Independent Auditor's Report

To the Plan Administrator
Trinity Health Corporation ERISA
403(b) Retirement Plan (Frozen)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Trinity Health Corporation ERISA 403(b) Retirement Plan (Frozen) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Trinity Health Corporation ERISA 403(b) Retirement Plan (Frozen) (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Trinity Health Corporation (the "Organization") maintains the Plan. The Plan is a defined contribution plan covering certain employees of the Organization.

Participants in the Plan are those participants who hold annuity contracts or custodial accounts (for which the participants are entitled to benefits), which were funding vehicles of the former plans prior to merging. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

No participant salary deferrals to any funding vehicles of the Plan are permitted. Participants may make contributions to the Plan in the form of a rollover of funds from another qualified plan.

No employer contributions to the Plan are permitted.

Participant Accounts

Each participant's account is credited with plan earnings and charged with an allocation of administrative expenses. Allocations are based on an annual flat fee, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Plan custodians and/or service providers and their investments consist of the following:

- Lincoln National Life Insurance Company (Lincoln) - Investments consist of pooled separate accounts, a registered investment company, and an unallocated contract.
- Metropolitan Life Insurance Company (MetLife) - Investments consist of pooled separate accounts and an unallocated contract.
- Farm Bureau Life Insurance Company of Michigan (Farm Bureau) - Investments consist of unallocated contracts.
- Teachers Insurance and Annuity Association (TIAA) - Investments consist of an unallocated contract, registered investment companies, and a pooled separate account. College Retirement Equities Fund (CREF) - Investments consist of registered investment companies. TIAA and CREF are collectively referred to as TIAA-CREF throughout.
- Variable Annuity Life Insurance Company (VALIC) - Investments consist of variable separate accounts and unallocated contracts.
- American Century Investments (American Century) - Investments consist of mutual funds.
- Transamerica Financial Life Insurance Company, Inc. (TFLIC) - Investments consist of unallocated contracts.
- Mutual of America Life Insurance Company (MofA) - Investments consist of pooled separate accounts and an unallocated contract.
- Fidelity Management Trust Company (Fidelity) - Investments consist of mutual funds; an unallocated contract; and a self-directed brokerage account, which holds mutual funds and interest-bearing cash.

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump sum or partial payment, as outlined in the plan document. Certain amounts invested in the TIAA Traditional Annuity group annuity contract may not be distributed in a lump sum (see redemption restrictions below).

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Organization must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce administrative expenses of the Plan.

Vesting

All participants are immediately 100 percent vested in their prior employee salary and rollover contributions plus actual earnings thereon. For participating employees of Mercy Health Partners, formerly known as Hackley Health System, Inc. and Lakeshore Community Hospital, and Professional Med-Team, Inc., vesting in the former employer contributions and actual earnings thereon is based on the provisions of the former plans.

For participants included in the former Hackley Hospital 403(b) Plan portion of the Plan, vesting in the former employer contribution portion of the participant accounts plus actual earnings thereon is based on years of service. These participants vest in contributions made by the former employer 25 percent after two years of service, an additional 25 percent after the third year of service, and another 25 percent per year thereafter until they become fully vested after five years of service.

Participants who were employed on December 31, 2008 and whose employment transferred to Professional Med-Team, Inc. after April 1, 2008 became fully vested on December 31, 2008 in their former employer contribution portion of the participant accounts and any earnings thereon. For participants included in the former Lakeshore Community 403(b) Plan and participants who severed employment prior to December 31, 2008 in the former Professional Med-Team, Inc. Tax Deferred Retirement Savings Plan, vesting in former employer contributions plus actual earnings thereon is based on the applicable individual agreement for each participant.

All other participants are 100 percent vested in their former employer contributions and any income or loss thereon.

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

Redemption Restrictions

Certain contracts under the TIAA Traditional Annuity investment have limits on the ability of the participant to transfer or withdraw from the fund. Transfers from the Retirement Annuity (RA), Transfer Payout Annuity (TPA), and Group Retirement Annuity (GRA) contracts must be paid out in 10 annual installments. Transfers from the Retirement Choice (RC) contract must be paid over 84 monthly systematic payments. Withdrawals from the RA contract must be paid out in 10 annual installments. Withdrawals from the GRA and RC contracts are available within 120 days after termination of employment, subject to a 2.5 percent surrender charge; otherwise, they must be paid over 10 annual installments or 84 monthly systematic payments, respectively. The remaining contracts under the TIAA Traditional Annuity investment do not have restrictions related to transfers and withdrawals.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by TFLIC, Lincoln, MetLife, Farm Bureau, VALIC, American Century, TIAA-CREF, MofA, and Fidelity or their affiliates (collectively, the "Custodians"). As custodians of the Plan, transactions with these entities qualify as party-in-interest transactions, as defined under ERISA guidelines.

