Report of Independent Auditors

The Board of Trustees and Participants
Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Opinion

We have audited the financial statements of Blue Cross and Blue Shield of Massachusetts, Inc. Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Notes to Financial Statements

December 31, 2024

1. Description of Plan

The Blue Cross and Blue Shield of Massachusetts, Inc. Employee Savings Plan (the Plan) is a defined contribution plan covering employees of Blue Cross and Blue Shield of Massachusetts, Inc. (the Company). The following describes the most significant aspects of the Plan. Complete information about the Plan, including the vesting and benefit provisions, are contained in the Plan Document for the Blue Cross and Blue Shield of Massachusetts, Inc. Employee Savings Plan and may be obtained from the Company. In the event of a conflict between this summary and the Plan Document, the Plan Document governs.

General

Eligible employees are automatically enrolled in the Plan on the first day of the pay period beginning in the second month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Retirement Plan Investment Committee is responsible for the general administration of the Plan. Fidelity Investments, Inc. is the trustee and recordkeeper for the Plan.

Contributions

Participants can elect to contribute up to 75% of their total annual compensation under one or more of the three options: 401(k) deferrals on a pre-tax basis, a Roth after-tax basis, or a regular after-tax basis. The Internal Revenue Service (IRS) limits the amount an employee can contribute to a 401(k) plan annually. For 2024 and 2023, the annual limit was \$23,000 and \$22,500, respectively. In addition to the annual limit, catch-up contributions are allowed for participants age 50 or over. For 2024 and 2023, the catch-up limit was \$7,500. If an employee does not make the election within 30 days prior to the eligibility date, they are automatically enrolled in the plan on a pre-tax basis at 4%.

The Company provides a matching contribution of 100% of each participant's contributions up to a certain percentage of annual compensation. In 2024 and 2023, the Company made a core contribution to all employees with an amount equal to 4% of the employee's base salary up to the IRS limits of \$345,000 and \$330,000, respectively.

Employee Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participants direct their 401(k) contributions into the various investment options offered by the Plan. Participants that are automatically enrolled have their contributions invested in the applicable age based lifecycle fund until they change their election. The Company's contributions are invested in the same manner as the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's respective contributions, the Company's matching and core contributions, and allocated Plan earnings. Plan earnings are allocated based on each participant's share of the net investment results of their elected investment funds. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested accounts.

Fund allocation and contribution rates are elected by the participant and may be changed or discontinued at any time. Additionally, each participant can make daily transfers between fund accounts.

Self-directed brokerage (SDB), also known as Fidelity Brokeragelink, is an additional investment option offered to participants. By establishing a Fidelity Brokeragelink account, participants can transfer a portion of their 401(k) funds into their SDB account to invest in a wider array of securities typically not offered by the Plan.

Vesting

Participants are immediately vested in their own contributions and investment earnings. Vesting in the Company-matching and core contributions is based on years of continuous service. Company contributions and earnings thereon allocated to participant accounts vest and become non-forfeitable in accordance with the following schedule:

Years of Service	Percentage Vested
Less than 1 year	—%
1 but less than 2	25
2 but less than 3	50
3 or more years	100

Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

A participant also becomes fully vested in the Company contributions upon death, disability, or retirement at age 59½ or older.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. These forfeited account balances are used to reduce future employer contributions to the Plan and/or pay any expenses of the Plan trust permitted by the terms of the Plan and Trust with applicable rules under ERISA.

At December 31, 2024 and 2023, forfeited non-vested account balances were \$823,558 and \$616,344, respectively. In 2024 and 2023, forfeitures used to reduce employer contributions were \$651,238 and \$626,371, respectively. In 2024, the Plan expenses of \$23,387 were paid from the forfeited account.

Notes Receivable from Participants

Participants may borrow, from their respective Plan account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus their largest outstanding loan balance within the last 12 months or 50% of their vested account balance minus any outstanding loan balance they currently have. Loan proceeds are obtained by liquidation of the investment company shares attributable to the participant's account.

