INDEPENDENT AUDITORS' REPORT

To the Trustees of the
DOC 401K Plan

Opinion

We have audited the accompanying financial statements of the DOC 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the DOC 401K Plan as of December 31, 2024, and 2023 and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DOC 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DOC 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DOC 401K Plan's internal control. Accordingly no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about DOC 401K Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations of Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DOC 401K PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

A. Description of the Plan:

The following description of the DOC (“Company”) 401K Plan (“Plan”) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

- (1) General -- The Plan is a single employer defined contribution plan covering substantially all employees of DOC Corporate Group (“Employer”) which have adopted the DOC 401K Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- (2) Contributions -- The Company plan calls for a match of 100% of participant contributions up to 4% of compensation. The matching contribution is flexible and at the discretion of the Company. Rollovers into the Plan from another qualified plan may be permitted with the consent of the administrator. All Company contributions have met the minimum funding standards set forth by ERISA for the years ended December 31, 2024 and 2023, respectively. Matching contributions for the years ended December 31, 2024 and 2023 were \$-0- and \$-0-, respectively.
- (3) Participant Accounts -- Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- (4) Vesting -- Participants are immediately vested in their voluntary contributions and employer matching contributions. Vesting in the Company contributions portion of participant accounts plus earnings thereon is based on years of continuous service.

DOC 401K PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

A. Description of the Plan (continued):

- (5) Investment Options -- Upon enrollment in the Plan, participants may direct their contributions be invested in a range of mutual funds and related investments approved by the Trustees. The Plan's assets are invested in these funds through a contract with American Funds which provides record keeping services to the Plan.

American Funds maintains the participants' balances in separate pooled accounts and credits each account with earnings on the selected investment options. Participants may change the investment option of their current contributions and account balances at the beginning of each pay period. If allocation percentages are not changed, American Funds allocates contribution amounts according to the latest previously filed allocation election.

- (6) Payment of Benefits -- On termination of service due to retirement, death or disability, the participant's entire balance will become fully vested and may be received in a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- (7) Forfeited Accounts -- Participants who terminate service prior to being fully vested in the Employer contributions, forfeit the non-vested amount. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$-0- and \$-0- respectively.
- (8) Participant Loans -- Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their vested balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined as one percent over the prime interest rate at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

B. Summary of Significant Accounting Policies:

- (1) Basis of Accounting -- The financial statements of the Plan are prepared using the accrual method of accounting.
- (2) Use of Estimates -- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- (3) Investment Valuation and Income Recognition -- The Plan's investments are stated at fair value. Fair value is determined based upon quoted market prices for the underlying registered investments. Investments of funds are recorded on a trade-date basis. Income is allocated to each participant's account and reflects income of the underlying investment fund. Distribution values are calculated to the date of sale of the participant's investments.
- (4) Payment of Benefits -- Benefits are recorded when paid.
- (5) Administrative Expenses -- The Plan's expenses are paid either by the Plan or the Plan sponsor, as provided by the plan documents. Expenses that are paid directly by the Plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

DOC 401K PLAN
NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

C. Investment Contract with Investment Company:

In 2017, the Plan entered into an investment contract with Charles Schwab Trust Bank. Charles Schwab Trust Bank maintains all contributions in separate, self-directed accounts. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals as outlined in the contract. Charles Schwab Trust Bank invests the account balances in set mutual funds chosen by the Plan Trustee, Administrator, and Custodian. Each participant may direct his or her own investment mix of the allowed mutual funds and may change the mix at the beginning of any pay cycle via either written paperwork submitted to Charles Schwab Trust Bank or electronically via Charles Schwab Trust Banks' online, password-protected account services.

D. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

DOC 401K PLAN
NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

D. Fair Value Measurements (continued):

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024, and 2023.

Mutual Funds : Valued at net asset values of the shares on established markets held by the Plan at year end.

DOC 401K PLAN
NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

D. Fair Value Measurements (continued):

The preceding methods described to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investment contract with investment company	\$ 3,255,624	\$ -	\$ -	\$ 3,255,624

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investment contract with investment company	\$ 3,149,673	\$ -	\$ -	\$ 3,149,673

The plan had no liabilities at December 31, 2024 or 2023 that were measured at fair value on a recurring basis.

YEARS ENDED DECEMBER 31, 2024 AND 2023

E. Tax Status:

The Plan obtained its determination letter on January 1, 2017 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting policies generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

F. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

G. Risks and Uncertainties:

The Plan's assets held by Charles Schwab Bank are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

During 2023 the Plan Sponsor filed for bankruptcy protection under Chapter 11 of the United States Bankruptcy Code. The bankruptcy is in process through the legal system. Plan management indicates that the Company will emerge with the ability to operate normally and that the Company has sufficient cash flow to cover current expenses by the end of 2025.

