INDEPENDENT AUDITOR'S REPORT

To the Transform Midco LLC Benefits Committee of
Transform 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of Transform 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of assets (held at end of year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRANSFORM 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

General Plan Description, History and Purpose - The Transform 401(k) Savings Plan (the “Plan”) was established on June 3, 2019 by Transform Midco LLC (“Midco” or “the Company”) by the execution and adoption of a plan document (the “Plan Document”), dated June 3, 2019. The following description of the Plan provides only general information. Participants should refer to the Plan Document for complete information.

Midco is an indirect, wholly-owned subsidiary of Transform Holdco LLC (“Holdco”). On January 17, 2019, Holdco and Sears Holdings Corporation (“SHC”) entered into an Asset Purchase Agreement (as amended, the “APA”) pursuant to which Holdco agreed to acquire (the “Acquisition”) substantially all of the assets of SHC and certain of its subsidiaries that had previously filed voluntary petitions in the United States Bankruptcy Court for the Southern District of New York seeking relief under Chapter 11 of Title 11 of the United States Code. The Acquisition closed on February 11, 2019. Pursuant to the APA, Holdco agreed to establish, or to cause its subsidiaries to establish, a new savings plan under Section 401(a) of the Internal Revenue Code of 1986 (as amended, the “Code”) and permit employees of SHC and its subsidiaries whose employment transferred to Holdco and its subsidiaries in connection with the Acquisition to participate in such savings plan, including through a rollover of accounts’ balances under the savings plan established by SHC. The Plan was therefore established by Midco on June 3, 2019.

The Transform Midco Savings Plan Master Trust (the “Master Trust”) was established for the safekeeping of Plan assets and to commingle the investment of Plan assets with those of the other participating plans. Midco is the sponsor of the Master Trust. The other participating plan in the Master Trust is the Transform Puerto Rico Savings Plan.

Administration - The administration of the Plan's operations is the sole responsibility of the Plan Administrator. The Transform Midco LLC Benefits Committee (the “Committee”) is Plan Administrator for all purposes of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Committee is composed of employees of Transform SR Holding Management LLC, an indirect, wholly-owned subsidiary of Midco.

State Street Bank and Trust Company serves as the trustee (the “Trustee”) for the Master Trust and holds the investments of the Plan under the terms of a trust agreement dated as of June 1, 2019. Alight Solutions LLC serves as the Plan's recordkeeper (the “Recordkeeper”).

Midco and the Committee are the named fiduciaries under the Plan. The Committee has authority relating to the acquisition, retention and disposition of Plan assets and the appointment, retention, and termination of investment managers. Towers Watson Investment Services, Inc. has been appointed to serve as investment advisor.

Certain expenses incurred in connection with the operation of the Plan are paid from Master Trust assets. Compensation to members of the Committee is paid by Transform SR Holding Management LLC, not the Plan or Master Trust.

Eligibility - A full-time regular or part-time regular employee of the Company (including participating subsidiaries and affiliates) who satisfies the definition of eligible employee was eligible for participation on the first day of the third month following the date of hire. Effective April 1, 2022, eligibility provisions were amended in the Plan document based on employee classification to the following: (1) each eligible employee who is classified as a salaried employee, as defined in the Plan document, may commence participation in the Plan on the first entry date that coincides with or next following the date such eligible employee performs one 1 hour of service; (2) each eligible employee who is classified as an hourly employee, as defined in the Plan document, may commence participation in the Plan on the first entry date of the month after he or she has completed three (3) months of service.

Participants’ Contributions and Investment Options - An eligible employee becomes a participant by electing to make contributions to the Plan and properly completing the enrollment process. Subject to certain statutory and Plan limits, participants may contribute up to an aggregate 50% of annual eligible compensation through a combination of pre-tax (up to 50%) and/or after-tax (up to 25%) contributions.

1. DESCRIPTION OF PLAN (Continued)

Participants turning age 50 or older during a plan year are eligible to make an additional pre-tax "catch-up" contribution up to the applicable Internal Revenue Service (IRS) catch-up contribution limit.

A Highly Compensated Employee's (as defined in the Plan Document) pre-tax and after-tax contributions were not limited, except as certain limitations mandated by the IRC. The Committee reserves the right to adjust these limits on Highly Compensated Employees during the Plan year depending on non-discrimination results.

