The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Naval Systems, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Naval Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Naval Systems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Naval Systems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Naval Systems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NAVAL SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following information of the Naval Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted with an effective date of June 1, 2007, is a qualified automatic contribution arrangement plan under Section 401(k) of the Internal Revenue Code (the IRC) covering all regular employees of Naval Systems, Inc. (NSI) and is amended from time to time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The anniversary date for the Plan is January 1 of each year, and a plan year is the 12-month period commencing January 1 and ending on December 31 of each year.

Eligibility

Employees are eligible to participate in the Plan on their date of hire. Full-time employees and part-time employees are eligible to participate in the Plan. There is no minimum age or service requirement that an employee must attain to become a participant in the Plan for purposes of making elective deferrals.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan. The Plan includes an automatic deferral feature. Accordingly, NSI automatically withholds a portion of the employees' compensation each pay period and contributes the amount to the Plan as a pre-tax deferral unless the employee makes a contrary election. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

NSI is required to make a safe harbor contribution for each eligible employee, matching 100% of the participants' salary deferrals that do not exceed 1% of their compensation, plus 50% of the participants' salary deferrals between 1% and 6% of their compensation. The safe harbor matching contribution is fully vested at all times. The Plan also allows for a discretionary matching contribution based on a percentage of participants' contributions, up to 4% of the participants' annual compensation. During the years ended December 31, 2024 and 2023, NSI did not elect to make any discretionary matching contributions to the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Rollovers from Other Plans

For eligible employees or participants, the Plan allows rollover contributions from all qualified plans. A separate account is maintained by the Plan for a participant's rollover contribution, which is nonforfeitable at all times. The account shares in the income and gains and losses of the funding vehicles in which it is invested.

Participant Accounts

Each participant's account is credited with the participant's contribution, the safe harbor contribution and any discretionary matching contributions and allocations of (a) plan earnings; and (b) administrative expenses. Allocations are based on participant compensation, participant earnings, account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all contributions into the Plan plus earnings thereon.

NAVAL SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Investment Elections

Participants may direct the investment of their contributions and any discretionary matching contributions into various investment options offered by the Plan. Participants may change their investment elections and their total contribution percentage via an automated system at any time.

Notes Receivable from Participants

Loans to plan participants are permitted. Participants may borrow funds from their participant accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. In addition, the maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000, reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the day of the origin date of the loan to a participant's current outstanding loan balance on that date. A participant may not request a loan of less than \$1,000. A participant may not have more than one outstanding loan at any given time. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, in which case the loan must be repaid in 10 years. The loans are collateralized by the balances in the participants' accounts and bear interest at a reasonable rate as determined by the plan administrator. The applicable interest rate ranges between 4.25% and 9.50% for the years ended December 31, 2024 and 2023. Principal and interest payments are paid by the participant and are invested back into the participant's plan account based on current investment elections.

Payment of Benefits

On termination of service for any reason, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also permits in-service distributions for participants 59 ½ years and older. Hardship distributions are permitted, provided that the withdrawal is to satisfy a heavy financial need.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained and the accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

NAVAL SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Excess Contributions Payable

Amounts payable to participants for contribution in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus Trust Company, agent for Ascensus, custodian of the Plan.

NOTE D – FAIR VALUE MEASUREMENTS

FASB *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NAVAL SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in these mutual funds can be redeemed daily upon request.

Common trust funds – Valued daily using the net asset value (NAV). The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments in fully benefit-responsive guaranteed investment contracts that include underlying securities, which are predominantly traded on an active market. The underlying investments consist of guaranteed investment contracts, synthetic investment contracts with investments in securities in U.S. government agencies, mortgage-backed securities, corporate bonds, asset-backed securities, money market instruments and shares of mutual funds and commingled pools invested in the previously mentioned securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
<u>Asset Category:</u>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,430,292	\$ -	\$ -	\$ 6,430,292
Common trust funds (a)	\$ -	\$ -	\$ -	\$ 16,169,550
Total investments	\$ 6,430,292	\$ -	\$ -	\$ 22,599,842

	Assets at Fair Value as of December 31, 2023			
<u>Asset Category:</u>	Level 1	Level 2	Level 3	Total
Cash (deposit in transit)	\$ 1,793	\$ -	\$ -	\$ 1,793
Mutual funds	\$ 5,258,639	\$ -	\$ -	\$ 5,258,639
Common trust funds (a)	\$ -	\$ -	\$ -	\$ 13,014,966
Total investments	\$ 5,260,432	\$ -	\$ -	\$ 18,275,398

- (a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the Statements of Net Assets Available for Benefits.

**NAVAL SYSTEMS, INC. 401(k) PLAN

December 31, 2024 and 2023**

The table below details the Plan's ability to redeem the common trust fund valued at NAV as of December 31, 2024 and 2023, and also includes the funds' redemption frequency and redemption notice period.

	Fair Value		Unfunded Commitments	Redemption Frequency If Currently Eligible	Redemption Notice Period
	2024	2023			
Common Trust Funds	\$ 16,169,550	\$ 13,014,966	-	Daily	1 Day

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F – TAX STATUS

The Internal Revenue Service has determined, in a letter dated June 30, 2020, that the form of the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – PARTIES-IN-INTEREST TRANSACTIONS

The Plan extends loans to participants who are considered parties in interest and are exempt from the prohibited transaction rules. Other transactions that may be considered party-in-interest transactions relate to normal management and administrative services and the payment of expenses related thereto.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 3, 2025, which is the date the financial statements were available to be issued. Management is not aware of any significant subsequent events.