Loan terms range from 6 months to 5 years or up to 15 years if the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates at the date of the loan issuance, as determined by the Plan administrator, plus 1%. Interest rates on outstanding loans range from 4.25% to 9.50%. Principal and interest are paid ratably through automatic payroll deductions. If a participant terminates employment with the Company, they may continue to make loan payments through a preauthorized check agreement or through electronic transfer from their bank account. If the loan is not repaid, it will automatically be treated as a taxable distribution to the participant in the following quarter.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, in accordance with the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, legal consulting and loan setup and maintenance fees. Commissions related to the trading of securities in Fidelity Brokeragelink accounts are paid for by the respective participants. Expenses relating to the termination, addition or transfer of the Plan's investment options are charged to the Company. All other administrative expenses incurred by the Plan are paid for by the Company. Expenses that are paid by the Company and the participants, are excluded from these financial statements.

Payments of Benefits

Upon termination of service, a participant, or the beneficiary upon the participant's death, whose vested account balance exceeds \$1,000, may elect to receive either a lump-sum payment or elect a monthly distribution made through the purchase of an annuity contract. If termination of service was due to death, disability or retirement, a participant or the beneficiary has the option to elect monthly installments over a period of up to 15 years. A participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution.

Participants can make hardship or discretionary withdrawals from certain funds within the Plan, while employed. Each type of withdrawal has specific limitations and conditions. Hardship withdrawals are strictly regulated by the IRS, and a participant may be required by the Plan to exhaust all available discretionary withdrawals and loan options from the Plan prior to requesting a hardship withdrawal. Withdrawal elections may be made at any time. The minimum withdrawal allowed is \$250. A participant's deferral contribution is not suspended after receipt of a discretionary withdrawal. Earnings on elective deferral contribution in a participant account is available as a hardship withdrawal. Qualified non-elective and matching contributions are employer contribution sources, and they are not available for a hardship withdrawal. There is no limit on the number of hardship or discretionary withdrawals a participant can make during their employment with the Company.

Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Party-In-Interest Transactions

The Plan holds units of certain commingled funds managed by Fidelity Institutional Asset Management Trust Company. Fidelity is a fiduciary under ERISA and, therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides administrative services to certain funds that participants invest in, and the Plan is compensated by the funds through revenue sharing credits. Revenue sharing credits funded quarterly are based on a fixed percentage of the average daily balance of assets invested in funds. Pursuant to the Trust Agreement between Fidelity and the Company, Fidelity passes the credits onto the Plan. The Company directed Fidelity to use the proceeds to pay Plan administrative expenses and allocate the excess after paying ERISA fees to each participant's account. Certain Plan expenses are paid by the Company.

The revenue sharing credits of \$68,772 and \$49,674 for 2024 and 2023, respectively, are included in interest and dividend income in the statements of changes in net assets available for benefits.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Payment of Benefits

Benefits are recorded when paid.

Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Employer Contribution Receivable

Employer contribution receivable is due to a true-up contribution paid subsequent to year-end for participants whose total Company matching contribution made each pay period is less than 100% of the total participant deferrals, up to 4% of annual compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought, sold and otherwise held during the year.

Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Notes to Financial Statements (continued)

3. Risk and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of these investments will occur in the near term, and that these changes could have a material effect on the participants account balance and the amounts reported in the statements of net assets available for benefits.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated July 27, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Blue Cross and Blue Shield of Massachusetts, Inc.
Employee Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.
- Level 3 – Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity).

The following are descriptions of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest-Bearing Cash Fund

Valued at NAV per share held by the Plan at year end.

Self-Directed Brokerage Accounts

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Registered Investment Companies

Mutual funds held at registered investment companies are valued at the daily closing price. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC) and are deemed to be actively traded. These funds are required to publish their daily NAV and to transact at that price.

Common/Collective Trusts

The objective of the common collective trust funds is to provide investment results that correspond to the total return performance of its underlying securities. The NAV is used as a practical expedient to estimate the fair value of the common/collective trust funds. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions, i.e., purchases and sales, may occur daily. There is no restriction on redemptions.

^(a)In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

6. Subsequent Events

The Plan has evaluated subsequent events through September 26, 2025, the date the financial statements were available to be issued.
