INDEPENDENT AUDITOR'S REPORT

To the Participants, Administrator, and Trustees
Potomac Healthcare Solutions, LLC Retirement Savings Plan
Woodbridge, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Potomac Healthcare Solutions, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Potomac Healthcare Solutions, LLC (the “Company”) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, except for nonresident aliens, and employees covered by a collective bargaining agreement. Prior to March 1, 2024, employees were eligible to participate in the Plan upon completion of 60 days of service. Effective March 1, 2024, the Plan was amended to require 90 days of service for eligibility. There is no age requirement to be eligible for participant contributions or discretionary matching contributions. Employees must attain age 21 and complete one year of service consisting of at least 1,000 hours to be eligible to share in any allocation of discretionary profit sharing contributions. Employees may enter the Plan on the first day of the month coincident with or subsequent to satisfying the eligibility requirements for participant contributions. For discretionary profit sharing contributions, employees may enter the Plan on the first day of the first month and seventh month of the Plan year coincident with or subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was \$7,500 for 2024 and 2023, respectively. Catch-up contributions are included in the definition of employee contributions for purposes of determining the employer matching contribution under the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan has an auto-enrollment provision where participants are automatically enrolled in the Plan with a pre-tax contribution rate of 6%, unless otherwise elected.

The Plan allows for discretionary matching contributions. Participants must complete at least 1,000 hours of service during the Plan year to receive an allocation of any discretionary matching contribution. There were no such contributions for the Plan year ended December 31, 2024.

Profit sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive an allocation of any discretionary profit sharing contribution. There were no such contributions for the Plan year ended December 31, 2024.

Notes to Financial Statements

The Plan provides for Company prevailing wage contributions on behalf of all Service Contract Act ("SCA") employees. The amount of the contribution shall be equal to the balance of the fringe benefit payment for each SCA participant based on the employment classification hourly contribution rate reduced by the amount of benefits provided by the Company. Contributions are subject to certain limitations. During the year ended December 31, 2024, SCA contributions totaled \$332,977.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's prevailing wage contributions, as applicable, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit sharing contribution, if any and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary profit sharing contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year by group. There are five separate groups of participants: Group 1 - Founding Members, Group 2 - Officers, Group 3 - Project Managers, Group 4 - Supervisors and Group 5 - all other employees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's prevailing wage contributions plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions is based on years of continuous service of at least 1,000 hours per year.

Prior to March 1, 2024, the Plan used a six-year graded vesting schedule, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1.1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Effective March 1, 2024, the Plan was amended to use a new vesting schedule for discretionary matching and profit sharing contributions, under which a participant is vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	50%
3	100%

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum payments.

Forfeited Accounts

Forfeited nonvested accounts will be used to reduce future Company contributions to pay Plan expenses or reallocated as Company contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$2,695 and \$0, respectively.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction in contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid to participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees are charged directly to the participant's account and are included in administrative expenses.

Note 3. Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company.

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts - A separate account is a privately managed investment account that uses pooled money to purchase individual assets. It differs from a mutual fund because investors directly own the securities purchased instead of owning a share of the pool in the securities. While the underlying assets values are quoted prices, the net asset value (NAV) of a separate account is not publicly quoted. NAV per share is allowed to serve as a practical expedient to estimate the fair value

Notes to Financial Statements

Investment Contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

December 31, 2024				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 3,481,929	\$ - -	\$ - -	\$ 3,481,929
Investment Contract	- -	43,290	- -	43,290
Total assets at fair value	<u>\$ 3,481,929</u>	<u>\$ 43,290</u>	<u>\$ - -</u>	<u>\$ 3,525,219</u>
December 31, 2023				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 2,182,590	\$ - -	\$ - -	\$ 2,182,590
Investment Contract	- -	1,035	- -	1,035
Total assets at fair value	<u>\$ 2,182,590</u>	<u>\$ 1,035</u>	<u>\$ - -</u>	<u>\$ 2,183,625</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of different levels.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Notes to Financial Statements

Note 6. Income Tax Status

The Plan is a volume submitter plan of CCH INCORPORATED DBA FTWILLIAM.COM which received an opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the custodian, and therefore, qualify as party-in-interest transactions. Fees for the investment management services are paid by the Company.

Voya Retirement Insurance and Annuity Company provided certain administrative services to the Plan pursuant to an agreement between the Company and the custodian. The custodian received revenue from investments for services they provided to the funds. This revenue is used to offset certain amounts owed to the custodian for their administrative services to the Plan.

If the revenue received by the custodian from such investments exceeds the amount owed under the agreement, the custodians would remit the excess to the Plan's trust. Such amounts may be applied to pay Plan expenses or allocated to the accounts of the participants. During 2024, there were no excess amounts. The Plan or Plan Sponsor may make a payment to the custodian for administrative expenses not covered by revenue sharing.

