## REPORT OF INDEPENDENT AUDITORS

The Plan Administrator and Participants  
INTEGRA Biosciences Corp 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of INTEGRA Biosciences Corp 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of INTEGRA Biosciences Corp 401(k) Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about INTEGRA Biosciences Corp 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion the effectiveness of INTEGRA Biosciences Corp 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about INTEGRA Biosciences Corp 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### *Supplemental Schedules Required by ERISA*

The supplemental Schedules of Delinquent Participant Contributions for the year ended December 31, 2024 and Assets Held as of December 31, 2024 are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# INTEGRA Biosciences Corp 401(k) Plan

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024

### 1. Description of the Plan

The following description of the INTEGRA Biosciences Corp 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan sponsored by INTEGRA Biosciences Corp. (the Company) covering substantially all employees who are 21 years of age or older and have completed two months of service. Non-resident aliens, interns, part-time and seasonal employees are excluded from participation in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

#### Contributions

Contributions to the Plan are made by both participating employees and the Company. Participants may contribute up to 90% of their gross compensation on a pre-tax or after-tax Roth basis, subject to the Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Plan has an automatic enrollment feature which provides that newly eligible employees who do not affirmatively elect either to participate in the Plan, or decline participation in the Plan, will automatically be enrolled in the Plan, and will defer 4% of their eligible compensation into the Plan. The automatic enrollment feature includes a 1% increase each year, not to exceed 10% of compensation.

The Plan provides for a safe harbor matching contribution of 100% of the first 4% of eligible compensation contributed by participants and 50% of the next 2%, up to a maximum of 5% of eligible compensation.

The Company can make a discretionary nonelective contribution to the Plan. For the year ended December 31, 2024, the Company did not make a discretionary nonelective contribution.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or per account, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# INTEGRA Biosciences Corp 401(k) Plan

## NOTES TO FINANCIAL STATEMENTS

### 1. Description of the Plan (Continued)

#### Vesting

Participants are immediately vested in their contributions and employer contributions, plus actual earnings or losses thereon. Participants hired prior to January 1, 2019 become vested in employer contributions and earnings or losses thereon as follows:

<u>Years of Service</u>	<u>Vesting %</u>
-------------------------	------------------

1 years	50
2 years	100

Participants are immediately vested in all accounts in the event of death, permanent disability, or attainment of normal retirement age.

#### Forfeitures

Forfeitures of amounts attributable to the nonvested portion of matching contributions are used to reduce employer matching contributions or used to pay Plan expenses. During 2024, approximately \$122,000 of forfeitures were used to fund the employer safe harbor match. Total unapplied forfeitures were \$8,139 and \$2,508 at December 31, 2024 and 2023, respectively.

#### Notes Receivable from Participants

The Plan allows participants to borrow against their accounts. Such loans shall not exceed the lesser of \$50,000 or 50% of the participants' vested interest in their account. A participant may not have more than one note outstanding at any point in time. Note terms generally may not exceed five years. The interest rate on outstanding loans at December 31, 2024 ranged from 4.25% to 9.50% with various maturities through July 2029. The interest rate on outstanding loans at December 31, 2023 ranged from 4.25% to 9.50% with various maturities through December 2028. Principal and interest are paid ratably through payroll deductions.

#### Benefits

Upon termination of service, death, disability, or retirement, participants are entitled to a lump sum distribution or installment payments of the vested account balance. Participants are permitted to take in-service distributions upon reaching age 59½.

#### Administrative Expenses

Administrative expenses are paid by the Plan to the extent they are not paid by the Company. Certain expenses relating to purchases, sales or transfers of investments are charged to the particular investment fund to which the expenses relate. Expenses paid by the Company are excluded from these financial statements.

## INTEGRA Biosciences Corp 401(k) Plan

### NOTES TO FINANCIAL STATEMENTS

#### 1. Description of the Plan (Continued)

##### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total balances.

#### 2. Summary of Significant Accounting Policies

##### Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

##### Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value (except for the fully benefit responsive investments contract, which is reported at contract value). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). Investments in mutual funds are stated at fair market value based on the last quoted price as of the Plan year end. Investments in collective trust fund are valued at net asset value as a practical expedient, See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

##### Benefit Payments

Benefit payments are recorded when paid.

## INTEGRA Biosciences Corp 401(k) Plan

### NOTES TO FINANCIAL STATEMENTS

#### 2. **Summary of Significant Accounting Policies (Continued)**

##### *Risks and Uncertainties*

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, liquidity and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

##### *Subsequent Events*

Events occurring after the statements of net assets available for benefits date are evaluated by the Plan to determine whether such events should be recognized or disclosed in the financial statements. The plan administrator has evaluated subsequent events through October 7, 2025 the date the financial statements were available to be issued.

#### 3. **Information Certified by the Plan's Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Empower Trust Company, LLC and Reliance Trust Company the trustees, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedules. The plan administrator has obtained certifications from Empower Trust Company LLC as of December 31, 2023 and for the period January 1, 2024 to October 14, 2024 and from Reliance Trust Company as of December 31, 2024 and for the period October 15, 2024 to December 31, 2024, stating that the information provided to the plan administrator by the trustees is complete and accurate. Such certified Plan information includes investments, notes receivable from participants, net appreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, investment transactions and note receivable transactions.

#### 4. **Fair Value Measurements**

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

### NOTES TO FINANCIAL STATEMENTS

#### 4. Fair Value Measurements (Continued)

Level 2- Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3- Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds*- Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

*Collective Trust Fund*- Valued at net asset value (NAV) as a practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<b>Description:</b>	<b>Level 1</b>	<b>Level 2</b>	<b>2024</b>	<b>Level 3</b>	<b>Total</b>

\* In accordance with ASC 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy. This category includes a collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings.

The following table summarizes investments measured using the net asset value per share as of December 31, 2023:

Collective trust	\$ 186,484	N/A	Daily	30 day notice to liquidate entire fund

#### 5. Group Annuity Contract with Transamerica Life Insurance Company

In 2024, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company (Transamerica Life). Transamerica Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a biannual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

## INTEGRA Biosciences Corp 401(k) Plan

### NOTES TO FINANCIAL STATEMENTS

#### 5. Group Annuity Contract with Transamerica Life Insurance Company (continued)

Contract value, as reported to the Plan by Transamerica Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the

Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

#### 6. Tax Status

The underlying pre-approved profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Plan management has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Add: Excess contributions at December 31, 2023	31,196
Net increase per the financial statements	<u>\$3,631,294</u>

#### 8. Related Party and Party-in-Interest Transactions

Transamerica Life Insurance Company and Empower Trust Company, LLC, the custodian and trustee of the Plan, manages certain plan investments; therefore, these transactions qualify as party-in-interest transactions, however, they are exempt from the prohibited transaction rules under ERISA. In addition, loans to participants qualify as party-in-interest transactions.

Administrative expenses charged to the Plan for the year ended December 31, 2024 were \$64,697. Administrative expenses include amounts paid for investment management fees, plan advisory fees and recordkeeping fees. Certain administrative expenses are included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than direct payment. The transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rule under ERISA.

#### **9. Delinquent Participant Contributions**

During 2024 and, 2023, the Company failed to transmit certain participant contributions and loan repayments to the Plan in the amounts of \$67,847 and \$418,779, respectively, within the time period prescribed by ERISA. Late transmissions of participant contributions and loan repayments constitute a prohibited transaction under ERISA section 406, regardless of materiality. The delinquent participant contributions and loan repayments for 2023 have been corrected in full.
