## Independent Auditor's Report

To: The Plan Administrator and Participants of  
Virtusa Corporation 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of Virtusa Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Virtusa Corporation 401(k) Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Virtusa Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Virtusa Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Virtusa Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of Virtusa Corporation 401(k) Plan for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of Virtusa Corporation 401(k) Plan, (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Virtusa Corporation (the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan was most recently amended on January 1, 2020 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The director of human resources is the Plan's administrator (Plan Administrator).

Eligibility

All employees of the Company, who have attained age 21, have been employed for three consecutive months, and are not an excluded employee, are eligible to participate in the Plan. Under terms of the Plan, the following employees are considered excluded and may not participate in the Plan: employees covered under a collective bargaining agreement, non-resident aliens who have no U.S. source earned income and leased employees who are classified as independent contractors.

Contributions

Each plan year, participants may elect to contribute a portion of their eligible compensation, as defined in the Plan, up to a maximum of \$23,000 in 2024. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, up to a maximum of \$7,500 in 2024. Contributions may be pre-tax or Roth 401(k) contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Company is required to make safe harbor matching contributions equal to 100% of eligible participants' first 3% of eligible compensation and 50% of additional deferrals up to a maximum of 5% of their eligible compensation. Highly compensated employees, as determined under the appropriate provisions of the IRC, are not eligible to receive safe harbor matching contributions. During the year ended December 31, 2024, the Company made safe harbor matching contributions of \$5,078,384.

The Company may make discretionary qualified matching contributions to the Plan on behalf of eligible participants equal to a percentage of the participants' elective deferrals. In addition, the Company may also make discretionary profit sharing contributions to the Plan. Discretionary profit sharing contributions made to eligible participants' accounts are generally allocated in the ratio that the participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. The Company made no discretionary qualified matching or profit sharing contributions during the year ended December 31, 2024.

### Note 1 - Description of the Plan (continued)

#### Participant Accounts

Each participant's account is credited with the participant's contribution, account earnings (losses), safe harbor contributions and, the Company's discretionary qualified matching contributions, if any, and an allocation of the Company's discretionary profit sharing contribution, if any, and charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Participant Investment Options

Participants must direct their contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or online access. As of December 31, 2024, the Plan offered a selection of mutual funds and one common collective trust fund as investment options for participants.

#### Vesting

Participants are immediately vested in their contributions, employer safe harbor matching contributions, and discretionary qualified matching contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions become 33% vested after the first year of service as defined in the Plan document, 67% after the second year, and 100% after the third year. An employee will become 100% vested upon death or disability.

#### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are secured by the vested balance in the participants' accounts and bear interest at various rates which represent fixed rates determined by the Plan Administrator based upon the prevailing interest rates charged by persons in the business of lending money for loans. Per the SECURE ACT 2.0 established in 2022, 401(k) plans that permit disaster relief loans can, at their discretion, increase the maximum allowable loan amount to qualified individuals to \$100,000 which the Plan had adopted. At December 31, 2024, the interest rates on loans outstanding are a range from 3.25-8.50%. Principal and interest is paid ratably through payroll deductions. In the case of termination of employment, the entire outstanding loan balance is immediately due and payable. Only one outstanding loan is permitted at a time.

#### Payment of Benefits

The vested value of a participant's account may be distributed upon death, disability, retirement or termination of employment. Account balances of \$1,000 or less can be distributed without consent for termination of service in a form of lump-sum payment equal to the participant's vested interest in his or her account. Account balances greater than \$1,000 must be requested and can be distributed in the form of a lump-sum or partial payment. Participants may request distributions during employment as in-service withdrawals for financial hardships, attaining age 59.5, disability or reaching normal retirement age as defined by the IRC. In-service withdrawals for other than financial hardship are limited to participant deferrals and qualified matching contributions until attainment of normal retirement age. Distributions of rollover contributions may be requested at any time.

### Note 2 - Summary of Accounting Policies

#### Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. During the year ended December 31, 2024, forfeitures of \$3,716 were used to reduce Company contributions. There were \$147,899 and \$22 of forfeiture balances as of December 31, 2024 and 2023 respectively.

#### Plan Administration

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Most administrative expenses are paid by the Company, except for the administrative costs associated with participant activity such as loan and distributions fees.

#### Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting and in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for details on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

#### Payment of Benefits

Benefits are recorded when paid.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### Administrative Expenses

The Plan's expenses are paid either by the Plan or plan sponsor as provided by the Plan document. Expenses that are paid directly by the plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

## Virtusa Corporation 401(k) Plan Notes to Financial Statements (continued)

---

### Note 2 - Summary of Accounting Policies (continued)

#### Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 3 - Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024, net appreciation in fair value of mutual funds, and dividend and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

### Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the value hierarchy under FASB ASC 820 are described as follows:

- |         |  |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.  |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.  |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trusts:* Valued at the NAV of units of the collective trust per unit based on the underlying investments comprising the trust and based on audited financial statements.

**Virtusa Corporation 401(k) Plan**  
**Notes to Financial Statements (continued)**

Note 4 - Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Mutual funds	\$ 156,227,129	\$ -	\$ -	\$ 156,227,129
Common collective trust measured at NAV	-	-	-	8,107,163
<b>Total assets at fair value</b>				<b>\$ 164,334,292</b>

  

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Mutual funds	\$ 128,806,940	\$ -	\$ -	\$ 128,806,940
Common collective trust measured at NAV	-	-	-	8,884,434
<b>Total assets at fair value</b>				<b>\$ 137,691,374</b>

In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share ("NAV") as of December 31, 2024 and 2023:

Fair Value Estimated using NAV per Share as of December 31, 2024

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 8,107,163	None	Daily	None

Fair Value Estimated using NAV per Share as of December 31, 2023

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 8,884,434	None	Daily	None

This category seeks the preservation of principle and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity

Note 5 – Rollover Contributions

An aggregate of \$2,128,711 was rolled into the Plan during the year ended December 31, 2024 and is included in rollovers on the Statement of Changes in Net Assets Available for Benefits.

Note 6 – Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in the company contribution of their account.

Note 8 – Income Tax Status

The Plan obtained its latest determination letter January 1, 2018 in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although, the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended is qualified and tax exempt.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 10 - Subsequent Events

As mentioned in Note 1 of these financial statements, the Company acquired Factor Creative LLC in late 2023. The current target date for Factor Creative employees to join the Plan is set to occur during plan year 2025.

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued and no additional subsequent events have occurred since December 31, 2024 that require recognition or disclosure in these financial statements.

## Independent Auditor's Report

To: The Plan Administrator and Participants of  
Virtusa Corporation 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of Virtusa Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Virtusa Corporation 401(k) Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Virtusa Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Virtusa Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Virtusa Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of Virtusa Corporation 401(k) Plan for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of Virtusa Corporation 401(k) Plan, (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Virtusa Corporation (the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan was most recently amended on January 1, 2020 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The director of human resources is the Plan's administrator (Plan Administrator).

Eligibility

All employees of the Company, who have attained age 21, have been employed for three consecutive months, and are not an excluded employee, are eligible to participate in the Plan. Under terms of the Plan, the following employees are considered excluded and may not participate in the Plan: employees covered under a collective bargaining agreement, non-resident aliens who have no U.S. source earned income and leased employees who are classified as independent contractors.

Contributions

Each plan year, participants may elect to contribute a portion of their eligible compensation, as defined in the Plan, up to a maximum of \$23,000 in 2024. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, up to a maximum of \$7,500 in 2024. Contributions may be pre-tax or Roth 401(k) contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Company is required to make safe harbor matching contributions equal to 100% of eligible participants' first 3% of eligible compensation and 50% of additional deferrals up to a maximum of 5% of their eligible compensation. Highly compensated employees, as determined under the appropriate provisions of the IRC, are not eligible to receive safe harbor matching contributions. During the year ended December 31, 2024, the Company made safe harbor matching contributions of \$5,078,384.

The Company may make discretionary qualified matching contributions to the Plan on behalf of eligible participants equal to a percentage of the participants' elective deferrals. In addition, the Company may also make discretionary profit sharing contributions to the Plan. Discretionary profit sharing contributions made to eligible participants' accounts are generally allocated in the ratio that the participant's eligible compensation bears to the total eligible compensation paid to all eligible participants. The Company made no discretionary qualified matching or profit sharing contributions during the year ended December 31, 2024.

### Note 1 - Description of the Plan (continued)

#### Participant Accounts

Each participant's account is credited with the participant's contribution, account earnings (losses), safe harbor contributions and, the Company's discretionary qualified matching contributions, if any, and an allocation of the Company's discretionary profit sharing contribution, if any, and charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Participant Investment Options

Participants must direct their contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or online access. As of December 31, 2024, the Plan offered a selection of mutual funds and one common collective trust fund as investment options for participants.