Note 8. Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through October 1, 2025, which is the date the financial statements were available to be issued. No additional events require recognition or disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Participants, Administrator, and Trustees
Potomac Healthcare Solutions, LLC Retirement Savings Plan
Woodbridge, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Potomac Healthcare Solutions, LLC Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Potomac Healthcare Solutions, LLC (the “Company”) Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, except for nonresident aliens, and employees covered by a collective bargaining agreement. Prior to March 1, 2024, employees were eligible to participate in the Plan upon completion of 60 days of service. Effective March 1, 2024, the Plan was amended to require 90 days of service for eligibility. There is no age requirement to be eligible for participant contributions or discretionary matching contributions. Employees must attain age 21 and complete one year of service consisting of at least 1,000 hours to be eligible to share in any allocation of discretionary profit sharing contributions. Employees may enter the Plan on the first day of the month coincident with or subsequent to satisfying the eligibility requirements for participant contributions. For discretionary profit sharing contributions, employees may enter the Plan on the first day of the first month and seventh month of the Plan year coincident with or subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was \$7,500 for 2024 and 2023, respectively. Catch-up contributions are included in the definition of employee contributions for purposes of determining the employer matching contribution under the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan has an auto-enrollment provision where participants are automatically enrolled in the Plan with a pre-tax contribution rate of 6%, unless otherwise elected.

The Plan allows for discretionary matching contributions. Participants must complete at least 1,000 hours of service during the Plan year to receive an allocation of any discretionary matching contribution. There were no such contributions for the Plan year ended December 31, 2024.

Profit sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive an allocation of any discretionary profit sharing contribution. There were no such contributions for the Plan year ended December 31, 2024.

Notes to Financial Statements

The Plan provides for Company prevailing wage contributions on behalf of all Service Contract Act ("SCA") employees. The amount of the contribution shall be equal to the balance of the fringe benefit payment for each SCA participant based on the employment classification hourly contribution rate reduced by the amount of benefits provided by the Company. Contributions are subject to certain limitations. During the year ended December 31, 2024, SCA contributions totaled \$332,977.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's prevailing wage contributions, as applicable, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit sharing contribution, if any and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary profit sharing contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year by group. There are five separate groups of participants: Group 1 - Founding Members, Group 2 - Officers, Group 3 - Project Managers, Group 4 - Supervisors and Group 5 - all other employees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's prevailing wage contributions plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions is based on years of continuous service of at least 1,000 hours per year.

Prior to March 1, 2024, the Plan used a six-year graded vesting schedule, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1.1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Effective March 1, 2024, the Plan was amended to use a new vesting schedule for discretionary matching and profit sharing contributions, under which a participant is vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	50%
3	100%

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum payments.

Forfeited Accounts

Forfeited nonvested accounts will be used to reduce future Company contributions to pay Plan expenses or reallocated as Company contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$2,695 and \$0, respectively.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction in contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid to participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees are charged directly to the participant's account and are included in administrative expenses.

Note 3. Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company.

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
---------	---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts - A separate account is a privately managed investment account that uses pooled money to purchase individual assets. It differs from a mutual fund because investors directly own the securities purchased instead of owning a share of the pool in the securities. While the underlying assets values are quoted prices, the net asset value (NAV) of a separate account is not publicly quoted. NAV per share is allowed to serve as a practical expedient to estimate the fair value

Notes to Financial Statements

Investment Contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

December 31, 2024				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 3,481,929	\$ - -	\$ - -	\$ 3,481,929
Investment Contract	- -	43,290	- -	43,290
Total assets at fair value	<u>\$ 3,481,929</u>	<u>\$ 43,290</u>	<u>\$ - -</u>	<u>\$ 3,525,219</u>

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 2,182,590	\$ - -	\$ - -	\$ 2,182,590
Investment Contract	- -	1,035	- -	1,035
Total assets at fair value	<u>\$ 2,182,590</u>	<u>\$ 1,035</u>	<u>\$ - -</u>	<u>\$ 2,183,625</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of different levels.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Notes to Financial Statements

Note 6. Income Tax Status

The Plan is a volume submitter plan of CCH INCORPORATED DBA FTWILLIAM.COM which received an opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company, the custodian, and therefore, qualify as party-in-interest transactions. Fees for the investment management services are paid by the Company.

Voya Retirement Insurance and Annuity Company provided certain administrative services to the Plan pursuant to an agreement between the Company and the custodian. The custodian received revenue from investments for services they provided to the funds. This revenue is used to offset certain amounts owed to the custodian for their administrative services to the Plan.

If the revenue received by the custodian from such investments exceeds the amount owed under the agreement, the custodians would remit the excess to the Plan's trust. Such amounts may be applied to pay Plan expenses or allocated to the accounts of the participants. During 2024, there were no excess amounts. The Plan or Plan Sponsor may make a payment to the custodian for administrative expenses not covered by revenue sharing.

Note 8. Subsequent Events

The Plan has evaluated subsequent events for disclosure in these financial statements through October 1, 2025, which is the date the financial statements were available to be issued. No additional events require recognition or disclosure.