Policy Loans

Participants may borrow from Lincoln, Farm Bureau, TIAA-CREF, and VALIC using the vested portion of their related insurance group annuity contract balances as security for the loan in an amount not to exceed 50 percent of the group annuity contract balance (45 percent for loans with TIAA-CREF). Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the present value of the participant's vested account balance, subject to plan provisions. Loans must be repaid within 5 years or up to 10 years if used for the purchase of the participant's primary residence. Loans bear interest at market rates. Principal and interest are paid ratably by the participant to Lincoln, Farm Bureau, TIAA-CREF, and VALIC, and each payment will reduce amounts collateralized by the participant's group annuity contract. The amount of these outstanding loans was approximately \$965,000 and \$1,171,000 at December 31, 2024 and 2023, respectively. These loans are not included as assets in the accompanying financial statements. At December 31, 2024 and 2023, approximately \$687,000 and \$820,000, respectively, of the policy loan balances was in default.

Termination

While it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below.

The TIAA Traditional Annuity unallocated contract is a guaranteed annuity account issued by TIAA that invests in the general assets of TIAA. TIAA considers the following contracts to be non-benefit responsive: Retirement Annuity, Group Retirement Annuity, Transfer Payout Annuity, and Retirement Choice. TIAA considers the following contracts to be benefit responsive: Supplemental Retirement Annuity (SRA) and Group Supplemental Retirement Annuity (GSRA).

Notes to Financial Statements

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

The unallocated contracts with MetLife; Farm Bureau; and, as described above, a portion of the TIAA Traditional Annuity are not considered benefit responsive. Each of the unallocated contracts is invested in the general account of its respective issuer. There are no specific securities in the issuers' general accounts related to these contracts. The non-benefit-responsive contracts are recorded at fair value. For Farm Bureau and a portion of the TIAA Traditional Annuity, since there are no specific securities in the issuers' general accounts related to these contracts and due to the contract terms, including the frequency of the interest rate reset intervals, contract value is the best estimate of fair value. For the MetLife contract, the fair value of the related unallocated group annuity contract with MetLife is based on contract value adjusted for certain contractual provisions. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The unallocated contracts with Lincoln, VALIC, MofA, TFLIC, and a portion of the TIAA Traditional Annuity, as described above, are considered fully benefit-responsive unallocated contracts and are valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information.

The pooled separate accounts, registered investment companies, and variable separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. See Note 6 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid. There were benefit payments requested but not paid (due to redemption restrictions) totaling \$1,118,342 for the year ended December 31, 2024.

Administrative Expenses

Various administrative costs are paid by the Organization.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Allocated Insurance Contracts

The Plan has allocated insurance contracts for retirees who were covered under the Plan in prior years. These contracts remain intact, and additional contracts have been purchased. The activity related to the allocated insurance contracts for retirees receiving benefits is excluded from the financial statements. The Plan receives no income from these allocated insurance contracts.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 26, 2025, which is the date the financial statements were available to be issued.

Subsequent to year end, the Genesis Health System Retirement Savings Plan of \$322,931,558 merged into the Trinity Health ERISA 403(b) Retirement Plan (Frozen) effective July 1, 2025.

Note 3 - Certified Information

Fidelity, Lincoln, MetLife, VALIC, TIAA-CREF, TFLIC, and MofA (collectively, the "Certifying Custodians") hold the Plan's investments and participant notes receivable, other than those described below, and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, other than those described below, are based solely on information certified by the Certifying Custodians.

The following investment balances were not certified by the Certifying Custodians as of December 31:

	2024	2023
Mutual funds	\$ 511,418	\$ 409,446
Unallocated contracts (at fair value)	1,213,076	1,194,766
Total	<u>\$ 1,724,494</u>	<u>\$ 1,604,212</u>

Net investment gains of \$149,147 related to the above investments for the year ended December 31, 2024 were not certified by the Certifying Custodians.

Note 4 - Tax Status

The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not yet requested or received a determination letter.

