FLEXGEN 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the FlexGen 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering substantially all employees of FlexGen Power Systems (the "Company"), who have completed two months of services and are age 21 or older. Union employees, non-resident aliens, residents of Puerto Rico, and interns are excluded from participating. Part-time, temporary, and seasonal employees are also excluded from participating, unless such employees complete at least 1,000 hours of service during the relevant eligibility computation period. Empower Trust Company, LLC serves as the Plan's trustee (the "Trustee") and Empower Annuity Insurance Company of America (the "Insurance Company") manages certain Plan investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Contributions:

Participants may contribute from 1% to 92% of annual compensation, as defined by the Plan, on a pre-tax or Roth basis. Plan participants may elect to make an in-Plan Roth transfer from the vested portion of their accounts. Loans may not be distributed as part of an in-Plan Roth transfer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and Roth contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes a safe harbor matching contribution equal to 100% of the first 3% of participant deferrals, plus 50% of the next 2% of participant deferrals. Plan provisions also allow for the Company to make discretionary nonelective contributions and discretionary additional matching contributions.

Discretionary additional matching contributions will not apply to elective deferrals exceeding 6% of eligible compensation. Participants must be employed on the last day of the year and have completed at least 1,000 hours of service during the year in order to receive a discretionary additional matching contribution. No discretionary nonelective or discretionary additional matching contributions were made in 2024. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FLEXGEN 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in all contributions, plus actual earnings thereon.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A maximum of one loan per participant may be outstanding at any one time. Loan terms range from 12 to 36 months. The loans are secured by the balance in the participant's account and bear interest at a rate of the Prime rate published in the Wall Street Journal plus 1%. Interest rates on outstanding loan balances range from 4.50% to 9.50% at December 31, 2024 and 2023. Principal and interest are paid ratably on a biweekly basis through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[6] Payment of benefits:

Upon death, disability, retirement, or termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of the participant's interest in his or her account, or partial distributions. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or financial hardships, as defined by the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared on the method of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Trustee and recordkeeping fees incurred in connection with the general administration of the Plan that are paid by the Plan are included in administrative expenses. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in value of investments.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Empower Trust Company, LLC, the trustee of the Plan, and Empower Annuity Insurance Company of America, the insurance company, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes of net assets available for benefits for the year ended December 31, 2024, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used as of December 31, 2024 and 2023. All of the Plan's investments, other than the fully benefit-responsive investment contract, are valued using Level 1 measurements.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
	<u>Investments</u>	<u>Investments</u>
	<u>at Fair Value</u>	<u>at Fair Value</u>
	<u>Level 1</u>	<u>Level 1</u>
Mutual funds	\$ 8,789,873	\$ 5,482,891
Investments at fair value	<u>\$ 8,789,873</u>	<u>\$ 5,482,891</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2022, the Plan entered into a benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

	<u>2024</u>	<u>2023</u>
	<u>Investment at Contract Value</u>	
Group annuity insurance contract	\$ 373,088	\$ 192,079

The group annuity insurance contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by Empower Retirement LLC. On November 14, 2022, the IRS stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the Plan trustee and, therefore, investments qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee were \$34,628 for the year ended December 31, 2024.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
