To Trustees of the Cobblestone Systems Corp. 401(k) Profit Sharing Plan and Trust
428 S. White Horse Pike
Lindenwold, NJ 08021

We have audited the financial statements of Cobblestone Systems Corp. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) for the year ended December 31, 2024, and we will issue our report thereon dated October 9, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated July 14, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Cobblestone Systems Corp. 401(k) Profit Sharing Plan and Trust, are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Cobblestone Systems Corp. 401(k) Profit Sharing Plan and Trust made no significant accounting estimates meeting these criteria for the year ended December 31, 2024.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies

between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We have not identified any such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the ERISA-required supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplementary schedules to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

COBBLESTONE SYSTEMS CORP 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1: DESCRIPTION OF PLAN

The following description of the Cobblestone Systems Corp. ("Company") 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 2006. The Plan covers all employees who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor Management is responsible for oversight of the Plan. The Plan Sponsor Management determines the appropriateness of the Plan's investment offerings, monitors investment performance.

Contributions

Each year, participants may elect to defer a portion of their compensation up to the maximum allowable amount as defined by the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Discretionary matching contributions equal to a percentage of each participant's deferred compensation may be made by the Company. The Company makes safe-harbor matching contributions equal to 100% of the deferrals of the first 3% of eligible compensation, then 50% of deferrals on the next 2% of eligible compensation. The Company's aggregate contributions for 2024 and 2023 were \$244,921 and \$202,119, respectively. The Company also has the option to make a discretionary profit sharing contribution. No discretionary profit sharing contributions were made for 2024 and 2023. Contributions are subject to certain IRS limitations. With the consent of the Administrator, participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in various investment options.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 47.5% of their vested account balance. Participants may have up to two loans outstanding at once, but their combined balances should never exceed \$50,000. The loans are secured by the participant's account under the Plan and bear interest at prevailing rates. The loan interest rate is set at 1% above the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits and Withdrawals

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments, as elected by the participant. For termination of service due to other reasons, a participant whose vested benefit does not exceed \$1,000, will receive the benefit in a single lump-sum if a rollover is not elected. If the vested benefit exceeds \$1,000, the participant will receive the benefit in a direct rollover to an IRA if no election is made.

COBBLESTONE SYSTEMS CORP 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1: DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$10,462 and \$11,096, respectively. These accounts will be used to reduce future employer contributions, add to employer contributions, or to pay plan administrative expenses. In 2024, forfeitures were used to pay plan expenses. In 2023, an additional employer contribution was allocated pro rata to all employees accounts from forfeited nonvested accounts.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting, except for distributions paid to participants which are presented on the cash basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with the policy of stating investments at fair value, net appreciation as reflected in the statement of changes in net assets available for Plan benefits represents realized and unrealized gains for investments bought, sold and held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan. No allowances for estimated uncollectible amounts have been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and may be excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The plan has evaluated subsequent events through October 9, 2025 the date the financial statements were available to be issued.

Note 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market/Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

Note 4: PLAN ADMINISTRATION COSTS

In December 31, 2024, the company elected to pay substantially all of the Plan's administrative costs and not seek reimbursement from the Plan. The Plan did pay administrative expenses of \$1,410 for the year ended December 31, 2024.

Note 5: RELATED PARTY TRANSACTIONS

Certain plan investments are shares of various financial institutions. The various financial institutions are custodians of Plan assets. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

Note 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all contributions will be discontinued and all Plan participants will become fully vested in their accounts.

Note 7: TAX STATUS

The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated June 30, 2020, that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The Plan is subject to routine audits by the Internal Revenue Service and or Department of Labor, however there are currently no audits for any periods in progress.

Note 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balance and the amounts reported in the statement of net assets available for benefits.