Note 5 - Investment Contracts

Lincoln

The Plan has a benefit-responsive unallocated contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest crediting rates are reviewed on a quarterly basis for resetting. When establishing interest crediting rates for this product, Lincoln considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the various contracts is 1.76 to 3.50 percent, depending on when a contract was executed.

Transfers from the fixed portion of the contract to any of the variable accounts are limited to 25 percent of the fixed account value in any 12-month period. While Lincoln is not currently enforcing this 25 percent limit, it reserves the right to impose the limit at any time in the future without advance notice.

Notes to Financial Statements

December 31, 2024 and 2023

Note 5 - Investment Contracts (Continued)

The Plan also has a benefit-responsive unallocated fixed annuity contract with Lincoln. Lincoln maintains the contributions in a separate account that is part of the general assets of the insurance company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The unallocated fixed annuity contract is certified by Fidelity.

Interest crediting rates are reviewed on a quarterly basis for resetting. When establishing interest crediting rates for this product, Lincoln considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the contract is 3 percent.

TIAA-CREF

Based on the terms of the contracts, a portion of the TIAA Traditional Annuity unallocated contract is considered benefit responsive. The total balance in the TIAA Traditional Annuity was \$35,600,952 and \$35,633,902 at December 31, 2024 and 2023, respectively. The benefit-responsive portion of the TIAA Traditional Annuity totaled \$13,628,447 and \$13,759,650 at December 31, 2024 and 2023, respectively. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a vintage approach. Under this methodology, TIAA groups the dollars it receives over defined time periods into vintages and determines a crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest crediting rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative expenses during the time period, and required contingency reserves. The minimum crediting rate for the SRA and GSRA benefit-responsive contracts is generally 3.00 percent, but, in some recent contracts, it is between 1 percent and 3 percent.

VALIC

The Plan has two benefit-responsive unallocated contracts with VALIC totaling \$36,686,231 and \$41,166,780 at December 31, 2024 and 2023, respectively. VALIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The interest crediting rate for the VALIC Fixed Account Plus contract is based on a formula agreed upon with the contract issuers but may not be less than 3 percent for participant accounts set up before December 1, 2003 and 2 percent for participant accounts set up on or after December 1, 2003. The minimum crediting rate for the VALIC Short Term Fixed Account is 4.5 percent. Interest crediting rates are reviewed on a periodic basis for resetting.

Mutual of America

The Plan has a benefit-responsive unallocated contract with MofA. MofA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Notes to Financial Statements

December 31, 2024 and 2023

Note 5 - Investment Contracts (Continued)

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate based on account balance is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed at their discretion. When establishing interest crediting rates for this product, MofA considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the contract is 3 percent.

TFLIC

The Plan has two benefit-responsive investment contracts with TFLIC. TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting but may not be less than 3.50 percent. When establishing interest crediting rates for this product, TFLIC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Unallocated Contracts

Certain events limit the ability of the Plan to transact at contract value with the contract issuers. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The unallocated contracts do not permit the contract issuers to terminate the contracts prior to the scheduled maturity date. If an event of default occurs and is not cured, the nondefaulting party may terminate the contracts. The following may cause the Plan to be in default: a breach of material obligation under the contracts, a material misrepresentation, or a material amendment to the plan agreement. The contract issuers may be in default if they breach a material obligation under the unallocated insurance contracts, make a material misrepresentation, have a decline in their long-term credit rating below a threshold set forth in the contracts, or are acquired or reorganized and the successor contract issuers do not satisfy the investment or credit guidelines applicable to the contract issuers.

As described in Note 2, because the unallocated insurance contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of net assets attributable to the unallocated insurance contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Trinity Health Corporation ERISA 403(b) Retirement Plan (Frozen)

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

- (1) This class represents investments in actively managed pooled separate accounts, registered investment companies, or variable separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts, registered investment companies, or variable separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts, registered investment companies, or variable separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (4) This class represents investments in actively managed pooled separate accounts with investments in real estate. The investments may include real estate property or real estate investment trusts.
- (5) This class represents investments in actively managed pooled separate accounts, registered investment companies, or variable separate accounts that invest primarily in fixed-income securities, including, but not limited to, bonds, notes, or other investments, such as government securities, commercial paper, certificates of deposit, master notes, or variable-amount notes, with the objective of providing high current income consistent with the preservation of capital and the maintenance of liquidity.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.
