Independent Auditor's Report

The Plan Administrator and the Board of Directors
Knife River Corporation - North Central
Davis-Bacon Employee Welfare Plan and Trust
Sauk Rapids, Minnesota

Opinion

We have audited the financial statements of Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Knife River Corporation - North Central Davis-Bacon Employee Welfare Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General and Eligibility

The Plan is a health and welfare benefit plan covering eligible employees of Knife River Corporation - North Central, Knife River - North Dakota, Knife River Material - Northern Minnesota, Knife River Midwest, LLC., Sweetman Cons. Co. d/b/a Concrete Materials, Rail to Road, Inc., and Ellis & Eastern Company (the "Companies"). An employee becomes a participant in the Plan on the first day of the month, following the completion of at least 30 days of services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Davis-Bacon Act of 1931.

Contributions

Mandatory employer contributions are made for each Davis-Bacon hour of service earned by each participant. The Companies contribute to the Plan in respect of each participant the fringe benefit amount. The fringe benefit amount is the amount of contribution which has been established for each participant, and which is deposited into the Plan based on the participant's Davis-Bacon hours of service and the level of insurance coverage selected by the participant. The Companies may, from time to time, make additional contributions to the Plan in such amounts as the Board of Directors may determine in respect to any participant. The Companies made additional contributions for both holiday pay and vacation pay in 2024 and 2023.

Participants Accounts

Each participant's account is credited with the allocation of the Companies' contribution and Plan earnings. Allocations are based on participant earnings or losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their account balance upon becoming a participant of the Plan.

Use of Funds

From time to time, to the extent there are funds in a participant's account, a portion of each participant's account balance is used to provide for that participant, certain employee welfare benefits through the purchase of insurance or other benefits, (such as medical, surgical, hospital, disability, death, unemployment, accident, holiday, or vacation benefits; apprenticeships or other training programs; day care centers; scholarship funds; pre-paid legal services; and any benefit described in Section 302(c) of the Labor Management Relations Act of 1947), provided any benefits provided conform with the requirements of ERISA and Davis-Bacon.

Payment of Benefits

Upon termination of service, death, or disability, a participant or designated beneficiary may elect to receive a lump sum amount equal to the entire value of their account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may not borrow against the value of their account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reflected at fair value in the accompanying financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued as of the measurement date. The plan's administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation represents the Plan's gains or losses on investments bought and sold as well as held during the year.

Contributions

Contributions from the Companies are recorded in the year in which the contribution is approved by the Companies' board of directors.

Funding Policy

The Companies remit the employer contributions to the Plan each payroll.

Payment of Benefits

Benefits are recorded when paid, with the exception of benefits payable to participants who have separated from employment with the Companies and are owed their vested balance.

Insurance Premiums

The Companies directly paid for insurance premiums and subsequently were reimbursed by the Plan. Amounts paid for insurance premiums incurred during the year which were subsequently reimbursed were accrued for as of year-end.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expense.

Davis-Bacon Employee Welfare Plan and Trust
Notes to Financial Statements**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2025, the date which the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investments are all non-participant directed and based on availability of funds as determined by the plan administrator.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Registered investment companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Davis-Bacon Employee Welfare Plan and Trust
Notes to Financial Statements**

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Fair values of assets measured on a recurring basis are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2024				
Registered investment company	<u>\$ 26,890</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,890</u>
December 31, 2023				
Registered investment company	<u>\$ 2,011,428</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,011,428</u>

NOTE 5 - TAX STATUS

The plan administrator believes the Plan is designed and is currently being operating in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their accounts.

NOTE 7 - PARTY IN INTEREST TRANSACTIONS

The cash and investments are managed by the custodian of the Plan, Mid Atlantic Trust Company. The Plan paid administrative fees to Beneco of \$18,139 and \$25,349 for 2024 and 2023, respectively.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION TO FORM 5500

There were no reconciling items for 2023 and 2024 between the financial statements and Schedule H of Form 5500.

NOTE 10 - SUBSEQUENT EVENTS

Effective March 2025, Strata Corporation became a participating employer in the Plan as a result of acquisition. Employees of Strata Corporation became eligible to participate in the Plan in accordance with the Plan's eligibility provisions.
