Independent Auditors' Report

The Pension Committee The Leatherstocking Corporation Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Leatherstocking Corporation Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Pension Committee
The Leatherstocking Corporation
Profit Sharing Plan
Page 3**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Profit Sharing Plan**
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Leatherstocking Corporation Profit Sharing Plan

Notes to Financial Statements
December 31, 2024

1. Description of Plan

a. *General*

Effective January 1, 1994, Leatherstocking Corporation (the “Employer”) established The Leatherstocking Corporation Profit Sharing Plan (the “Plan”), a defined contribution plan, for the benefit of the Employer’s employees who satisfy the Plan’s eligibility requirements. Plan assets are held in a Trust Fund. The Employer and Fidelity Management Trust Company (“Fidelity”) have entered into a Trust Agreement, with Fidelity serving as the Plan’s Trustee. The Trustee is responsible for depositing contributions into the Trust Fund as well as holding, investing, and distributing such funds in accordance with the terms and provisions of the Trust Agreement. The Plan and Trust are subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Administrator of the Plan is the Employer and those individuals to whom it delegates certain roles and responsibilities. The Employer has entered into a Service Agreement with Fidelity Workplace Services, LLC (FWC) to provide certain administrative and recordkeeping duties.

The Plan was amended and restated effective September 26, 2017, to adopt the Fidelity Volume Submitter Defined Contribution Plan Adoption Agreement and (Basic) Plan Document. To ensure continued compliance, the Plan was again amended and restated as of August 19, 2021, by adopting the Fidelity Pre-Approved Defined Contribution Adoption Agreement and (Basic) Plan Document.

b. *Contributions and Related Investment Funds*

The Plan includes three types of contributions: 1) Discretionary Nonelective Employer Contributions (i.e., Profit-Sharing), 2) Discretionary Matching Employer Contributions, and 3) Employee Elective Deferrals. Contributions may be made by and/or on behalf of the Employer and eligible Participants. Participants may defer an amount up to 90% of their eligible compensation. Effective in 2023, Highly compensated employees may defer a lower limit of 0% of compensation to the Plan. For the 2024 Plan Year, the Employer contributed an amount equal to 10% of eligible Participant’s compensation as an Employer Nonelective Contribution; the Employer did not make a Discretionary Matching Employer Contribution during this same period.

The Plan permits participants, as well as employees who are not yet eligible to participate but who have rolled over balances from a prior employer plan, to direct the investment of their contributions and existing account balances amongst available investment funds.

Effective in 2023, eligible participants may make after-tax (Roth) Employee Elective Deferrals.

1. Description of Plan (continued)

c. Participation and Vesting

An eligible employee must complete 1,000 hours of service during a 12 consecutive month period (as measured from date of hire and thereafter on a calendar year basis) and have attained age 21 in order to participate in the Plan. Effective January 1, 2023, the hour of service requirement was amended to allow eligible employees to begin making deferrals to the Plan as of the first day of the month following completion of 1,000 hours of service during a 12 consecutive month measurement period, beginning with the date of hire.

Employees may begin participating in the Profit Sharing portion of the Plan on the January 1 or July 1 coincident with or next following completion of the eligibility requirements. A participant must complete 1,000 hours of service each plan year in order to receive a Discretionary Nonelective Employer Contribution for the next year (there are exceptions in the event of death, disability and attainment of certain retirement requirements). A participant may continue to make Employee Elective Deferral Contributions regardless of the number of hours completed during a plan year.

A participant is fully vested in their Employee Elective Deferral Contributions to the 401(k) portion of the Plan. No matching contributions were made by the Employer for the year ended December 31, 2024. Prior to 2024, employees become vested in Discretionary Nonelective Employer Contributions as follows:

Years of Service	Percentage Vested
Less than 3 years	0%
3	100%

Effective in 2024, both Discretionary Matching Employer Contributions and Discretionary Nonelective Employer Contributions vest according to a three year cliff schedule for all new hires as of the date of adoption. All previous contributions and existing employees will vest in both Discretionary Matching Employer Contributions and Discretionary Nonelective Employer Contributions based on the following schedule:

Years of Service	Percentage Vested
Less than 1 year	0%
1	20%
2	40%
3	100%

1. Description of Plan (continued)

c. Participation and Vesting (continued)

A Participant will also become 100% vested upon their death or disability.

Employees who have been previously employed with certain related organizations receive service credit for their time employed at the related organization for purposes of both participation eligibility and vesting in the Plan.

d. Participant Accounts

Each Participant's account is credited with contributions made by (and/or) on their behalf as well as any investment gains and/or losses in accordance with their investment elections. Employees with rollover accounts, including those who are not yet eligible to participate, are also treated likewise for investment purposes.

e. Notes Receivable from Participants

Participants may obtain a loan from their vested account balance and only one (1) loan may be outstanding at any time. The minimum amount is \$1,000 and the maximum is equal to the lesser of 50% of a participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in a participant's account during the prior twelve-month period. Loans are secured by the balance in a participant's vested account balance. Loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. Loan repayments are made via an after-tax deduction from a participant's paycheck and reinvested to the participant's account in the Plan based on his/her current investment election. A 'regular' loan may not exceed a period of five (5) years, a loan for the purchase of a primary residence is limited to a maximum period of 10 years.

