by Bank of America based on certain demographic characteristics of the participant through January 8, 2024, after which time they are invested in an age-appropriate Fidelity Freedom Blend target date fund, selected based on the participant’s date of birth. A participant may elect not to participate in the Plan at any time.

### I. DESCRIPTION OF PLAN (Continued)

The Company matches participant contributions (excluding rollovers), dollar for dollar, up to 6% of eligible compensation.

The Company may also make discretionary contributions to the Plan ranging from 1% to 6% of eligible compensation for eligible participants (as defined by the Plan). There were no discretionary contributions made by the Company for the year ended December 31, 2024. All participant and employer contributions are subject to regulatory and Plan limitations, and total contributions credited to a participant's account are further subject to annual addition limitations under the Code.

*Participant Accounts* – Each participant's account is credited with the participant's contribution and the Company's contribution, as well as allocations of Plan investment earnings, and charged with an allocation of administrative expenses and Plan investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

*Investment Options* – Upon enrollment in the Plan, a participant may direct employee and Company contributions into any of the investment options offered by the Plan, including various mutual funds, collective trust funds (target date funds), or a money market fund.

*Vesting* – Participants are immediately vested in their contributions and any matching contributions or discretionary contributions made by the Company plus actual earnings (losses) thereon.

*Payment of Benefits* – Participants who terminate may elect to defer withdrawals until April of the calendar year following the later of the year in which the participant attains age 73 or terminates employment. They may also elect an option to have their account distributed over a period of not less than two years or more than a period which would pay the account balance during the participant's actuarial life in either a fixed or variable amount. Before-tax deposits may be withdrawn only in the event of a participant's death, termination, attainment of age 59½ or defined hardship.

### 1. DESCRIPTION OF PLAN (Continued)

*Notes Receivable from Participants* – The Plan permits participants to borrow money from their accounts under the Plan. Participants may borrow up to the lesser of one-half of their account balances (subject to a \$1,000 minimum) or required regulatory loan maximum limitations. Loans are repayable over periods of 12 to 60 months (180 months maximum if for the purchase of a principal residence) and are secured by the balance in the participant’s account. The rate of interest on loans is commensurate with the average rate charged by selected major banks for secured personal loans and remains fixed for the life of the loan. Loans can be repaid over the period in installments of principal and interest via payroll deductions or ACH account debit for participants that terminate employment subsequent to the loan’s execution. A participant also has the right to repay the loan in full, at any time, without penalty. At December 31, 2024, loan interest rates ranged from 4.25% to 9.50%.

*Plan Termination* – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

*Recent Legislation* – On December 29, 2022, the SECURE 2.0 Act (“SECURE 2.0”) was signed into law to enhance the retirement saving system. Principle areas of SECURE 2.0 addressed automatic enrollment, required minimum distributions, and catch-up contributions. All provisions required through 2024 have been adopted by the Plan. All required provisions of SECURE 2.0 with effective dates in 2025 and beyond are being evaluated and implemented in accordance with future regulations and guidance.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

*Basis of Accounting* – The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

*Investment Valuation and Income Recognition* – The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

## Notes to Financial Statements

---

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest on notes receivable from participants is recognized over the term of the notes and calculated using a simple-interest method on principal amounts. The Plan administrator considers delinquent loans to be defaulted on the last day of the calendar quarter following the quarter in which the last payment was made and reclassified as a distribution based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

*Payment of Benefits* – Benefits are recorded when paid.

*Administrative Expenses* – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distribution processing and recordkeeping expenses are charged directly to the participants' accounts and are included in administrative expenses. All other investment-related expenses are included in Net Appreciation in Fair Value of Investments.

*Use of Estimates* – The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

December 31, 2024 and 2023

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

*Subsequent Events* – The Plan has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued, and determined the following material event requires disclosure in the financial statements.

Effective January 14, 2025, the Company announced the successful completion of a merger of equals between CONSOL and Arch Resources, Inc. (“Arch”) to form Core Natural Resources, Inc. (“Core”). As of the effective date of the merger, Core assumed sponsorship for the Plan, and the Plan Administrator became the Retirement Committee of Core Natural Resources, Inc., whose members were appointed by the Chief Executive Officer of Core.

As of the date these financial statements were available to be issued, Plan management has asserted that the Arch Resources, Inc. 401(k) Plan, including all assets and loans, will merge into the Plan effective December 31, 2025, and at that time the Plan will be renamed the Core Natural Resources, Inc. 401(k) Plan. Empower will continue as the Plan’s trustee in 2026. In anticipation of the upcoming Plan merger, certain fund changes occurred in September 2025, including replacement of the Fidelity Freedom Blend target date fund series with a similar series sponsored by Vanguard, the replacement and/or addition of certain mutuals funds, and the addition of a self-directed brokerage account to the Plan’s investment lineup.

### 3. FAIR VALUE MEASUREMENTS

US GAAP for fair value measurements provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

# CONSOL ENERGY INC. INVESTMENT PLAN

## Notes to Financial Statements

December 31, 2024 and 2023

---

### 3. FAIR VALUE MEASUREMENTS (Continued)

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or other inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Money Market Fund* – This security is a short-term government investment fund designed to provide current income while maintaining liquidity is an institutional money market fund that permits daily redemption. The fair value of this fund is based upon the quoted price in active markets provided by the financial institution managing this fund. This fund seeks to preserve a stable share price of \$1 per share and can be validated with a sufficient level of observable activity and therefore, is classified within Level 1 of the fair value hierarchy.

*Mutual Funds* – Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission and are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore, are categorized within Level 1 of the fair value hierarchy.

### 3. FAIR VALUE MEASUREMENTS (Continued)

*Collective Trusts* – Collective trust funds are valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probably that the fund will sell the investment for an amount different than the reported NAV. These funds file as a Direct Filing Entities (“DFEs”).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

### 3. FAIR VALUE MEASUREMENTS (Continued)

(a) Certain investments that were measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Nets Assets Available for Benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

|                   | Fair Value     |      | Unfunded<br>Commitments | Redemption<br>Frequency | Redemption<br>Notice Period |

### 5. TAX STATUS

The Plan obtained a determination letter from the IRS dated February 25, 2019, stating that the Plan was qualified under the Code and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of this determination letter, and in conjunction with the appointment of Empower as Plan trustee in January 2024, the Plan adopted a prototype plan sponsored by Empower, which obtained its latest opinion letter on November 14, 2022, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability and related interest and penalties or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

As of December 31, 2024 and 2023, the Plan had investments of approximately \$93.5 million and \$134.9 million, that were concentrated in three funds and four funds, respectively.

### 7. INFORMATION CERTIFIED BY TRUSTEES

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, the trustees of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023 and the supplemental Schedule H, Part IV, Line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.