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions. Participants are immediately fully vested in their contributions and earnings thereon.

Effective January 1, 2024, the Plan document was amended to allow participants to designate a portion of their deferral contributions as Roth 401(k) contributions subject to certain statutory and Plan limits.

Employer Contributions - Effective May 7, 2023, the Plan document was amended to add employer matching contributions on behalf of each active participant, as defined in the Plan document, who is in a Home Service Technician, HVAC Technician/Installer or Window Installer business unit, equal to 100% of the active participant's before-tax 401(k) contributions made to the Plan that do not exceed the first 3% of the active participant's compensation for the payroll period. For purposes of the employer matching contributions, 401(k) contributions shall not include catch-up or after-tax contributions. Participants are vested in employer contributions on a 3-year graded vesting schedule.

The Plan also includes a provision that allows for non-elective, discretionary employer contributions for active participants who are eligible employees on the last day of the plan year and have completed 1,000 hours of service as of the last day of the plan year. Discretionary employer contributions, if any, are subject to a three-year cliff vesting schedule. There were no non-elective employer contributions in 2024 or 2023.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferrals, allocation of Employer Contributions (if any) and earnings and losses thereon, and is charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant account balances, or specific participant transactions.

Notes Receivable from Participants - Participants may borrow from their Plan account up to the lesser of \$50,000 or 50 percent of the vested account balance, less defaulted loans (if any); but not less than \$1,000. No more than one loan may be outstanding at any one time to any participant. Loans are repaid through payroll deductions over any number of months up to five years (or 15 years for a loan for the initial purchase of a principal residence of the participant). The interest rate is the prime rate plus one percent as published in the Wall Street Journal on the 15th of the month prior to the loan issue date. Participants should refer to the Plan Document and the Loan Policy for a more complete description of the Plan's loan provisions.

Withdrawals - Upon termination of employment, a participant is entitled to a complete withdrawal of his or her account balance in the form of a lump-sum payment, or in a single payment of a portion of the participant's benefit from his or her accounts (i.e., a partial payment), determined as of the latest posted valuation preceding the date on which payment is made. Partial in-service withdrawals, including hardship withdrawals, are permitted in accordance with the withdrawal provisions set forth in the Plan document and do not terminate participation but are subject to restrictions on participant balances.

Small Account Balance Cash-Out Threshold - Under Plan provisions and subject to the Plan Administrator's obligation to notify the participant of his or her rollover and distribution rights, if the value of the vested portion of a participant's account does not exceed \$500, the entire vested portion of his or her account will be distributed directly in a lump-sum payment or rolled over to an eligible retirement plan as soon as it is practicable following the participant's terminating his or her employment. If the participant has not elected payment directly in a lump-sum or a rollover to an eligible retirement plan, the entire vested portion of his or her account will be distributed in an automatic direct rollover to an individual retirement account (as described in Sections 408(a) or 408(b) of the Code) designated by the Plan administrator.

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts - The Plan Document permits the use of forfeitures to pay reasonable expenses of the Plan, or offset future employer contributions. Forfeitures of unclaimed benefits are to be restored to participants or beneficiaries who claim them under the Plan's procedures. Forfeited non-vested accounts totaled \$11,581 at December 31, 2024 and \$2,204 at December 31, 2023. Forfeitures used to reduce Employer contributions or pay administrative expenses of the Plan totaled \$2,204 in 2024 and \$0 in 2023.

Termination of Participation - Active participation in the Plan ceases after termination of employment. Any participant terminating with an account balance in excess of \$500, who defers distribution of his or her account balance, remains a participant until the participant receives a full distribution of his or her account balance.

Amendment, Suspension or Termination of the Plan - Midco, through its sole member ("Member"), has the authority to amend the Plan at any time, in whole or in part, in its sole and absolute discretion, in any manner not otherwise prohibited by the Code or ERISA. Further, the Member of the Company approved the delegation of amendment authority to the Transform Midco LLC Benefits Committee.

Midco, by action of its Member, reserves the right at any time, in its sole and absolute discretion, to terminate the Plan in whole or in part or to completely discontinue contributions under the Plan.