H. Subsequent Events:

The Company has evaluated subsequent events through October 8, 2025, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
DOC 401K Plan

Opinion

We have audited the accompanying financial statements of the DOC 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the DOC 401K Plan as of December 31, 2024, and 2023 and the changes in its net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DOC 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DOC 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DOC 401K Plan's internal control. Accordingly no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about DOC 401K Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations of Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DOC 401K PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

A. Description of the Plan:

The following description of the DOC (“Company”) 401K Plan (“Plan”) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

- (1) General -- The Plan is a single employer defined contribution plan covering substantially all employees of DOC Corporate Group (“Employer”) which have adopted the DOC 401K Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- (2) Contributions -- The Company plan calls for a match of 100% of participant contributions up to 4% of compensation. The matching contribution is flexible and at the discretion of the Company. Rollovers into the Plan from another qualified plan may be permitted with the consent of the administrator. All Company contributions have met the minimum funding standards set forth by ERISA for the years ended December 31, 2024 and 2023, respectively. Matching contributions for the years ended December 31, 2024 and 2023 were \$-0- and \$-0-, respectively.
- (3) Participant Accounts -- Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- (4) Vesting -- Participants are immediately vested in their voluntary contributions and employer matching contributions. Vesting in the Company contributions portion of participant accounts plus earnings thereon is based on years of continuous service.

DOC 401K PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

A. Description of the Plan (continued):

- (5) Investment Options -- Upon enrollment in the Plan, participants may direct their contributions be invested in a range of mutual funds and related investments approved by the Trustees. The Plan's assets are invested in these funds through a contract with American Funds which provides record keeping services to the Plan.

American Funds maintains the participants' balances in separate pooled accounts and credits each account with earnings on the selected investment options. Participants may change the investment option of their current contributions and account balances at the beginning of each pay period. If allocation percentages are not changed, American Funds allocates contribution amounts according to the latest previously filed allocation election.

- (6) Payment of Benefits -- On termination of service due to retirement, death or disability, the participant's entire balance will become fully vested and may be received in a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- (7) Forfeited Accounts -- Participants who terminate service prior to being fully vested in the Employer contributions, forfeit the non-vested amount. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$-0- and \$-0- respectively.
- (8) Participant Loans -- Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their vested balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined as one percent over the prime interest rate at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

B. Summary of Significant Accounting Policies:

- (1) **Basis of Accounting** -- The financial statements of the Plan are prepared using the accrual method of accounting.
- (2) **Use of Estimates** -- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- (3) **Investment Valuation and Income Recognition** -- The Plan's investments are stated at fair value. Fair value is determined based upon quoted market prices for the underlying registered investments. Investments of funds are recorded on a trade-date basis. Income is allocated to each participant's account and reflects income of the underlying investment fund. Distribution values are calculated to the date of sale of the participant's investments.
- (4) **Payment of Benefits** -- Benefits are recorded when paid.
- (5) **Administrative Expenses** -- The Plan's expenses are paid either by the Plan or the Plan sponsor, as provided by the plan documents. Expenses that are paid directly by the Plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

DOC 401K PLAN
NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

C. Investment Contract with Investment Company:

In 2017, the Plan entered into an investment contract with Charles Schwab Trust Bank. Charles Schwab Trust Bank maintains all contributions in separate, self-directed accounts. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals as outlined in the contract. Charles Schwab Trust Bank invests the account balances in set mutual funds chosen by the Plan Trustee, Administrator, and Custodian. Each participant may direct his or her own investment mix of the allowed mutual funds and may change the mix at the beginning of any pay cycle via either written paperwork submitted to Charles Schwab Trust Bank or electronically via Charles Schwab Trust Banks' online, password-protected account services.

D. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

DOC 401K PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

D. Fair Value Measurements (continued):

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024, and 2023.

Mutual Funds : Valued at net asset values of the shares on established markets held by the Plan at year end.

DOC 401K PLAN
NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

D. Fair Value Measurements (continued):

The preceding methods described to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Investment contract with investment company	\$ 3,255,624	\$ -	\$ -	\$ 3,255,624

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investment contract with investment company	\$ 3,149,673	\$ -	\$ -	\$ 3,149,673

The plan had no liabilities at December 31, 2024 or 2023 that were measured at fair value on a recurring basis.

E. Tax Status:

The Plan obtained its determination letter on January 1, 2017 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting policies generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

F. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

- (1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

- (1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name:

(2) EIN:

d The opinion of an independent qualified public accountant is **not attached** because:

- (1) This form is filed for a CCT, PSA, or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)			
4a			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d			
e Was this plan covered by a fidelity bond?			
4e			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
4f			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
4i			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k			
l Has the plan failed to provide any benefit when due under the plan?			
4l			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n