The interest rate for the outstanding loan at December 31, 2024 and 2023 was 9.50% and 6.50%, respectively.

f. Benefits

Distributions from the Plan are made in the form of a lump sum, which is paid directly to the Participant or directly rolled over to another employer plan or Individual Retirement Account.

While employed, a Participant may access their Employee Elective Deferral Contributions account only by obtaining a Hardship Withdrawal, an Age 59 1/2 Withdrawal, a Withdrawal at Normal Retirement Age (age 65), or an Active Military Distribution. A withdrawal of Rollover Contributions is available at any time.

Profit Sharing Plan**

1. Description of Plan (continued)

f. Benefits (continued)

A Participant may request a Hardship Withdrawal at any time; however, the withdrawal must satisfy specific and heavy financial needs. In accordance with Internal Revenue Service regulations, a Participant must first exhaust all other assets reasonably available to them prior to obtaining a Hardship Withdrawal. This includes obtaining any in-service withdrawal(s) available from their account. The minimum Hardship Withdrawal is \$500. Hardship Withdrawals are subject to the 10% nonperiodic income tax withholding rate unless a Participant elects out of the withholding.

g. Forfeitures

Forfeitures of terminated Participants' nonvested account balances are used to first pay administrative expenses, if any forfeitures remain thereafter, they are used to reduce future Employer contributions. The Employer did not elect to use any forfeited amounts to pay certain Plan expenses as allowed by the Plan during the Plan year ended December 31, 2024. Forfeited accounts totaled \$74,710 and \$56,993 at December 31, 2024 and 2023, respectively. No forfeitures were used to reduce the 2024 and 2023 contributions which were paid in March 2025 and March 2024, respectively.

h. Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and excluded from these financial statements. Fees related to the administration of notes receivable (i.e., Participant Loans from the Plan) from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

i. Plan Termination

Subject to limitations imposed by ERISA and rules and regulations promulgated thereunder, the Employer reserves the right to amend, modify, suspend, discontinue or terminate the Plan. In the event of termination or partial termination of the Plan, the interest of all affected Participant accounts and benefits accrued to the date of such termination will become fully vested and nonforfeitable.

2. Summary of Significant Accounting Policies

The following are significant accounting policies consistently followed by the Plan in maintaining the underlying records of the Plan's net assets and the accounts of participants. The financial statements have been prepared in accordance with these policies.

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and disclosure of contingent net assets available for Plan benefits at the date of the financial statements and the reported amounts of additions and deductions to net assets available for Plan benefits during the period.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to US GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and common/collective trusts are stated at fair value. Investments in mutual funds are determined by quoted prices in active markets which represents the NAV of shares held by the Plan at year end. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan administrator by a letter dated June 30, 2020, that the Plan was designed in accordance with the applicable regulations of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure.

The Plan's tax returns for all years since 2021 remain open to examination by the respective tax authorities. There are currently no examinations in progress.

4. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the custodian of the Plan and a qualified institution.

5. Investments

The following table summarizes the valuation of the Plan's investments by the fair value hierarchy levels (see note 2) as of December 31, 2024 and 2023:

	2024		
	Level 1	Other Investments Measured at NAV*	Total
Common/collective trust	\$ -	\$ 357,587	\$ 357,587
Mutual funds	<u>11,259,554</u>	<u>-</u>	<u>11,259,554</u>
Total Investments	<u>\$ 11,259,554</u>	<u>\$ 357,587</u>	<u>\$ 11,617,141</u>
	2023		
	Level 1	Other Investments Measured at NAV*	Total
Common/collective trust	\$ -	\$ 357,973	\$ 357,973
Mutual funds	<u>9,830,276</u>	<u>-</u>	<u>9,830,276</u>
Total Investments	<u>\$ 9,830,276</u>	<u>\$ 357,973</u>	<u>\$ 10,188,249</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

6. Common/Collective Trust

The Fidelity Managed Income Portfolio Class 2 ("MIP") is a common/collective trust. The MIP invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. Wrap contracts are normally purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above). It is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1.00 per unit, although there is no guarantee that the MIP will be able to maintain this value.

The Leatherstocking Corporation
Profit Sharing Plan

Notes to Financial Statements
December 31, 2024

6. Common/Collective Trust (continued)

The MIP and the wrap contracts purchased by the MIP are designed to pay all permitted unitholder-initiated transactions at NAV. Permitted unitholder-initiated transactions are those transactions allowed by the underlying defined contribution plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the plan) excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the MIP to transact at NAV upon the occurrence of such plan sponsor events. These events include: a plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the plan for employee contributions; any substantive modification of the MIP or the administration of the MIP that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to a plan that could have a material adverse effect on the MIP's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or Fidelity that is designed to induce or influence unitholders not to invest in the portfolio or to transfer assets out of the portfolio; and any transfer of assets from the portfolio directly to a competing investment option.

Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined net asset value per unit normally each day. In unusual market conditions, Fidelity may impose restrictions on issues and redemptions of units.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect account balances and the amounts reported in the statements of net assets available for plan benefits.

8. Party-in-Interest Transactions

Certain investments of the Plan are managed by the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for plan benefits.

Certain employees of the Employer, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.