#### Vesting

Participants are immediately vested in their contributions, employer safe harbor matching contributions, and discretionary qualified matching contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions become 33% vested after the first year of service as defined in the Plan document, 67% after the second year, and 100% after the third year. An employee will become 100% vested upon death or disability.

#### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are secured by the vested balance in the participants' accounts and bear interest at various rates which represent fixed rates determined by the Plan Administrator based upon the prevailing interest rates charged by persons in the business of lending money for loans. Per the SECURE ACT 2.0 established in 2022, 401(k) plans that permit disaster relief loans can, at their discretion, increase the maximum allowable loan amount to qualified individuals to \$100,000 which the Plan had adopted. At December 31, 2024, the interest rates on loans outstanding are a range from 3.25-8.50%. Principal and interest is paid ratably through payroll deductions. In the case of termination of employment, the entire outstanding loan balance is immediately due and payable. Only one outstanding loan is permitted at a time.

#### Payment of Benefits

The vested value of a participant's account may be distributed upon death, disability, retirement or termination of employment. Account balances of \$1,000 or less can be distributed without consent for termination of service in a form of lump-sum payment equal to the participant's vested interest in his or her account. Account balances greater than \$1,000 must be requested and can be distributed in the form of a lump-sum or partial payment. Participants may request distributions during employment as in-service withdrawals for financial hardships, attaining age 59.5, disability or reaching normal retirement age as defined by the IRC. In-service withdrawals for other than financial hardship are limited to participant deferrals and qualified matching contributions until attainment of normal retirement age. Distributions of rollover contributions may be requested at any time.

### Note 2 - Summary of Accounting Policies

#### Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. During the year ended December 31, 2024, forfeitures of \$3,716 were used to reduce Company contributions. There were \$147,899 and \$22 of forfeiture balances as of December 31, 2024 and 2023 respectively.

#### Plan Administration

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Most administrative expenses are paid by the Company, except for the administrative costs associated with participant activity such as loan and distributions fees.

#### Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting and in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for details on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

#### Payment of Benefits

Benefits are recorded when paid.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### Administrative Expenses

The Plan's expenses are paid either by the Plan or plan sponsor as provided by the Plan document. Expenses that are paid directly by the plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

### Note 2 - Summary of Accounting Policies (continued)

#### Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 3 - Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024, net appreciation in fair value of mutual funds, and dividend and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

### Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the value hierarchy under FASB ASC 820 are described as follows:

- |         |  |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.  |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.  |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trusts:* Valued at the NAV of units of the collective trust per unit based on the underlying investments comprising the trust and based on audited financial statements.

**Virtusa Corporation 401(k) Plan**  
**Notes to Financial Statements (continued)**

Note 4 - Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Mutual funds	\$ 156,227,129	\$ -	\$ -	\$ 156,227,129
Common collective trust measured at NAV	-	-	-	8,107,163
Total assets at fair value				<u>\$ 164,334,292</u>

  

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Mutual funds	\$ 128,806,940	\$ -	\$ -	\$ 128,806,940
Common collective trust measured at NAV	-	-	-	8,884,434
Total assets at fair value				<u>\$ 137,691,374</u>

In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share ("NAV") as of December 31, 2024 and 2023:

Fair Value Estimated using NAV per Share as of December 31, 2024

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 8,107,163	None	Daily	None

Fair Value Estimated using NAV per Share as of December 31, 2023

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 8,884,434	None	Daily	None

This category seeks the preservation of principle and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity

### Note 5 – Rollover Contributions

An aggregate of \$2,128,711 was rolled into the Plan during the year ended December 31, 2024 and is included in rollovers on the Statement of Changes in Net Assets Available for Benefits.

### Note 6 – Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

### Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in the company contribution of their account.

### Note 8 – Income Tax Status

The Plan obtained its latest determination letter January 1, 2018 in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although, the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended is qualified and tax exempt.

### Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### Note 10 - Subsequent Events

As mentioned in Note 1 of these financial statements, the Company acquired Factor Creative LLC in late 2023. The current target date for Factor Creative employees to join the Plan is set to occur during plan year 2025.

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued and no additional subsequent events have occurred since December 31, 2024 that require recognition or disclosure in these financial statements.