In the event of the Plan's termination, each participant's account balance will be deemed fully vested to the extent not fully vested as of such Plan termination. The assets of the Plan shall be distributed to Plan participants on the basis of their respective interests in the Plan, as soon as practicable, to the extent permitted by the IRC.

ERISA - The Plan is subject to certain provisions of Titles I and II of ERISA relating to reporting and disclosure, participation and vesting, and fiduciary responsibility. The Plan is not subject to the minimum funding standards of Titles I and II and the provisions of Title IV of ERISA, which provide for insurance of benefits payable on Plan termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates - The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Master Trust Investment and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded as earned. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Collective Trusts - The Master Trust's investment in various collective trusts is broadly diversified among various market capitalizations, growth and value investment styles, yields, maturities and market indices. These collective trusts are primarily invested in publicly traded securities and have a variety of investment asset classes including equity funds, fixed income funds and balanced funds. The net asset value per share of collective trusts is determined each business day and all may be redeemed at the net asset value per share at the measurement date without prior notice.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits - Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid was \$0 at December 31, 2024 and December 31, 2023.

Recent Accounting and Regulatory Pronouncements - The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2024 and 2023. Plan management continues to evaluate the impact of the optional provisions of SECURE 2.0 and awaiting additional regulatory guidance from the IRS and Department of Labor (DOL). The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2024 and 2023. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

Subsequent Events - Subsequent events were evaluated through October 2, 2025, the date the financial statements were available to be issued.

3. INTEREST IN MASTER TRUST

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions, allocated investment losses and allocated administrative expenses. The Plan's share of investment income and losses is based on its assets invested in each Investment Fund and the return of that fund. The administrative expenses relating to the Master Trust are allocated to the individual plans based upon each Plan's month-end percentage interest in the net assets of the Master Trust.

The Master Trust assets and the Plan's interest in the Master Trust assets as of December 31, 2024 and 2023 are summarized as follows:

4. FAIR VALUE MEASUREMENTS

The fair value of the underlying investments in the Master Trust are determined based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy and the Plan's methodology for determining the fair value of the underlying investments in the Master Trust are described as follows:

Level 1 Inputs: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is one in which transactions for the asset or liability occur with sufficient frequency and volume to provide ongoing price information.

Registered investment companies (mutual funds) are actively traded and valued using quoted market prices and as a result, are classified as Level 1.

Level 2 Inputs: Inputs other than quoted market prices included in Level 1 that are observable, either directly or indirectly, for the asset or liability. Level 2 inputs include, but are not limited to, quoted prices for similar assets or liabilities in an active market, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted market prices that are observable for the asset or liability, such as interest rate curves and yield curves observable at commonly quoted intervals, volatilities, credit risk, and default rates.

Level 3 Inputs: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Collective trusts are portfolios of underlying assets held by investment managers and are valued at the unit value reported by the investment managers as of the end of each period presented. There are no unfunded commitments or liquidity or redemption restrictions related to these investments. These investments can be redeemed immediately at the participant level and may occur each business day. Were the Trust to initiate a full redemption of the investments, investment managers may have the right to temporarily delay withdrawal from the Trust (specific to each redemption) in order to ensure that liquidation of securities will be carried out in an orderly business manner.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Plan's policy is to recognize transfers between levels at the end of the reporting period.

4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy the Master Trust investment assets at fair value on a recurring basis, as of December 31, 2024 and 2023.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are shares of collective trusts managed by State Street Bank and Trust Company, the Trustee; therefore, these transactions qualify as party-in-interest transactions. No fees were incurred by the Master Trust for investment management services for these collective trusts for the years ended December 31, 2024 and December 31, 2023. The Plan issues loans to participants, which are secured by the vested balance in the participants' accounts. These transactions qualify as party-in-interest.

6. FEDERAL INCOME TAX

The Plan received a favorable determination letter from the IRS dated November 29, 2021. The Plan was designed in accordance with applicable sections of the IRC and although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believes that the Plan is qualified and the related trust is tax-exempt and the Plan is being operated in compliance with the applicable provisions of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions. In June 2020, the Plan was notified that it was selected for a Department of Labor (DOL) audit for the plan year ended December 31, 2019. The DOL completed its audit and provided a letter dated June 6, 2022 notifying the Plan there was no further action.
