Somnia, Inc. 401(k) Plan & Trust

Financial Statements

December 31, 2024

Independent Auditors' Report

**The Plan Administrator of
Somnia, Inc. 401(k) Plan & Trust**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Somnia, Inc. 401(k) Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Plan Administrator of
Somnia, Inc. 401(k) Plan & Trust**

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**The Plan Administrator of
Somnia, Inc. 401(k) Plan & Trust**

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the Somnia, Inc. 401(k) Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Somnia, Inc. (the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by the Board of Directors of Somnia, Inc. (the “Board”) who is responsible for the administrative and investment decisions of the Plan. Management has appointed Fidelity Workplace Services (“Fidelity” or the “Trustee”) as trustee and to assist in the administration of the Plan. Fidelity safeguards the Plan’s assets and records employee and employer contributions to the fund options available through the Plan.

Eligibility and Enrollment

Eligible employees (as defined in the plan document) who are age 21 or older are immediately eligible upon hire to participate in the Plan.

Contributions

Each year, eligible employees may contribute a portion of their eligible compensation to the Plan on a pre-tax or Roth basis. Participant contributions may not exceed the limits as specified by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions to the account of each eligible employee equal to 25% of the first 4% of eligible compensation that a participant contributes to the Plan. To be eligible for match contributions, an employee must work more than 1,000 hours of service during the Plan year, be employed by the Company for one year, and must be at least age 21. The Company made \$263,548 and \$327,875 of employer match profit sharing contributions to the Plan for the years ended December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

1. Description of the Plan (*continued*)

Vesting

Participants in the Plan are at all times fully vested in their contributions plus Plan earnings or losses thereon. Employer discretionary contributions vest over a six-year period with 20% vesting after two years of service and an additional 20% vesting at the end of each year thereafter.

Forfeited Accounts

Forfeited accounts are amounts forfeited by participants who have terminated their employment and who have withdrawn from the Plan. Forfeitures may be used to reduce administrative expenses. At December 31, 2024 and 2023, forfeited non-vested amounts totaled \$6,265 and \$11,984. During 2024, \$10,174 forfeiture funds were used to reduce administrative expenses with the Plan.

Payment of Benefits and Withdrawals

The Plan is designed to provide benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability, or for any other reason, a request for distribution of a participant's account balance is also allowed. If a participant dies while classified as an active member of the Plan, the participant's beneficiary or beneficiaries are entitled to receive the participant's account balance. Should a participant become totally and permanently disabled while employed by the Company, the full value of the participant's account balance may be distributed upon request.

Upon termination of service, participants may elect for payment to be made in a lump sum, or in an amount the participant designates from time to time. Upon reaching age 59½, pursuant to the Internal Revenue Code ("IRC"), participants may elect distributions from their accounts without any tax penalty.

Subject to certain limitations prescribed by the Plan and the IRC, participants may elect hardship withdrawals.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans bear interest at the prime rate and are secured by the participant's account. The loans plus interest are repaid through payroll deduction in equal payments over the term of the loan (up to five years). A participant may have no more than two outstanding loans from the Plan at any time. Loans are collateralized by the participant's account balance. Upon termination of service, the principal and accrued interest shall be immediately due and payable.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value (“NAV”) per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan’s investments are stated at fair value. The money market funds and mutual funds are valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. All funds of the Plan are deemed to be actively traded. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Plan offers self-directed brokerage accounts that consist of all of the Plan’s common stocks, bonds, a money market fund, and certain mutual funds.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (*continued*)

Notes Receivable from Participants

Participants loans are measured at their unpaid principal balance plus any accrued unpaid interest and are classified as notes receivable from participants. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses related to maintaining the Plan are paid by the Company and are excluded from these financial statements. Administrative fees incurred in connection with loans and participant activity charges are borne by the individual and deducted from their respective Plan assets. Investment related expenses are included in the net asset value ("NAV") of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 7, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

5. Common/Collective Trust

The Fidelity Advisor Stable Value Fund (the “FASV Fund”) is a common/collective trust that invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds.

The FASV Fund uses best efforts to maintain a stable NAV of \$1.00 per unit. The NAV per unit is determined each business day. Issues and redemptions of units are recorded based on the next determined NAV per unit normally each day. The trustee of the FASV Fund may, at its sole discretion, impose restrictions on issues and redemptions of units. The portfolio and wrap contracts of the FASV Fund are designed to pay all permitted unitholder-initiated transactions at NAV. The Plan does not have any unfunded commitment related to the fund.

Permitted unitholder-initiated transactions are those allowed by a plan (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within a plan) excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the FASV Fund to transact at \$1 NAV upon the occurrence of such plan sponsor events. These events include: the Plan’s failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the Plan for employee contributions; any substantive modification of the portfolio, including administration, of the FASV Fund that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the FASV Fund’s cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or the trustee that is designed to induce or influence unitholders not to invest in the FASV Fund or to transfer assets out of FASV Fund; and any transfer of assets from the FASV Fund directly to a competing investment option.

6. Related Party Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds investments from Fidelity. Fidelity is a service provider to the Plan and, therefore, these transactions and the Plan’s payment of fees to them qualify as party-in-interest transactions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Plan Termination

Although no decisions have been made to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

Somnia, Inc. 401(k) Plan & Trust

Notes to Financial Statements
December 31, 2024

8. Tax Status

The Company has adopted an approved volume submitter plan which received an IRS advisory opinion letter dated June 30, 2020 which indicated the form of the Plan satisfied the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and tax-exempt as of the financial statement date.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 30,464,237	\$ 24,466,776
Difference between fair value and contract value for common/collective trust	<u>(32,777)</u>	<u>(29,276)</u>
Net Assets Available for Benefits per Form 5500	<u>\$ 30,431,460</u>	<u>\$ 24,437,500</u>

The following is a reconciliation of the total additions per the financial statements to the Form 5500 for the year ended December 31, 2024:

Total additions per the financial statements	\$ 8,161,401
Change in difference between fair value and contract value for common/collective trust	<u>(3,501)</u>
Total Income per Form 5500	<u>\$ 8,157,900</u>
